Revenue Budget Monitoring 2017/2018

PURPOSE

- To report the forecast outturn position for the year as at 31 March 2018 based upon actual spending and income to **30 September 2017**.

RECOMMENDATION

- The Executive is asked to:
 - Note the projected revenue budget forecast underspend of £73k (see the overview table in paragraph 6).

The Executive is also asked to seek approval from Full Council for:

- The latest revised budget of £14.596m as shown in Appendix 1.
- The net transfers to earmarked reserves of £26k as shown in Appendix 4.

REASONS FOR RECOMMENDATION

- To give consideration to the level of revenue spending and income in 2017/18 as part of the effective governance of the Council and to ensure that appropriate management action is taken to ensure a balanced financial position.

SUMMARY OF KEY POINTS

- Revenue Budget Monitoring Process**
 There are 3 in-year reports on revenue budget monitoring presented to the Executive and the Scrutiny Committee during the course of the financial year. This is the second in-year report for 2017/18. In addition to these 3 reports there is a final combined report for revenue and capital to consider the actual spending at the end of the financial year compared with the revised revenue budget. Under the scheme of delegation each budget area is delegated to a Head of Service who remains accountable for the effective discharge of financial management as an integral part of achieving strategic objectives and in turn meeting service

delivery priorities.

All Heads of Service have been asked to consider their budgets and provide information and details of any actual or anticipated significant variations between spending/income and budgets.

5. **Budget Changes**

Since the budget was approved, the following proposed budget changes have been made and are shown in Appendix 1:

- Virements approved by Heads of Service and Management Team.
- Decisions confirming additional awards of grant and contributions up to £50k approved by Heads of Service and Management Team.
- Executive Member for Resources and Performance Management decisions confirming additional awards of grant and contributions over £50k.
- Decisions made by the Executive.

Members are asked to approve the latest revised budget of £14.596m as shown in Appendix 1.

6. Revenue Budget Summary

As at the end of September 2017, the overall financial position is currently projected to be a £73k underspend, as shown in the table below:

	Latest Revised Budget £'000's	Forecast Outturn £'000's	Variance £'000's	Paragraph
Pay	9,220	9,209	(11)	11
Other revenue budgets	9,116	9,054	(62)

Forecast underspend at end September 2017	0	(73)	(73)	
Forecast at end of June			(70)	
Movement this period			(3)	
Due to:				
<u>Recurring variations</u>				
Reduction in pensions' increases for former employees			(39)	7
<u>One-off variations:</u>				
Minimum Revenue Provision			(20)	8
Water cost savings			(20)	9
Costs of workforce planning exercise			120	10
Other net savings			(44)	
			(3)	

In setting the budget for 2017/18, it was assumed that £150k would be saved through not filling posts immediately. The latest position is that £161k of salary savings have been forecast which exceeds the target by £11k. The management team and secretarial support restructure following the resignation of the Chief Executive in August has contributed £119k of the overall salary saving.

It was also agreed that there would be an in-year efficiency savings / additional income target of £100k. It is forecast that this will be exceeded by £73k.

7. **Pensions Increase Adjustment saving (- £39k)**

The Council is liable for inflationary annual increases in pensions for a number of former employees who retired early due to decisions made to achieve savings. This is no longer the case for recent and future decisions as the pensions fund assumes this cost. The cost is reducing as retirees pass away. This estimated annual reduction has been reflected in the revenue budget for 2018/19.

8. **Minimum Revenue Provision savings (- £20k)**

One-off savings have been achieved in this budget due to slippage in the 2016/17 capital programme and changes to funding sources.

9. **Water savings (- £20k)**

Officers have identified an estimated saving of £20k in the Council's overall water budget. This is based on current and last year's consumption figures.

10. **Workforce planning costs (£120k)**

The 19 September 2017 Executive approved redundancies in the administrative support for corporate leadership costing £89k, and following that, the workforce planning report elsewhere on the agenda proposes further staffing reductions, and the consequential costs of those are £131k. The overall cost is £220k. These costs are chargeable to this financial year and represent an increase of £120k from the original forecast of £100k.

11. **Temporary HMO Officer (£22k)**

To deal with enforcing standards of non-licensable Houses in Multiple Occupation (HMO) it is proposed to employ a dedicated experienced HMO officer for a ten month period. The cost in 2017/18 is estimated to be £22k for a 5 month period. This will be met from excess salary savings that have been identified during the year, reducing the excess saving from £33k to £11k.

12. **Earmarked Reserves**

The table in Appendix 4 summarises the latest position. The recommendation is to contribute a net £26k to reserves in this quarter.

13. **Revenue Implications of the Changes to the Capital Budget**

The proposed revised capital budget of £15,348,708 for 2017/18 includes a use of Prudential Borrowing totalling £3,897,670 which is down from the original planned borrowing of £4,021,087.

The revenue implications of borrowing £3,897,670, are a Minimum Revenue Provision [MRP] charge of £132k and an interest charge, assuming a rate of 3% on the borrowing would equate to £117k.

The original capital budget for 2017/18 of £12,072,721 included a planned borrowing requirement of £4,021,087. This has subsequently changed as schemes have slipped from 2016/17 into 2017/18 and other schemes are now slipping from 2017/18 to 2018/19 such as the £416k extension of Burnley cemetery which is funded from borrowing. This has resulted in revenue savings in 2017/18 of £19k in interest payments and £20k MRP.

The MRP costs are not incurred until 2018/19, and the interest cost will be dependent on the timing of the borrowing. The full year costs will be included within the revenue budget for 2018/19.

FINANCIAL IMPLICATIONS AND BUDGET PROVISION

14. As shown in the body of the report.

POLICY IMPLICATIONS

15. The revenue budget determines the extent to which the Council's strategic objectives can be pursued and achieved.

DETAILS OF CONSULTATION

16. None.

Capital Budget Monitoring Report 2017/18 Cycle 2 (to 30th September 2017)

PURPOSE

- 1 To provide Members with an update on capital expenditure and resources position along with highlighting any variances.

