2. 0 Standing Orders for Contracts: Context

Local Authorities are required by law to maintain proper arrangements for the administration of financial matters. The following Standing Orders for Contracts (SOC) apply to the procurement of all supplies, services and works, and the disposal of assets on behalf of Burnley Borough Council. They provide the framework, with associated relevant policies¹, to enable the Council to conduct financial matters to the highest standards of probity in a clear, visible and transparent way and ensure the fair selection of suppliers.

Equally important are the provisions of value for money through competition and the avoidance of practices which may restrict, prevent or distort competition. These Standing Orders facilitate delivery of value, competition and best practices.

Everyone involved in procurement and contracting on behalf of the Council, regardless of value, is required to comply with these Standing Orders. This includes any partnership or grant funded arrangements for which the Council is the accountable or host body.

Exceptions to these Standing Orders may be sought where expediency is required, for example in response to an emergency or due to the specialist nature of the supplies, services or works required. In such cases the use of 'emergency powers' as set out in the Council Constitution are to be followed.

Where these Standing Orders refer to action being taken by a Committee or Sub-Committee such action may require confirmation by the Executive or the Council unless authority has been delegated to that Committee or Sub-Committee.

The Council is committed to providing value for money in all it does; and recognises that this may involve following new and innovative ways of procurement. As such these standing orders will be kept under periodic review to ensure they remain fit for purpose and allow the flexibility to adopt new approaches.

NOTE: The word 'contract' includes any binding arrangement whether documented in a formal contract, an accepted order, or in correspondence. It also normally includes binding arrangements made verbally, however these Standing Orders prohibit the making of a verbal contract with a value greater than £2,000 .

¹ Such policies will be clearly identified where relevant within SOC

2. 1 Contract Value Thresholds

| Threshold | Summary procurement method | Go To: |
|--|--|-------------------------|

| Above £20,00 and Below £125,000 | Three competitive quotes obtained. Supplier can be drawn from Open Tender or other procedures, Framework Agreement or DPS, Pre - Approved Suppliers/ Select list. Contracts Finder website used to advertise opportunities above £25,000 | Page 13 |

2. 2 Public Procurement Thresholds

| Contract | Threshold Net of VAT) | Treshold (Inc VAT) | For further Information: |

| Works* | £4,733,252 | £5,336,937 | |
| Concessions* | £4,733,252 | £5,336,937 | |

As a Public Body the Council is required by law to comply with the 2015 Public Contract Regulations. Standing Orders for Contracts identify these requirements and the subsequent actions needed as and when applicable.

In all cases where purchase or contract values are above applicable procurement thresholds the subsequent procurement activity must follow the prescribed procedures. Failure to comply with this may lead to a formal challenge of our procurement decisions that could result in severe penalties, including financial, being awarded against the Council.

Standard tender documentation is available via the Governance Manager/ SharePoint (Hub). For further detail, contact the Governance Manager or [PPN 10/20](#).

3. 0 Standing Orders Applicable to all Contracts: General Matters

The following Standing Orders apply to all contracts and sales agreements or purchase orders:

SOC 1. Compliance with Contract Policies

- i. Officers dealing with procurement and contracting must do so in accordance with Burnley Borough Council's Finance Procedure Rules and Guidance issued by the Head of Finance and Property Services for the operation of Procurement Systems, these Standing Orders for Contracts, and The Public Contract Regulation 2015 or successor regulations.
- ii. Unless specifically provided otherwise, they apply in the event of the Council or delegated officer acting as agent for another local or public authority or company or organisation. They also apply where the Council acts as the Accountable Body under any partnership or external funding arrangements
- iii. Chief Officers and Heads of Service must ensure that these Standing Orders are observed throughout the Service(s) under their control. They must ensure that appropriate staff are aware of and comply with these requirements.
- iv. That joint procurement contracts or purchasing framework agreements established through collaboration, or other similar arrangements, should be used when procuring supplies, services or works that are the subject of those arrangements
- v. The potential for collaboration with other public bodies must be considered when planning a procurement exercise or changes in service provision, including use of existing framework agreement opportunities
- vi. Once the need to procure supplies, services or works with a value of £20,000 or above has been established, the Council's Governance Manager must be contacted to establish if collaborative opportunities or existing Framework agreements are available to avoid unnecessary cost, duplication and mobilisation

SOC 2. Value Added Tax

- i. Consideration must be given as to whether or not VAT will apply to relevant contracts and the relevant rate which might be applicable. Where VAT does apply, this must be included in the assessment of the contract value in order to determine whether or not the contract will exceed the relevant thresholds see 2.2.

