1 Appointment of Chair

Councillor Ann Royle was appointed as Chair for this meeting.

2 Apologies for Absence

Apologies for absence were received from Cllr Elizabeth Monk.

3 Minutes of the last Meeting

The Minutes of the last meeting held on the 18th October 2016 were agreed as a correct record.

4 Exclusion of the Public

That the determination of a Premises Licence under the Licensing Act 2003 relating to Hunters Oak Limited, 3 The Moorings, Burnley, BB12 0TP be held in public.

5 Determination of a Premises Licence Application

Peter Henderson reported on an application received for a Premises

Licence under the Licensing Act 2003 for Hunters Oak Limited, 3 The Moorings, Burnley. BB12 0TP on behalf of the Licensing Authority.

Councillor Tom Porter, Bev Kirk, Richard Crossley, Frank Millington, Barry Pixton, Steven Jackson, Tony Mitchell, Stephen Vintin, Ken Boden, and Anne Boden attended the meeting and presented their case on behalf of the objectors.

Lee Thompson, together with Chris Smith, Craig Kennedy, and Paul Robinson attended the meeting with their legal representative Malcolm Ireland from Napthens Solicitors and presented their case on behalf of the applicant.

Members and the relevant parties set out above asked questions regarding the application.

DECISION AND REASONS FOR DECISION

After considering the application and all representations (written and as presented at the meeting) the Sub Committee determined that the grant of the licence with conditions consistent with the operating schedule, as amended on pages 4 to 6 of the applicant's bundle, would not undermine any of the licensing objectives. The Sub Committee acknowledged the concerns of objectors but did not have any evidence before it that the grant of the licence would undermine the licensing objectives and no additional steps or conditions were appropriate in this case for the promotion of the licensing objectives.

Licensing Act 2003 Determination of an application for a review of a premises licence

PURPOSE

1. To advise members of the requirement to determine an application for review under Section 52 of the Licensing Act 2003.
2. The premises are 'Vogue Night Club, 77 Hammerton Street, Burnley.

RECOMMENDATION

3. Members are recommended to make a determination at the conclusion of the hearing as required by Regulation 26(1) of the Licensing Act (Hearings) Regulations 2005.

Having considered all relevant facts, the Committee is empowered to take any of the following steps which are necessary to promote the licensing objectives:

- a. to modify the conditions of the licence;
- b. to exclude a licensable activity from the scope of the licence;
- c. to remove the designated premises supervisor;
- d. to suspend the licence for a period not exceeding three months; or
- e. to revoke the licence.

REASONS FOR RECOMMENDATION

4. Members of the Licensing Committee are responsible for determining such applications.

SUMMARY OF KEY POINTS

5. The Licensing Objectives are:
- Prevention of Crime and Disorder
 - Public Safety
 - Prevention of Public Nuisance
 - Protection of Children from Harm

The premises currently hold a licence which authorises the supply alcohol for consumption ON the premises and the playing of recorded music Monday to Sunday from 0900hrs to 0800hrs. The opening hours of the premises are Monday to Sunday 0900hrs till 0800hrs

The holder of the premises licence and Designated Premises Supervisor is Rebecca McQuoid.

The following mandatory conditions are attached to the licence:

No supply of alcohol may be made under the premises licence -

(a) At a time when there is no designated premises supervisor in respect of the premises, or

(b) At a time when the designated premises supervisor does not hold a personal licence or his personal licence is suspended.

Every supply of alcohol under the premises licence must be made or authorised by a person who holds a personal licence.

When a film is exhibited, admission of children to that part of the premises must be restricted in accordance with any recommendation made by the British Board of Film Classification in relation to that film.

Use of door supervisors.

Each individual in the premises who carries out a security activity must be licensed by the Security Industry Authority unless the premises or part of the premises where they are present is being used wholly or mainly as a restaurant or guest house, for theatrical performances or plays, or a Gaming Licence is for the time being in force in respect of those premises.

The responsible person shall take all reasonable steps to ensure that staff on relevant premises do not carry out, arrange or participate in any irresponsible promotions in relation to the premises.

In this paragraph, an irresponsible promotion means any one or more of the following activities, or substantially similar activities, carried on for the purpose of encouraging the sale or supply of alcohol for consumption on the premises in a manner which carries a significant risk of leading or contributing to crime and disorder, prejudice to public safety, public nuisance, or harm to children-

(a) games or other activities which require or encourage, or are designed to require or encourage, individuals to-

(i) drink a quantity of alcohol within a time limit (other than to drink alcohol sold or supplied on the premises before the cessation of the period in which the responsible person is authorised to sell or supply alcohol), or
(ii) drink as much alcohol as possible (whether within a time limit otherwise);

(b) provision of unlimited or unspecified quantities of alcohol free or for a fixed or discounted fee to the public or to a group defined by a particular characteristic (other than any promotion or discount available to an individual in respect of alcohol for consumption at a table meal, as defined in section 159 of the Act);

(c) provision of free or discounted alcohol or any other thing as a prize to encourage or reward the purchase and consumption of alcohol over a period of 24 hours or less;

(d) provision of free or discounted alcohol in relation to the viewing on the premises of a sporting event, where that provision is dependent on-
(i) the outcome of a race, competition or other event or process, or
(ii) the likelihood of anything occurring or not occurring;

(e) selling or supplying alcohol in association with promotional posters or flyers on, or in the vicinity of, the premises which can reasonably be considered to condone, encourage or glamorise anti-social behaviour or to refer to the effects of drunkenness in any favourable manner.

The responsible person shall ensure that no alcohol is dispensed directly by one person into the mouth of another (other than where that other person is unable to drink without assistance by reason of a disability).

The responsible person shall ensure that free tap water is provided on request to customers where it is reasonably available.

The premises licence holder or club premises certificate holder shall ensure that an age verification policy applies to the premises in relation to the sale or supply of alcohol. The policy must require individuals who appear to the responsible person to be under 18 years of age (or such older age as may be specified in the policy) to produce on request, before being served alcohol, identification bearing their photograph, date of birth and a holographic mark.

The responsible person shall ensure that-

(a) where any of the following alcoholic drinks is sold or supplied for consumption on the premises (other than alcoholic drinks sold or supplied having been made up in advance ready for sale or supply in a securely closed container) it is available to customers in the following measures-
(i) beer or cider: ½ pint;
(ii) gin, rum, vodka or whisky: 25 ml or 35 ml; and
(iii) still wine in a glass: 125 ml; and

(b) customers are made aware of the availability of these measures.

A relevant person shall ensure that no alcohol is sold or supplied for consumption on or off the premises for a price which is less than the permitted price

Conditions Imposed in Accordance with the Operating Schedule & Under Paragraph 18(4) & 18(5) Schedule 8 Licensing Act 2003

CCTV shall be installed in the premises and shall record both internally and externally. Must be recording at all times the premises is open to the public. A Staff member who is conversant with the operation of the CCTV system will be on the premises at all times that licensable activities are taking place. The footage is to be retained for a period of 28 days and any footage must be presented to the police upon request.

Prior to each occasion that licensable activities take place at the premises a risk assessment will be carried out to determine whether or not door supervisors are necessary. An appropriate number of door supervisors will be utilised in accordance with said risk assessment, which will be documented and made available to an authorised officer upon request.

As a minimum, at least two door supervisors will be utilised at the premises whenever licensable activities are taking place from 22.00 hours until thirty minutes after the last customer has left the premises. When on duty, door supervisors will ensure that no customers leave the premises with open containers.

A record shall be kept on the premises by the DPS of every person employed on the premises as a door supervisor. The record shall contain the following details: name, address, date of birth and SIA number and signing in and out for each door supervisor. The record shall be available for inspection, on demand, by an authorised officer of the Council, Police or SIA.

The premises licence holder shall have a written policy in relation to drugs which will include search, seizure and disposal of drugs and weapons. The policy will be available for inspection on demand by an authorised officer of the Council, Police or SIA.

The premises will operate a last entry time of 06.30am, whereby no persons will be allowed entry or re-entry into the premises after this time.

Door staff shall wear high visibility clothing with the premises being situated on a busy road. This also allows CCTV to spot the door staff for personal safety.

An ID scanner shall be utilised at the premises.

All staff involved in the sale of alcohol will receive training in relation to the licensing objectives so as to reduce crime and disorder, promote public safety, prevent public nuisance and promote the protection of children from harm. The Training will be documented and will be made available to an authorised officer upon request.

All persons who appear to be under the age of 25 years shall be required to produce proof of age by way of the following:

- A recognised proof of age card accredited under the British retail consortiums proof of age standards scheme (PASS)
- Photo driving licence
- Passport
- Citizen card supported by the Home Office
- Official ID card issued by HM Forces or European Union member state bearing a photograph and date of birth of the holder.

A notice or notices shall be displayed in the premises where they can be clearly seen and read and shall indicate that it is unlawful for persons under the age of 18 to purchase alcohol or for any person to purchase alcohols on behalf of a person less than 18 years of age.

An incident log shall be kept on site and shall be maintained to record all challenges and refused sales.

The premises shall give a minimum of fourteen days written notice to Lancashire Constabulary Licensing Department of any function targeted predominantly at persons under the age of eighteen.

The full existing premises licence is appended at Appendix 'A'.

- 6 On the 23rd October 2017, the Licensing Authority received an application to review the Premises Licence of Vogue Night Club from Lancashire Constabulary the grounds for the review being that there are a disproportionately high number of reported incidents of crime and disorder associated with the premises and that the licensing objective of the prevention of crime and disorder is being seriously undermined at the premises.

Concerns relate to all times the premises are trading however there are specific concerns in relation to the running of the premises after 5am when there's a noticeable increase in incidents of crime and disorder which can be associated with the premises. After this time most of the incidents can be described as alcohol-related involving drunken people.

There are also concerns regarding a number of the premises licence conditions not being adhered to and they can also evidence difficulty in accessing evidential CCTV footage from the premises which has had implications on the effective investigation of a significant number of crimes & incidents at the premises.

The review application submitted by Lancashire Police is appended at Appendix 'B'.

The Licensing Authority has received representations from Lancashire Trading Standards with regards to the application submitted by Lancashire Police. Details of these representations are contained in the witness statement of Lauren Manning from Lancashire County Council Trading Standards Service which is appended at Appendix 'C'.

The Licensing Authority has received a further representation from the Public Health and Wellbeing with regards to this application Details of these representations are contained in the statements of Clare Platt and Doctor Sakthidharan Karunanithi. These are appended at Appendix 'D'.

POLICY IMPLICATIONS

8. The following paragraphs from Burnley Borough Council's Statement of Licensing Policy are relevant to this application:

1.3 We desire to create an environment where local people and visitors to our areas will have better opportunities to enjoy their leisure time in safety without fear of violence, intimidation or disorder whilst on or in the vicinity of licensed premises.

1.10 We will endeavor to carry out our licensing functions in a way that:

- ensures public safety
- supports well managed premises where licence holders seek to actively promote the licensing objectives and display sensitivity to the potential impact of licensable activities on local residents and other businesses
- protects residents' quality of life.

3.7 Under the Crime and Disorder Act 1998, the authority must exercise its functions, having regard to the likely effect on crime and disorder in its area, and must do all it can to prevent crime and disorder. Where its discretion is engaged, the authority will seek to promote the licensing objective of preventing crime and disorder in a manner which supports the Lancashire County Council Community Safety Action Plan and any local community safety priorities or emerging threats identified Burnley Community Safety Delivery Group (MATAC)

3.8 If relevant representations are made in relation to a premises licence or club premises certificate, the council will consider whether it is necessary to impose conditions to regulate behaviour on the premises and access to them where this relates to licensable activities, and the licensing objectives. Any conditions attached will not seek to manage the behaviour of customers once they are beyond the direct management of the licence holder, their staff or agents, but may seek to impact on the behaviour of customers on or in the immediate vicinity of premises as they seek to enter or leave.

14.1 Where an application for a review of a premises licence is made, we will inform the public of the application for review in accordance with the regulations made under the Act thereby allowing any other responsible authority, authorised person or interested party to also make application at that time.

Members are reminded of the consideration they should give to the Human Rights Act 1998 in particular those rights afforded by Article 6 (right to a fair hearing), Article 1 of the First Protocol (protection of property) and Article 8 (right to respect for private and family life).

The premises don't use all these hours and normally are only open for business from midnight on a Thursday, Friday and Saturday evening when they usually trade till 8am the following morning.

They are licensed for a number of other licensable activities including live music and recorded music.

The Designated Premises Supervisor and Premises Licence Holder is Rebecca Louise Alice MCQUOID.

Bearing in mind these premises are only normally open three days a week for a maximum of 8 hours on each occasion it's our view the number and seriousness of the incidents is disproportionate and very concerning and indicate that the Prevention of Crime and Disorder licensing objective is being undermined at the premises.

It should be noted that regular meetings have been held with those responsible at the premises and police concerns are regularly mentioned and discussed. On occasions there is some improvement but the volume of incidents (particularly after 5am) continues.

On the Police databases there are 71 incidents reported to Police since the start of this year which can be shown to be linked to Vogue. Using the same search criteria for other late licensed premises in Burnley Town Centre the next 'busiest' premises had 16 incidents in the same period.

Police concerns can be perfectly highlighted during the weekend of the 22nd, 23rd and 24th September 2017 when Lancashire Police were called to numerous incidents which can be linked to Vogue. Two of these incidents resulted in two victims receiving very serious injuries as a result of assaults that occurred inside the premises.

Reported incidents from the weekend commencing 22nd September 2017.

Reported Incident 1

Friday 22nd September 2017 at 05:29am

Incident reference LC-20170922-0160

Police called to premises by door staff to reports of a female refusing to leave the premises after she had attacked another female in the club with her high heels.

Reported Incident 2

Saturday 23rd September 2017 at 02:30am

Crime reference EF1710850

During the early hours of the morning offender has removed two bottles of alcohol from behind the cocktail bar of a town centre nightclub. He has concealed these bottles up each sleeve of his jacket before leaving the premises. A local prolific offender was stopped nearby by Police and despite resisting and assaulting officers he was arrested for the theft.

Reported Incident 3

Saturday 23rd September 2017 at 2:42am

Crime reference EF1710851

Female offender who was acting drunk and disorderly in a public place was remonstrating with door staff at Vogue Nightclub before falling over and landing in the road. Police Officer approached the offender to help her to her feet only for the offender to refuse then jump to her feet and then shoved Police Officer to the chest using two arms. Offender then struggled against officers who eventually managed to successfully restrain and arrest the aggressively resistant offender.

Reported Incident 4

Saturday 23rd September 2017 at 06:07am

Incident reference LC-20170923-0383 and crime reference EF1710892

Police Officers have sighted a male sat outside Vogue with blood pouring from his head. Officer reports that the male is drifting in and out of consciousness and has a large laceration to his head. The male has given officers an account that he had been bottled and attacked by three male inside the club. One offender was pointed out and arrested at scene. The door staff ejected further persons believed to be involved but haven't advised officers that they were offenders and just sent them on their way. As a result of this assault the victim received injuries consisting of a fractured spine and internal bleeding.

The one male arrested when interviewed stated he was too drunk to remember anything and doesn't know if he assaulted victim or not.

The officers dealing report that inside the premises there were about fifty males and females well in drink and another twenty in the smoking area. All offenders were extremely drunk. 'Shots' were still being sold on the dance floor at 06:45 hours as officers were dealing with the incident.

Reported Incident 5

Sunday 24th September 2017 at 06:40am

Incident reference LC-20170924-0364

Informant reporting that he was assaulted at approximately 05:30hrs. This happened in Vogue on the dance floor. The door staff evicted the male. Victim states that he was punched in the jaw.

Reported Incident 6

Sunday 24th September 2017 at 07:10am

Incident reference LC-20170924-0378

Ambulance reporting assault - victim has a head injury. Assaulted by gang of males possibly in the nightclub male has facial injuries but not serious. He is intoxicated and doesn't remember much only that a gang attacked him. Witness contacts Police to say he witnessed assault stating he was in the smoking area and ran into the club and saw two males attacking someone on the floor. Witness managed to grab one of the offenders and pushed him away and at this point the doormen had come to stop the other offender hurting the victim.

Reported Incident 7

Sunday 24th September 2017 at 08:13am

Incident reference LC-20170924-0402

Ambulance Service has called Police reporting an assault at Vogue. Upon Police arrival Vogue was closed and several people were sat outside and all were heavily in drink. Victim stated he had been punched but was intoxicated and couldn't remember much and at that time stated he had no injuries. Contact was later made with the victim when he had sobered up and after he had sought medical treatment and victim now states he has suffered a fractured jaw as a result of the one punch he had received inside the club.

As a result of increase in incidents and problems obtaining CCTV from the premises the Police Inspector responsible for the area that weekend requested a compliance visit was carried out at the premises and this was carried out at 2am on Saturday 23rd September 2017. A number of licensing conditions appeared to be being breached at the time of this visit.

It should be noted that this was a particularly busy weekend for incidents at these premises but the number and seriousness of them at just one premise cannot be ignored. In addition Police can evidence a catalogue of incidents that can be associated to Vogue Night Club since the beginning of 2017. The vast majority of these incidents have occurred after 5am (when all other Town Centre licensed premises apart from one other have closed) and with drunkenness usually playing a part.

A number of the reported incidents from this year are listed below to show that there are a consistent number of incidents most weekends. The date and time of the reported incident time shown by the reported incident is the time it was reported to police and indicates the obvious increase in incidents after 5am when all but one other licensed premises in Burnley have closed.

Informant reporting that a doorman at this club has thrown a cup of boiling hot chocolate over him. The doorman has been threatening to beat him up if he tries to leave. Informant says he was refused entry into the club-informant sounds very intoxicated.

In addition there are 10 recorded thefts this year where the place of offence is Vogue Night Club which is far more than any other licensed premises in Burnley.

In addition Police can evidence a number of licensing conditions being breached at the premises this year especially those that relate to CCTV, use of a ID scanner at the premises and door staff having to wear high visibility clothing.

In addition Police can provide evidence of the DPS being uncontactable and unavailable at times which has undermined the investigations into some of the incidents detailed in this application.

The following options are available to the committee:-

- 1) Do nothing – However the sheer number and seriousness of the offences causes grave concern for no action.
- 2) Modify the conditions of the licence – The Police feel that modifying the conditions may have some impact in promoting the Licensing Objectives but these modifications will have to be robust and proportionate.
- 3) Remove the Designated Premises Supervisor
- 4) Suspend the licence for a period not exceeding three months
- 5) Revoke the premises licence so that no alcohol can be sold at all.

In the opinion of Lancashire Police the information presented here indicates the total undermining of the Prevention of Crime Licensing Objective and despite constant Police interventions there is a repeated high number of often serious incidents reported to the Police which can be linked to these premises. The majority of these incidents appear to take place after 5am and often involve the victims or offenders clearly being drunk indicating a total disregard to licensing legislation in relation to serving to persons who are drunk.

Lancashire Police respectfully requests that the committee considers whether revocation of the premises licence or at least a significant reduction in its licensing hours would be an appropriate finding in the circumstances.

Statement of: Paul Gaynor

Occupation: Police Inspector

This statement (consisting of page(s) each signed by me) is true to the best of my knowledge and belief and I make it knowing that, if it is tendered in evidence, I shall be liable to prosecution if I have wilfully stated in it anything which I know to be false, or do not believe to be true.

Signature: PL 3728 (witness) Date: 10/10/2017

I am Police Inspector 3728 Paul Gaynor of Lancashire Constabulary.

This statement is given in relation to problems that I have been made aware of at Vogue on Hammerton Street Burnley.

The first incident that I was made aware of occurred on the 2nd September 2017 at 07.30 am whereby a male by the name of Adam Cross made an allegation that he had been assaulted at the club and that there was a hate element to the crime. This was recorded under crime reference number EF1710006.

Due to problems with CCTV at the premises in the past a local arrangement had been put into place whereby officers investigating matters at the premises were expected to request any cctv via an e-mail set up by the club at: voguecctv@outlook.com

A request was made by PC 606 Ingham immediately following the assault; however he had received no response.

This matter was later followed up by the Hate Crime and Community Cohesion Unit, but they had had no luck in making contact with the Designated Premises Supervisor Rebecca McQuoid on either her mobile telephone, personal e-mail or the one mentioned above.

As part of the investigation into this offence, on the 9th September 2017 I requested PC 1361 Mountford to attend the night club to secure the cctv that they had of the incident, which they should have had recorded as part of their licencing conditions.

PC Mountford reported back to me that she had attended the club and had spoken to the Designated Premises Supervisor Rebecca McQuoid and had left her with a USB stick in order that the CCTV be downloaded.

The following day PC Mountford reported that McQuoid had informed her that the CCTV had not been recording at the time of the incident.

Due to this I looked at the operating conditions at the premises and noted that they are as follows:

On the 22nd September due to my belief that the premises were not operating in accordance with their licence I requested that PS Turner and his team conduct a licencing check at the premises.

I was informed by Sergeant Turner that a visit was conducted on the 23rd September at 2am and that during the visit the premises were in breach of licence conditions:

2 - Only one of the door supervisors was displaying his SIA card and neither were wearing hi-visibility vests

5 - There was no ID scanner on the premises.

9 - The officers requested to view the incident log, however there was no incident log for inspection.

Whilst at the premises PC Burniston was assaulted after she interjected with a female who was remonstrating with the door staff at the premises.

On the 23rd September 2017 I attended the premises at 05.45 to again check whether the premises were operating within their licencing conditions and I noted again that:

2 - Neither of the 2 door staff members were wearing hi-visibility clothing.

RESTRICTED (when complete)

Whilst speaking to a doorman I saw a ginger haired male walk from the premises with a large wound to his head and he was covered in blood, this male was extremely drunk and he informed me that he had been assaulted inside the premises

Whilst I was there an offender was identified by a member of the public as an offender and was subsequently arrested.

The two door staff that were on duty were informed that there were a further two offenders inside and they were requested to enter and look for the offenders.

After a short amount of time I entered the premises in order to establish if the door staff were OK as they had not returned back to the door. I was informed by one of the door staff that the offenders had been ejected.

I queried as to why neither had been pointed out to any of the police officers who had been stood at the front door of the premises awaiting to arrest them, the door staff could not give me an answer.

I found out the following day that the male who had been assaulted had suffered from a broken spine and extensive internal bleeding along with the wound to his head.

I am satisfied that the club are in contravention of their licencing conditions and I am happy that the licencing committee be made aware of the content of this statement.

Rebecca,

You will recall that I sent you a letter regarding CCTV at the end of May 2017 and when I visited you on the 5th June at your premises I gave you a copy of that letter and some posters to display regarding CCTV.