RECOMMENDATION

- 2 The Executive is asked to:
 - Recommend to Full Council, approval of net budget changes totalling a reduction of £240,509 giving a revised capital budget for 2017/18 totalling £15,348,708 as detailed in Appendix 1.
 - Recommend to Full Council, approval of the proposed financing of the revised capital budget totalling £15,348,708 as shown in Appendix 2.
 - Note the latest estimated year end position on capital receipts and contributions showing an assumed balance of £2,097,875 at 31st March 2018, in Appendix 3.

REASONS FOR RECOMMENDATION

- 3 To effectively manage the 2017/18 capital programme.

SUMMARY OF KEY POINTS

2017/18 CAPITAL PROGRAMME:

4 **MONITORING INFORMATION:**

On the 22nd February 2017 Full Council approved the 2017/18 original capital budget, totalling £12,027,721. Since February, a number of reports have been approved by the Executive, resulting in revising the 2017/18 capital budget to £15,589,217 [as at the 19th September 2017 Executive Meeting].

This is the second round of in-year cyclical monitoring, and as such the appendices accompanying this report provide Members with the position as at 30th September 2017 on expenditure, along with providing Members with an update on the progress of the individual schemes delivery.

5 **EXECUTIVE SUMMARY:**

- a) Expenditure Monitoring - Appendix 1 provides a detailed breakdown of the revised capital budget, scheme by scheme, presented under each of the relevant service unit areas responsible for delivering the capital projects. It shows the recommended revised budget position and expenditure as at the end of September 2017. The expenditure to date is £5,338,175 which is 35% of the proposed revised budget.
- b) Revised Budget and Financing Elements - Appendix 2 shows the revised budget of £15,348,708 along with identifying the recommended financing elements on a scheme by scheme basis.
- c) Council Resources Position - Appendix 3 shows the latest position on capital receipts, section 106 monies and 3rd party contributions. As at the end of this round of budget monitoring the assumed level of “surplus available” local resources after taking into account the 2017/18 capital commitments, totals £2,097,875.

6 **REVENUE IMPLICATIONS**

Revenue Contributions 2017/18

The Capital Programme includes Revenue Contributions totalling £3,150,118, being:

Scheme Name	£
Thompson Park Restoration Project	185,381
Vehicle & Machinery Replacement	113,138
Lower St James Street	400,000
Chewing Gum Removal Machine	40,000
Vision Park	307,000
Former Open Market and Former Cinema Block	477,480
Land at Grove Lane; NW Burnley Growth Corridor	986,855
Padiham Town Hall - Flood Works	202,945
Building Alteration Works	3,107
Contribution to Shopping Centre Redevelopment	375,000
Padiham LC Gym Equipment	59,212
Total Revenue Contributions	3,150,118

Prudential Borrowing 2017/18

The proposed revised capital budget for 2017/18 includes a use of Prudential Borrowing totalling £3,897,670.

The revenue implications of borrowing £3,897,670 are a Minimum Revenue Provision [MRP] of £132k and an interest charge, assuming 3% on the borrowing would equate to £117k for a full year.

The original capital budget for 2017/18 of £12,072,721 included a planned borrowing requirement of £4,021,087. This has subsequently changed as schemes have slipped

from 2016/17 into 2017/18 and other schemes are now slipping from 2017/18 to 2018/19 such as the £416k extension of Burnley cemetery which is funded from borrowing. This has resulted in revenue savings in 2017/18 of £19k in interest payments and £20k MRP.

The MRP cost is the charge to revenue for the repayment of the principal amount borrowed based on the estimated life of the asset and is not incurred until 2018/19 (the year after the schemes are completed). The interest cost will be dependent on the timing of the borrowing and are subject to the interest rate applicable at the time of borrowing being undertaken. The full year costs will be included within the revenue budget for 2018/19.

FINANCIAL IMPLICATIONS AND BUDGET PROVISION

- 7 A reduction in the 2017/18 capital programme of £240,509 to give a revised budget of £15,348,708 and a reduction in the borrowing requirement of £123,417.
This results in:
MRP charge saving of £20k.
Interest cost saving of £19k.

POLICY IMPLICATIONS

- 8 None arise directly from this report.

DETAILS OF CONSULTATION

- 9 None.

BACKGROUND PAPERS

- 10 None.

2017/18 Treasury Management Mid-Year Report
--

PURPOSE

1.
 - To report treasury management activity for the period 01/04/17 to 30/09/17.

RECOMMENDATION

2. The Executive is requested to;

- Note the Treasury Management activities undertaken during the period 1 April to 30 September 2017, and;

Recommend that Full Council;

- Endorse the mid-year update on Treasury Management Strategy for 2017/18 in compliance with the requirements of the Chartered Institute of Public Finance and Accountancy's (CIPFA) Code of Practice on Treasury Management.
- Approve the increase in the limit for deposits in Goldman Sachs International Bank from £2m to £4m as per the revised counterparty list at Appendix 3 .
- Approve the option to invest in a property fund as discussed in paragraph 9, to a maximum limit of £2m.

REASONS FOR RECOMMENDATION

3.
 - To inform members of the treasury management activity in the first half of 2017/18 and to fulfil statutory and regulatory requirements.
 - To enable the Council to increase the limit that can be deposited with Goldman Sachs to £4m in line with other UK banks.
 - To enable the Council to invest in a property fund in order to obtain potential higher rates of return.

SUMMARY OF KEY POINTS

4. Background

The Council operates a balanced budget, which broadly means cash raised during the year will meet its cash expenditure. The first main function of treasury management operations is to ensure this cash flow is adequately planned, with surplus monies being invested in low risk counterparties, providing adequate liquidity initially before considering maximising investment return.

The second main function of the treasury management service is to ensure the funding of the Council's capital plans. These capital plans provide a guide to the borrowing need of the Council, essentially the longer term cash flow planning to ensure the Council can meet its capital spending commitments. This management of longer term cash may involve arranging long or short term loans, or using cash flow surpluses, and, on occasions any current debt may be restructured to meet Council risk or cost objectives.

Treasury management is defined as:

“The management of the Council's investments and cash flows, its banking, money market and capital market transactions; the effective control of the risks associated with those activities; and the pursuit of optimum performance consistent with those risks.”