SOC 3. Estimate of Costs (Market Testing and Request For Quotation)

- i. A genuine estimated cost of supplies, services, works or income from sales should be obtained in line with the appropriate SOC thresholds prior to starting a procurement or asset disposal or contracting exercise (see also SOC 6 (ii) on whole life costs)
- ii. To stimulate competition approved e-procurement platforms (Including the Chest) may be used to advertise requests for quotation (RFQ) for purchases with an estimated value above £2,000 and up to £20,000
- iii. The RFQ must include a short-written specification detailing the Council's requirement; a clear pricing schedule and details of what other information is to be returned. It must set out the evaluation criteria to be used
- iv. Subject to legislative compliance, the evaluation may include factors which demonstrably aim to achieve the delivery of value for money and provide opportunities for local business
- v. In some cases, trading concessions may not match SOC threshold limits, in such cases consideration of value must be calculated as required by the Concessions Directive or successor legislation

SOC 4. Land Transactions

- i. Land transactions are to be dealt with as set out in the Scheme of Delegation (Part 3 of the Council's Constitution). Where tenders are invited SOC 18, 20 and 21 will apply where legally possible, save that the highest bid will be accepted by the Head of Legal and Democratic Services or officer with delegated authority
- ii. The contract documentation in relation to land transactions shall be in such form as the Head of Legal and Democratic Services determines is sufficient to protect the Council's interests

SOC 5. Disposal of Assets

- i. Assets with a collective value below £5,000 may be disposed of by any means determined by the relevant Head of Service
- ii. Assets valued at between £5,000 and up to £50,000 must be disposed of by a method chosen by the Head of Service and a written justification of the choice retained

- iii Land and property assets valued over £50,000 must be disposed of in accordance with SOC 4 and the Council's Financial Procedure Rules. Please seek advice from the Head of Legal and Democratic Services with regards to sale of other assets valued over £50,000. In any disposal of assets confirmation must be obtained that any personal data or information has been removed or destroyed in confirmation with the Council's Records Management and Information Security Policies
- v Written records must be maintained of all actions relating to the disposal of assets.

SOC 6. Splitting of Contracts

- i. Contracts cannot be artificially split with a view to bringing their value below any SOC threshold or public procurement threshold
- ii. The principle of aggregation must be applied to arrive at a total contract value in relation to meeting requirements within SOC and Public Procurement thresholds i.e. the total contract value is the sum of the annual values for the contracting period. i.e. a five-year contract term at an annual value of £12,000 per annum, has a £60,000 total contract value etc.

SOC 7. Contracts to be in Writing and in Official Systems

- i. All contracts over £2,000 shall be in writing in advance using appropriate procedures (tender or purchase order). Contracts under £2,000 may be made verbally with a written record kept of the details of the contract

- iii. The officer should ensure that there are appropriate contract arrangements in place prior to the provision of supplies, services or works; further guidance on this should be sought from Legal Services as required

SOC 8. Capital Expenditure

- i. Once allocated, capital expenditure will be included in the Capital Budget for approval and released by the Executive or Council.
- ii. Finance Procedure Rules provide further guidance and details on the requirements for Capital Expenditure

SOC 9. Conditions to be included in Contracts

- i. Officers must seek guidance as appropriate to the purpose of the contract from the relevant service area including Legal Services as to any conditions that may need to be incorporated into contracts
- ii. Where possible all contracts must contain a clause on publication of payment and confidentiality terms highlighting the implications of Freedom of Information requests and publication of public spending information
- iii. Where contracts involve the handling of names and addresses or personal data of the public, service users, Councillors or employees of the Council or where confidential data is held or processed or where the contracting officer deems it appropriate, contractors shall be required to comply with UK Government Cyber Essentials scheme² or be part of the Public Service Network. Where personal data is special data then the supplier should be required to comply with UK Government Cyber Essentials Plus.
- iv. Appropriate registration documentation must be provided prior to transfer of any personal or confidential data