Since that date both myself and Sgt Middleton have asked you to make contact on several occasions by email, text and attempted phone calls to arrange a visit to Vogue Burnley to check your CCTV equipment, the coverage, and quality and also to make sure it was being stored for the time period required.

This arrangement needs to be made as soon as possible and we are concerned as to the inability of the Police to be able to have conversations with you in a timely manner and the lack of response to communication is a major concern.

We reserve the right to instigate a review of the premises if things do not dramatically improve.

I therefore require you to make contact by email immediately – providing an email address that will be responded to, we also require a land line and a mobile number, and your correct home address.

This is required within 48 hours of this letter being delivered to your premises.

I have copied below the email sent by Sgt Middleton – which has not yet been responded to

Please make contact John Clucas or myself regarding your CCTV.

We need to carry out a full check to make sure it's working as per the conditions attached to the premises licence.

You need to respond otherwise I will have to pursue a potential review of your premises licence due to an apparent increase in incidents linked to your premises and the issue of CCTV not being readily available or recording as it should.

Thanks

Premises Licensed under the Licensing Act 2003 to supply alcohol on the premises – CCTV system conditions of your Premises Licence

The Lancashire Constabulary and Burnley Borough Council Licensing Department are doing some joint work in the Burnley Borough to ensure that where a Premises Licence has a CCTV condition that the system is working and, should there be an incident, suitable images are captured that can be saved and downloaded to be used in potential criminal proceedings.

We are therefore informing you as Premises Licence Holder / Designated Premises Supervisor that we need you to check your CCTV systems and make sure

- They are working
- Recordings are being kept for as specified period (many of which are specified in the Premises Licence)
- That the recordings can be accessed and downloaded to another format (USB stick or DVD)
- That there are staff trained who are able to access and operate the system and provide downloads upon request by the Police or other authorised people.

The recording of incidents in the premises form part of most if not all Premises Licences and I would recommend that your individual premises licence is looked at to make sure that you comply with the conditions.

Best practice for CCTV systems is duplicated below

The licensed area of the premises shall be equipped with a tamper Proof, Closed Circuit Television system (CCTV), which should comply with the following criteria.

1. It will record to a Digital Video Recorder (DVR), with an evidential burn to Compact Disc (CD) or Digital Versatile Disc (DVD) with software facility.
2. The CCTV Digital Video Recorder (DVR) will always be connected to a colour monitor that will be maintained in good working order in order to facilitate the viewing of any CCTV recording at the premises by the Police or any member of staff from the local authority.
3. A member of staff will be trained and will always be present when the premises are open for licensable activity in order to download the images from the hard drive to disc.
4. The full CCTV operating system will be maintained in proper working order. Any faults will be rectified without delay.
5. It will be a colour system and will display on any recording the time and date of the recording.
6. The system will be operated during all permitted hours.
7. Recordings will be held for 28 days; thereafter the DVR can be allowed to

overwrite if desired.

8. The 28 day recorded data to be made available to police or local authority licensing officers for inspection and retention on request.

9. Camera's shall be sufficient in number to view any area for licensable activity and any exit/entry and the area immediately outside the main entrance.

10. CCTV cameras will be robust and conspicuous in presence.

11. Signs are displayed in the premises to indicate that CCTV is in use and when dealing with incidents or unruly behaviour, staff indicate that cctv is recording the incident.

You will also be aware of the potential for CCTV images to deter poor behaviour, assist in the prevention of disorder and also to also assist in wider criminal investigations.

We would therefore request you co-operation in making sure that if visited by Burnley Council Licensing Officers or staff from Lancashire Constabulary that your system will pass the inspection.

In the forthcoming months before summer there will be visits taking place, and some of these will have a Police CCTV expert in attendance to make sure the system is appropriate and is fully functional.

We are giving advance notice of this work so that you can do what you think necessary now to ensure your systems are compliant with the licence conditions attached to your premises licence.

If premises fail or fall short of what is expected then that can lead to a review of the premises licence and then the Licensing Committee could then be asked to revoke your licence.

If you need any more information then please do not hesitate to contact me or John Clucas, Licensing Officer, Burnley Police Station, 01282 472035 – John.Clucas@Lancashire.pnn.police.uk

Subject: Possible action against Vogue Night Club, Burnley.

Rebecca

This email is to inform you that I have started collating evidence and statements with a view to submitting a review application for Vogue Night Club. I have serious concerns that the Licensing objectives are being undermined at your premises.

I cannot ignore the constant complaints I get from officers in regards the CCTV at your premises. There is quite a strict condition attached to the licence (see below) which I can evidence is being breached on a regular basis. The main problems being that access to CCTV footage is difficult to obtain and on other occasions the CCTV hasn't been working as it should. I can show that investigations into a number of recent allegations of assaults which have occurred in your premises have not had progressed as they should due to the lack of evidential CCTV. Good effective CCTV is a deterrent and quite simply too many victims are being let down at the moment.

ANNEX 2 - CONDITIONS IMPOSED IN ACCORDANCE WITH THE OPERATING SCHEDULE & UNDER PARAGRAPH 18(4) & 18(5) SCHEDULE 8 LICENSING ACT 2003 CCTV SHALL BE INSTALLED IN THE PREMISES AND SHALL RECORD BOTH INTERNALLY AND EXTERNALLY. MUST BE RECORDING AT ALL TIMES THE PREMISES IS OPEN TO THE PUBLIC. A STAFF MEMBER WHO IS CONVERSANT WITH THE OPERATION OF THE CCTV SYSTEM WILL BE ON THE PREMISES AT ALL TIMES THAT LICENSABLE ACTIVITIES ARE TAKING PLACE. THE FOOTAGE IS TO BE RETAINED FOR A PERIOD OF 28 DAYS AND ANY FOOTAGE MUST BE PRESENTED TO THE POLICE UPON REQUEST.

I am also concerned about the increase in incidents which can be linked to your premises after 5am in the morning. It's safe to say that there's a higher percentage of incidents at your premises in the last 3 hours of your nights trading compared to your first 5 hours. A quick look at incidents which can be linked to your premises this year indicate that about 60% of the incidents occur after 5am and worryingly 35% are in the final 2 hours of your night (after 6am). This indicates to me that for some reason the behaviour of your customers deteriorates dramatically the longer they are in your premises.

Anything you can suggest or put forward in regards alleviating my concerns mentioned above will be appreciated otherwise a review application will be forthcoming.

Regards

Jason

I work as a Police Licensing Officer for Lancashire Police based at Burnley Police Station.

As part of my routine duties I deal with applications, requests to change and review hearings of licensed premises.

Within my area of responsibility is Vogue Nightclub 77 Hammerton Street, Burnley.

This is the only Licensed premises in East Lancashire that regularly is open until 8am.

I was made aware of a review of the Premises Licence for Vogue triggered by Sgt Jason Middleton from the Lancashire Constabulary.

I made contact with the North West Ambulance Service (NWAS) in October 2017 as I was aware of the high number of times emergency ambulances had been called to Vogue at busy weekends.

I therefore asked for six different types of information and the results are below :-

Number of incidents where emergency ambulances were dispatched to Vogue broken down by priority

Time period for this was 1st Jan 2017 to 31st July 2017 (Latest data available for this query)

Sarg

Your not going to like this, I attended Vogue tonight to recover the CCTV tonight and spoke to the manager who told me she hadn't picked my email up requesting a copy of the CCTV which I find hard to believe as it's a new process that has been set up and there meant to be well aware of it and on board. She stated the system hadn't been recording for the first week and it's only just been switched on therefore it hadn't recorded on the date requested which again I find hard to believe as this all new quality system has been set up and Officers and licencing have meant to have been involved. I feel like she's covering up as it's highly likely it was a member of door staff that carried out the assault and even if it wasn't the victim states he was assaulted at the front door in front of door staff and they did nothing. Further to this I asked the lates sergeant on the day of the incident to attend and recover the CCTV stressing it was a nasty homophobic assault and all I got back was an email stating there is a new process and I would have to email.

Many Thanks

Morning Sgt,

I was hoping you could take a look at this log from Vogue from a licensing point of view. I was called to Vogue after a member of the public informed the police that the door staff were being too aggressive with customers. After speaking with the sober parties in the area, it appeared the door staff ejected 2 males lawfully after they were causing issues. However, as I was trying to investigate the incident, The owner Jason Mcoid was very obstructive, abusive and even threatening to "twat" people. He also threatened to "have my badge" as I tried to gain information on what had happened. There was no need for his behaviour to be this way and made the situation worse.

I'm not sure what you can but thought I would let you know as the issues needed to be brought to light. Any issues or questions let me know.

Regards,

Sgt,

I was asked to check CCTV at VOGUE HAMMERTON STREET, BURNLEY in relation to the above log. It is a complaint of assault by door staff- a third party reported door staff kicking a male while he was on the floor and then assaulting a second male by dragging him across the road. The original attending officer has put comments on the log about the owner of the premises being 'obstructive, abusive, and making the incident worse with his aggressive attitude'.

I have attended VOGUE during opening hours and requested the CCTV from the night. I was informed by door staff that no one was present to make this available. Is it part of their licencing conditions that it is readily available? Also is there anyone that regularly has contact with their management that may be able to obtain this footage before it disappears? It was around 05:55 hrs on 12/03/2017 outside the front of the club.

Hello,

In response to your email about problems with Vogue, I have been having a few problems with them myself recently. I am trying to deal with an assault (LC-20170312-0295) whereby a male has alleged

he and his friend were kicked and punched by door staff after being ejected. A statement was obtained from the victim a long time ago and my next enquiry was to review the CCTV to see if there had been any offences I needed to investigate further, or if it was a lawful ejection.

It took me a while to get hold of the CCTV due to no one being there able to work it when I went. However, once I had emailed someone in licencing I came back on duty and someone had collected it/ it had been dropped off. I viewed it and the quality was poor as there is a colour changing light right in front of the camera so you wouldn't be able to make out an identification. This wouldn't have been a major issue as we knew who was involved but the footage I was given (with the correct date & time stamped on it) did not show anything happening at all. I know that the police definitely came out at the time as it was on the log and the officers confirmed it so the footage should have at least showed them arriving, even if the incident didn't play out as the victim stated. The only thing that I can think of is that either the time and date are totally out on the system or that it has somehow been altered to show a different time so it appears that nothing has happened, however, I haven't been able to prove that.

My son was assaulted in Vogue Nightclub in Burnley on the night of 30th April/1st May 2017. He took a single punch to the side of his face from behind and was knocked unconscious. As a result of the single punch, his jaw was broken and had to have surgery at The Royal Blackburn Hospital to put a metal plate in his jaw. .

The assailants were wearing masks which were sold inside the club and also made identification difficult.

I have been made aware that there was a delay of several days before the CCTV was taken and it was blank. Apparently it was not recording that particular night. Surely there must be something that states CCTV should be recording - especially at the weekend when trouble is likely. My son was an innocent victim and should have been safe in the club or at least someone should have been overseeing the safety of the guests and therefore been in a position to apprehend the attacker, who was able to leave unidentified.

I feel that the club have a duty of care and my son has had a terrible experience. It looks increasingly likely that there will be no arrests made. No-one called the police at the time which I don't understand and according to xxxx when m son and his friends were taken outside the bouncer warned them not to go in a certain direction as the attackers were waiting. The bouncer must have been able to provide some form of identification.

I am quite devastated having seen the anguish my son has gone through - not just physically but mentally too.

I appreciate that you are very busy and in the grand scheme of things this is just a tiny incident but I feel I have to speak up or these people just carry on taking the law into their own hands.

I feel that the licence of this club should be revoked or at least questioned. Please can you advise what I should do. Thank you.

- I am Lauren Manning, Principal Officer, employed by Lancashire County Council Trading Standards Service in the Intelligence Management team.
- I have delegated authority to exercise the County Council's powers and duties under relevant Trading Standards related Acts of Parliament and in this capacity to provide written and oral representations to the Licensing Appeal Hearing on behalf of the Lancashire County Council Head of Service for Trading Standards.
- Lancashire County Council Head of Service for Trading Standards supports the application made by Lancashire Constabulary to review the licence of Vogue, 77 Hammerton Street, Burnley BB11 1LE, and supports the recommendation from the Police that the Burnley Borough Council Licensing Committee considers the revocation of the premises licence.
- I make this statement using facts and matters within my own knowledge. Any facts and matters that are not within my own knowledge are true to the best of my knowledge and belief.

2.0 Licensing Objectives:

From a Trading Standards perspective, the licensing objective that is relevant to this statement is the prevention of crime and disorder.

2.1 The Prevention of Crime and Disorder

On 5th August 2015 Lancashire County Council Trading Standards Service received an anonymous complaint that cheap vodka was being poured into Smirnoff and Grey Goose bottles in Vogue, a nightclub at 77 Hammerton Street, Burnley BB11 1LE.

An inspection of the premises took place on Saturday 19th September 2015 by Trading Standards Officers and Police. Formal samples of alcohol exposed for sale were taken and submitted for analysis.

The results of analysis were as follows:

Product labelled as Jägermeister liqueur 35% - The sample was found to contain 14.4% alcohol and to be inconsistent with genuine Jägermeister.

Labelled as Smirnoff triple distilled vodka 37.5% - found to contain 27.9% alcohol and to be inconsistent with genuine Smirnoff.

Labelled as Viktor Vodka 37.5% - sample found to contain 28.2% alcohol.

Labelled as Smirnoff triple distilled vodka 37.5% - Found to contain 25.9% alcohol and to be inconsistent with genuine Smirnoff.

On 11th October 2016 the Designated Premises Supervisor, Rebecca McQuoid, was convicted of 6 offences contrary to the Food Safety Act 1990 and the Spirit Drinks Regulations 2008, for falsely describing spirits as Jägermeister and Smirnoff, falsely describing the alcoholic strength of the spirits, and describing products as 'vodka' when the alcoholic strength was too low.

Spirit substitution is an offence contrary to Sections 14 and 15 of the Food Safety Act 1990 and Regulation 4 of the Spirit Drinks Regulations 2008. These are relevant offences under Paragraph 15 of Schedule 4 of The Licensing Act 2003.

3.0 Summary

Evidence presented highlights that Vogue, 77 Hammerton Street, Burnley BB11 1LE has not complied with the licensing objective of the prevention of crime and disorder, due to it selling substituted spirits and watered down vodka on 19th September 2015.

I would support the police recommendation that the Burnley Borough Council Licensing Committee consider revocation of the premises licence.

Statement of Truth-

I believe the contents of this statement to be true.

2. I have delegated authority to provide written and oral representations in relation to the Vogue Licensing Appeal Hearing on behalf of the Lancashire County Council Director of Public Health and Wellbeing [App/CP/1].
3. I make this witness statement to the extent that facts and matters set out are true within my own knowledge. Insofar as such facts and matters that are not within my own knowledge, they are true to the best of my knowledge and belief.

Licensing Objectives

4. From a public health perspective, the licensing objectives that are relevant to this statement are:
 - the prevention of crime and disorder
 - public safety

Crime and Disorder

5. The application made by Lancashire Constabulary to review the licence of Vogue [App/CP/2] examines reported crime and disorder associated with Vogue specifically for the weekend of Friday 22nd September 2017 to Sunday 24th September 2017, and more generally for the period of 22nd January 2017 to 15th October 2017. The

application also identifies premises license conditions that have been breached this year at Vogue.

6. The application made by Lancashire Constabulary to review the licence of Vogue [App/CP/2] makes reference to a 'bottle' being reported as a weapon in 2 assaults reported to them during the 10 month period of 22nd January 2017 to 15th October 2017.

Conclusion

7. Based on the evidence presented by Lancashire Constabulary [App/CP/2], particularly that which relates to reported violence associated with Vogue, I request that Burnley Council Licensing Sub-Committee considers revocation of the premises licence of Vogue.
8. If Burnley Council Licensing Sub-Committee considers that revocation of the premises licence of Vogue is not appropriate, I respectfully request consideration is made to the addition of a condition to the premises licence that prohibits the premises from serving drinks in any drinking vessel made of glass. This will reduce the significant risk of further glass related injuries associated with the premises.

The prevention of crime & disorder licensing objective

It's the view of Lancashire Police that there is a disproportionately high number of reported incidents of crime and disorder associated with these premises and that the licensing objective of the prevention of crime and disorder is being seriously undermined at the premises.

Concerns relate to all times the premises is trading however there are specific concerns in relation to the running of the premises after 5am when there's a noticeable increase in incidents of crime and disorder which can be associated with the premises. After this time most of the incidents can be described as alcohol-related involving drunken people.

There are also concerns regarding a number of the premises licence conditions not being adhered to and can also evidence difficulty in accessing evidential CCTV footage from the premises which has had implications on the effective investigation of a significant number of crimes & incidents at the premises.

Please provide as much information as possible to support the application (please read guidance note 3)

The licensed premise known as Vogue is located on Hammerton Street in Burnley.

The premises are licensed for sale by retail of alcohol between the following hours:

Monday	2100-0800
Tuesday	2100-0800
Wednesday	2100-0800
Thursday	2100-0800
Friday	2100-0800
Saturday	2100-0800
Sunday	2100-0800

The premises don't use all these hours and normally are only open for business from midnight on a Thursday, Friday and Saturday evening when they usually trade till 8am the following morning.

They are licensed for a number of other licensable activities including live music and recorded music.

The Designated Premises Supervisor and Premises Licence Holder is Rebecca Louise Alice MCQUOID.

Bearing in mind these premises are only normally open three days a week for a maximum of 8 hours on each occasion it's our view the number and seriousness of the incidents is disproportionate and very concerning and indicate that the Prevention of Crime and Disorder licensing objective is being undermined at the premises.

It should be noted that regular meetings have been held with those responsible at the premises and police concerns are regularly mentioned and discussed. On occasions there is some improvement but the volume of incidents (particularly after 5am) continues.

On the Police databases there are 71 incidents reported to Police since the start of this year which can be shown to be linked to Vogue. Using the same search criteria for other late licensed premises in Burnley Town Centre the next 'busiest' premises had 16 incidents in the same period.

Police concerns can be perfectly highlighted during the weekend of the 22nd, 23rd and 24th September 2017 when Lancashire Police were called to numerous incidents which can be linked to Vogue. Two of these incidents resulted in two victims receiving very serious injuries as a result of assaults that occurred inside the premises.

Reported incidents from the weekend commencing 22nd September 2017.

Reported Incident 1

Friday 22nd September 2017 at 05:29am

Incident reference LC-20170922-0160

Police called to premises by door staff to reports of a female refusing to leave the premises after she had attacked another female in the club with her high heels.

Reported Incident 2

Saturday 23rd September 2017 at 02:30am

Crime reference EF1710850

During the early hours of the morning offender has removed two bottles of alcohol from behind the cocktail bar of a town centre nightclub. He has concealed these bottles up each sleeve of his jacket before leaving the premises. A local prolific offender was stopped nearby by Police and despite resisting and assaulting officers he was arrested for the theft.

Reported Incident 3

Saturday 23rd September 2017 at 2:42am

Crime reference EF1710851

Female offender who was acting drunk and disorderly in a public place was remonstrating with door staff at Vogue Nightclub before falling over and landing in the road. Police Officer approached the offender to help her to her feet only for the offender to refuse then jump to her feet and then shoved Police Officer to the chest using two arms. Offender then struggled against officers who eventually managed to successfully restrain and arrest the aggressively resistant offender.

Reported Incident 4

Saturday 23rd September 2017 at 06:07am

Incident reference LC-20170923-0383 and crime reference EF1710892

Police Officers have sighted a male sat outside Vogue with blood pouring from his head. Officer reports that the male is drifting in and out of consciousness and has a large laceration to his head. The male has given officers an account that he had been bottled and attacked by three male inside the club. One offender was pointed out and arrested at scene. The door staff ejected further persons believed to be involved but haven't advised officers that they were offenders and just sent them on their way. As a result of this assault the victim received injuries consisting of a fractured spine and internal bleeding.

The one male arrested when interviewed stated he was too drunk to remember anything and doesn't know if he assaulted victim or not.

The officers dealing report that inside the premises there were about fifty males and females well in drink and another twenty in the smoking area. All offenders were extremely drunk. 'Shots' were still being sold on the dance floor at 06:45 hours as officers were dealing with the incident.

Reported Incident 5

Sunday 24th September 2017 at 06:40am

Incident reference LC-20170924-0364

Informant reporting that he was assaulted at approximately 05:30hrs. This happened in Vogue on the dance floor. The door staff evicted the male. Victim states that he was punched in the jaw.

Reported Incident 6

Sunday 24th September 2017 at 07:10am

Incident reference LC-20170924-0378

Ambulance reporting assault - victim has a head injury. Assaulted by gang of males possibly in the nightclub male has facial injuries but not serious. He is intoxicated and doesn't remember much only that a gang attacked him. Witness contacts Police to say he witnessed assault stating he was in the smoking area and ran into the club and saw two males attacking someone on the floor. Witness managed to grab one of the offenders and pushed him away and at this point the doormen had come to stop the other offender hurting the victim.

Reported Incident 7

Sunday 24th September 2017 at 08:13am

Incident reference LC-20170924-0402

Ambulance Service has called Police reporting an assault at Vogue. Upon Police arrival Vogue was closed and several people were sat outside and all were heavily in drink. Victim stated he had been punched but was intoxicated and couldn't remember much and at that time stated he had no injuries. Contact was later made with the victim when he had sobered up and after he had sought medical treatment and victim now states he has suffered a fractured jaw as a result of the one punch he had received inside the club.

As a result of increase in incidents and problems obtaining CCTV from the premises the Police Inspector responsible for the area that weekend requested a compliance visit was carried out at the premises and this was carried out at 2am on Saturday 23rd September 2017. A number of licensing conditions appeared to be being breached at the time of this visit.

It should be noted that this was a particularly busy weekend for incidents at these premises but the

number and seriousness of them at just one premise cannot be ignored. In addition Police can evidence a catalogue of incidents that can be associated to Vogue Night Club since the beginning of 2017. The vast majority of these incidents have occurred after 5am (when all other Town Centre licensed premises apart from one other have closed) and with drunkenness usually playing a part.

A number of the reported incidents from this year are listed below to show that there are a consistent number of incidents most weekends. The date and time of the reported incident time shown by the reported incident is the time it was reported to police and indicates the obvious increase in incidents after 5am when all but one other licensed premises in Burnley have closed.

Informant reporting that a doorman at this club has thrown a cup of boiling hot chocolate over him. The doorman has been threatening to beat him up if he tries to leave. Informant says he was refused entry into the club-informant sounds very intoxicated.

In addition there are 10 recorded thefts this year where the place of offence is Vogue Night Club which is far more than any other licensed premises in Burnley.