The monitoring requirements for treasury were set out in the report which included both the Treasury Management Strategy Statement for 2017/18 and the Prudential and Treasury Indicators for 2017/18 – 2019/20, approved by Full Council on the 22 February 2017.

5. Introduction

The Chartered Institute of Public Finance and Accountancy (CIPFA) Code of Practice on Treasury Management 2011 was adopted by this Council on the 23 February 2012.

The primary requirements of the Code are as follows:

1. Creation and maintenance of a Treasury Management Policy Statement which sets out the policies and objectives of the Council's treasury management activities.
2. Creation and maintenance of Treasury Management Practices which set out the manner in which the Council will seek to achieve those policies and objectives.
3. Receipt by the Full Council of an annual Treasury Management Strategy Statement - including the Annual Investment Strategy and Minimum Revenue Provision Policy for the year ahead, a **Mid-year Review Report** and an Annual Report (stewardship report) covering activities during the previous year.
4. Delegation by the Council of responsibilities for implementing and monitoring treasury management policies and practices and for the execution and administration of treasury management decisions.
5. Delegation by the Council of the role of scrutiny of treasury management strategy and policies to a specific named body. For this Council the delegated body is the Scrutiny Committee.

This mid-year report has been prepared in compliance with CIPFA's Code of Practice on Treasury Management, and covers the following:

- An economic update for the first six months of 2017/18;
- A review of the Treasury Management Strategy Statement and Annual Investment Strategy;
- The Council's capital expenditure;
- A review of the Council's investment portfolio for 2017/18;
- A review of the Council's borrowing strategy for 2017/18;
- A review of any debt rescheduling undertaken during 2017/18;
- A review of compliance with Treasury and Prudential Limits for 2017/18.

6. Economic Update (Provided by Capita Asset Services)

Economic performance to date – After the UK economy surprised on the upside with strong growth in 2016, growth in 2017 has been disappointingly weak; quarter 1 came in at only +0.3% (+1.7% y/y) and quarter 2 was +0.3% (+1.5% y/y) which meant that growth in the first half of 2017 was the slowest for the first half of any year since 2012. The main reason for this has been the sharp increase in inflation, caused by the devaluation of sterling after the referendum, feeding increases in the cost of imports into the economy. This has caused, in turn, a reduction in consumer disposable income and spending power and so the services sector of the economy, accounting for around 75% of GDP, has seen weak growth as consumers cut back on their expenditure. However, more recently there have been encouraging statistics from the manufacturing sector which is seeing strong growth, particularly as a result of increased demand for exports. It has helped that growth in the EU, our main trading partner, has improved significantly over the last year. However, this sector only accounts for around 11% of GDP so expansion in this sector will have a much more muted effect on the average total GDP growth figure for the UK economy as a whole.

The Monetary Policy Committee (MPC) meeting of 14 September 2017 surprised markets and forecasters by suddenly switching to a much more aggressive tone in terms of its words around warnings that Bank Rate will need to rise. The Bank of England Inflation Reports during 2017 have clearly flagged up that they expected CPI inflation to peak at just under 3% in 2017, before falling back to near to its target rate of 2% in two years time. Inflation actually came in at 2.9% in August, (this data was released on 12 September), and so the Bank revised its forecast for the peak to over 3% at the 14 September MPC meeting. This marginal revision can hardly justify why the MPC became so aggressive with its wording; rather, the focus was on an emerging view that with unemployment falling to only 4.3%, the lowest level since 1975, and improvements in productivity being so weak, that the amount of spare capacity in the economy was significantly diminishing towards a point at which they now needed to take action. In addition, the MPC took a more tolerant view of low wage inflation as this now looks like a common factor in nearly all western economies as a result of increasing globalisation. This effectively means that the UK labour faces competition from overseas labour e.g. in outsourcing work to third world countries, and this therefore depresses the negotiating power of UK labour. However, the Bank was also concerned that the withdrawal of the UK from the EU would effectively lead to a decrease in such globalisation pressures in the UK, and so would be inflationary over the next few years.

It therefore looks very likely that the MPC will increase Bank Rate to 0.5% in November or, if not, in February 2018. The big question after that will be whether this will be a one off increase or the start of a slow, but regular, increase in Bank Rate. As at the start of October, short sterling rates are indicating that financial markets do not expect a second increase until May 2018 with a third increase in November 2019. However, some forecasters are flagging up that they expect growth to improve significantly in 2017 and into 2018, as the fall in inflation will bring to an end the negative impact on consumer spending power while a strong export performance will compensate for weak services sector growth. If this scenario were to materialise, then the MPC would have added reason to embark on a series of slow but gradual increases in Bank Rate during 2018. While there is so much uncertainty around the Brexit negotiations, consumer confidence, and business confidence to spend on investing, it is far too early to be confident about how the next two years will pan out.

Interest Rate Forecast

Capita Asset Services undertook its last review of interest rate forecasts on 9 August (see below) after the quarterly Bank of England Inflation Report. There was no change in MPC policy at that meeting. However, the MPC meeting of 14 September revealed a sharp change in sentiment whereby a majority of MPC members said they would be voting for an increase in Bank Rate “over the coming months”. It is therefore possible that there will be an increase to 0.5% at the November MPC meeting. An increase in the short-term however is not currently reflected in the table below.

7. Treasury Management Strategy Statement update

The Treasury Management Statement (TMSS) for 2017/18, which includes the Annual Investment Strategy, was approved by this Council on 22 February 2017.

There are no policy changes to the TMSS; the details in this report update the position in the light of the updated economic position and budgetary changes already approved.

8. The Council's Capital Position

The table below shows the financing of the Original Capital Budget approved by Full Council on the 22 February 2017 and the latest Revised Capital Budget. Nearly all of this increase is due to in year budget monitoring adjustments, which included £1.2m slippage from 2016/17.

Capital	2017/18 Original Estimate £'000	2017/18 Revised Estimate £'000
Total Budget	12,028	15,349
Financed by:		
Capital receipts	2,008	2,178
Capital grants	4,620	6,123
Revenue	1,378	3,150
Total financing	8,006	11,451
Borrowing need	4,022	3,898

9. Investment Portfolio 2017/18

Investment rates available in the market have also continued at historically low levels. The average daily level of funds deposited during the financial year to date, is £11.4m, compared with £14.3m for the same period in 2016/17. The actual value of funds deposited on the 30 September was £11.856m. These funds have been available on a temporary basis, and the level of funds available was mainly dependent on the timing of precept payments, receipt of grants and progress on the Capital Programme.