SOC 10. Sub-Contractors

- i. Where a contractor permits a sub-contractor to be appointed the contract shall ensure that the sub-contractor enters into a contract with the main contractor
- ii. The contracting officer shall consider the requirement of the terms of the sub contract indemnifying the contractor and the Council against any breach of their own obligations, after a risk assessment of the liability and the approval of the relevant Head of Service
- iii. The term 'Sub-Contractor' shall include a contractor who is party to a contract with the Council in respect of which an internal or external contractor acts as main contractor
- iv. Tender responses received from a third party must be rejected i.e. where a contractor or supplier has been invited to tender and they subsequently pass on the tender in order for a third party to respond

SOC 11. Contract Variations

²² [About Cyber Essentials - NCSC.GOV.UK](https://www.ncsc.gov.uk/about-cyber-essentials)

- i. All arrangements for variations to existing contracts shall be in writing and signed by the relevant Head of Service or by another responsible Officer as he or she may determine
- ii. Variations that would increase the contract cost in excess of an additional £50,000 shall not be made without the authority of the Executive, appropriate Council Committee or Sub-Committee or by use of emergency powers as appropriate and set out in the Council Constitution

SOC 12. Exemptions from Standing Orders

- i. Where the contract is of an estimated value up to and including £125,000 exemptions can be made by the relevant Head of Service, with the approval of the Head of Legal and Democratic Services or the Head of Finance and Property. The reason for the exemption and the approval shall be recorded in writing and retained with the Council's copy of the contract
- ii. Where the contract is of an estimated value exceeding £125,000 exemptions from these Standing Orders can be made only by the Executive, the Council or the relevant Committee (determined by reference to Part 3 of the Constitution) and their reasons for making the exception shall be recorded in minutes
- iii. For the avoidance of doubt the provisions elsewhere in the Council's Constitution concerning Executive decision making by Individual Members of the Executive shall also apply to this part
- iv. Where expediency is required Officers should consider if they can comply with existing exemptions or if they need to invoke the use of urgency/ emergency powers provided for in the Council Constitution
- v. Approval of an exemption to waive Standing Orders must be specific as to which Standing Orders are being waived
- vi. No exemption can be made that would contravene any applicable Public Contract Regulations
- vii. Any contracts entered into through collaboration with other public bodies, where a competitive process has been followed, that complies with the contract procedure rules of the leading organisation, will be deemed to comply with SOC (13 to 20 and 22) and no exemption is required
- viii. Where the supplies, services or works to be procured are funded, partially or fully, by an external funding body the Council may use pre-

approved contractors not registered on Constructionline or any other pre approval organisations that the Council may choose to use from time to time, where the pre-approval process of the funding body has identified such contractors as meeting expected requirements of the funder and the Council; and where appropriate such requirements comply with Public Contract Regulations 2015.

SOC 13. Subsidy Control Act 2022

- i. Under the Subsidy Control Act officers are required to consider if a contractual arrangement provides support to an organisation that gives them an economic advantage, meaning equivalent support could not have been obtained on commercial terms. This could include for example a below market rate loan or free, or below market value, use of office space.
- ii. The purpose of the subsidy control regime is to prevent public authorities from giving financial advantages to enterprises in a way that could distort competition.

- i. The method used should be through an advert for expressions of interest and for contractors to be selected through a two-stage process using the PAS91 Selection Questionnaire
- ii. Expressions of interest for opportunities above £25,000 must be advertised on Contracts Finder; and may be advertised on the Council Website, appropriate local newspaper or commercial journal
- iii. Only those contractors selected through the PAS 91 Selection Questionnaire may be included on a Select List. In all cases there must be compliance to The Public Contract Regulations 2015.

4. Open Tender Procedure

4a. The following requirements apply where Open tenders are sought. The advertisement for the tender opportunity must be published appropriate to the contract value as described in SOC. The advertisement must:

- i. Invite tenders to be submitted
- ii. State the nature and purpose of the contract
- iii. State where further details may be obtained
- iv. State the date and time by which tenders must be received. This must be at least 14 days after the publication of the advertisement. For tenders with an estimated value above public procurement thresholds this date must be in accordance with those procurement rules.