In addition Police can evidence a number of licensing conditions being breached at the premises this year especially those that relate to CCTV, use of a ID scanner at the premises and door staff having to wear high visibility clothing.

In addition Police can provide evidence of the DPS being uncontactable and unavailable at times which has undermined the investigations into some of the incidents detailed in this application.

The following options are available to the committee:-

- 1) Do nothing – However the sheer number and seriousness of the offences causes grave concern for no action.**
- 2) Modify the conditions of the licence – The Police feel that modifying the conditions may have some impact in promoting the Licensing Objectives but these modifications will have to be robust and proportionate.**
- 3) Remove the Designated Premises Supervisor**
- 4) Suspend the licence for a period not exceeding three months**
- 5) Revoke the premises licence so that no alcohol can be sold at all.**

In the opinion of Lancashire Police the information presented here indicates the total undermining of the Prevention of Crime Licensing Objective and despite constant Police interventions there is a repeated high number of often serious incidents reported to the Police which can be linked to these premises. The majority of these incidents appear to take place after 5am and often involve the victims or offenders clearly being drunk indicating a total disregard to licensing legislation in relation to serving to persons who are drunk.

Lancashire Police respectfully requests that the committee considers whether revocation of the premises licence or at least a significant reduction in its licensing hours would be an appropriate finding in the circumstances.

1. INTRODUCTION

- 1.1 The Licensing Act 2003 (the Act) and statutory guidance provide the legal framework under which licensing will be regulated in England and Wales. This document is produced to explain the criteria under which Burnley Borough Council, a Licensing Authority within the meaning of the Act, will discharge our functions under the law.
- 1.2 In executing our functions, we will consider the Licensing Act against a backcloth of other legislation, which may impact on the promotion of the licensing objectives. This will include the,
- Crime and Disorder Act 1998 as amended by the Police Reform Act 2002
 - Human Rights Act 1998
 - Health & Safety at Work Act 1974
 - Environmental Protection Act 1990
 - Anti-Social Behaviour Act 2003
 - Race Relations Act 1976
 - Race Relations (Amendment) Act 2000
 - Criminal Justice & Police Act 2001
 - Policing & Crime Act 2009
 - The Equality Act 2010
 - The Police Reform and Social Responsibility Act 2011
 - Anti-Social Behaviour Crime and Policing Act 2014
- 1.3 We desire to create an environment where local people and visitors to our areas will have better opportunities to enjoy their leisure time in safety without fear of violence, intimidation or disorder whilst on or in the vicinity of licensed premises.
- 1.4 We recognise that the leisure industry is a significant contributor to:
- the economy
 - cultural development
 - jobs
 - tourism
- within the licensing authority area. We seek to create a licensing policy, which does not drive a wedge between the industry and enforcement authorities. We intend that co-operation and partnership remain the best method of promoting the licensing objectives.
- 1.5 Subject to the promotion of the licensing objectives, we will encourage facilities to allow people to lawfully enjoy their leisure time in the manner and at the time they wish to. We wish to encourage licensees to provide a wide range of entertainment activities, promote live music, dance, theatrical activity etc.
- 1.6 The Licensing Authority will actively encourage and promote a broad range of entertainment, recognising the wider cultural benefits for local communities.
- 1.7 This Council holds premises licences for public spaces in the community, such as parks, town centre areas, community halls and other appropriate public spaces.

- 1.8 Entertainers wishing to perform in any of the areas licensed by the Council may seek permission from the relevant Council Department, details of which can be obtained from the Licensing Unit.
Such persons may then be given consent to use such places by the relevant department of the Council, as opposed to obtaining individual premises licenses or temporary event notices in respect of events they may wish to hold.
- 1.9 The Guidance requires that a Licensing Authority considers such applications from a neutral standpoint. We will however balance the potential for limited disturbance in neighbourhoods against the wider benefits to the community and cultural development of the area.
- 1.10 We will endeavor to carry out our licensing functions in a way that:
- ensures public safety
 - supports well managed premises where licence holders who seek to actively promote the licensing objectives and display sensitivity to the potential impact of licensable activities on local residents and other businesses
 - protects residents' quality of life.
- 1.11 The Equality Act 2010 also includes a duty on the Council as the Licensing Authority to have due regard to the need to eliminate discrimination, harassment and victimisation; advance equality of opportunity; and foster good relations, between people with different protected characteristics.
- 1.11 We will have regard to how littering and fouling, noise, street crime and the capacity of the Council's infrastructure, resources and police resources impact on the licensing objectives.
- 1.12 We will discharge our functions with integrity and objectivity. We will work in partnership with the leisure industry, police, fire and rescue services, residents and local businesses to promote the licensing objectives.
- 1.13 We will take account of the statement of policy of neighboring licensing authorities where common boundaries exist.
- 1.14 We will seek to give protection to local residents, whose lives can be blighted by disturbance and antisocial activity associated with the behaviour of some people visiting places of entertainment.
- 1.15 We desire to strike a balance between allowing people to enjoy their leisure, at the times and in the manner they wish to, and ensuring the licensing objectives are met.
- 1.16 Licensing is about regulating licensable activities on licensed premises, in qualifying clubs and at temporary events within the definitions of the Act, and the conditions attached to the various authorisations will be focused on matters which are in the control of applicants and licence holders. Licensing law is not the primary mechanism for the general control of nuisance and anti-social behaviour by individuals once they are away from licensed premises. Licensing law will however be a key aspect of a holistic approach to the management of the evening and nighttime economy in town centres.

- 1.17 We will therefore focus upon the direct impact of the activities taking place at or in the vicinity of licensed premises on members of the public living, working or engaged in normal activities in the vicinity of those places.

2. LICENSABLE ACTIVITY

- 2.1 This policy relates to licensable activities. They are:
- The sale of alcohol
 - The supply of alcohol by or on behalf of a club to members of the club
 - The provision of regulated entertainment
 - The provision of late night refreshment
- 2.2 The provision of hot food or hot drink may take place at any time, but we will only be able to regulate such activity between 11pm and 5am. The provision outside these times is not licensable activity under the Act.
- 2.3 Advice on whether a licence is required for premises or an event can be obtained from the Licensing Unit, Burnley Borough Council.

3. PROMOTION OF THE LICENSING OBJECTIVES

- 3.1 We will promote the 4 licensing objectives, namely
- the prevention of **crime and disorder**
 - **public safety**
 - the prevention of **public nuisance**; and
 - the **protection of children** from harm, and all our decisions will reflect these objectives.
- 3.2 We consider each licensing objective to be of equal importance. They will be considered in relation to matters centered on the premises or within the control of the licensee. We will objectively consider the direct effect that the carrying on of the licensable activities has in the vicinity of the premises. Licensing law is not a mechanism for the general control of anti-social behavior by individuals once they are beyond the direct control of the licensee or vicinity of licensed premises.
- 3.3 We will not deter an individual making an application and having that application judged on its individual merits. It is for the applicant to decide what, if any, measures to suggest in its operating schedule in order to address any potential concerns that might arise in the promotion of the licensing objectives. Applicants are reminded that measures proposed in the operating schedules will be converted into conditions on their licence
- 3.4 Applicants are reminded that responsible authorities or other persons may make representations if they feel that the applicant's proposals do not adequately promote the licensing objectives. An applicant who proposes no measures to promote the licensing objectives may therefore face more representations than an applicant who risk assesses their operation and proposes necessary and proportionate measures.

- 3.5 We will not deter any person from making representations in respect of any application or seeking a review of a license. Where a representation is received which is not from a responsible authority the licensing authority will in the first instance make a judgement on whether it is relevant, i.e. based upon one or more of the four licensing objectives.

Relevant representations' are representations:

- about the likely effect of the premises licence on the promotion of the licensing objectives;
- which have not been withdrawn and are not, in the opinion of the council, frivolous or vexatious.

- 3.6 This authority recommends early consultation with responsible authorities. Many responsible authorities have produced guidance which applicants can take into account when assessing whether they need to include any measures in their application to promote the licensing objectives. In addition, many responsible authorities would be prepared to discuss matters on site with an applicant with a view to reaching agreement on measures to be proposed.

Crime and Disorder

- 3.7 Under the Crime and Disorder Act 1998, the authority must exercise its functions, having regard to the likely effect on crime and disorder in its area, and must do all it can to prevent crime and disorder. Where its discretion is engaged, the authority will seek to promote the licensing objective of preventing crime and disorder in a manner which supports the Lancashire County Council Community Safety Action Plan and any local community safety priorities or emerging threats identified Burnley Community Safety Delivery Group (MATAC)
- 3.8 If relevant representations are made in relation to a premises licence or club premises certificate, the council will consider whether it is necessary to impose conditions to regulate behaviour on the premises and access to them where this relates to licensable activities, and the licensing objectives. Any conditions attached will not seek to manage the behaviour of customers once they are beyond the direct management of the licence holder, their staff or agents, but may seek to impact on the behaviour of customers on or in the immediate vicinity of premises as they seek to enter or leave.
- 3.9 Conditions will be targeted on deterrence and the prevention of crime and disorder. The authority may consider:
- The need for and location of CCTV cameras
 - The need for door supervision
 - The need for a text or radio pager system allowing communication between premises and with the Police
 - Conditions setting capacity limits where this is necessary to prevent overcrowding likely to lead to disorder and violence
 - Membership of a recognised pub watch or similar scheme

Public Safety

- 3.10 The public safety objective is concerned with the physical state of people using the premises. Public safety includes safety of performers appearing at any premises.
- 3.11 On 1 October 2006 the Regulatory Reform (Fire Safety) Order 2005 replaced previous fire safety legislation. This authority will not seek to impose fire safety conditions as conditions on licences where the Order applies.
- 3.12 Applicants are advised to consult with the Environmental Health, Health and Safety Team, who can offer advice as to appropriate measures to be included in risk assessments, and potentially in operating schedules. On receipt of relevant representations the council will have regard to the views of the Health and Safety Team. The team can also offer advice in relation to workplace health and safety matters, including compliance with the Health Act 2006 (smoke free).
- 3.13 Conditions requiring possession of certificates on the safety or satisfactory nature of equipment or fixtures on premises will not normally be imposed as those are dealt with by other legislation. However, if it is considered necessary in light of the evidence on each individual case, conditions may be imposed requiring checks on the equipment to be conducted at specified intervals, and evidence of the checks to be retained. Conditions may also seek to require equipment of particular standards to be maintained on premises.
- 3.14 Special considerations will apply to night clubs and similar venues. Applicants are encouraged to consider the Safer Clubbing Guide published by the Home Office and DCMS, which gives advice on these issues.

Public Nuisance

- 3.15 If relevant representations are made, the authority will consider whether it is necessary to impose conditions to regulate behaviour on the premises and access to them where this relates to licensable activities, and the licensing objectives. Any conditions attached will not seek to manage the behaviour of customers once they are beyond the direct management of the licence holder, their staff or agents, but may seek to reduce the impact of the behaviour of customers entering or leaving the premises on people living or working near to the premises. The council considers that patrons who are using external smoking areas or shelters are there as a direct result of the licensed premises and are within the control of the licensee.
- 3.16 The authority will consider whether issues relating to public nuisance can be effectively dealt with by necessary and appropriate conditions. These conditions will normally focus on the more sensitive periods, for example, noise from premises in the late evening or early morning when residents may be attempting to sleep.
- 3.17 Where applicants are completing operating schedules the authority encourages them to have regard to the location of the proposed or actual premises, and in particular whether proposals may have a disproportionate impact in dense residential areas or near to sensitive premises such as nursing homes, old people's accommodation, hospitals, hospices or places of worship. Applicants

are recommended to consult Environmental Health Services for advice on measures that may need to be incorporated into an operating schedule.

- 3.18 When considering such matters, the authority will have regard to representations made by Environmental Health Services, and by local residents.
- 3.19 The council may consider the following matters:
- Whether doors and windows will or can be kept closed after a particular time.
 - Whether other noise control measures such as acoustic curtains or other speaker mounts are required.
 - The fact that lighting outside the premises may help to prevent crime and disorder, but may give rise to light pollution for neighbours.
 - Signs placed at the exit to buildings can encourage patrons to be quiet until they leave the area, and to respect the rights of residents.
 - The size and location of smoking areas and any facilities provided which may encourage patrons to use the external areas more extensively than for just smoking and returning to the inside of the premises
 - Provision of litter bins in the vicinity of premises serving hot food after 11pm.
 - Display of contact details or a direct telephone link to a private hire/taxi firm.

Protection of children from harm

- 3.20 This authority recognises the Lancashire Safeguarding Children Board as the responsible authority for the protection of children from harm.
- 3.21 The protection of children from harm includes protection from physical and psychological harm.
- 3.22 This authority notes that the admission of children to premises holding a premises licence or club premises certificate should normally be freely allowed unless there is good reason to restrict entry or exclude children completely.
- 3.23 Issues about access of children to premises may give rise to concern:
- where adult entertainment is provided on an occasional basis and is not already licensed under other legislation;
 - where there have been convictions of the current management for serving alcohol to minors;
 - where the premises have a reputation for allowing under-age drinking;
 - where requirements of proof of age is not the norm;
 - where premises have a known association with drug taking or dealing;
 - where there is a strong element of gambling on the premises; and
 - where the supply of alcohol consumption on the premises is the exclusive or primary purpose of the services provided.
- 3.24 Such situations can be identified through a risk assessment of the operation. In these circumstances, applicants are advised to consider offering appropriate conditions through their operating schedule. In addition, licensees may identify that the access of children to particular parts of the premises poses more risk than others, and seek only to exclude children from areas of highest risk.
- 3.25 On receipt of relevant representations, the authority will consider whether conditions are necessary. If conditions are necessary these may include:
- limitations on the hours when children will be present
 - limitation upon the presence of children of certain ages when specified activities

- are taking place
 - limits on the parts of the premises to which children may have access
 - age limitations
 - limitations or exclusions only when certain activities are taking place
 - requirements for an accompanying adult
 - full exclusion of people under the age of 18 when any licensable activities are taking place
- 3.26 In such cases, representations by the Safeguarding Children Board and the Police will be given considerable weight where they address issues regarding the admission of children.
- 3.27 It is mandatory for premises which sell or supply alcohol to have an age verification policy in place. However, this authority favours the Challenge 25/Check 25 type schemes and such a scheme volunteered as part of an operating schedule will be given the appropriate weight when the authority determines the licence application.
- 3.28 This Licensing Authority is committed to protecting children from harm and supports the programme of underage test purchases arranged by the Lancashire Trading Standards Service, the Licensing Team and Police. Where underage sales are found, the Licensing Authority supports the appropriate and proportionate use of warnings, responsible retail training, fixed penalty notices, reviews and prosecution as a means of promoting the licensing objectives and enforcing the Licensing Act proportionately.
- 3.29 In keeping with the Secretary of State's Guidance the Licensing Sub-Committee will treat underage sales as serious criminal activity and will give consideration to the suspension or revocation of a licence if a review is brought in respect of underage sales.
- 3.40 No condition will be imposed by the council requiring the admission of children to any licensed premises except in the case of exhibition of film where a mandatory condition is applied to all licences with this activity. In the case of a film that has not been subject to classification under Video Recordings Act 2010, we will require the film to be submitted to the Licensing Officers at least 14 days before the proposed exhibition. A certificate will then be given to the film by the Authority and any age restriction imposed must be adhered to.

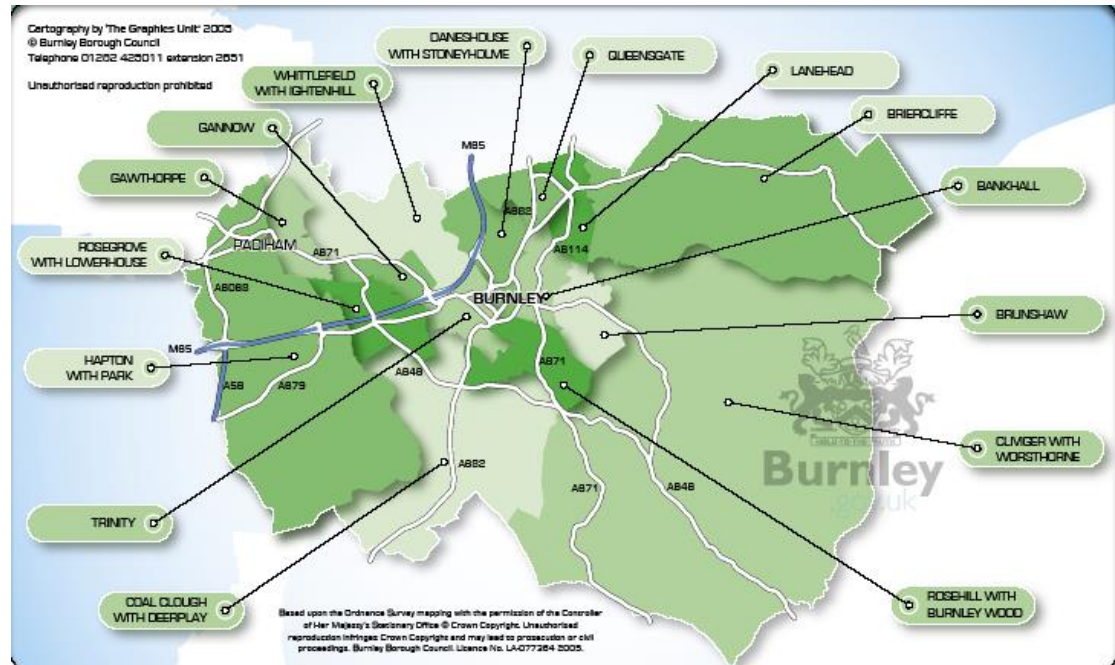

4. LICENSING AUTHORITY PROFILE

- 4.1 Burnley Borough Council is a Licensing Authority under the Act. Authority is delegated to full committee, sub-committees and officers.
- 4.2 The Policy takes into account the guidance issued under section 182 of the Act. The latest guidance was published by the Home Office in March 2015.

The Borough of Burnley

- 4.2 Burnley Borough Council is situated in the County of Lancashire and is one of 14

Councils within the County. Burnley has an estimated population of 91,000 contained within an area of 43 square miles. (Information from Census 2011)
 The lifeblood of the area is its industry, which is concentrated in the urban cores of Burnley and Padiham. In post-war years there has been diversification away from textiles to engineering and the newer, technological industries. Much of the Borough is rural in character, and there are 7 parish councils.

4.4 The population profile is illustrated below;

Years of Age	0-14	15-24	25-44	45-64	65+
Percentage of Population	18.4%	12.9%	26.1%	26.3%	16.3%

4.7 The current licensed trade on 1st July 2015 consists of the following premises:

Premises Licences with alcohol	281
Premises licences no alcohol	65
Club Premises with alcohol	25
Total	371

4.8 Between 24th November 2005 and 1st July 2015 a total of 835 Personal Licenses have been issued.

5. CUMULATIVE IMPACT

- 5.1 We will not seek to limit the number of licensed premises simply because any interested party or responsible authority consider that there are enough licensed premises to satisfy demand. Need is a commercial decision for the applicant.
- 5.2 We will take note of representations from a responsible authority or interested party on the cumulative impact of a saturation of premises in a particular area undermining one or more of the licensing objectives by creating an area of exceptional problems of disorder or nuisance.
- 5.3 If such representations are made, we will consider adopting a special saturation policy after consultation. We do not at this time envisage a special saturation policy being imposed.
- 5.4 We will not otherwise impose quotas of licensed premises or artificially restrict trading hours in particular areas.
- 5.5 The onus will always be on the individual or organisation making the representation to provide sufficient evidence for the assertion that the addition of the premises in question would produce the cumulative impact on the licensing objectives. Once a special saturation policy is in existence, statutory guidance creates a rebuttable presumption against the grant of a licence or a variation of a licence in that area.
- 5.6 We recognise that a potential cumulative effect of a proliferation of late night entertainment premises (including night cafes) may result in an increase in numbers of people either walking through or congregating in streets during the night and this in turn may have a number of undesirable consequences, namely:
- An increase in crime against both property and persons in particular in takeaway premises and taxi queues in the vicinity of licensed premises.
 - An increase in noise causing disturbance to residents
 - Traffic congestion and / or parking difficulties
 - Littering and fouling
- 5.7 We recognise that only a minority of consumers will behave badly and that not all the anti-social conduct will be in the vicinity of premises or within direct control of the licensee. Licensing Policy is only one means of addressing these problems. Other mechanisms include:
- Planning controls
 - CCTV
 - Provision of transport facilities including taxi ranks
 - Designated Public Places Orders
 - Police powers
 - Closure powers
 - Positive measures to create safer, cleaner and greener spaces.
 - Voluntary or best practice schemes such as Street Wardens, Street Pastors or Taxi Marshals
- 5.8 We will take into account:

- The character of the surrounding areas
- The impact of the licence on the surrounding area, both individually and cumulatively with existing licences; and
- The nature and character of the proposed operation
- The size of the premises subject to consideration

6. PLANNING, DEVELOPMENT CONTROL, RESPONSIBLE AUTHORITIES, TOURISM, PUBLIC TRANSPORT, CULTURE, CRIME PREVENTION AND EMPLOYMENT

- 6.1 The council is mindful of the duplication, inefficiency and potential for conflict of interests between the Planning, Environmental Health and Licensing activities and will ensure that the operational functions remain distinct. We will not allow licensing applications to be a re-run of planning applications.
- 6.2 Each relevant committee will provide situation reports relative to licensed premises, to each other, thereby achieving integration between licensing, planning and building control functions, measuring the effect of Licensing Act 2003 policy.
- 6.3 We will not restrict objective consideration of licensing hours applications as a consequence of any hours of premises use restrictions placed upon premises under planning legislation.
- 6.4 Where such planning restrictions exist an objection or application for licence review can be made specifying the appropriate licensing objective(s), which may be undermined by the licensable activities.
- 6.5 In general we will expect that prior to the submission of a licensing application, the appropriate planning permission will have been granted for the use of the premises. We acknowledge the ability of an applicant for a premises licence to seek a provisional statement defined in Section 5.83 – 5.91 of the Section 182 Guidance. Reference is made to Section 11 of this policy.
- 6.7 We will secure proper integration of our licensing policy by openly receiving reports from those organisations and Council departments responsible for crime prevention, tourism, transport, race equality schemes, cultural strategy, town centre management and night time economy. We will reflect upon such submissions and amend this policy where appropriate to do so.
- 6.8 We will monitor the impact of our policy on entertainment, in particular theatrical activity, live music and dancing.
- 6.9 We will, where necessary receive reports from and provide reports to, Lancashire County Council addressing the need to disperse people from town centres swiftly and safely to avoid concentrations which produce disorder and disturbance. We will have regard to the Transport Plan.
- 6.10 We will, when required, review the location of Hackney Carriage stands within the Borough to achieve the balance between licensing principles and the principles outlined in Section 6.9 above.