There were 5 investments carried forward from 2016/17 totalling £14.1m, of which £9.1m was with our bank HSBC, £2m in fixed term deposits with Bank Of Scotland, £2m in fixed term deposits with Goldman Sachs and £1m in notice accounts with Santander.

There have been 4 new investments made during the period 1 April 2017 to 30 September 2017 totalling £8m, as well as a daily average of £5.6m being invested with HSBC's deposit account, earning between 0.10% and 0.15% interest.

The Council has an approved list of counterparties which governs treasury management investment activity. This list is a restricted list taking into consideration the credit rating of the institution concerned and there are also limits on the amount which can be invested with any particular institution from a particular sector e.g. building society, bank etc. and also any group of institutions within an overall banking group. As part of the daily operations of the treasury management dealings, in consultation with guidance from Capita Asset Services and the money market brokers, decisions are taken by the Head of Finance temporarily suspending/revising operations with individual counterparties. The latest deposit counterparties list was approved by the Full Council on 22 February 2017.

The current investment counterparty criteria selection approved in the TMSS is meeting the requirement of the treasury management function.

It is now proposed to increase the limit for deposits with Goldman Sachs to £4m in line with the current limit for the other UK based banks. Appendix 3 shows the revised counterparties list.

Appendix 1 shows the maximum amount invested with any of the counter parties at any one time during the period 1 April 2017 to 30 September 2017. The maximum limit per counterparty is shown in brackets. None of the limits were breached.

Appendix 2 provides Members with an analysis of the Council's total short-term deposits during the period 1 April 2017 to 30 September 2017, as well as comparing this to the total deposits placed on a daily basis throughout the 2016/17 financial year.

Property Funds

Officers have identified the potential for attractive returns for long-term investments in funds that have a wide portfolio of managed property assets, used for rental investment returns and capital growth.

Over 100 Local Authorities invest in various commercial property funds where returns are higher than deposits in banking institutions, and where there is an opportunity for growth over the medium to long-term. Evidence suggests that returns of more than 4% can be achieved, although there is a requirement for a long-term investment (minimum of 5 years) to make it worthwhile and offset any initial set up costs.

There is a small risk that the principal invested may reduce in value (as well as increase in value), however historical evidence shows that this is unlikely and the fund managers are experts in mitigating that risk.

Approval is sought to give officers the option to invest a maximum of £2m in total in a property fund, subject to a rigorous appraisal and selection process being undertaken using the expertise and experience of our advisors, Capita. The small cost of the appraisal process is to be met from the Council's Invest to Save budget.

10. **Borrowing**

Below is a summary of the Council's external indebtedness, as at 1 April 2017, and as at 30 September 2017.

Borrowing	1 Apr 17 £'000	30 Sept 17 £'000	Change Apr – Sept £'000
Public Works Loan Board	20,587	22,087	1,500
Temporary Market Loans	29	12	(17)
Total	20,616	22,099	1483

PWLB Loans – There is one loan of £1m due to be repaid on 31 March 2018.

Temporary Market Loans – The Edward Stocks Massey Fund withdrew £17k in July 2017.

11. **Debt Rescheduling**

There have been no debt rescheduling opportunities in the current economic climate and consequent structure of interest rates. Therefore, no debt rescheduling was undertaken during the first six months of 2017/18.

12. Compliance with Treasury & Prudential Limits

It is a statutory duty for the Council to determine and keep under review its affordable borrowing limits. The Council's approved Treasury and Prudential Indicators (affordability limits) are included in the approved Treasury Management Strategy Statement.

During the financial year to date the Council's treasury management activities operated within the treasury limits and Prudential Indicators set out in the Council's Treasury Management Strategy Statement in compliance with the Council's Treasury Management Practices.

An extract of the Prudential and Treasury Indicators are shown in Appendix 4.

13. Interest Payable on External Borrowing / Interest Receivable

Provision is made in the revenue budget to meet the net interest payable on external borrowing. The figure in the original budget for 2017/18 was set at £905,850.

Under the second round of revenue monitoring this budget will be revised down to £887,927 as a result of reducing the budget requirement for PWLB interest paid in the year.

The total interest receivable on temporary deposits for the period 1 April 2017 to 30 September 2017 amounted to £21,847 compared with a revised budget for the year of £42,500 and is therefore forecast to be achieved.

Capita Methodology in Determining Creditworthiness of Counterparties:

Capita's creditworthiness service employs a sophisticated modelling approach with credit ratings from all three rating agencies - Fitch, Moodys and Standard and Poors, forming the core element. However, it does not rely solely on the current credit ratings of counterparties but also uses the following as overlays:

- credit watches and credit outlooks from credit rating agencies
- Credit Default Swap [CDS] spreads to give early warning of likely changes in credit ratings and gauge a market view of the counterparty
- sovereign ratings to select counterparties from only the most creditworthy countries

Capita's modelling approach combines credit ratings, credit watches and credit outlooks in a weighted scoring system which is then combined with an overlay of CDS spreads for which the end product is a series of colour code bands which indicate the relative creditworthiness of counterparties. These colour codes are used to determine the maximum duration for deposits and are therefore referred to as durational bands. This approach gives a much improved level of security for its deposits. The table below also shows the current limits for deposits with any bank or group of banks which is £2m except for the Councils own bank, HSBC, which has an individual limit of £15m and other named institutions below (£4m) .