4b. Only in situations where the estimate is above public procurement thresholds can a more than one stage procurement be followed. The use of an Selection Questionnaire (SQ) can be used with an Invitation to Tender (ITT) or similar. The SQ template is available from the Governance Manager.

5. Submission of Tenders: Steps to Follow

5a. Invitations to tender must state that no tender will be received unless it is enclosed in a plain addressed sealed envelope. The envelope must bear the word 'Tender for [*name of tender*]'. The envelope must not bear any numbers or markings that would identify the sender.

- i. All tender envelopes received will be marked with the time and date of receipt and kept securely until they are opened
- ii. Tenders received through e-tendering will be automatically time and date 'stamped' when received, and will only be made available by the system for opening at the appointed time
- iii. Any and all tenders received after the time and date specified will be classed as a late tender, and should not be opened as part of the tender opening process or considered as part of the tendering process
- iv. Late tenders should be opened independently so that appropriate steps may be taken to return tenders to the sender
- v. A record must be kept of actions taken to return tenders and this must be retained with a photo copy of the original tender envelope for two years after the end of the contract period
- vi. All envelopes received should be retained with the tender details

6. Opening and Acceptance of Tenders

- i. Tenders must be opened only by those Officers or members authorised to do so, and who are not the contracting Officers of the tender in question
- ii. All tenders, which are received, must be recorded on a proforma that identifies tender name, tendering body and price (see SOC 20 v)
- iii. Contracts may be awarded based on price alone or based on price and/ or other criteria, usually quality. If a contract is to be awarded solely on the basis of price then the tender accepted must be the lowest price OR the highest if payment is to be made to the Council
- iv. This general rule does not apply if the Executive has received a report from the appropriate Officer recommending approval to the acceptance

of a different tender where applicable and not in contravention of appropriate Public Contract Regulations

- v. In some cases the lowest priced tender might not be the most acceptable to the Council because of other factors. An evaluation of additional criteria considered must be provided to either the responsible officer, the Executive or the Council. In such cases it is recommended that the principle of 'most economically advantageous' tender (MEAT) is considered
- vi. Where price is not the only consideration details of the evaluation used must be lodged with the Head of Legal and Democratic Services
Tender sums, rates etc cannot be altered after receipt or during the evaluation process, unless all tenderers have been asked to reconsider and resubmit their tenders. Such action can only be taken with the prior agreement of the Head of Service. Where resubmission is sought, the rules covering the receipt of tenders will apply, this must be applied equally to all bidders as appropriate
- vii. Where a successful tender is subsequently found to be erroneous the supplier must accept the consequences of their error and honour the tender or withdraw from the tender process. Based upon the selection criteria the next nearest competitive tender would be acceptable. Withdrawal from the tendering process is not possible once the contract has been accepted by the Council
- viii. The power to accept a tender rests with the Head of service unless the contract value is above SOC 17 threshold where it rests with the Executive, Council or Scrutiny Committee, unless this has been delegated to an Executive Member, Head of Service or Officer. Without this delegation no tender above this threshold can be accepted without an appropriate committee report being prepared, considered, approved and recorded in minutes

7. Nominated Sub-Contractors and Suppliers

- i. These rules apply where the Council has the power to nominate a sub-contractor or supplier to a main contractor
- ii. Tenders shall be invited for the nomination unless the contracting Officer records why it is not reasonably practicable to obtain

competitive tenders and the estimated value of the contract is below £125,000

- iii. If tenders are invited one of the procedures set out in A2 or A3 above must be followed and rules covering receipt of tenders will apply

8. Principles of Positive Action in Providing Opportunities for Local Suppliers

8a. To support the raising of awareness of Council purchasing procedures and provide opportunity for local suppliers to bid for work, contracting officers should:

- i. Have knowledge of the local market place for procurement
- ii. Make local suppliers aware of Council procurement procedures and contract opportunities
- iii. Suppliers/ bidders shall not be restricted by reference, in tender or quotation documentation, to geographical location
- iv. Evaluation must not be weighted in such a way as to give unfair advantage to local suppliers
- v. Officers cannot discriminate, but should ensure that they have taken reasonable steps to consider the local market place when procuring as well as the most economically advantageous tender