7. LICENSING HOURS

- 7.1 We will consider each application upon its individual merits and the basis of any application will be the draft-operating schedule. We welcome risk assessment documents being submitted in which the licence applicant will specify how they will support the four licensing objectives.
- 7.2 Flexible licensing hours will be important to ensure that the concentration of customers leaving premises simultaneously are avoided, minimising the possible sources of friction at fast food outlets and taxi ranks, thereby reducing the potential for violence and disorder and fear of such.
- 7.3 We will avoid fixed or artificial early closing times, which produce peaks of disorder and disturbance by customers merging into the streets simultaneously. We will balance this with stricter conditions being expected in relation to noise control in areas of dense residential accommodation.
- 7.4 However, there is no general presumption in favour of lengthening licensing hours and the four licensing objectives will be paramount considerations at all times. Where there are objections to an application and the committee believes that changing the licensing hours would undermine the licensing objectives, they may reject the application or grant it with appropriate conditions and/or different hours from those requested.
- 7.5 Shops, stores and supermarkets should normally be free to provide sales of alcohol for consumption off the premises at any times when the retail outlet is open for shopping unless there are good reasons, based on the licensing objectives, for restricting those hours. For example, a limitation may be appropriate following police representations in the case of some shops known to be a focus of disorder and disturbance because youths gather there.
- 7.6 The hours requested by the applicant will normally be approved where the applicant can show in their risk assessment and operating schedule that the proposal would not adversely affect the environmental quality, residential amenity and character of any particular area or undermine one or more of the licensing objectives.
- 7.7 Where there is evidence that one or more licensing objectives would be undermined, a responsible authority, authorised person or interested party (Since the introduction of the Policing and Crime Act 2009 the definition of “interested Parties” has been extended to include – “a member of the relevant Licensing Authority”) has the ability to object to the issue or variation of a licence or request a review of an existing licence.
- 7.8 The onus to provide the evidence will always be on the person or organisation making the objection or review application. This burden of proof will not however apply should there be a special saturation policy in being in relation to the area where the premises are situated.
- 7.9 Where individual premises are a focus for disorder and disturbance then, subject to representations, limitations may be appropriate. Where late hours are requested, particularly involving entertainment, the imposition of further conditions may be appropriate.

- 7.10 We will not impose any obligation under the 2003 Act requiring the holder of a premises licence or club premises certificate to remain open for the entire period permitted by his licence or certificate. If, for example, a public house has no trade on a particular evening, the licence holder is entitled to close the premises.
- 7.11 We will however encourage applicants to be realistic in the potential opening hours that they apply for.
- 7.12 We acknowledge that the times when an applicant wishes the premises to be open to the public may not be identical to the hours during which licensable activities may take place.
- 7.13 We ask applicants to note that in the case of the sale by retail of alcohol (or supply of alcohol by or on behalf of a club to, or to the order of, a member of a club) for consumption on the premises, 'consumption' of alcohol is not a licensable activity.
- 7.14 Therefore, the authorised period specified in the premises licence, club premises certificate or temporary event notice relates to the period during which alcohol may be sold or supplied.
- 7.15 It is therefore permissible for premises to allow the consumption of previously purchased alcohol, within the period between the end of the licensable activity of sale or supply of alcohol and the end of time when the premises will be open.

8. EARLY MORNING ALCOHOL RESTRICTION ORDERS (EMROS)

- 8.1 Under Section 172 A to E of the Act, the Licensing Authority has the power to make an EMRO prohibiting the sale of alcohol for a specified period between the hours of 24:00 and 06:00. They are designed to address recurring problems with licensed premises, serious public nuisance and other instances of alcohol-related anti-social behaviour which is not directly attributable to specific premises.
- 8.2 The Licensing Authority will consider evidence that such a decision is appropriate for the promotion of the Licensing Objectives. Consideration will be given to evidence provided by partners, Responsible Authorities and the Local Community Safety Partnership as well as evidence the Licensing Authority has gathered to determine whether an EMRO would be appropriate for the promotion of the licensing objectives. The Licensing Authority will consider the problems that have been identified. A range of evidence may be considered, including local crime and disorder statistics, statistics on anti-social behaviour offences, health related statistics (e.g. alcohol related emergency attendances and hospital admissions, environmental health complaints, complaints recorded by the Council, residents' questionnaires, evidence from local councillors and evidence obtained through local consultation).
- 8.3 It is acknowledged by the Licensing Authority that an EMRO is restrictive, whilst also being a powerful tool to address recurring problems of alcohol-related crime and disorder, serious public nuisance and alcohol-related anti-social behaviour. Prior to making an EMRO the Licensing Authority will consider whether any other measures (implemented by themselves or with partners) may

address the problems that have been identified in particular other measures might include:

- Development of a Cumulative Impact Policy
- Reviewing the licenses of specific problem premises
- Encouraging the creation of business-led practice schemes
- Use of powers of the Council to designate an area where alcohol may not be consumed publicly (Designated Public Places Order)
- The confiscation of alcohol in designated areas
- Police enforcement of the general law concerning disorder and anti-social behaviour
- Prosecution for the offence of selling (or allowing such a sale) alcohol to a person who is drunk

8.4 In taking any decision to make an EMRO, the Licensing Authority will follow the statutory process and will invite representations.

LATE NIGHT LEVIES

8.5 Under Section 125 of the Police Reform and Social Responsibility Act 2011 the Council can adopt a Late Night Levy, following a consultation process, outlined by the Home Office. It allows the Council to charge an additional fee to any licensed premises that has a licence for the sale of alcohol (on and off sales) after 12 midnight and up to 06:00 in order to cover the additional costs associated with late night alcohol trading. Legislation allows this to start from midnight but it is up to the Council to decide when they wish to apply it.

8.6 Any income raised by the Levy must be split with the local Police force; the Police would receive a minimum of 70% of funds raised and the Council's 30% must be used to fund services which make the late night economy a more welcoming place.

The Council will consider implementing a Late Night Levy if appropriate.

9. CONDITIONS

9.1 The authority may only impose conditions where relevant representations are made following an application to grant or vary a licence or where a review request is being considered.

9.2 The council recognises that the only conditions that should be imposed on a licence are those which are appropriate and proportionate to the promotion of the licensing objectives. There may be circumstances where existing legislation and regulations already effectively promote the licensing objectives and no additional conditions are required.

9.2 Where conditions are imposed they will be tailored to the individual style and characteristics of the premises and events concerned.

9.4 Applicants are strongly encouraged to make early contact with the appropriate responsible authorities to discuss proposed conditions in advance of the submission of their application to the council.

Dispersal Policies

- 9.5 We will take note of any voluntary dispersal policy at premises and reserve the right to impose dispersal policy conditions upon a licence following relevant representations.
- 9.6 This policy will set out the steps that are to be implemented to disperse customers over an extended period of time specified in the operating schedule. It is intended that customers leave the premises in an orderly fashion without bottles or glasses etc, thereby reducing the potential for conflict within or in the vicinity of the premises.

Excessive consumption of alcohol & Irresponsible drinks promotions

- 9.7 The council is acutely aware of the link between the supply of alcohol that is subject to certain promotions and the possibility of resultant incidents of alcohol related crime and disorder and implications for public safety, public nuisance and the risk of harm to children.
- 9.8 In April 2010 new mandatory conditions came into effect which:
- Ban irresponsible promotions;
 - Ban the dispensing of alcohol directly into the mouth; and
 - Ensure that customers have access to free tap water so that they can space out their drinks and not get too intoxicated too quickly.
- 9.9 The legislation makes it clear that an irresponsible promotion is one that is “carried on for the purpose of encouraging the sale or supply of alcohol for consumption on the premises in a manner which carries a significant risk of leading or contributing to crime and disorder, prejudice to public safety, public nuisance or harm to children”.
- 9.10 The mandatory conditions made under sections 19A and 73B of the 2003 Act (the conditions governing irresponsible promotions, dispensing alcohol directly into the mouth, provision of free tap water, age verification, small measures and the prohibition on sales of alcohol below the permitted price) do not have to be physically included in the licence or certificate but nonetheless will apply to every licence and certificate authorising the sale and supply of alcohol for consumption on the premises.
- 9.11 As a consequence any on-trade premises which fails to comply with these mandatory conditions will be breaching licence conditions and will be dealt with in accordance with this authority’s enforcement policy and protocols and may be subject to a review of their licence.

10. ENFORCEMENT

- 10.1 Enforcement action will be undertaken by properly trained officers of the Licensing Authority outlined in Section 13(2)(a) of the Act and authorised persons defined by Section 13(2)(b to f) of the Act. In carrying out enforcement action we will adhere to the terms of the joint enforcement policy that exists between the Council and Lancashire Constabulary. The authority has adopted the principles of the Hampton Report in its enforcement concordat. Formal enforcement will be

a last resort and proportionate to the degree of risk. To this end the key principles of consistency, transparency and proportionality will be maintained

- 10.2 We expect that Designated Premises Supervisors and Personal Licence Holders will ensure that all their staff, including door supervision staff, will be fully trained in the law relating to the rights of entry of authorised persons. We will view obstruction of authorised persons by staff or employed agents of the licensee as a serious matter.
- 10.4 The Licensing Authority has power to institute criminal proceedings in respect of any offence under the Act. We will delegate the authority to institute proceedings in accordance with the Council's Constitution - scheme of delegation. The sufficiency of evidence and public interest criteria will be applied to any decision on prosecution in accordance with the Prosecution of Offences Act. Elected members will be precluded from this decision making process to enable them to retain independence, should conviction result in a subsequent licence review.

11. VARIATIONS (Minor & Full) & PROVISIONAL STATEMENTS

- 11.1 Both Premises Licences and Club Premises Certificates may be varied under the Licensing Act 2003.
- 11.2 A minor variation is a simplified process with a set statutory fee applicable to all premises and clubs. There is a requirement to advertise the application by displaying a notice on the premises. Decisions on a minor variation are delegated to officers and there is no right to a hearing. The Licensing Authority may consult with any relevant responsible authority on an application for a minor variation and take their views into account.
- 11.3 Minor variations are those which cannot adversely impact on the licensing objectives and generally fall into four categories which are:-
- Minor changes to the structural layout which does not;
 - Increase the capacity for drinking (increasing floor area for patrons drinking etc.)
 - Affecting access or egress (blocking fire exits or escape routes)
 - Impede or remove noise reduction measures at the premises (removing acoustic lobbies etc.)
 - Small adjustments to licensing hours
 - Removal of out of date, irrelevant or unenforceable conditions or the addition of volunteered conditions
 - Addition of a licensable activity where similar activities already exist.
- 11.4 Full variations follow the same procedure as that for a new Premises Licence with the need for advertisement on the premises and in the newspaper in addition to the statutory consultation.
- 11.5 The areas in which a premises licence may be varied include;
- Varying the hours during which a licensable activity is permitted
 - Adding or removing licensable activities
 - Amending, adding or removing conditions within a licence
 - Altering any aspect of the layout of the premises which is shown on the plan.

- 11.6 Where the changes proposed are substantial or involve completely changing the nature of the business, it may be more appropriate to apply for a new premises licence.
- 11.7 In the context of variations, which may involve structural alteration to or change of use of the building, it should be noted that the decision of the licensing authority will not exempt an applicant from the need to apply for planning permission where appropriate.
- 11.8 Where existing premises are being extended or otherwise altered, we will require the licence holder to notify the Licensing Authority, and to apply for a provisional statement, new licence application or variation as appropriate.

Provisional Statements

- 11.3 We recognise that in certain situations businesses and developers need to have security that a premises licence is likely to be granted following construction or alteration of premises. We will issue provisional statements in accordance with Sections 29-32 the Act and Section 182 Guidance.
- 11.5 We will not be responsible for any costs or consequential losses incurred by an applicant who constructs or alters premises without taking advantage of seeking a provisional statement.
- 11.6 When a person applies for a premises licence in respect of premises (or part of the premises or premises which are substantially the same) for which a provisional statement has been made, representations by responsible authorities and interested parties will be excluded in certain circumstances.
- 11.7 These are where:
- the application for a licence is in the same form as the licence described in the provisional statement; and
 - the work in the schedule of works has been satisfactorily completed;
 - given the information provided in the application for a provisional statement, the responsible authority or interested party could have made the same, or substantially the same, representations about the application then but failed to do so without reasonable excuse; and
 - there has been no material change in the circumstances relating either to the premises or to the area in the vicinity of those premises since the provisional statement was made.
- 11.8 In the context of variations, which may involve structural alteration to or change of use of the building, it should be noted that the decision of the licensing authority will not exempt an applicant from the need to apply for planning permission where appropriate.

12. SPECIAL OCCASIONS

- 12.1 We will not seek to restrict any National orders made by the Secretary of State as regards any special occasion.

13. DESIGNATED PREMISES SUPERVISORS AND PERSONAL LICENCE HOLDERS.

- 13.1 A person fulfilling the qualifying conditions who is ordinarily resident within the Council's geographic area will be entitled to apply for a personal licence. The Act prohibits us from accepting applications from persons who ordinarily live outside the area. From the 1st April 2015 existing licence holders and new licences granted are valid indefinitely, this had previously been 10years.
- 13.2 The Chief Officer of Police has the right to object to a personal licence application where the applicant has been convicted of a relevant offence before or during the application period. During the validity of the licence the Chief officer of Police may not object to a personal licence already granted, but may ask for a review of any relevant premises licence.
- 13.3 Where, during a period of validity, we receive notice that a personal licence holder has been convicted of a relevant offence, we will notify the Chief Constable thereby allowing that officer to consider an objection to the subject being a designated premises supervisor.
- 13.4 The holder of a premises licence which includes the sale and supply of alcohol must nominate a Designated Premises Supervisor (DPS). That person will normally have been given day to day responsibility for running the premises. The DPS will also be in possession of a personal licence. The Act does not require the presence of the DPS at all material times.
- 13.5 The DPS will be readily identifiable on the premises as a person in a position of authority. No sale or supply of alcohol may be made at a time when no DPS has been specified on the licence or at a time when the DPS does not hold a Personal Licence.
- 13.6 The law requires a responsible person as defined in Section 153 of the Act to be on duty to specifically approve the sale or supply of alcohol by a person under the age of 18 years.
- 13.7 The Legislative Reform (Supervision of Alcohol Sales in Church and Village Halls etc) Order 2009 amends the Licensing Act 2003 to allow management committees of community premises to make an application for a premises licence or to vary an existing premises licence which includes an application to remove the requirement of a designated premises supervisor and the authorisation of the sale of alcohol by a personal licence holder.
- 13.8 The Order defines "community premises" as a church hall, chapel hall or other similar building, or a village hall, parish hall, community hall or other similar building. It applies also to premises that form part of such buildings.
- 13.9 In most cases it should be clear whether premises meet the "community premises" definition under this part of the Act. However, if there is any doubt, the Licensing Authority will consider each case on its merits, with primary consideration being given as to how the premises are predominantly used.

14. PREMISES LICENCE REVIEWS

- 14.1 Where an application for a review of a premises licence is made, we will inform the public of the application for review in accordance with the regulations made under the Act thereby allowing any other responsible authority, authorised person or interested party to also make application at that time.
- 14.2 We are obliged by law to disregard any complaints made by any person other than a responsible authority, which are vexatious, frivolous, or substantially the same as a previous application made within 1 year.
- 14.3 Following an application for review of a premises licence or objection, we will encourage the parties to a review to mediate via the Licensing Officers in order that appropriate conditions on a licence may be volunteered in a revised operating schedule prior to a hearing by the Licensing Committee or sub committee wherever possible. Representations can be withdrawn in accordance with the Regulations.
- 14.4 The Violent Crime Reduction Act 2006 has amended parts of the Licensing Act 2003 and now expands police and council powers to deal with problem premises in a more expedient manner.
- 14.5 A new power to carry out summary reviews in serious cases of crime and disorder is brought in at section 53A of the Licensing Act 2003. Where a review application is accompanied by a certificate issued by a senior police officer, the Licensing Authority is required within 48 hours to consider whether it is necessary to take any interim steps pending the completion of the review process. This may include the immediate suspension of the premises licence.

15. CLUB PREMISES CERTIFICATES

- 15.1 The law requires us to be satisfied that a club applying for a club premises certificate are a bone-fide members club. The law requires a number of conditions to be met. These are:
- That, under the rules of the club, persons may not be admitted to membership, or be admitted as candidates for membership, or to any of the privileges of membership without an interval of at least two days between their nomination for membership and their admission;
 - That, under the rules of the club, those becoming members without prior nomination or application may not be admitted to the privileges of membership without an interval of at least two days between their becoming members and their admission;
 - That the club is established and conducted in good faith as a club;
 - That the club has at least 25 members;
 - That alcohol is not supplied to members on the premises otherwise than by or on behalf of the club.
- 15.2 To qualify as a club authorised to supply alcohol to its members and guests, the law requires additional conditions to be met. These are:

- The purchase and supply of alcohol by and for the club is managed by a committee made up of elected members of the club all aged over 18 years;
- No arrangements may be made for any person to receive any commission, percentage or similar payment at the expense of the club with reference to purchases of alcohol by the club;
- No arrangements may be made for any person to derive directly or indirectly any monetary benefit from the supply of alcohol to members or guests apart from to benefit the club as a whole or any indirect benefit a person derives by reason of the supply contributing to a general gain for the club as a whole.

15.3 In determining whether a club is established and conducted in good faith, the Licensing Authority, subject to the Council's scheme of delegation, will consider the following matters:

- Any arrangements restricting the freedom of the club to purchase alcohol;
- Any arrangements where the money or property of the club or any gain arising from the running of the club can be used for purposes otherwise than for the benefit of the club as a whole or for charitable, benevolent or political purposes;
- The arrangements for giving members information about the finances of the club;
- The books of account or any other records kept to ensure accuracy of that information;
- The nature of the premises occupied by the club.

15.4 We wish to see local culture flourish, and in cases where genuine members clubs wish to allow the public to use the premises, we will objectively consider applications for the same premises to hold both a premises licence and club premises certificate for different parts of the same premises or the same part of the same premises at different times.

16. PUBLIC INFORMATION

16.1 The Licensing Register will be available for inspection at the Licensing Office during normal office opening hours.

16.2 The Licensing Register and all current applications will be available on the website of the Council. All minutes of Committee and Sub-Committee will be similarly available together with agendas of future meetings.

16.3 We will require the owner of any premises licence to prominently display in the premises a copy of the licence and schedules in order that the public will be made aware that the premises are licensed, the licensable activities allowed and the name of the designated premises supervisor.

17. TEMPORARY EVENTS

- 17.1 The system of permitted temporary activities is intended as a light touch process, and as such, the carrying on of licensable activities does not have to be authorised by the licensing authority on an application. Instead a person wishing to hold an event at which such activities are proposed to be carried on (the “premises user”) gives notice to the licensing authority of the event (a “temporary event notice” or TEN).
- 17.2 Temporary event notices are subject to various limitations. These are concerned with:
- the number of times a premises user may give a TEN – 50 times in a calendar year for a personal licence holder and five times in a calendar year for other people);
 - the number of times a TEN may be given for any particular premises (12 times in a calendar year);
 - the maximum duration of an event authorised by a TEN is 168 hours (seven days);
 - the maximum total duration of the events authorised by TENs in relation to individual premises (21 days in a calendar year);
 - the maximum number of people attending at any one time (fewer than 500); and
 - the minimum period between events authorised under separate TENs in relation to the same premises (not including withdrawn TENs) by the same premises user (24 hours).
- 17.3 The most important aspect of the system of temporary event notices is that no permission is required for these events from the council. Only the police or Environmental Health may intervene to prevent such an event or modify the arrangements for such an event.
- 17.4 The police or Environmental Health may issue an objection notice because they believe the event would undermine the one or more of the four licensing objectives set out in the Act. The police or Environmental Health must issue an objection notice within three working days of being notified, but they can subsequently withdraw the notice. The issuing of such an objection notice requires the consideration of the objection by the council at a hearing in the case of a standard TEN. If an objection notice is issued in relation to a late TEN then the TEN is cancelled and licensable activities are not authorised.
- 17.5 Many premises users giving temporary event notices will not have a commercial background or ready access to legal advice. They will include, for example, people acting on behalf of charities, community and voluntary groups, all of which may stage public events to raise funds, at which licensable activities will take place. The council will ensure that local guidance about the temporary permitted activities is clear and understandable and will strive to keep the arrangements manageable and user-friendly for such groups.
- 17.6 There are two types of TEN; a standard TEN and a late TEN. These have different notice periods. A standard TEN is given no later than ten working days before the event to which it relates; a late TEN is given not before nine and not later than five working days before the event..
- 17.7 The authority encourages notice providers to give the earliest possible notice of

events likely to take place. This is particularly relevant to events which are to take place in the open air or in a temporary structure. Assistance with the planning of events can be provided through the council's Event Safety Advisory Group.

- 17.8 The council will provide local advice about proper respect for the concerns of local residents; of other legislative requirements regarding health and safety, noise pollution, the building of temporary structures, or other necessary permissions, and of the powers to close down events with no notice on grounds of disorder, the likelihood of disorder or noise emanating from the premises.

18. PROHIBITION OF SALE OF ALCOHOL AT GARAGES OR SERVICE AREAS

- 18.1 In considering whether premises are prohibited from being granted a premises licence under Section 76 of the Act, we will objectively consider the Guidance issued under Section 182 of the Act, and judge each case on the individual circumstances of the application. We reserve the right to require information from the applicant to prove the primary use of the premises.

19. GAMING MACHINES

- 19.1 The issue of gaming machine permits in respect of club premises and alcohol licensed premises is dealt with by the Gambling Act 2005 and any policies and/or guidance issued in relation to that Act.

1. Introduction

The Licensing Act 2003

- 1.1 The Licensing Act 2003 (referred to in this Guidance as the 2003 Act), its explanatory notes and any statutory instruments made under it may be viewed online at www.legislation.gov.uk. The statutory instruments include regulations setting out the content and format of application forms and notices. The Home Office has responsibility for the 2003 Act. However, the Department for Culture, Media and Sport (DCMS) is responsible for regulated entertainment, for which there is provision in Schedule 1 to the 2003 Act (see Chapter 16).

Licensing objectives and aims

- 1.2 The legislation provides a clear focus on the promotion of four statutory objectives which must be addressed when licensing functions are undertaken.
- 1.3 The licensing objectives are:
- The prevention of crime and disorder;
 - Public safety;
 - The prevention of public nuisance; and
 - The protection of children from harm.
- 1.4 Each objective is of equal importance. There are no other statutory licensing objectives, so that the promotion of the four objectives is a paramount consideration at all times.
- 1.5 However, the legislation also supports a number of other key aims and purposes. These are vitally important and should be principal aims for everyone involved in licensing work.