Banking Institutions Colour Bandings	Maximum Duration [per Capita]	Current Individual Limits per Bank / Group of Banks (£)

Fees & Charges Tariff 2018/19

PURPOSE

1. To inform Members of the Council's proposed fees and charges from 1 January 2018.

RECOMMENDATION

That the Executive recommend to Full Council:

2. Approval of the proposed tariff of fees & charges from 1 January 2018 as outlined in Appendix A attached.
3. To authorise the Head of Finance in consultation with the relevant Head of Service to determine any new charges or changes to existing charges relating to the preparation and approval of the 2018/19 revenue budget.
4. To authorise the Executive Portfolio Members to amend fees & charges periodically in their own area on the basis that overall income in their portfolio area remains the same as a minimum.
5. To authorise the Head of Regeneration and Planning Policy in consultation with the Executive Member for Resources and Performance Management and the Head of Finance to adjust fees and charges in relation to the Markets service from time to time to reflect current trading conditions and the overall position of the market.
6. To authorise the Head of Housing and Development Control in consultation with the Executive Member for Resources and Performance Management and the Head of Finance to adjust fees and charges in relation to statutory planning fees should Parliamentary confirmation be received.

REASONS FOR RECOMMENDATION

7. To set the Council's fees and charges from 1 January 2018 and assist in finalising the 2018/19 budget process.

SUMMARY OF KEY POINTS

8. In line with the Council's commercial strategy, Heads of Service were asked to:
 - a) ensure that no charge has been omitted and the schedule is complete,
 - b) confirm increases at an overall 2% for the service (excluding areas where either no increase is proposed or where they are set statutorily),
 - c) confirm that the fees and corresponding VAT rates are correct,
 - d) confirm the date of the fee increase,
 - e) give notification of any potential new areas for the introduction of fees and charges within their service area and of the proposed level of such fees and charges from 1 January 2018,
 - f) make suggestions/proposals as to where income can be found in future to help alleviate the Council's budget pressures as identified in the Medium Term Financial Strategy, and
 - g) identify where services are being provided at a subsidy and where fees and charges should be increased by more than 2% in order to maintain the viability of service provision.
9. In addition to previously approved changes, the following proposals have been put forward by Heads of Service for approval:
10. Other Legal Fees

It is proposed to increase the non-stutory element of these fees by 10%. This will generate an additional £1.2k. The reason to increase these fees is to recover the actual costs incurred. However, these remain lower than private sector comparables.
11. Planning Application Fees

In September 2017 Full Council approved the proposal to increase statutory planning fees by 20% along with the majority of Councils. However we are still awaiting Parliamentary confirmation and will report on final agreement at the February 2018 Budget Council. The proposal is now to also increase the non-stutory Pre-Application fees by 5%.
12. Local Land Charges

There will not be any increase in Land Charges fees.
13. Building Control Fees

These fees will increase by 3% and were ratified by the Pennine Lancashire Building Control Joint Committee on 31 October 2017. However, these increases are for fee-earning work and used to offset costs. Any excess income is transferred to an earmarked reserve in Blackburn's accounts for future use in providing the service. Therefore, it does not result in any increased income to the Council as they form part of the shared service with Blackburn with Darwen Council.
14. Car Parking

It is proposed that there will a freeze in pay and display car parking charges.

FINANCIAL IMPLICATIONS AND BUDGET PROVISION

15. The assumed increase in income from the proposed increases in the fees and charges tariff is approximately £44k in 2018/19 prior to the identification of new income streams and the previously approved increases in excess of 2%.

POLICY IMPLICATIONS

16. None directly as a consequence of this report.

Note

- Where a **'Full Plans'** application is made, in most cases a plan charge is payable at the time of application and an invoice for the inspection charge will be sent following the first inspection on site.
- For a **'Regularisation'** application (related to unauthorised work) fees are individually determined but will be subject to a minimum of 150% of the associated net charge(s). No Vat is payable on a Regularisation Charge.
- Charges in **Table E** are based upon an estimated cost, which means a reasonable estimate (excluding Vat) that would be charged for carrying out all the work, by a professional contractor. No reductions are made for DIY proposals.
- When it is intended to carry out **additional work** on a dwelling at the same time as any work in **Table B**, then the charge for this additional work may be discounted by 50%, subject to a maximum estimated cost of 310,000.
- When it is intended to carry out more than one extension to a dwelling, the areas of the extensions may be aggregated in determining a total internal floor area to which the fee may then be applied. Please note however, the area of loft conversions or garage conversions may not be aggregated to an extension but a 50% discount can be applied.
- For work that is an electrical installation only, such as rewiring, use **Table C**. All other installation work should be included in the overall charges.
- For a **"Reversion"** application fees are individually determined. Please contact your local Pennine Lancashire Building Control Office for further details.
- For applications that are due to **start on site immediately**, both Plan Fee and Inspection Fee are payable when submitting the application. Please be advised that if you commence works prior to receiving Building Regulations approval, you do so at your own risk.
- For current and active Local Authority Building Control Partnership customer fees will be individually determined.

Parliamentary Boundaries proposals

REPORT TO FULL COUNCIL

DATE	22/11/2017
PORTFOLIO	Leader
REPORT AUTHOR	Rob Dobson
TEL NO	Ext 3115
EMAIL	rdobson@burnley.gov.uk

PURPOSE

1. That Full Council consider the proposed changes to the parliamentary boundaries put forward by the Boundary Commission.

RECOMMENDATION

2. Full Council is recommended to either:
 - a) Ask the Chief Executive to write to the Boundary Commission supporting the changes to the Burnley Parliamentary boundary, or;
 - b) Ask the Chief Executive to write to the Boundary Commission opposing the changes to the Burnley Parliamentary boundary, or
 - c) Not respond to the consultation.

REASONS FOR RECOMMENDATION

3. The consultation ends on 11th December 2017. The views of Council will be submitted as the Council's consultation response.

SUMMARY OF KEY POINTS

Parliamentary Boundary Review 2018

4. The Parliamentary Constituencies Act 1986, as amended, requires the four Boundary Commissions (one for each country of the UK) to keep the boundaries of Parliamentary constituencies under continuous review, and conduct periodic reviews of all constituencies. The Boundary Commission for England is an independent and impartial non-departmental public body which is responsible for reviewing Parliamentary constituency boundaries in England.
5. In 2011 the Parliamentary Voting and Constituencies Act was passed to reduce the number of MPs from 650 to 600. Under the law as it still stands, a new review by the Boundary Commissions must be completed by October 2018. The reduction in MPs is expected to save £12.2M per annum.
6. This latest consultation is on the Commission's revised proposal, following consultation on the initial proposal last winter and spring. Following the consultation period, which

ends on 17th December 2017, the Commission will consider all the evidence received at this stage, and throughout the review, before determining their final recommendations. The recommendations will be set out in a published report to the Government, who will present it, without amendment, to Parliament on behalf of the Commission. The legislation states that the Commission must report to the Government in September 2018.