They include:

- protecting the public and local residents from crime, anti-social behaviour and noise nuisance caused by irresponsible licensed premises;
- giving the police and licensing authorities the powers they need to effectively manage and police the night-time economy and take action against those premises that are causing problems;
- recognising the important role which pubs and other licensed premises play in our local communities by minimising the regulatory burden on business, encouraging innovation and supporting responsible premises;
- providing a regulatory framework for alcohol which reflects the needs of local communities and empowers local authorities to make and enforce decisions about the most appropriate licensing strategies for their local area; and
- encouraging greater community involvement in licensing decisions and giving local residents the opportunity to have their say regarding licensing decisions that may affect them.

The guidance

- 1.6 Section 182 of the 2003 Act provides that the Secretary of State must issue and, from time to time, may revise guidance to licensing authorities on the discharge of their functions under the 2003 Act. This revised guidance takes effect as soon as it is published. Where a licence application was made prior to the publication of the revised guidance, it should be processed in accordance with the guidance in effect at the time at which the application was made; the revised guidance does not apply retrospectively. However, all applications received by the licensing authority on or after the date the revised guidance was published should be processed in accordance with the revised guidance.

Purpose

- 1.7 This Guidance is provided to licensing authorities in relation to the carrying out of their functions under the 2003 Act. It also provides information to magistrates' courts hearing appeals against licensing decisions and has been made widely available for the benefit of those who run licensed premises, their legal advisers and the general public. It is a key medium for promoting best practice, ensuring consistent application of licensing powers across England and Wales and for promoting fairness, equal treatment and proportionality.
- 1.8 The police remain key enforcers of licensing law. This Guidance does not bind police officers who, within the parameters of their force orders and the law, remain operationally independent. However, this Guidance is provided to support and assist police officers in interpreting and implementing the 2003 Act in the promotion of the four licensing objectives.

Legal status

- 1.9 Section 4 of the 2003 Act provides that, in carrying out its functions, a licensing authority must 'have regard to' guidance issued by the Secretary of State under section 182. This Guidance is therefore binding on all licensing authorities to that extent. However, this Guidance cannot anticipate every possible scenario or set of circumstances that may arise and, as long as licensing authorities have properly understood this Guidance, they may depart from it if they have good reason to do so and can provide full reasons. Departure from this Guidance could give rise to an appeal or judicial review, and the reasons given will then be a key consideration for the courts when considering the lawfulness and merits of any decision taken.
- 1.10 Nothing in this Guidance should be taken as indicating that any requirement of licensing law or any other law may be overridden (including the obligations placed on any public authorities under human rights legislation). This Guidance does not in any way replace the statutory provisions of the 2003 Act or add to its scope and licensing authorities should note that interpretation of the 2003 Act is a matter for the courts. Licensing authorities and others using this Guidance must take their own professional and legal advice about its implementation.

Licensing policies

- 1.11 Section 5 of the 2003 Act requires a licensing authority to determine and publish a statement of its licensing policy at least once every five years. The policy must be published before it carries out any licensing functions under the 2003 Act.
- 1.12 However, determining and publishing a statement of its policy is a licensing function and as such the authority must have regard to this Guidance when taking this step. A licensing authority may depart from its own policy if the individual circumstances of any case merit such a decision in the interests of the promotion of the licensing objectives. But once again, it is important that it should be able to give full reasons for departing from its published statement of licensing policy. Where revisions to this Guidance are issued by the Secretary of State, there may be a period of time when the licensing policy statement is inconsistent with the Guidance (for example, during any consultation by the licensing authority). In these circumstances, the licensing authority should have regard, and give appropriate weight, to this Guidance and its own existing licensing policy statement.

Licensable activities

- 1.13 For the purposes of the 2003 Act, the following are licensable activities:
- The sale by retail of alcohol;
 - The supply of alcohol by or on behalf of a club to, or to the order of, a member of the club;
 - The provision of regulated entertainment; and
 - The provision of late night refreshment.

Further explanation of these terms is provided in Chapter 3.

Authorisations or permissions

- 1.14 The 2003 Act provides for four different types of authorisation or permission, as follows:
- Premises licence – to use premises for licensable activities.
 - Club premises certificate – to allow a qualifying club to engage in qualifying club activities as set out in Section 1 of the Act.
 - Temporary event notice – to carry out licensable activities at a temporary event.
 - Personal licence – to sell or authorise the sale of alcohol from premises in respect of which there is a premises licence.

General principles

- 1.15 If an application for a premises licence or club premises certificate has been made lawfully and there have been no representations from responsible authorities or other persons, the licensing authority must grant the application, subject only to conditions that are consistent with the operating schedule and relevant mandatory conditions. It is recommended that licence applicants contact responsible authorities when preparing their operating schedules.

Licence conditions – general principles

1.16 Conditions on a premises licence or club premises certificate are important in setting the parameters within which premises can lawfully operate. The use of wording such as “must”, “shall” and “will” is encouraged. Licence conditions:

- must be appropriate for the promotion of the licensing objectives;
- must be precise and enforceable;
- must be unambiguous and clear in what they intend to achieve;
- should not duplicate other statutory requirements or other duties or responsibilities placed on the employer by other legislation;
- must be tailored to the individual type, location and characteristics of the premises and events concerned;
- should not be standardised and may be unlawful when it cannot be demonstrated that they are appropriate for the promotion of the licensing objectives in an individual case;
- should not replicate offences set out in the 2003 Act or other legislation;
- should be proportionate, justifiable and be capable of being met;
- cannot seek to manage the behaviour of customers once they are beyond the direct management of the licence holder and their staff, but may impact on the behaviour of customers in the immediate vicinity of the premises or as they enter or leave; and
- should be written in a prescriptive format.

Each application on its own merits

1.17 Each application must be considered on its own merits and in accordance with the licensing authority’s statement of licensing policy; for example, if the application falls within the scope of a cumulative impact policy. Conditions attached to licences and certificates must be tailored to the individual type, location and characteristics of the premises and events concerned. This is essential to avoid the imposition of disproportionate and overly burdensome conditions on premises where there is no need for such conditions. Standardised conditions should be avoided and indeed may be unlawful where they cannot be shown to be appropriate for the promotion of the licensing objectives in an individual case.

Additional guidance

1.18 From time to time, the Home Office may issue additional supporting guidance to licensing authorities and other persons on the Gov.uk website. This supporting guidance is good practice guidance and should be viewed as indicative and subject to change. Such supporting guidance will broadly reflect but will not be part of the statutory guidance issued by the Secretary of State under section 182 of the 2003 Act. Licensing authorities may wish to refer to, but are under no statutory duty to have regard to such supporting guidance issued by the Home Office.

Other relevant legislation

1.19 While licence conditions should not duplicate other statutory provisions, licensing authorities and licensees should be mindful of requirements and responsibilities placed on them by other legislation. Legislation which may be relevant includes:

- The Gambling Act 2005
- The Environmental Protection Act 1990
- The Noise Act 1996
- The Clean Neighbourhoods and Environmental Act 2005
- The Regulatory Reform (Fire Safety) Order 2005
- The Health and Safety at Work etc. Act 1974
- The Equality Act 2010
- The Immigration Act 2016

2. The licensing objectives

Crime and disorder

- 2.1 Licensing authorities should look to the police as the main source of advice on crime and disorder. They should also seek to involve the local Community Safety Partnership (CSP).
- 2.2 In the exercise of their functions, licensing authorities should seek to co-operate with the Security Industry Authority (“SIA”) as far as possible and consider adding relevant conditions to licences where appropriate. The SIA also plays an important role in preventing crime and disorder by ensuring that door supervisors are properly licensed and, in partnership with police and other agencies, that security companies are not being used as fronts for serious and organised criminal activity. This may include making specific enquiries or visiting premises through intelligence led operations in conjunction with the police, local authorities and other partner agencies. Similarly, the provision of requirements for door supervision may be appropriate to ensure that people who are drunk, drug dealers or people carrying firearms do not enter the premises and ensuring that the police are kept informed.
- 2.3 Conditions should be targeted on deterrence and preventing crime and disorder including the prevention of illegal working in licensed premises (see paragraph 10.10). For example, where there is good reason to suppose that disorder may take place, the presence of closed-circuit television (CCTV) cameras both inside and immediately outside the premises can actively deter disorder, nuisance, anti-social behaviour and crime generally. Some licence holders may wish to have cameras on their premises for the prevention of crime directed against the business itself, its staff, or its customers. But any condition may require a broader approach, and it may be appropriate to ensure that the precise location of cameras is set out on plans to ensure that certain areas are properly covered and there is no subsequent dispute over the terms of the condition.
- 2.4 The inclusion of radio links and ring-round phone systems should be considered an appropriate condition for public houses, bars and nightclubs operating in city and town centre leisure areas with a high density of licensed premises. These systems allow managers of licensed premises to communicate instantly with the police and facilitate a rapid response to any disorder which may be endangering the customers and staff on the premises.
- 2.5 Conditions relating to the management competency of designated premises supervisors should not normally be attached to premises licences. It will normally be the responsibility of the premises licence holder as an employer, and not the licensing authority, to ensure that the managers appointed at the premises are competent and appropriately trained. The designated premises supervisor is the key person who will usually be responsible for the day to day management of the premises by the premises licence holder, including the prevention of disorder. A condition of this kind may only be justified as appropriate in rare circumstances where it can be demonstrated that, in the circumstances associated with particular premises, poor management competency could give rise to issues of crime and disorder and public safety.

- 2.6 The prevention of crime includes the prevention of immigration crime including the prevention of illegal working in licensed premises. Licensing authorities should work with Home Office Immigration Enforcement, as well as the police, in respect of these matters. Licence conditions that are considered appropriate for the prevention of illegal working in licensed premises might include requiring a premises licence holder to undertake right to work checks on all staff employed at the licensed premises or requiring that a copy of any document checked as part of a right to work check are retained at the licensed premises.

Public safety

- 2.7 Licence holders have a responsibility to ensure the safety of those using their premises, as a part of their duties under the 2003 Act. This concerns the safety of people using the relevant premises rather than public health which is addressed in other legislation. Physical safety includes the prevention of accidents and injuries and other immediate harms that can result from alcohol consumption such as unconsciousness or alcohol poisoning. Conditions relating to public safety may also promote the crime and disorder objective as noted above. There will of course be occasions when a public safety condition could incidentally benefit a person's health more generally, but it should not be the purpose of the condition as this would be outside the licensing authority's powers (be ultra vires) under the 2003 Act. Conditions should not be imposed on a premises licence or club premises certificate which relate to cleanliness or hygiene.
- 2.8 A number of matters should be considered in relation to public safety. These may include:
- Fire safety;
 - Ensuring appropriate access for emergency services such as ambulances;
 - Good communication with local authorities and emergency services, for example communications networks with the police and signing up for local incident alerts (see paragraph 2.4 above);
 - Ensuring the presence of trained first aiders on the premises and appropriate first aid kits;
 - Ensuring the safety of people when leaving the premises (for example, through the provision of information on late-night transportation);
 - Ensuring appropriate and frequent waste disposal, particularly of glass bottles;
 - Ensuring appropriate limits on the maximum capacity of the premises (see paragraphs 2.12-2.13, and Chapter 10; and
 - Considering the use of CCTV in and around the premises (as noted in paragraph 2.3 above, this may also assist with promoting the crime and disorder objective).
- 2.9 The measures that are appropriate to promote public safety will vary between premises and the matters listed above may not apply in all cases. As set out in Chapter 8 (8.38-8.46), applicants should consider when making their application which steps it is appropriate to take to promote the public safety objective and demonstrate how they achieve that.

Ensuring safe departure of those using the premises

- 2.10 Licence holders should make provision to ensure that premises users safely leave their premises. Measures that may assist include:
- Providing information on the premises of local taxi companies who can provide safe transportation home; and
 - Ensuring adequate lighting outside the premises, particularly on paths leading to and from the premises and in car parks.

Maintenance and repair

- 2.11 Where there is a requirement in other legislation for premises open to the public or for employers to possess certificates attesting to the safety or satisfactory nature of certain equipment or fixtures on the premises, it would be inappropriate for a licensing condition to require possession of such a certificate. However, it would be permissible to require as a condition of a licence or certificate, if appropriate, checks on this equipment to be conducted at specified intervals and for evidence of these checks to be retained by the premises licence holder or club provided this does not duplicate or gold-plate a requirement in other legislation. Similarly, it would be permissible for licensing authorities, if they receive relevant representations from responsible authorities or any other persons, to attach conditions which require equipment of particular standards to be maintained on the premises. Responsible authorities – such as health and safety authorities – should therefore make their expectations clear in this respect to enable prospective licence holders or clubs to prepare effective operating schedules and club operating schedules.

Safe capacities

- 2.12 “Safe capacities” should only be imposed where appropriate for the promotion of public safety or the prevention of disorder on the relevant premises. For example, if a capacity has been imposed through other legislation, it would be inappropriate to reproduce it in a premises licence. Indeed, it would also be wrong to lay down conditions which conflict with other legal requirements. However, if no safe capacity has been imposed through other legislation, a responsible authority may consider it appropriate for a new capacity to be attached to the premises which would apply at any material time when the licensable activities are taking place and make representations to that effect. For example, in certain circumstances, capacity limits may be appropriate in preventing disorder, as overcrowded venues can increase the risks of crowds becoming frustrated and hostile.
- 2.13 The permitted capacity is a limit on the number of persons who may be on the premises at any time, following a recommendation by the relevant fire and rescue authority under the Regulatory Reform (Fire Safety) Order 2005. For any application for a premises licence or club premises certificate for premises without an existing permitted capacity where the applicant wishes to take advantage of the special provisions set out in section 177 of the 2003 Act¹, the applicant should conduct their own risk assessment as to the appropriate capacity of the premises. They should send their recommendation to the fire and rescue authority which will consider it and decide what the “permitted capacity” of

¹ S 177 of the 2003 Act now only applies to performances of dance.

those premises should be.

- 2.14 Public safety may include the safety of performers appearing at any premises, but does not extend to the prevention of injury from participation in a boxing or wrestling entertainment.

Public nuisance

- 2.15 The 2003 Act enables licensing authorities and responsible authorities, through representations, to consider what constitutes public nuisance and what is appropriate to prevent it in terms of conditions attached to specific premises licences and club premises certificates. It is therefore important that in considering the promotion of this licensing objective, licensing authorities and responsible authorities focus on the effect of the licensable activities at the specific premises on persons living and working (including those carrying on business) in the area around the premises which may be disproportionate and unreasonable. The issues will mainly concern noise nuisance, light pollution, noxious smells and litter.
- 2.16 Public nuisance is given a statutory meaning in many pieces of legislation. It is however not narrowly defined in the 2003 Act and retains its broad common law meaning. It may include in appropriate circumstances the reduction of the living and working amenity and environment of other persons living and working in the area of the licensed premises. Public nuisance may also arise as a result of the adverse effects of artificial light, dust, odour and insects or where its effect is prejudicial to health.
- 2.17 Conditions relating to noise nuisance will usually concern steps appropriate to control the levels of noise emanating from premises. This might be achieved by a simple measure such as ensuring that doors and windows are kept closed after a particular time, or persons are not permitted in garden areas of the premises after a certain time. More sophisticated measures like the installation of acoustic curtains or rubber speaker mounts to mitigate sound escape from the premises may be appropriate. However, conditions in relation to live or recorded music may not be enforceable in circumstances where the entertainment activity itself is not licensable (see chapter 16). Any conditions appropriate to promote the prevention of public nuisance should be tailored to the type, nature and characteristics of the specific premises and its licensable activities. Licensing authorities should avoid inappropriate or disproportionate measures that could deter events that are valuable to the community, such as live music. Noise limiters, for example, are expensive to purchase and install and are likely to be a considerable burden for smaller venues.
- 2.18 As with all conditions, those relating to noise nuisance may not be appropriate in certain circumstances where provisions in other legislation adequately protect those living in the area of the premises. But as stated earlier in this Guidance, the approach of licensing authorities and responsible authorities should be one of prevention and when their powers are engaged, licensing authorities should be aware of the fact that other legislation may not adequately cover concerns raised in relevant representations and additional conditions may be appropriate.
- 2.19 Where applications have given rise to representations, any appropriate conditions should normally focus on the most sensitive periods. For example, the most sensitive period for people being disturbed by unreasonably loud music is at night and into the

early morning when residents in adjacent properties may be attempting to go to sleep or are sleeping. This is why there is still a need for a licence for performances of live music between 11 pm and 8 am. In certain circumstances, conditions relating to noise emanating from the premises may also be appropriate to address any disturbance anticipated as customers enter and leave.

- 2.20 Measures to control light pollution will also require careful thought. Bright lighting outside premises which is considered appropriate to prevent crime and disorder may itself give rise to light pollution for some neighbours. Applicants, licensing authorities and responsible authorities will need to balance these issues.
- 2.21 Beyond the immediate area surrounding the premises, these are matters for the personal responsibility of individuals under the law. An individual who engages in anti-social behaviour is accountable in their own right. However, it would be perfectly reasonable for a licensing authority to impose a condition, following relevant representations, that requires the licence holder or club to place signs at the exits from the building encouraging patrons to be quiet until they leave the area, or that, if they wish to smoke, to do so at designated places on the premises instead of outside, and to respect the rights of people living nearby to a peaceful night.

Protection of children from harm

- 2.22 The protection of children from harm includes the protection of children from moral, psychological and physical harm. This includes not only protecting children from the harms associated directly with alcohol consumption but also wider harms such as exposure to strong language and sexual expletives (for example, in the context of exposure to certain films or adult entertainment). Licensing authorities must also consider the need to protect children from sexual exploitation when undertaking licensing functions.
- 2.23 The Government believes that it is completely unacceptable to sell alcohol to children. Conditions relating to the access of children where alcohol is sold and which are appropriate to protect them from harm should be carefully considered. Moreover, conditions restricting the access of children to premises should be strongly considered in circumstances where:
- adult entertainment is provided;
 - a member or members of the current management have been convicted for serving alcohol to minors or with a reputation for allowing underage drinking (other than in the context of the exemption in the 2003 Act relating to 16 and 17 year olds consuming beer, wine and cider when accompanied by an adult during a table meal);
 - it is known that unaccompanied children have been allowed access;
 - there is a known association with drug taking or dealing; or
 - in some cases, the premises are used exclusively or primarily for the sale of alcohol for consumption on the premises.
- 2.24 It is also possible that activities, such as adult entertainment, may take place at certain times on premises but not at other times. For example, premises may operate as a café bar during the day providing meals for families but also provide entertainment with a sexual content after 8.00pm. It is not possible to give an exhaustive list of what amounts to entertainment or services of an adult or sexual nature. Applicants, responsible

authorities and licensing authorities will need to consider this point carefully. This would broadly include topless bar staff, striptease, lap-, table- or pole-dancing, performances involving feigned violence or horrific incidents, feigned or actual sexual acts or fetishism, or entertainment involving strong and offensive language.

- 2.25 Applicants must be clear in their operating schedules about the activities and times at which the events would take place to help determine when it is not appropriate for children to enter the premises. Consideration should also be given to the proximity of premises to schools and youth clubs so that applicants take appropriate steps to ensure that advertising relating to their premises, or relating to events at their premises, is not displayed at a time when children are likely to be near the premises.
- 2.26 Licensing authorities and responsible authorities should expect applicants, when preparing an operating schedule or club operating schedule, to set out the steps to be taken to protect children from harm when on the premises.
- 2.27 Conditions, where they are appropriate, should reflect the licensable activities taking place on the premises. In addition to the mandatory condition regarding age verification, other conditions relating to the protection of children from harm can include:
- restrictions on the hours when children may be present;
 - restrictions or exclusions on the presence of children under certain ages when particular specified activities are taking place;
 - restrictions on the parts of the premises to which children may have access;
 - age restrictions (below 18);
 - restrictions or exclusions when certain activities are taking place;
 - requirements for an accompanying adult (including for example, a combination of requirements which provide that children under a particular age must be accompanied by an adult); and
 - full exclusion of people under 18 from the premises when any licensable activities are taking place.
- 2.28 Please see also Chapter 10 for details about the Licensing Act 2003 (Mandatory Licensing Conditions) Order 2010.
- 2.29 Licensing authorities should give considerable weight to representations about child protection matters. In addition to the responsible authority whose functions relate directly to child protection, the Director of Public Health may also have access to relevant evidence to inform such representations. These representations may include, amongst other things, the use of health data about the harms that alcohol can cause to underage drinkers. Where a responsible authority, or other person, presents evidence to the licensing authority linking specific premises with harms to children (such as ambulance data or emergency department attendances by persons under 18 years old with alcohol-related illnesses or injuries) this evidence should be considered, and the licensing authority should also consider what action is appropriate to ensure this licensing objective is effectively enforced. In relation to applications for the grant of a licence in areas where evidence is presented on high levels of alcohol-related harms in persons aged under 18, it is recommended that the licensing authority considers what conditions may be appropriate to ensure that this objective is promoted effectively.

- 2.30 The 2003 Act provides that, where a premises licence or club premises certificate authorises the exhibition of a film, it must include a condition requiring the admission of children to films to be restricted in accordance with recommendations given either by a body designated under section 4 of the Video Recordings Act 1984 specified in the licence (the British Board of Film Classification is currently the only body which has been so designated) or by the licensing authority itself. Further details are given in Chapter 10.
- 2.31 Theatres may present a range of diverse activities and entertainment including, for example, variety shows incorporating adult entertainment. It is appropriate in these cases for a licensing authority to consider restricting the admission of children in such circumstances. Entertainments may also be presented at theatres specifically for children. It will be appropriate to consider whether a condition should be attached to a premises licence or club premises certificate which requires the presence of a sufficient number of adult staff on the premises to ensure the wellbeing of the children during any emergency.

Offences relating to the sale and supply of alcohol to children

- 2.32 Licensing authorities are expected to maintain close contact with the police, young offenders' teams and trading standards officers (who can carry out test purchases under section 154 of the 2003 Act) about the extent of unlawful sales and consumption of alcohol by minors and to be involved in the development of any strategies to control or prevent these unlawful activities and to pursue prosecutions. Licensing authorities, alongside the police, are prosecuting authorities for the purposes of these offences, except for the offences under section 147A (persistently selling alcohol to children). Where, as a matter of policy, warnings are given to retailers prior to any decision to prosecute in respect of an offence, it is important that each of the enforcement arms should be aware of the warnings each of them has given.