7. The law requires that every new constituency (except four specified island constituencies) must have roughly the same number of electors: no fewer than 71,031 and no more than 78,507. Burnley's current electorate is 64,000.
8. The North West has been allocated 68 constituencies – a reduction of seven from the current number. Due to the significant change required throughout the region, the proposals leave just 14 of the 75 existing constituencies unchanged.
9. In re-drawing the boundaries in order to fit in the prerequisite number of voters, the Commission can take into account: special geographical considerations, including in particular the size, shape and accessibility of a constituency; local government boundaries; boundaries of existing constituencies; and any local ties that would be broken by changes in constituencies.

Initial proposals

10. In its initial proposal, as a result of changes to the constituencies of Blackburn and Rossendale with Darwen, the Hyndburn constituency needed to increase in electors so that it was within the permitted electorate range. The Commission proposed the inclusion of three wards on the eastern side of the constituency from the existing Burnley constituency and, in view of these changes, suggested that the constituency should be called Accrington. Burnley meanwhile, in addition to the change mentioned above, would extend northwards to include eight wards from the existing Pendle constituency.

Revised proposals

11. The Commission has been persuaded that in the initial proposal for the Accrington constituency (which included Padiham) the inclusion of the Burnley ward of Coalclough with Deerplay was an anomaly. The Commission says: "It does not sit well in the new seat. It will be difficult for people in Coalclough with Deerplay to get to Accrington... It is not connected directly by road to the rest of Accrington. Rosegrove with Lowerhouse is far better connected. Rosegrove has a rail station three stops from Accrington station as well as direct buses along Accrington Road. Lowerhouse is on the edge of Padiham and provides for a better constituency." Therefore, the Commission's revised proposal is for these two wards to be exchanged between the Accrington and Burnley constituencies.
12. The appendices to this report show a map of the current constituency, the initial proposal and the revised proposal.

EMAIL	@burnley.gov.uk

PURPOSE

1. To consider the appointments to Committees for the remainder of the 2017/18 Municipal Year.

RECOMMENDATION

2. That the appointments to committees for 2017/18 be approved. (nominations to be circulated at the meeting).

REASONS FOR RECOMMENDATION

3. To comply with legislation and to ensure that the Council continues to have an effective decision making structure.

SUMMARY OF KEY POINTS

4. Councillors Charlie Briggs; Neil Mottershead; Mark Payne and Christine White have resigned from the Liberal Democrat Group and formed the Burnley and Padiham Independent Group.

As required by the Local Government and Housing Act 1989 the Council has to apply a political balance to its committees.

There are 57 seats on statutory committees and they are allocated to each Group as follows

Labour 36 seats; Liberal Democrat 8; Conservative 5;
Burnley and Padiham Independent 5 and Free Independent 3:

The result being that a number of changes are required to the membership of committees. Nominations for seats are being sought from those groups effected by the new political balance. These will be circulated at the meeting of the Council on 22nd November and Members will be asked to approve the nominations. Where there are any

contested seats they will be decided by Full Council.

a. Scrutiny Committee (17)

(Lab 10: Lib Dem 3: Cons 2 or 1: BP Ind 2 or 1: Free Ind: 1)

Nominations are sought from the Liberal Democrat, Conservative and Burnley and Padiham Independent Groups. There are 3 seats to be shared between the Conservative and Burnley and Padiham Independent Groups.

No changes are required from the Labour or Free Independent Groups.

b. Development Control Committee (16)

(Lab 10: Lib Dem 2 : Cons 2 or 1: BP Ind 2 or 1: Free Ind 1)

Nominations are sought from the Liberal Democrat, Conservative and Burnley and Padiham Independent Groups. There are 3 seats to be shared between the Conservative and Burnley and Padiham Independent Groups.

No changes are required from the Labour or Free Independent Groups.

c. Licensing Committee (15)

(Lab 10: Lib Dem 2; Cons 1: BP Ind 1:Free Ind 1)

Nominations are sought from the Liberal Democrat, Conservative and Burnley and Padiham Independent Groups.

No changes are required from the Labour or Free Independent Groups.

d. Audit and Standards (9)

(Lab 6: Lib Dem 1: Cons 1: Burnley and Padiham Independent 1:)

Nominations are sought from the Liberal Democrat, Conservative and Burnley and Padiham Independent Groups.

No changes are required from the Labour or Free Independent Groups.

e. Members Structures Support Working Group (12)

(Lab 7: Lib Dem 2: Cons 1: Burnley and Padiham Ind 1: Free Ind 1:)

This is a non-statutory group but it has been custom and practice to apply the political balance calculation.

Nominations are sought from the Liberal Democrat, Conservative and Burnley and Padiham Independent Groups.

No changes are required from the Labour or Free Independent Groups.

FINANCIAL IMPLICATIONS AND BUDGET PROVISION

Scrutiny Chair Cycle 3 Report to Council

The Full Committee has met once during this cycle of meetings, and a new round of Scrutiny Reviews have commenced .

The 13th November meeting saw Members receive the latest round of budget reports, some of which have been discussed this evening. The treasury management report provided an economic update for the first six months of the year and a review of the Council's investment activity during the period. The Fees and Charges report outlined the proposed fees and charges tariff for 2018, that forms part of the overall budget setting process for 2018/19. The Committee also considered the Council's Capital and Revenue budget position for 2017/18 at the halfway point in the year.

The Committee will meet again at the end of the month, and will be receiving the Leisure Trust Annual Report, Community Safety Annual Report and the half-year Performance Report. We look forward to receiving updates on these topics.

I mentioned earlier that the work of the Review Groups was underway for 2017/18. A Review Group met recently to discuss the pilot environmental enforcement project that had been underway since April 2017. Members were encouraged by the results demonstrated by the pilot to date, and were keen to endorse the view that should the Council take the opportunity to procure a similar service going forward, that significant focus should be given to dog fouling in the service specification.