Table of relevant offences under the 2003 Act

Section	Offence	Prosecuting Authority
Section 145	Unaccompanied children prohibited from certain premises	Police and/or Licensing Authority
Section 146	Sale of alcohol to children	Police, Licensing Authority and/or Local Weights and Measures Authority
Section 147	Allowing the sale of alcohol to children	Police, Licensing Authority and/or Local Weights and Measures Authority
Section 147A	Persistently selling alcohol to children	Police and/or Local Weights and Measures Authority
Section 149	Purchase of alcohol by or on behalf of children	Police and/or Licensing Authority
Section 150	Consumption of alcohol by children	Police and/or Licensing Authority
Section 151	Delivering alcohol to children	Police and/or Licensing Authority
Section 152	Sending a child to obtain alcohol	Police and/or Licensing Authority
Section 153	Prohibition of unsupervised sales by children	Police and/or Licensing Authority

3. Licensable activities

Summary

- 3.1 A premises licence authorises the use of any premises (see Chapter 5) for licensable activities. Licensable activities are defined in section 1 of the 2003 Act, and a fuller description of certain activities is set out in Schedules 1 and 2 to the 2003 Act.
- 3.2 The licensable activities are:
- the sale by retail of alcohol;
 - the supply of alcohol by or on behalf of a club to, or to the order of, a member of the club;
 - the provision of regulated entertainment; and
 - the provision of late night refreshment.

Wholesale of alcohol

- 3.3 The sale of alcohol to the general public is licensable under the 2003 Act in accordance with the definition of “sale by retail” in section 192 of the 2003 Act. This section makes it clear that, to be excluded from the meaning of “sale by retail”, a sale must be:
- made from premises owned by the person making the sale, or occupied under a lease with security of tenure; and
 - for consumption off the premises.
- 3.4 In addition, to be excluded, the sales must be sales which are made to:
- a trader for the purpose of his trade;
 - to a club for the purposes of that club;
 - to a holder of a premises licence or a personal licence for the purpose of making sales under a premises licence; or
 - a premises user who has given a temporary event notice, for the purpose of making sales authorised by that notice.
- 3.5 If an employee were buying alcohol as an “agent” for their employer and for the purposes of their employer’s trade (i.e. selling alcohol), this could be treated as a sale to a trader. If, however, an employee were buying for the employee’s own consumption, this would be a retail sale, and would require a licence.
- 3.6 The same considerations apply in the case of caterers who supply alcohol to their customers. Where a caterer purchases alcohol and then sells this alcohol to its customer, an authorisation will be required at the location where the retail sale of the alcohol is made (likely to be the caterer’s own premises). If the customer was proposing to sell the alcohol under an authorisation, it is the customer who would need an authorisation under the 2003 Act. In this case, the exemption under the 2003 Act may apply to the sale made by the caterer.
- 3.7 From 1 April 2017, businesses which sell alcohol (for example, retailers of alcohol and trade buyers) will need to ensure that the UK wholesalers that they buy alcohol from have been approved by HMRC under the Alcohol Wholesaler Registration Scheme (AWRS). They will need to check their wholesalers Unique Registration Number (URN)

against the HMRC online database which will be available from April 2017. This is an ongoing obligation and if a business is found to have bought alcohol from an unapproved wholesaler, they may be liable to a penalty or could even face criminal prosecution and their alcohol stock may be seized. Any trader who buys alcohol from a wholesaler for onward sale to the general public (known as a 'trade buyer') does not need to register unless they sell alcohol to other businesses. Examples of trade buyers would be pubs, clubs, restaurants, cafes, retailers and hotels. However, they will need to check that the wholesaler they purchase alcohol from is registered with HMRC. Further information may be found at: <https://www.gov.uk/guidance/the-alcohol-wholesaler-registration-scheme-awrs>.

Mobile, remote, internet and other delivery sales

- 3.8 The sale by retail of alcohol is a licensable activity and may only be carried out in accordance with an authorisation under the 2003 Act. Therefore, a person cannot sell alcohol from a vehicle or moveable structure at a series of different locations (e.g. house to house), unless there is a premises licence in respect of the vehicle or moveable structure at each location at which a sale of alcohol is made in, on or from it.
- 3.9 The place where the order for alcohol, or payment for it, takes place may not be the same as the place where the alcohol is appropriated to the contract (i.e. the place where it is identified and specifically set apart for delivery to the purchaser). This position can arise when sales are made online, by telephone, or mail order. Section 190 of the 2003 Act provides that the sale of alcohol is to be treated as taking place where the alcohol is appropriated to the contract. It will be the premises at this location which need to be licensed; for example, a call centre receiving orders for alcohol would not need a licence but the warehouse where the alcohol is stored and specifically selected for, and despatched to, the purchaser would need to be licensed. These licensed premises will, as such, be subject to conditions including the times of day during which alcohol may be sold. The premises licence will also be subject to the mandatory licence conditions.
- 3.10 Persons who run premises providing 'alcohol delivery services' should notify the relevant licensing authority that they are operating such a service in their operating schedule. This ensures that the licensing authority can properly consider what conditions are appropriate. Premises with an existing premises licence, which choose to operate such a service in addition to their existing licensable activities, should contact their licensing authority for its view on whether this form of alcohol sale is already permitted or whether an application to vary the licence will be required.

Regulated entertainment

- 3.11 Schedule 1 to the 2003 Act sets out what activities are to be treated as the provision of regulated entertainment and those that are not and are therefore exempt from the regulated entertainment aspects of the licensing regime, including incidental music – (see paragraphs 16.1 to 16.3 below). Chapter 16 of this Guidance document sets out the types of entertainment regulated by the 2003 Act.

Late night refreshment

- 3.12 Schedule 2 to the 2003 Act provides a definition of what constitutes the provision of late night refreshment. It involves the supply of 'hot food or hot drink' between the hours of 23.00 and 05.00 to the public for consumption on or off the premises. It includes the supply of hot food or hot drink between those hours on premises to which the public has access. Under Schedule 2, food or drink is considered to be 'hot' if, before it is supplied, it has been heated on the premises or elsewhere for the purpose of enabling it to be consumed at a temperature above the ambient air temperature and at the time of supply it is above that temperature; or after it is supplied, may be heated on the premises for the purpose of enabling it to be consumed at a temperature above the ambient air temperature.
- 3.13 Shops, stores and supermarkets selling only cold food and cold drink, whether it is immediately consumable or not, from 23.00 are not licensable as providing late night refreshment. The 2003 Act affects premises such as night cafés and takeaway food outlets where people may gather to purchase hot food or drink at any time from 23.00 and until 05.00. In this case, supply takes place when the hot food or hot drink is given to the customer and not when payment is made. For example, supply takes place when a table meal is served in a restaurant or when a takeaway is handed to a customer over the counter.
- 3.14 Some premises provide hot food or hot drink between 23.00 and 05.00 by means of vending machines. The supply of hot drink by a vending machine is not a licensable activity and is exempt under the 2003 Act provided the public have access to and can operate the machine without any involvement of the staff.
- 3.15 However, this exemption does not apply to hot food. Premises supplying hot food for a charge by vending machine are licensable if the food has been heated on the premises, even though no staff on the premises may have been involved in the transaction.
- 3.16 It is not expected that the provision of late night refreshment as a secondary activity in licensed premises open for other purposes such as public houses, cinemas or nightclubs or casinos should give rise to a need for significant additional conditions.
- 3.17 The supply of hot drink which consists of or contains alcohol is exempt under the 2003 Act as late night refreshment because it is licensed by the provisions relating to the sale or supply of alcohol.
- 3.18 The supply of hot food or hot drink free of charge is not a licensable activity. However, where any charge is made for either admission to the premises or for some other item in order to obtain the hot food or hot drink, this will not be regarded as "free of charge". Supplies by a registered charity or anyone authorised by a registered charity are also exempt.
- 3.19 Supplies made on moving vehicles (for example boats, trains or coaches) are also exempt. However supplies made from a vehicle which is permanently or temporarily parked, such as from a mobile takeaway van, are not exempt (see section 3.34 below for more detail on provisions for 'Vessels, vehicles and moveable structures').
- 3.20 Supplies of hot food or hot drink from 23.00 are exempt from the provisions of the 2003 Act if there is no admission to the public to the premises involved and they are supplies to:

- a member of a recognised club supplied by the club;
- persons staying overnight in a hotel, guest house, lodging house, hostel, a caravan or camping site or any other premises whose main purpose is providing overnight accommodation;
- an employee of a particular employer (for example in a staff canteen);
- a person who is engaged in a particular profession or who follows a particular vocation (for example, a tradesman carrying out work at particular premises);
- a guest of any of the above.

Late night refreshment exemptions based on designated locations, premises types and times

- 3.21 The provision of late night refreshment is regulated primarily because it is often linked to alcohol-fuelled crime and disorder in the night-time economy, such as at fast-food takeaways where late-night drinkers congregate. However, these safeguards may not be needed everywhere or for every type of late night refreshment business. For example, some late-night cafés serving hot drinks after 23.00 may be located nowhere near pubs and nightclubs or areas associated with alcohol-related crime and disorder.
- 3.22 Paragraph 2A of Schedule 2 to the 2003 Act (as inserted by the Deregulation Act 2015) gives licensing authorities powers to exempt premises, in certain circumstances, from the requirement to have a licence to provide late night refreshment. Decisions to exempt supplies of late night refreshment are best made with local knowledge. The powers therefore allow licensing authorities to choose to apply an exemption specifically where they think it will be helpful to businesses and where there are no problems with anti-social behaviour, disorder associated with the night time economy, or illegal working in licensed premises. As well as freeing up the businesses in question from unnecessary costs, this can also provide greater flexibility for licensing authorities to target their resources more effectively.
- 3.23 The powers allow a relevant licensing authority to exempt the supply of late night refreshment if it takes place:
- on or from premises which are wholly situated in a designated area;
 - on or from premises which are of a designated description; or
 - during a designated period (beginning no earlier than 23.00 and ending no later than 05.00).
- 3.24 When choosing to designate a particular area as exempt, the relevant licensing authority must define the location, which can be of any size.
- 3.25 When choosing to designate particular categories of premises as exempt, a licensing authority can only exempt types of premises set out in the regulations. These are:
- Motorway service areas;
 - petrol stations;
 - local authority premises (except domestic premises) unless there is an event taking place at which more than 500 people are present;
 - schools (except domestic premises) unless there is an event taking place at which more than 500 people are present;

- hospitals (except domestic premises);
 - community premises (church, chapel, village, parish or community hall or other similar building) unless there is an event taking place at which more than 500 people are present;
 - licensed premises authorised to sell by retail alcohol for consumption on the premises between the hours of 23.00 and 05.00.
- 3.26 When choosing to exempt the provision of late night refreshment at particular times, the relevant licensing authority must determine the times between 23.00 and 05.00 when the exemption applies. The exemption and any subsequent change to the time will apply to the whole licensing authority area.
- 3.27 A relevant licensing authority may use more than one type of exemption at the same time, for example by changing the times across the licensing authority area during which licensing requirements will apply and also exempting premises by type across the whole licensing authority area. However, it cannot use different forms of exemption in conjunction with one another – for example, it would not be permitted to change the times in one geographic area only.
- 3.28 Where a premises is situated in the areas of two or more licensing authorities, any of those authorities may be the relevant licensing authority and it would be advisable for an authority wishing to apply an exemption to discuss it with the other authority concerned. This might apply, for example, where an area or premises type exemption is being applied and the licensing authority is aware that a particular premises such as a motorway service area sits across the boundary of two or more licensing authority areas.
- 3.29 Licensing authorities should consider deregulation where possible. However, they do not have to use the exemptions and can continue to require all late night refreshment providers to be licensed where this is appropriate for the promotion of the licensing objectives.
- 3.30 Existing late night refreshment licences for premises that become exempt from regulation will remain extant unless the holder chooses to surrender it to the licensing authority, but there will be no requirement on the licence holder to pay annual fees and any conditions on the licence will cease to apply for as long as the exemption is in place. In cases where an exemption in relation to late night refreshment provision is applied, other licensing is unaffected. For example if a premises is licensed to sell alcohol and is exempt from requiring a late night refreshment licence, their licence in respect of the sale of alcohol is unaffected. Where a premises benefits from an exemption applied by the licensing authority, any existing conditions on a licence relating solely to the provision of late night refreshment will have no effect during the period of the exemption.
- 3.31 When deciding which exemption to use, if any, the relevant licensing authority should always first consider what the risks are in terms of the promotion of the licensing objectives, including the prevention of illegal working in those premises. The decision to make an exemption is a licensing function that licensing authorities should include within their statement of licensing policy. It would then therefore be subject to the statutory consultation process with other responsible authorities and relevant parties set out in section 5 of the 2003 Act. However, it is for the licensing authority to decide on the detail

and extent of the consultation beyond the statutory minimum; for example, in areas where there are concerns about illegal working in licensed premises the licensing authority should consult Home Office Immigration Enforcement. The licensing authority may decide to only consult on the proposed exemption or, alternatively, it may form part of a wider review of other matters within its statement of licensing policy.

- 3.32 When applying any of the exemptions the relevant licensing authority must publicise the changes and should decide on the most appropriate way to do this, in addition to updating its statement of licensing policy as soon as is practical. There is no requirement for licensing authorities to tell premises individually, however they should publicise the exemption in a way that ensures that those who are likely to be affected may benefit from it. If any fees are paid prior to an exemption coming into effect, licensing authorities should consider whether a refund or partial refund is appropriate. It is for each individual licensing authority to develop its own refund policy and ensure that it is communicated appropriately to all licence holders that are likely to be affected by an exemption.
- 3.33 Licensing authorities can review the exemptions at any time, to change the times, locations or types. However, unlike many other types of licensing decision, the late night refreshment exemptions are not made on a case by case basis and there is no recourse to bring an individual premises back into the licensing regime if there is a problem with that particular premises. In such cases the licensing authority would have to take a decision about the entire exemption and apply it across the whole area. Alternatively, depending on the scale of the problem, other powers could be used such as closure powers under the Anti-social Behaviour, Crime and Policing Act 2014. Environmental health legislation around noise nuisance may also offer a solution.

Late night refreshment from vessels, vehicles and moveable structures

- 3.34 Under section 189 of the 2003 Act, a vehicle which is not permanently situated in the same place and is or is proposed to be used for one or more licensable activities while parked at a particular place, is to be treated as if it were premises situated at that place. Therefore, a mobile provider of late night refreshment, such as a kebab van, could be treated as exempt if it supplied hot food to the public late at night in an area which had been designated as exempt. If the mobile van drove to and began operating in a non-exempt area, a licence to carry on this activity would be required. Should the licensing authority introduce an exemption, and subsequently wish to revoke it if problems arise, it has the power to do so. Areas which are likely to be considered for exemption by licensing authorities (for example, an area outside a town centre) are unlikely to be areas in which mobile kebab vans would frequently operate. As such, mobile vehicles selling late night refreshment are likely to still require licences in the areas in which they are more commonly found.

Unauthorised activities

- 3.35 It is a criminal offence under section 136 of the 2003 Act to carry on any of the licensable activities listed at paragraph 3.2 above other than in accordance with a licence or other authorisation under the 2003 Act. The fine for this offence is unlimited. Police and local authorities have powers to take action in relation to premises carrying on unauthorised activities.

4. Personal licences

- 4.1 This chapter provides advice about the framework for personal licences. It also contains guidance for decision-making on applications by those managing community premises (church and village halls etc.) to remove the usual mandatory conditions that relate to personal licences and the requirement for a designated premises supervisor (DPS). The Deregulation Act 2015 has removed the requirement to renew a personal licence with effect from 1 April 2015.

Requirements for a personal licence

- 4.2 The sale and supply of alcohol, because of its impact on the wider community and on crime and anti-social behaviour, carries with it greater responsibility than the provision of regulated entertainment and late night refreshment. This is why sales of alcohol may not be made under a premises licence unless there is a DPS in respect of the premises (who must hold a personal licence); and every sale must be made or authorised by a personal licence holder. The exception is only for those community premises which have successfully applied to remove the DPS requirement (see paragraph 4.52 below).
- 4.3 Any premises at which alcohol is sold or supplied where the requirement for a personal licence holder does apply may employ one or more such licence holders. For example, there may be one owner or senior manager and several junior managers holding a personal licence. However, the requirement that every sale of alcohol must at least be authorised by a personal licence holder does not mean that the licence holder has to be present on the premises or oversee each sale; it is sufficient that such sales are authorised. It should be noted that there is no requirement to have a DPS in relation to a Temporary Event Notice (TEN) or club premises certificate, and sales or supplies of alcohol authorised by a TEN or club premises certificate do not need to be authorised by a personal licence holder.

Who can apply?

- 4.4 In the case of an application for a personal licence under Part 6 of the 2003 Act, the requirements are that:
- the applicant must be aged 18 or over;
 - the applicant, if subject to immigration control, must have permission to work in a licensable activity (see paragraph 4.8);
 - the applicant possesses a licensing qualification accredited by the Secretary of State (or one which is certified as if it is such a qualification or is considered equivalent) or is a person as prescribed in the Licensing Act 2003 (Personal licences) Regulations 2005²);
 - the applicant must not have forfeited a personal licence within five years of their application;
 - the applicant has paid the appropriate fee to the licensing authority; and

² Currently persons prescribed in regulations are: a member of the company of the Master, Wardens, Freemen and Commonalty of the Mystery of the Vintners of the City of London; a person operating under a licence granted by the University of Cambridge; or a person operating premises under a licence granted by the Board of the Green Cloth.

- in a case in which the applicant has an unspent conviction for a relevant offence or a foreign offence, the police have not objected to the grant of the application on crime prevention grounds or the licensing authority has considered their objection but determined that the grant of the application will not undermine the crime prevention objective.
- 4.5 Any individual may apply for a personal licence whether or not they are currently employed or have business interests associated with the use of the licence. The issues which arise when the holder of a personal licence becomes associated with particular licensed premises and is specified as the DPS for those premises are dealt with at paragraphs 4.31 to 4.38 below. Licensing authorities may not therefore take these matters into account when considering an application for a personal licence.
- 4.6 Applicants for personal licences who are ordinarily resident in a licensing authority's area are required to make the application to that licensing authority. An applicant who is not ordinarily resident in a licensing authority's area (which may include persons living outside England and Wales), may apply for the grant of a personal licence to any licensing authority in England and Wales.
- 4.7 For applications made after 6 April 2017, applicants who are subject to UK immigration control must be entitled to work in a licensable activity. Section 192A of the Licensing Act 2003 defines 'entitlement to work' for the purposes of the Act

Entitlement to work in the UK

- 4.8 Individuals applying for a personal licence must be entitled to work in the UK. The Immigration Act 2016 amended the Licensing Act 2003 with effect from 6 April 2017 so that an application made on or after that date by someone who is not entitled to work in the UK must be rejected. Licences must not be issued to people who are illegally present in the UK, who are not permitted to work, or who are permitted to work but are subject to a condition that prohibits them from doing work relating to the carrying on of a licensable activity. In order to discharge this duty, from 6 April 2017, licensing authorities must be satisfied that an applicant has the right to work in the UK and should require applicants to submit one of the documents listed at Annex A, to show that the applicant has permission to be in the UK and to undertake work in a licensable activity. This also applies to individuals who apply for premises licences. The purpose of this is to prevent illegal working in the UK.
- 4.9 The list of documents which an applicant may provide to demonstrate their entitlement to work in the UK is published on gov.uk and at Annex A of this guidance.
- 4.10 For applications made on or after 6 April 2017, where an applicant's immigration permission to live and work in the UK is time-limited, a personal licence may be issued but will become invalid when the immigration permission expires. In the event that the Home Office cuts short or ends a person's immigration permission (referred to as curtailment or revocation), any licence issued in respect of an application made on or after 6 April 2017 will automatically lapse (see paragraph 4.15 below).
- 4.11 A person is disqualified from applying for a personal licence or a premises licence by reason of their immigration status if:
- The person requires leave to enter or remain in the UK and has not been granted it;
 - or

- The person's leave to enter or remain in the UK:
 - is invalid,
 - has ceased to have effect (whether by reason of curtailment, revocation, cancellation, passage of time, or otherwise), or
 - is subject to a condition preventing the person from doing work of that kind.

A person is also disqualified from holding a licence if they are subject to a condition on their permission to be in the UK preventing them from holding a licence, for example they are subject to an immigration restriction that does not permit them to work.

- 4.12 The requirements to demonstrate immigration status are not retrospective. This means that licensing authorities do not need to check the immigration status of those people who already hold a licence which was issued before 6 April 2017.
- 4.13 Applicants may provide photocopies or scanned copies of the documents, which do not need to be endorsed as a copy of the original. Applicants should not be encouraged or required by licensing authorities to submit original copies of documents. The licensing authority must be satisfied that the applicant is entitled to work in the UK, but the licensing authority is not required to check the validity of any document submitted by the applicant to demonstrate the right to work. The licensing authority should establish whether or not an applicant has a lawful immigration status in the UK or is prohibited from working because they are in the UK illegally or is subject to a condition that prevents them from holding a licence.
- 4.14 To ensure that licensing authorities do not discriminate against anyone, all licence applicants should be treated in the same way after 6 April 2017 during the licence application process. This will also demonstrate a fair, transparent and consistent application process. Assumptions should not be made about a person's right to work in the UK or their immigration status on the basis of their nationality, ethnic origin, accent, the colour of their skin, or the length of time they have been resident in the UK.
- 4.15 If an applicant has restrictions on the length of time they may work in the UK, a premises licence or personal licence may still be issued, but the licence will cease to have effect when the right to work lapses. Migrants who are subject to UK immigration control may be granted permission to enter or remain in the UK, with a condition permitting employment, on a time-limited basis or on an indefinite basis. When the person's stay is time limited, this will be shown in their immigration documentation. It is possible for a migrant to apply to extend their stay, and if they do so before their previous status expires, they continue to have any right to work that they previously had while their application and any associated administrative review or appeal is outstanding. In such cases, a person's status may be confirmed by the licensing authority contacting the Home Office Status, Verification, Evidence and Checking (SVEC) Unit.
- 4.16 In most cases the licensing authority should be able to make an assessment that the applicant is not disqualified from applying for a premises or personal licence based on any information provided with the application. This will include all cases where the applicant is a British citizen. An immigration status check may be made by contacting the Home Office SVEC Unit in the following circumstances to verify that someone has the right to hold a premises or personal licence:

- the applicant provides a copy of a Certificate of Application which is less than six months old and indicates that work is permitted; or
- the applicant has not provided any acceptable documents because they have an outstanding application for permission to remain in the UK with the Home Office which was made before their previous immigration leave expired or has an appeal or administrative review pending against a Home Office decision that grants them a right to work and, therefore, cannot provide evidence of their right to work.