A scoping meeting was also held for a second review which will look at Dementia Services and the Council's involvement. The group intends to invite specialists in the field to a meeting in the near future to assist with their investigations.

There are two further member driven scrutiny topics that have been put forward for future review. These will be developed, and the outcomes reported as and when taken forward.

BURNLEY BOROUGH COUNCIL REPORT TO THE FULL COUNCIL

[Internal link to previous report](#)

PORTFOLIO: LEADER

EXECUTIVE MEMBER: COUNCILLOR MARK TOWNSEND

DATE OF REPORT: 22/11/2017

Progress against our strategic commitments

Strategic commitment	Progress update
<p>PE1- We will work with partners to make the borough a place of aspiration, including supporting efforts to increase education attainment and skills development, and improve residents' health.</p>	<p>The Children's University in Burnley is an example of how our partnerships with other stakeholders in the Borough can help support the work in schools.</p> <p>12 Burnley primary schools and Shuttleworth College are signed up.</p> <p>We currently have 34 partners that are being designated as local learning destinations for the Children's University students to enjoy, including Burnley Leisure facilities, Towneley Hall, libraries and Burnley Youth Theatre.</p> <p>Regards wider strategic health plans, Members may be interested to know that I have written to the NHS leader for the Lancashire and South Cumbria Sustainable Transformation Plan, requesting a meeting to discuss the Council's role and to seek clarity on what the NHS's plans could mean for the Borough. Reducing health inequality is a priority, so we must continue to play a part in preventing ill health through our housing services, providing access to quality green spaces and through our partnership with the Leisure Trust.</p>

	<p>I would like to take this opportunity to thank the cross-party Rural Strategy Group, which is chaired by Councillor Towneley, for its investigative work into health related issues affecting residents living in rural areas.</p> <p>I am meeting senior officers and Members at Lancashire County Council to discuss how we minimise disruption to Burnley pupils during this period of uncertainty, in respect of high school provision. I am also keen to ensure our schools have sufficient capacity taking into account future birth rates and our economic growth.</p>
<p>PR1- We will contribute to the strategic direction of local, sub-regional and regional partnerships, and will position the borough for economic development investment.</p>	<p>The Council continues to work with a range of regional and sub-regional partnerships to bring new investment in the Borough.</p> <p>Together with Blackburn with Darwen Council, we recently met with the Northern Powerhouse Minister to lobby for investment in transport infrastructure in Pennine Lancashire to support future economic growth and better links to Yorkshire.</p> <p>Burnley recently participated in a Lancashire-Wide delegation to Le Marché International des Professionnels de l'immobilier (MIPIM) London to promote economic development opportunities to the property market.</p> <p>At the Lancashire District Leaders' meeting on 19th September, we discussed the recent report of the all-party parliamentary group for district councils.</p> <p>The District Leaders endorsed the report's recommendations, one of which, is that a task force is created to investigate how districts can benefit from the process of negotiating and agreeing devolution deals.</p> <p>I hope the wider local government sector and DCLG and Treasury also support this recommendation, and I have written to the Chair of the District Councils' Network to put my name forward to represent Lancashire on the task force.</p>

<p>PL2- We will improve the management of private rented accommodation.</p>	<p>Selective Licensing <i>Trinity, Queensgate and Gannow:-</i> Officers continue to monitor these areas closely to ensure all licensable properties have either been licensed, or landlords are engaging in the application process, those that have not been licensed are now a very small minority of the all licensable properties within the neighbourhood. Officers are also working closely with their colleagues in Streetscene to help identify and tackle dirty back yards and anti-social behaviour to the benefit of local residents.</p> <p>Since new powers were introduced in April of this year, the team is preparing the first Civil Penalty Notice to be served on a landlord for failing to licence a property.</p> <p><i>Burnley Wood with Healey Wood, Leyland Road area and Ingham and Lawrence Street area</i> Applications have been received for 84% of licensable properties in the new areas, and the team continue to secure applications from the remaining 16%. The team have licensed 84% of the complete applications which have been submitted, and are in</p>

	<p>the process of making decisions on the remaining applications. We are also working closely with landlords and agents to ensure incomplete applications are made complete to allow us to issue or decline the licence as appropriate.</p> <p>Our focus for the newer areas continues to be ensuring that landlords are supplying the correct documentation and information, which is allowing us to build up a significant amount of knowledge on property condition in these areas.</p> <p><i>Training and Development</i></p> <p>We held the first Anti-social behaviour training session on the 19th September 2017. It was very well attended and feedback from attendees was very positive. We look forward to hosting another similar session in early 2018.</p> <p>Private Rented Disrepair</p> <p>Since the start of April 2017 the Council has received and dealt with 203 new disrepair complaints from private rented sector tenants. The Enforcement Team have a current caseload of 236 open/ongoing private rented sector disrepair cases, or proactive Selective Licensing cases. The majority of the cases have been dealt with informally and resolved promptly</p>
<p>PL3- We will work with partners to improve quality and choice in the borough's housing stock.</p>	<p>Empty Homes Programme</p> <p>Works are progressing in bringing forward the next round of CPOs. Interest in finished properties is still strong.</p> <p>The improvement scheme on Heap St has been completed.</p> <p>Grants</p> <p>The Council is assisting vulnerable, elderly and disabled residents through its grants programme. Disabled Facilities Grants have been awarded to 106 residents and the grants team are currently working towards approving a further 25 grants. Vulnerable residents are also assisted through the Council's emergency works grant and 11 residents have received assistance through this project.</p> <p>The Council continues to work closely with other Lancashire authorities through the Lancashire Home Energy Officers Group. This group is tasked with obtaining funding for energy efficiency schemes</p>