In these two circumstances the SVEC Unit will confirm the individual's immigration status.

- 4.17 Assistance on this process may be obtained from Home Office Local Partnership Managers, or by email I&SDLPMSsupportTeam@homeoffice.gsi.gov.uk. In most cases, a Local Partnership Manager or local Immigration, Compliance and Enforcement (ICE) team will be the first point of contact for licensing authorities.
- 4.18 A premises or personal licence issued in respect of an application made on or after 6 April 2017 will lapse if the holder's permission to live or work in the UK comes to an end. This could be because their permission to be in the UK has time-expired or because the Home Office has brought it to an end (for example, the Home Office has curtailed their permission to live and work in the UK). The licensing authority is under no duty to carry out on-going immigration checks to see whether a licence-holder's permission to be in the UK has been brought to an end, and the Act does not place a duty on the licensing authority to withdraw or revoke the licence if this occurs. The migrant will be aware when their time-limited permission has come to an end and the Home Office will inform them if their permission to be in the UK is curtailed. If the individual is subsequently granted leave to work in the UK and wishes to once again hold a personal licence they must make an application for a new personal licence.

Criminal record

- 4.19 Regulations made under the 2003 Act require that, in order to substantiate whether or not an applicant has a conviction for an unspent relevant offence, an applicant for the grant of a personal licence must include a criminal conviction certificate, a criminal record certificate or the results of a subject access search of the Police National Computer by the National Identification Service to the licensing authority.
- 4.20 The requirement for an individual to establish whether or not they have unspent convictions for a relevant offence or foreign offence applies whether or not the individual has been living for a length of time in a foreign jurisdiction. It does not follow that such individuals will not have recorded offences in this country. All applicants are also required to make a clear statement as to whether or not they have been convicted outside England and Wales of a relevant offence or an equivalent foreign offence. This applies both to applicants ordinarily resident in England and Wales and any person from a foreign jurisdiction. Details of relevant offences as set out in the 2003 Act should be appended to application forms for the information of applicants, together with a clear warning that making any false statement is a criminal offence liable to prosecution.

- 4.21 Licensing authorities are required to notify the police when an applicant is found to have an unspent conviction for a relevant offence defined in the 2003 Act or for a foreign offence. The police have no involvement or locus in such applications until notified by the licensing authority.
- 4.22 Civil penalties received after 6 April 2017 for immigration matters are treated in the same way as relevant offences. Licensing authorities are required to notify the Secretary of State for the Home Department (through Home Office Immigration Enforcement) when an applicant declares that they have been issued with an immigration penalty or convicted of an immigration offence or a foreign offence comparable to an immigration offence. The Home Office may object to an application on grounds that granting the personal licence would be prejudicial to the prevention of illegal working in licensed premises. Civil penalties for immigration matters were added to the Licensing Act with effect from 6 April 2017, and penalties received before that date cannot be taken into account in respect of grant, revocation or suspension of a personal licence.
- 4.23 Where an applicant has an unspent conviction for a relevant or foreign offence, and the police object to the application on crime prevention grounds the applicant is entitled to a hearing before the licensing authority. The applicant is also entitled to a hearing if the Home Office (Immigration Enforcement) object to the application on the grounds of the prevention of illegal working where the applicant has an unspent conviction for a relevant immigration offence or has been required to pay an immigration penalty. If the police or Home Office (Immigration Enforcement) do not issue an objection notice and the application otherwise meets the requirements of the 2003 Act, the licensing authority must grant it. Home Office (Immigration Enforcement) can object only with respect to convictions and civil immigration penalties received on or after 6 April 2017.
- 4.24 A number of relevant offences never become spent. However, where an applicant is able to demonstrate that the offence in question took place so long ago and that the applicant no longer has a propensity to re-offend, a licensing authority may consider that it is appropriate to grant the application on the basis that doing so would not undermine the crime prevention objective.
- 4.25 If an application is refused, the applicant will be entitled to appeal against the decision they make. Similarly, if the application is granted despite a police objection notice or an objection from the Home Office (Immigration Enforcement), the chief officer of police or Home Office are entitled to appeal against the licensing authority's determination. Licensing authorities are therefore expected to record in full the reasons for any decision which they make.

Issuing of personal licences by Welsh licensing authorities

- 4.26 All application forms in Wales should be bilingual. Proceedings before a court must be capable of being conducted in Welsh at the request of the applicant. There is a panel of Welsh speaking magistrates so this can be arranged if necessary. Licensing authorities in Wales should consider issuing personal licences in a bilingual format.

Licensing qualifications

- 4.27 Details of licensing qualifications accredited by the Secretary of State will be notified to licensing authorities and the details may be viewed on the GOV.UK website.

Relevant licensing authority

- 4.28 Personal licences remain valid unless surrendered, suspended, revoked or declared forfeit by the courts. For applications made on or after 6 April 2017, a licence granted to someone subject to immigration control will lapse if the individual ceases to be entitled to work in the UK. The requirement to renew a personal licence was removed from the Licensing Act 2003 by the Deregulation Act 2015. While personal licences issued before the 2015 Act have expiry dates, these licences will remain valid and such dates no longer have an effect. Once granted, the licensing authority which issued the licence remains the “relevant licensing authority” for it and its holder, even though the individual may move out of the area or take employment elsewhere. The personal licence itself will give details of the issuing licensing authority.

Changes in name or address

- 4.29 The holder of the licence is required by the 2003 Act to notify the licensing authority of any changes to a holder’s name or address. These changes should be recorded by the licensing authority. The holder is also under a duty to notify any convictions for relevant offences to the licensing authority and the courts are similarly required to inform the licensing authority of such convictions, whether or not they have ordered the suspension or forfeiture of the licence. The holder must also notify the licensing authority of any conviction for a foreign offence. These measures ensure that a single record will be held of the holder’s history in terms of licensing matters.
- 4.30 The 2003 Act authorises the provision and receipt of such personal information to such agencies for the purposes of that Act.

Specification of new designated premises supervisors

- 4.31 Every premises licence that authorises the sale of alcohol must specify a DPS. This will normally be the person who has been given day to day responsibility for running the premises by the premises licence holder. The only exception is for community premises which have successfully made an application to remove the usual mandatory conditions set out in the 2003 Act. Guidance on such applications is set out in paragraphs 4.52 to 4.65 of this Guidance.
- 4.32 The Government considers it essential that police officers, fire officers or officers of the licensing authority can identify immediately the DPS so that any problems can be dealt with swiftly. For this reason, the name of the DPS and contact details must be specified on the premises licence and this must be held at the premises and displayed in summary form. The DPS’ personal address should not be included in the summary form in order to protect their privacy.
- 4.33 To specify a DPS, the premises licence holder should normally submit an application to the licensing authority (which may include an application for immediate interim effect) with:
- a form of consent signed by the individual concerned to show that they consent to taking on this responsible role, and

- the relevant part (Part A) of the licence.
- 4.34 If they are applying in writing, they must also notify the police of the application. If the application is made electronically via GOV.UK or the licensing authority's own electronic facility, the licensing authority must notify the police no later than the first working day after the application is given.
- 4.35 The premises licence holder must notify the existing DPS (if there is one) of the application on the same day as the application is given to the licensing authority. This requirement applies regardless of whether the application was given by means of an electronic facility, or by some other means.
- 4.36 The general guidance in Chapter 8 on electronic applications applies in respect of new applications.
- 4.37 Only one DPS may be specified in a single premises licence, but a DPS may supervise two or more premises as long as the DPS is able to ensure that the licensing objectives are properly promoted and that each premises complies with the 2003 Act and conditions on the premises licence.
- 4.38 Where there are frequent changes of DPS, the premises licence holder may submit the form in advance specifying the date when the new individual will be in post and the change will take effect.

Police objections to new designated premises supervisors

- 4.39 The police may object to the designation of a new DPS where, in exceptional circumstances, they believe that the appointment would undermine the crime prevention objective. The police can object where, for example, a DPS is first specified in relation to particular premises and the specification of that DPS in relation to the particular premises gives rise to exceptional concerns. For example, where a personal licence holder has been allowed by the courts to retain their licence despite convictions for selling alcohol to children (a relevant offence) and then transfers into premises known for underage drinking.
- 4.40 Where the police do object, the licensing authority must arrange for a hearing at which the issue can be considered and both parties can put forward their arguments. The 2003 Act provides that the applicant may apply for the individual to take up post as DPS immediately and, in such cases, the issue would be whether the individual should be removed from this post. The licensing authority considering the matter must restrict its consideration to the issue of crime and disorder and give comprehensive reasons for its decision. Either party would be entitled to appeal if their argument is rejected.
- 4.41 The portability of personal licences between premises is an important concept under the 2003 Act. It is expected that police objections would arise in only genuinely exceptional circumstances. If a licensing authority believes that the police are routinely objecting to the designation of new premises supervisors on grounds which are not exceptional, they should raise the matter with the chief officer of police as a matter of urgency.

Police objections to existing designated premises supervisors

4.42 The 2003 Act also provides for the suspension and forfeiture of personal licences by the courts and licensing authorities following convictions for relevant offences, including breaches of licensing law. The police can at any stage after the appointment of a DPS seek a review of a premises licence on any grounds relating to the licensing objectives if problems arise relating to the performance of a DPS. The portability of personal licences is also important to industry because of the frequency with which some businesses move managers from premises to premises. It is not expected that licensing authorities or the police should seek to use the power of intervention as a routine mechanism for hindering the portability of a licence or use hearings of this kind as a fishing expedition to test out the individual's background and character. It is expected that such hearings should be rare and genuinely exceptional.

Convictions and liaison with the courts

4.43 Where a personal licence holder is convicted by a court for a relevant offence, the court is under a duty to notify the relevant licensing authority of the conviction and of any decision to order that the personal licence is suspended or declared forfeit. The sentence of the court has immediate effect despite the fact that an appeal may be lodged against conviction or sentence (although the court may suspend the forfeiture or suspension of the licence pending the outcome of any appeal).

4.44 When the licensing authority receives such a notification, it should contact the holder and request the licence so that the necessary action can be taken. The holder must then produce the relevant licence to the authority within 14 days. It is expected that the chief officer of police for the area in which the holder resides would be advised if they do not respond promptly. The licensing authority should record the details of the conviction, endorse them on the licence, together with any period of suspension and then return the licence to the holder. If the licence is declared forfeit, it should be retained by the licensing authority.

Licensing authority powers to revoke or suspend personal licences

4.45 The Policing and Crime Act 2017 gives licensing authorities the power to revoke or suspend personal licences, with effect from 6 April 2017. This is a discretionary power; licensing authorities are not obliged to give consideration to all personal licence holders subject to convictions for relevant offences, foreign offences or civil penalties for immigration matters. When a licensing authority has granted a personal licence and becomes aware that the licence holder has been convicted of a relevant offence or foreign offence or been required to pay an immigration penalty, a licensing authority may revoke the licence or suspend it for a period of up to six months. This applies to convictions received and civil immigration penalties which a person has been required to pay at any time before or after the licence was granted, as long as the conviction was received after 6 April 2017, or the requirement to pay the civil penalty arose after 6 April 2017. Only magistrates' courts can order the forfeiture or suspension of a personal licence for convictions received prior to 6 April 2017. The process which must be undertaken by the licensing authority to suspend or revoke a personal licence is set out at section 132A of the 2003 Act. The decision to revoke or suspend a personal licence

must be made by the licensing committee or sub-committee, but the actions required before making a final decision may be made by a licensing officer.

- 4.46 The licensing authority may not take action if the licence holder has appealed against the conviction or the sentence imposed in relation to the offence, until the appeal is disposed of. Where an appeal is not lodged, the licensing authority may not take action until the time limit for making an appeal has expired.
- 4.47 If a licensing authority is considering revoking or suspending a personal licence, the authority must give notice to the licence holder. This notice must invite the holder to make representations about the conviction, any decision of a court in relation to the licence, or any decision by an appellate court if the licence holder has appealed such a decision. The licence holder may also decide to include any other information, for example, about their personal circumstances. The licence holder must be given 28 days to make their representation, beginning on the day the notice was issued. The licensing authority does not need to hold a hearing to consider the representations. Before deciding whether to revoke or suspend the licence the licensing authority must consider any representations made by the licence holder, any decisions made by the court or appellate court in respect of the personal licence of which the licensing authority is aware, and any other information which the licensing authority considers relevant. The licensing authority may not be aware of whether the court considered whether to revoke or suspend the licence, and there is no obligation on the licensing authority to find this out before making a decision themselves. Where the court has considered the personal licence and decided not to take action, this does not prevent the licensing authority from deciding to take action itself. Licensing authorities have different aims to courts in that they must fulfil their statutory duty to promote the licensing objectives, and therefore it is appropriate for the licensing authority to come to its own decision about the licence.
- 4.48 If the licensing authority, having considered a suspension and revocation and subsequently considered all the information made available to it, proposes not to revoke the licence it must give notice to the chief officer of police in the licensing authority's area, and invite the chief officer to make representations about whether the licence should be suspended or revoked, having regard to the prevention of crime. The chief officer may make representations within the period of 14 days from the day they receive the notice from the licensing authority. Any representations made by the chief officer of police must be taken into account by the licensing authority in deciding whether to suspend or revoke the licence. Convictions may come to light via police in another area, for example if the personal licence holder no longer lives in the area of the licensing authority which issued the licence, or if the offence took place in another police force area. In this instance it would be good practice for the police providing the information to notify the police force in the licensing authority area, because it is the local chief officer who must provide representations if the licensing authority proposes not to revoke the licence. Where the licence holder is convicted of immigration offences or has been required to pay a civil penalty for immigration matters, the licensing authority should notify Home Office Immigration Enforcement and allow representations to be made in the same way.

- 4.49 The licensing authority must notify the licence holder and the chief officer of police of the decision made (even if the police did not make representations). The licence holder may appeal the licensing authority's decision to revoke or suspend their personal licence. A decision to revoke or suspend the licence does not take effect until the end of the period allowed for appealing the decision (21 days); or if the decision is appealed against, until the appeal is disposed of.
- 4.50 If the personal licence holder is a DPS, the licensing authority may notify the premises licence holder once the decision to revoke or suspend the licence has been made if it becomes necessary to do so in order for the licensing authority to be able to carry out their functions. The licensing authority may also notify any person who has declared an interest in the premises under section 178 of the 2003 Act if it becomes necessary to do so in order for the licensing authority to be able to carry out their functions. The licensing authority may invite the premises licence holder to make representations about the personal licence holder before deciding whether to revoke or suspend the licence; this is not a legal requirement and may not be appropriate in all circumstances.

Relevant offences

- 4.51 Relevant offences are set out in Schedule 4 to the 2003 Act. If a person has been required to pay a civil penalty for immigration matters on or after 6 April 2017, this may be taken into consideration in the same way as a relevant offence. Offences added to the list of relevant offences with effect from 6 April 2017 may only be taken into consideration if the conviction was received on or after 6 April 2017.

Disapplication of certain mandatory conditions for community premises

- 4.52 The 2003 Act was amended in 2009 to allow certain community premises which have, or are applying for, a premises licence that authorises alcohol sales to also apply to include the alternative licence condition in sections 25A(2) and 41D(3) ("the alternative licence condition") of that Act in the licence instead of the usual mandatory conditions in sections 19(2) and 19(3). Such an application may only be made if the licence holder is, or is to be, a committee or board of individuals with responsibility for the management of the premises (the "management committee"). If such an application is successful, the effect of the alternative licence condition will be that the licence holder (i.e. the management committee) is responsible for the supervision and authorisation of all alcohol sales authorised by the licence. All such sales will have to be made or authorised by the licence holder. There will be no requirement for a DPS or for alcohol sales to be authorised by a personal licence holder.
- 4.53 Community premises are defined as premises that are or form part of a church hall, chapel hall or other similar building; or a village hall, parish hall or community hall or other similar building.
- 4.54 The process requires the completion of a form which is prescribed in regulations made under the 2003 Act. Where the management committee of a community premises is applying for authorisation for the sale of alcohol for the first time, it should include the form with the new premises licence application or the premises licence variation application. No extra payment is required beyond the existing fee for a new application or a variation.

- 4.55 Where a community premises already has a premises licence to sell alcohol, but wishes to include the alternative licence condition in place of the usual mandatory conditions in sections 19(2) and 19(3) of the 2003 Act, it should submit the form on its own together with the required fee.

Definition of community premises

- 4.56 In most instances, it should be self evident whether a premises is, or forms part of a church hall, chapel hall or other similar building; or a village hall, parish hall, community hall or other similar building.
- 4.57 Licensing authorities may have previously taken a view on how to determine whether a premises meets the definition of community premises for the purpose of the fee exemptions set out in regulation 9(2)(b) of the Licensing Act 2003 (Fees) Regulations 2005 (SI 2005/79). As the criteria are the same, premises that qualify for these fee exemptions for regulated entertainment will also be “community premises” for present purposes.
- 4.58 Where it is not clear whether premises are “community premises”, licensing authorities will need to approach the matter on a case-by-case basis. The main consideration in most cases will be how the premises are predominately used. If they are genuinely made available for community benefit most of the time, and accessible by a broad range of persons and sectors of the local community for purposes which include purposes beneficial to the community as a whole, the premises will be likely to meet the definition.
- 4.59 Many community premises such as school and private halls are available for private hire by the general public. This fact alone would not be sufficient for such halls to qualify as “community premises”. The statutory test is directed at the nature of the premises themselves, as reflected in their predominant use, and not only at the usefulness of the premises for members of the community for private purposes.
- 4.60 If the general use of the premises is contingent upon membership of a particular organisation or organisations, this would strongly suggest that the premises in question are not a “community premises” within the definition. However, the hire of the premises to individual organisations and users who restrict their activities to their own members and guests would not necessarily conflict with the status of the premises as a “community premises”, provided the premises are generally available for use by the community in the sense described above. It is not the intention that qualifying clubs, which are able to apply for a club premises certificate, should instead seek a premises licence with the removal of the usual mandatory conditions in sections 19(2) and 19(3) of the 2003 Act relating to the supply of alcohol.

Management of the premises

- 4.61 Sections 25A(1) and 41D(1) and (2) of the 2003 Act allow applications by community premises to apply the alternative licence condition rather than the usual mandatory conditions in sections 19(2) and 19(3) of the 2003 Act only where the applicant for the licence is the management committee of the premises in question. In addition, sections 25A(6) and 41D(5) require the licensing authority to be satisfied that the arrangements for the management of the premises by the committee or board are sufficient to ensure the adequate supervision of the supply of alcohol on the premises.

- 4.62 The reference to a “committee or board of individuals” is intended to cover any formally constituted, transparent and accountable management committee or structure. Such a committee should have the capacity to provide sufficient oversight of the premises to minimise any risk to the licensing objectives that could arise from allowing the responsibility for supervising the sale of alcohol to be transferred from a DPS and personal licence holder or holders. This could include management committees, executive committees and boards of trustees.
- 4.63 The application form requires applicants to set out how the premises is managed, its committee structure and how the supervision of alcohol sales is to be ensured in different situations (e.g. when the hall is hired to private parties) and how responsibility for this is to be determined in individual cases and discussed within the committee procedure in the event of any issues arising. The application form requires that the community premises submit copies of any constitution or other management documents with their applications and that they provide the names of their key officers. Where the management arrangements are less clear, licensing authorities may wish to ask for further details to confirm that the management board or committee is properly constituted and accountable before taking a decision on whether to grant the application (subject to the views of the police). Community premises may wish to check with the licensing authority before making an application. The management committee is strongly encouraged to notify the licensing authority if there are key changes in the committee’s composition and to submit a copy to the chief officer of police. A failure to do so may form the basis of an application to review the premises licence, or be taken into account as part of the consideration of such an application.
- 4.64 As the premise licence holder, the management committee will collectively be responsible for ensuring compliance with licence conditions and the law (and may remain liable to prosecution for one of the offences in the 2003 Act) although there would not necessarily be any individual member always present at the premises. While overall responsibility will lie with the management committee, where the premises are hired out the hirer may be clearly identified as having responsibility for matters falling within his or her control (e.g. under the contract for hire offered by the licence holder), much in the same way that the event organiser may be responsible for an event held under a Temporary Event Notice. Where hirers are provided with a written summary of their responsibilities under the 2003 Act in relation to the sale of alcohol, the management committee is likely to be treated as having taken adequate steps to avoid liability to prosecution if a licensing offence is committed.
- 4.65 As indicated above, sections 25A(6) and 41D(5) of the 2003 Act require the licensing authority to consider whether the arrangements for the management of the premises by the committee are sufficient to ensure adequate supervision of the supply of alcohol on the premises. Where private hire for events which include the sale of alcohol is permitted by the licence, it would be necessary to have an effective hiring agreement. Licensing authorities may wish to consider model hiring agreements that have been made available by organisations such as ACRE and Community Matters. Such model agreements can be revised to cater for the circumstances surrounding each hire arrangement; for example to state that the hirer is aware of the licensing objectives and offences in the 2003 Act and will ensure that it will take all appropriate steps to ensure that no offences are committed during the period of the hire.

Police views

4.66 In exceptional circumstances, the chief officer of police for the area in which the community premises is situated can object to a request for inclusion of the alternative licence condition on the grounds of crime and disorder, and any responsible authority or other person can seek reinstatement of the mandatory conditions through a review of the licence (as provided in section 52A of the 2003 Act). The police will want to consider any history of incidents at an establishment in light of the actual or proposed management arrangements, including the use of appropriate hire agreements. If the chief officer of police issues a notice seeking the refusal of the application to include the alternative licence condition, the licensing authority must hold a hearing in order to reach a decision on whether to grant the application.

Appeals

4.67 Where the chief officer of police has made relevant representations against the inclusion of the alternative licence condition, or given a notice under section 41D(6) which was not withdrawn, the chief officer of police can appeal the decision of the licensing authority to allow the inclusion of the alternative licence condition. Similarly, a community premises can appeal a decision by the licensing authority to refuse to include the alternative licence condition following a hearing triggered by relevant representations or by a notice given under section 41D(6). Following a review of the licence in which the mandatory conditions are reinstated, the licence holder may appeal against the decision. If the alternative licence condition is retained on review, the applicant for the review or any person who made relevant representations may appeal against the decision.

5. Who needs a premises licence?

- 5.1 A premises licence authorises the use of any premises (which is defined in the 2003 Act as a vehicle, vessel or moveable structure or any place or a part of any premises) for licensable activities defined in section 1 of the 2003 Act.