	<p>across Lancashire. The Council also receives affordable warmth funding from Lancashire County Council and so far this funding has assisted 14 residents with heating related issues. The Burnley Heating Rebate scheme is available for residents who upgrade their boiler to an “A” rated boiler and so far this year 62 rebates have been granted.</p> <p>Housing Development Ringstones have undertaken significant groundworks on the Perseverance Mill site in Padiham to prepare the way for the development of 56 new homes. Ringstones are also making good progress with their gateway housing scheme on the site of the former Mitre Pub which when in use will assist formerly homeless people through support and training to access sustainable housing, education and employment.</p> <p>Keepmoat are transforming both Burnley Wood and the Accrington Road with new housing development and Gleeson continue to make progress in Daneshouse, Stoneyholme and on their new site at the former chemical works in Hapton.</p> <p>We are also seeing housing developments at Sycamore Road and Gannow Lane transforming former brownfield sites with new homes that will offer real choice to our residents.</p>
<p>PL4- We will implement our 2015-25 Green Space Strategy.</p>	<p>Play Strategy I’m pleased to report that the extension of Calder Park Play area is in progress. Provision of additional play equipment has been funded by a Big Lottery Grant and Ward Opportunities Fund. The scheme also includes providing new goal posts and synthetic grass goal mouths. The Friends of Calder Park are now working on a funding application to build a pump track.</p> <p>Restoration of Thompson Park The contract for restoration of the buildings in Thompson Park is being awarded to a local building contractor which specialises in historic building restoration.</p> <p>The £370,000 contract includes restoring the pavilion as a visitor centre and ranger base and the Boat House will be converted into a café with</p>

additional funding being provided by the Council to improve facilities for people with dementia, including a new toilet in the boat house.

The building contract will start in December and be complete by May.

Work on restoration of the Italian Garden has also commenced and local volunteer is currently restoring all 70 of the traditional benches in Thompson Park, which are being fitted with arm rests to assist older visitors.

Events in Parks

The annual Bonfire and Fireworks display at Towneley was a success attracting 5,000 visitors and providing a safe and enjoyable family event. The Council is very grateful for the sponsorship provided by Urbaser and Burnley Leisure

Rethinking Parks

The Council's 'Rethinking Parks' programme has received recognition from DEFRA in the 'Bee's Needs Champions Awards 2017' for the contribution that wildflower meadows in Burnley's parks are making to the protection of bees and other pollinators.

As well as saving money and reducing CO2 emissions, managing grassland in parks as wildflower meadows has huge benefits for wildlife, in particular bees and other pollinating insects which are in decline due to overuse of pesticides and changes in agricultural practices.

The Council is working with park friend's groups to secure further funding for wildflower schemes from the Kew Garden's 'Grow Wild' project.

<p>PF1- We will embed the partnership with Liberata within the Council's budget, strategic vision and commercial strategy.</p>	<p>In Q2, Liberata achieved all their key performance targets. I would like to congratulate Liberata for being a finalist in seven categories in the North West Contact Centre awards, and for winning a category for best use of social media in Burnley.</p>
<p>PF2- We will adopt Medium Term Financial Strategy that will put the Council on a sustainable financial footing. This strategy will set the framework for preparing annual budgets, ensuring the annual budget strategy is set within the context of the longer term outlook.</p>	<p>In Quarter 2, Full Council approved budget savings of £1.436m to assist in balancing the budgets in 2018/19, 2019/21 and 2020/21.</p> <p>Building on savings approved in 2016 for future years, this multi-year approach shows the Council's commitment to creating a sustainable future and is intended to develop a long-term financially balanced framework for the Council.</p> <p>There is now only a balance of £84k to find for 2018/19, which will be presented to Full Council in February 2018. Making early decisions on savings options allows the authority to plan for the future and puts the Council on the front with regard to financial planning.</p> <p>Work is continuing on financial transformation project work, using greater exploitation of financial systems to improve efficiency and drive performance.</p>

	<p>This project allows budget holders to have greater input and control managing and reporting against their budgets and is linked to greater empowerment for budget holders and greater use of financial systems. Additionally, further automation of the payments system will allow for further efficiencies to be achieved.</p> <p>To ensure that our employees have the necessary skills to continue to develop and work in new or different ways there is a comprehensive learning and development calendar in place for employees at all levels including leadership development, talent management and changes in technology.</p>

<p>PR2- We will proactively support the borough's businesses to innovate and expand, and make the borough a natural choice for business relocation.</p>	<p>Burnley Business Week was held between 9th - 13th October. The week was another success. 22 events were held attracting over 380 individual bookings. Business Week is a mixture of training, workshops, talks and seminars for local businesses and all events are free to attend. Examples of feedback about the week: "it's a fantastic initiative that more businesses and individuals should benefit from" "Great effort from the team, much more committed to working with businesses than many other areas"</p> <p>Business Growth Programme Four companies have been supported with mentoring from Enterprise Lancashire. Two companies have received grant payments totalling £11,510 and together the companies will be creating 8.5 new jobs and safeguarding 10.5.</p> <p>New data from the ONS Business Register & Employment Survey shows that the number of jobs in Burnley increased by 2.7% between 2015-2016. This is a higher rate of growth than Lancashire (1.6%), North West (2.5%) and Great Britain (1.8%) over the same period. This makes for an 18.5% increase since 2009 when figures first became available.</p>
<p>PR3- We will make the borough attractive to retail and leisure developers, and will identify a sustainable</p>	<p>The 2nd annual Burnley Literary Festival took place 6 to 9 October – 59 events across 13 town centre venues including coffee shops, Burnley Mechanics, Burnley Central Library and a Pop-Up Festival Venue on St James's St. The full evaluation is still underway but</p>

<p>future for the Burnley Market.</p>	<p>we've received extremely positive feedback from those who attended. Initial assessment is that over 1100 people attended sessions across the 4 days with visitors from Burnley, East Lancashire and as far afield as the Peak District, Cumbria, Preston & Bradford.</p> <p>The Burnley markets Team, working with Charter Walk, has established a new monthly market on the first Thursday of each month on the Market Square. The market has 14 traders and is part a broad ranging plan to promote the Market Hall. The monthly market is attracting new customers to the market hall and creating a real buzz in town.</p>
<p>PR4- We will develop and deliver the Local Plan. This will act as the key supporting framework for encouraging future employment and investment in a range of housing stock.</p>	<p>The Local Plan was submitted to the Secretary of State for independent Examination on the 20th July. The Examination is underway and the public Hearings sessions commenced commence on Tuesday 7th November 2017.</p>