Relevant parts of Act

- 5.2 In determining whether any premises should be licensed, the following parts of the 2003 Act are relevant:

Relevant part of Act	Description
Section 1	Outlines the licensable activities
Part 3	Provisions relating to premises licences
Part 4	Provisions for qualifying clubs
Section 173	Activities in certain locations which are not licensable
Section 174	Premises that may be exempted on grounds of national security
Section 175	Exemption for incidental non-commercial lottery (e.g. a minor raffle or tombola)
Section 176	Prohibits the sale of alcohol at motorway service areas; and restricts the circumstances in which alcohol may be sold at garages
Section 189	Special provision in relation to the licensing of vessels, vehicles and moveable structures
Section 190	Where the place where a contract for the sale of alcohol is made is different from the place where the alcohol is appropriated to the contract, the sale of alcohol is to be treated as taking place where the alcohol is appropriated to the contract
Section 191	Defines “alcohol” for the purposes of the 2003 Act
Section 192	Defines the meaning of “sale by retail”
Section 193	Defines among other things “premises”, “vehicle”, “vessel” and “wine”
Schedules 1 and 2	Provision of regulated entertainment and provision of late night refreshment

- 5.3 Section 191 provides the meaning of “alcohol” for the purposes of the 2003 Act. It should be noted that a wide variety of foodstuffs contain alcohol but generally in a highly diluted form when measured against the volume of the product. For the purposes of the 2003 Act, the sale or supply of alcohol which is of a strength not exceeding 0.5 per cent ABV (alcohol by volume) at the time of the sale or supply in question is not a licensable activity. However, where the foodstuff contains alcohol at greater strengths, for example, as with some alcoholic jellies, the sale would be a licensable activity.
- 5.4 The definition of alcohol was amended by the Policing and Crime Act 2017 to include alcohol “in any state”. This is to make it clear that products such as powdered and vaporised alcohol fall within the definition provided by the 2003 Act.

Premises licensed for gambling

- 5.5 Gambling is the subject of separate legislation and licensing authorities should not duplicate any conditions imposed by this legislation when granting, varying or reviewing licences that authorise licensable activities under the 2003 Act. When making a licence application, the applicant may, in detailing the steps to be taken in promoting the licensing objectives, refer to the statutory conditions in respect of their gambling licence (where relevant). In addition, any conditions which are attached to premises licences should not prevent the holder from complying with the requirements of gambling legislation or supporting regulations. Further information about the Gambling Act 2005 can be found on the GOV.UK website.

Designated sports grounds, designated sports events and major outdoor sports stadia

- 5.6 Outdoor sports stadia are regulated by separate legislation and sports events taking place at outdoor stadia do not fall within the definition of the provision of regulated entertainment under the 2003 Act, with the exception of boxing or wrestling entertainment (see 16.49-16.51). Licensing authorities should therefore limit their consideration of applications for premises licences to activities that are licensable under the 2003 Act.
- 5.7 Major stadia will often have several bars and restaurants, including bars generally open to all spectators as well as bars and restaurants to which members of the public do not have free access. Alcohol may also be supplied in private boxes and viewing areas. A premises licence may make separate arrangements for public and private areas or for restaurant areas on the same premises. It may also designate areas where alcohol may not be consumed at all or at particular times.
- 5.8 Licensing authorities should be aware that paragraphs 98 and 99(c) of Schedule 6 to the 2003 Act and the repeals of section 2(1A) and section 5A of the Sporting Events (Control of Alcohol etc.) Act 1985 have not been commenced because their effect would have been different from that which Parliament had intended.

Sporting events at stadia with retractable roofs

- 5.9 A sporting event at a stadium or sports ground with a roof that opens and closes does not fall within the definition of an “indoor sporting event” under the 2003 Act. As a result, indoor sporting events taking place in these stadia are not ‘regulated entertainment’ and are not licensable under the 2003 Act.

Vessels

- 5.10 The 2003 Act applies to vessels (including ships and boats) as if they were premises. A vessel which is not permanently moored or berthed is treated as if it were premises situated in a place where it is usually moored or berthed. The relevant licensing authority for considering an application for a premises licence for a vessel is therefore the licensing authority for the area in which it is usually moored or berthed.
- 5.11 However, an activity is not a licensable activity if it takes place aboard a vessel engaged on an international journey. An “international journey” means a journey from a place in the United Kingdom to an immediate destination outside the United Kingdom or a

journey from outside the United Kingdom to an immediate destination in the United Kingdom.

- 5.12 If a vessel is not permanently moored and carries more than 12 passengers it is a passenger ship and will be subject to safety regulation by the Maritime and Coastguard Agency (MCA).
- 5.13 When a licensing authority receives an application for a premises licence in relation to a vessel, it should consider the promotion of the licensing objectives, but should not focus on matters relating to safe navigation or operation of the vessel, the general safety of passengers, or emergency provision; all of which are subject to regulations which must be met before the vessel is issued with its Passenger Certificate and Safety Management Certificate.
- 5.14 If the MCA is satisfied that the vessel complies with Merchant Shipping standards for a passenger ship, the premises should normally be accepted as meeting the public safety objective. In relation to other public safety aspects of the application, representations made by the MCA on behalf of the Secretary of State should be given particular weight.
- 5.15 If a vessel, which is not permanently moored and carries no more than 12 passengers, goes to sea, it will be subject to the Code of Practice for the Safety of Small Commercial Sailing Vessels. This code sets the standards for construction, safety equipment and manning for these vessels and MCA will be able to confirm that it has a valid safety certificate.
- 5.16 If a vessel carries no more than 12 passengers and does not go to sea, it may be regulated or licensed by the competent harbour authority, navigation authority or local authority. The recommended standards for these vessels are set out in the (non-statutory) Inland Waters Small Passenger Boat Code, which provides best practice guidance on the standards for construction, safety equipment and manning. Some authorities may use their own local rules. MCA has no direct responsibility for these vessels and will not normally comment on a premises licence application.

International airports and ports

- 5.17 Under the 2003 Act, the Secretary of State may ‘designate’ a port, hoverport or airport with a substantial amount of international traffic so that an activity carried on there is not licensable. The Secretary of State may also preserve existing designations made under earlier legislation.
- 5.18 Areas at designated ports which are “airside” or “wharfside” are included in the exemption in the 2003 Act from the licensing regime. The non-travelling public does not have access to these areas and they are subject to stringent bye-laws. The exemption allows refreshments to be provided to travellers at all times of the day and night. Other parts of designated ports, hoverports and airports are subject to the normal licensing controls.

Vehicles

- 5.19 Under the 2003 Act, alcohol may not be sold on a moving vehicle and the vehicle may not be licensed for that purpose. However, licensing authorities may consider applications for the sale of alcohol from a parked or stationary vehicle. For example, mobile bars could sell alcohol at special events as long as they were parked. Any permission granted would relate solely to the place where the vehicle is parked and where sales are to take place.
- 5.20 The provision of any entertainment on premises consisting of or forming part of any vehicle while it is in motion and not permanently or temporarily parked is not regulated entertainment for the purposes of the 2003 Act.

Trains and aircraft

- 5.21 Railway vehicles and aircraft engaged on journeys are exempted from the requirement to have an authorisation to carry on licensable activities (although a magistrates' court can make an order to prohibit the sale of alcohol on a railway vehicle if this is appropriate to prevent disorder). Licensing authorities should note that some defunct aircraft and railway carriages remain in a fixed position and are used as restaurants and bars. These premises are subject to the provisions of the 2003 Act.

Garages and motorway service areas

- 5.22 Section 176 of the 2003 Act prohibits the sale or supply of alcohol at motorway service areas (MSAs) and from premises which are used primarily as a garage, or are part of premises used primarily as a garage. Premises are used primarily as a garage if they are used for one or more of the following:
- the retailing of petrol;
 - the retailing of derv (diesel);
 - the sale of motor vehicles; and
 - the maintenance of motor vehicles.
- 5.23 It is for the licensing authority to decide, based on the licensing objectives, whether it is appropriate for that premises to be granted a licence, taking into account the documents and information listed in section 17(3) and (4) which must accompany the application.
- 5.24 If a licence is granted in respect of a premises and the primary use of that premises subsequently changes (for example, the primary use becomes that of a garage rather than a shop) it would no longer be legal to sell alcohol on that premises. If a relevant representation is made, the licensing authority must decide whether or not the premises are used primarily as a garage. The licensing authority may ask the licence holder to provide further information to help establish what the primary use of the premises is.

Large scale time-limited events requiring premises licences

- 5.25 Licensing authorities should note that a premises licence may be sought for a short, discrete period. The 2003 Act provides that a temporary event notice is subject to various limitations (see Chapter 7 of this Guidance). The temporary provision of licensable activities that fall outside these limits will require the authority of a premises licence if the premises are currently unlicensed for the activities involved.

5.26 The procedures for applying for and granting such a licence are identical to those for an unlimited duration premises licence except that it should be stated on the application that the applicant's intention is that the period of the licence should be limited. Licensing authorities should clearly specify on such a licence when it comes into force and when it ceases to have effect. If the sale of alcohol is involved, a personal licence holder must be specified as the designated premises supervisor.

6. Club premises certificates

6.1 This Chapter covers the administration of the processes for issuing, varying, and reviewing club premises certificates and other associated procedures.

General

6.2 Clubs are organisations where members have joined together for particular social, sporting or political purposes. They may then combine to buy alcohol in bulk as members of the organisation to supply in the club.

6.3 Technically the club only sells alcohol by retail at such premises to guests. Where members purchase alcohol, there is no sale (as the member owns part of the alcohol stock) and the money passing across the bar is merely a mechanism to preserve equity between members where one may consume more than another.

6.4 Only 'qualifying' clubs may hold club premises certificates. In order to be a qualifying club, a club must have at least 25 members and meet the qualifying conditions set out in paragraph 6.9. The grant of a club premises certificate means that a qualifying club is entitled to certain benefits. These include:

- the authority to supply alcohol to members and sell it to guests on the premises to which the certificate relates without the need for any member or employee to hold a personal licence;
- the authority to provide late night refreshment to members of the club without requiring additional authorisation;
- more limited rights of entry for the police and authorised persons because the premises are considered private and not generally open to the public;
- exemption from police powers of instant closure on grounds of disorder and noise nuisance (except when being used under the authority of a temporary event notice or premises licence) because they operate under their codes of discipline and rules; and
- exemption from orders of the magistrates' court for the closure of all licensed premises in an area when disorder is happening or expected.

6.5 Qualifying clubs should not be confused with proprietary clubs, which are clubs run commercially by individuals, partnerships or businesses for profit. These require a premises licence and are not qualifying clubs.

6.6 A qualifying club will be permitted under the terms of a club premises certificate to sell and supply alcohol to its members and their guests only. Instant membership is not permitted and members must wait at least two days between their application and their admission to the club. A qualifying club may choose to apply for a premises licence if it decides that it wishes to offer its facilities commercially for use by the general public, including the sale of alcohol to them. However, an individual on behalf of a club may give temporary event notices. See Chapter 7.

6.7 The 2003 Act does not prevent visitors to a qualifying club being supplied with alcohol as long as they are 'guests' of any member of the club or the club collectively, and nothing in the 2003 Act prevents the admission of such people as guests without prior notice. The 2003 Act does not define "guest" and whether or not somebody is a genuine

guest would in all cases be a question of fact.

- 6.8 There is no mandatory requirement under the 2003 Act for guests to be signed in by a member of the club. However, a point may be reached where a club is providing commercial services to the general public in a way that is contrary to its qualifying club status. It is at this point that the club would no longer be conducted in “good faith” and would no longer meet “general condition 3” for qualifying clubs in section 62 of the 2003 Act. Under the 2003 Act, the licensing authority must decide when a club has ceased to operate in “good faith” and give the club a notice withdrawing the club premises certificate. The club is entitled to appeal against such a decision to a magistrates’ court. Unless the appeal is successful, the club would need to apply for a premises licence to authorise licensable activities taking place there.

Qualifying conditions

- 6.9 Section 62 of the 2003 Act sets out five general conditions which a relevant club must meet to be a qualifying club. Section 63 also sets out specified matters for licensing authorities to enable them to determine whether a club is established and conducted in good faith – the third qualifying condition. Section 64 sets out additional conditions which only need to be met by clubs intending to supply alcohol to members and guests. Section 90 of the 2003 Act gives powers to the licensing authority to issue a notice to a club withdrawing its certificate where it appears that it has ceased to meet the qualifying conditions. There is a right of appeal against such a decision.

Associate members and guests

- 6.10 As well as their own members and guests, qualifying clubs are also able to admit associate members and their guests (i.e. members and guests from another ‘recognised club’ as defined by section 193 of the 2003 Act) to the club premises when qualifying club activities are being carried on without compromising the use of their club premises certificate.

Applications for the grant or variation of club premises certificates

- 6.11 The arrangements for applying for or seeking to vary club premises certificates are extremely similar to those for a premises licence. Clubs may also use the minor variation process to make small changes to their certificates as long as these could have no adverse impact on the licensing objectives. Licensing authorities should refer to Chapter 8 of this Guidance on the handling of such applications. Licensing authorities do not have to satisfy themselves that applicants for club premises certificates are entitled to work in the UK before issuing a club premises certificate. However, they will commit a criminal offence if they work illegally in the UK.
- 6.12 In addition to a plan of the premises and a club operating schedule, clubs must also include the rules of the club with their application (as well as making a declaration to the licensing authority in accordance with regulations made under the 2003 Act). On notifying any alteration to these rules to the licensing authority, the club is required to pay a fee set down in regulations. Licensing authorities cannot require any changes to the rules to be made as a condition of receiving a certificate unless relevant representations have been made. However, if a licensing authority is satisfied that the rules of a club indicate that it does not meet the qualifying conditions in the 2003 Act, a

club premises certificate should not be granted.

Steps needed to promote the licensing objectives

- 6.13 Club operating schedules prepared by clubs, must include the steps it intends to take to promote the licensing objectives. These will be translated into conditions included in the certificate, unless the conditions have been modified by the licensing authority following consideration of relevant representations. Guidance on these conditions is given in Chapter 10 of this Guidance.

7. Temporary Event Notices (TENs)

7.1 This Chapter covers the arrangements in Part 5 of the 2003 Act for the temporary carrying on of licensable activities which are not authorised by a premises licence or club premises certificate.

General

- 7.2 The system of permitted temporary activities is intended as a light touch process, and as such, the carrying on of licensable activities does not have to be authorised by the licensing authority on an application. Instead, a person wishing to hold an event at which such activities are proposed to be carried on (the “premises user”) gives notice to the licensing authority of the event (a “temporary event notice” or “TEN”).
- 7.3 The TEN must be given to the licensing authority in the form prescribed in regulations made under the 2003 Act. The form requires the user to describe key aspects of the proposed event, including the general nature of the premises and the event, the licensable activities intended to be carried on at the proposed event, including whether they will include any relevant entertainment as defined in Schedule 3 to the Local Government (Miscellaneous Provisions) Act 1982 (i.e. displays of nudity designed to sexually stimulate any member of the audience including, but not limited to, lap dancing and pole dancing).
- 7.4 Unless it is sent electronically, it must be sent to the relevant licensing authority, to the police and “local authority exercising environmental health functions” (“EHA”) at least ten working days before the event. A premises user may also give a limited number of “late TENs” to the licensing authority less than 10 working days before the event to which they relate, although certain restrictions apply (see paragraphs 7.12-7.14). “Working day” under the 2003 Act means any day other than a Saturday, Sunday, Christmas Day, Good Friday or Bank Holiday. For limited purposes in relation to a TEN, the 2003 Act defines a “day” as a period of 24 hours beginning at midnight.
- 7.5 If a TEN is sent electronically via GOV.UK or the licensing authority’s own facility, the licensing authority must notify the police and EHA as soon as possible and no later than the first working day after the TEN is given.
- 7.6 The police or EHA (“relevant persons” for the purposes of TENs) may intervene to prevent such an event taking place by sending an objection to the licensing authority, which the licensing authority must consider on the basis of the statutory licensing objectives and decide whether the event should go ahead. A relevant person may also intervene by agreeing a modification of the proposed arrangements directly with the TENs user (see paragraph 7.36). If a relevant person sends an objection, this may result in the licensing authority imposing conditions on a TEN but only where the venue at which the event is to be held has an existing premises licence or club premises certificate. When giving a TEN, the premises user should consider the promotion of the four licensing objectives. The licensing authority may only otherwise intervene if the statutory permitted limits on TENs would be exceeded (see paragraphs 7.15-7.22).
- 7.7 A TEN does not relieve the premises user from any requirements under planning law for appropriate planning permission where it is required.

Standard and late temporary event notices

7.8 There are two types of TEN: a standard TEN and a late TEN. These are subject to different processes: a standard notice is given no later than ten working days before the event to which it relates; and a late notice is given not before nine and not later than five working days before the event.

Standard temporary event notices

- 7.9 “Ten working days” (and other periods of days which apply to other requirements in relation to TENs) exclude the day the notice is received and the first day of the event.
- 7.10 The police and EHA have a period of three working days from when they are given the notice to object to it on the basis of any of the four licensing objectives.
- 7.11 Although ten clear working days is the minimum possible notice that may be given, licensing authorities should publicise their preferences in terms of advance notice and encourage premises users to provide the earliest possible notice of events planned by them. Licensing authorities should also consider publicising a preferred maximum time in advance of an event by when TENs should ideally be given to them.

Late temporary event notices

- 7.12 Late TENs are intended to assist premises users who are required for reasons outside their control to, for example, change the venue for an event at short notice. However, late TENs may, of course, be given in any circumstances providing the limits specified at paragraph 7.15 are not exceeded.
- 7.13 Late TENs can be given up to five working days but no earlier than nine working days before the event is due to take place and, unless given electronically to the licensing authority, must also be sent by the premises user to the police and EHA. A late TEN given less than five days before the event to which it relates will be returned as void and the activities to which it relates will not be authorised.
- 7.14 A key difference between standard and late TENs is the process following an objection notice from the police or EHA. Where an objection notice is received in relation to a standard TEN the licensing authority must hold a hearing to consider the objection, unless all parties agree that a hearing is unnecessary. If the police, EHA or both give an objection to a late TEN, the notice will not be valid and the event will not go ahead as there is no scope for a hearing or the application of any existing conditions.

Limitations

- 7.15 A number of limitations are imposed on the use of TENs by the 2003 Act:
- the number of times a premises user may give a TEN is 50 times in a calendar year for a personal licence holder and five times in a calendar year for other people;
 - the number of times a premises user may give a late TEN is limited to 10 times in a calendar year for a personal licence holder and twice for other people. Late TENs count towards the total number of permitted TENs (i.e. the limit of five TENs a year for non-personal licence holders and 50 TENs for personal licence holders). A notice that is given less than ten working days before the event to which it relates, when the premises user has already given the permitted number of late TENs in that calendar year, will be returned as void and the activities described in it will not be authorised.

- the number of times a TEN may be given for any particular premises is 12 times in a calendar year (the Deregulation Act 2015 has increased this number to 15 with effect from 1 January 2016);
 - the maximum duration of an event authorised by a TEN is 168 hours (seven days);
 - the maximum total duration of the events authorised by TENs in relation to individual premises is 21 days in a calendar year;
 - the maximum number of people attending at any one time is 499; and
 - the minimum period between events authorised under separate TENs in relation to the same premises (not including withdrawn TENs) by the same premises user is 24 hours.
- 7.16 Any associate, relative or business partner of the premises user is considered to be the same premises user in relation to these restrictions. The 2003 Act defines an associate, in relation to the premises user, as being:
- the spouse or civil partner of that person;
 - a child, parent, grandchild, grandparent, brother or sister of that person;
 - an agent or employee of that person; or
 - the spouse or civil partner of a person listed in either of the two preceding bullet points.
- 7.17 A person living with another person as their husband or wife, is treated for these purposes as their spouse. ‘Civil partner’ has its meaning in the Civil Partnership Act 2004.
- 7.18 A TEN that is given may be subsequently withdrawn by the TEN user by giving the licensing authority a notice to that effect no later than 24 hours before the beginning of the event period specified in the TEN. Otherwise, the TEN will be included within the limits of TENs allowed in a given calendar year, even if the event does not go ahead.
- 7.19 Once these limits have been reached, the licensing authority should issue a counter notice (permitted limits) if any more are given. Proposed activities that exceed these limits will require a premises licence or club premises certificate.
- 7.20 TENs may be given in respect of premises which already have a premises licence or club premises certificate to cover licensable activities not permitted by the existing authorisation.
- 7.21 In determining whether the maximum total duration of the periods covered by TENs at any individual premises has exceeded 21 days, an event beginning before midnight and continuing into the next day would count as two days towards the 21-day limitation.
- 7.22 There is nothing in the 2003 Act to prevent notification of multiple events at the same time, provided the first event is at least ten working days away (or five working days away in the case of a late TEN). For example, an individual personal licence holder wishing to exhibit and sell beer at a series of farmers’ markets may wish to give several notices simultaneously. However, this would only be possible where the limits are not exceeded in the case of each notice. Where the events are due to take place in different licensing authority (and police) areas, the respective licensing authorities and relevant persons would each need to be notified accordingly.

Who can give a temporary event notice?

Personal licence holders

7.23 A personal licence holder can give a TEN at any premises on up to 50 occasions in a calendar year. This limit is inclusive of any late TENs given in the same year. The use of each TEN must of course observe the limits described above, including the limit of 12 TENs in respect of each premises in a calendar year.

Non-personal licence holders

7.24 The 2003 Act provides that any individual aged 18 or over may give a TEN to authorise the carrying on of all licensable activities under the Licensing Act 2003, whether or not that individual holds a personal licence. Such an individual will not, therefore, have met the requirements that apply to a personal licence holder under Part 6 of the 2003 Act. Where alcohol is not intended to be sold, this should not matter. However, many events will involve a combination of licensable activities and the 2003 Act limits the number of notices that may be given by any non-personal licence holder to five occasions in a calendar year (inclusive of any late TENs in the same year). In every other respect, the Guidance and information set out in the paragraphs above applies.

Role of the licensing authority

7.25 The licensing authority must check that the limitations set down in Part 5 of the 2003 Act are being observed and intervene if they are not (see paragraph 7.15). For example, a TEN would be void unless there is a minimum of 24 hours between events notified by the same premises user, or an associate or someone who is in business with the relevant premises user in respect of the same premises. This is to prevent evasion of the seven day (or 168 hour) limit on such events and the need to obtain a full premises licence or club premises certificate for more major or permanent events. In addition, for these purposes, a TEN is treated as being from the same premises user if it is given by an associate.

7.26 Where the application is not within the statutory parameters described earlier, the licensing authority will issue a counter notice to the premises user.

7.27 Where the TEN is in order, the relevant fee paid and the event falls within the prescribed limits, the licensing authority will record the notice in its register and send an acknowledgement to the premises user (which may be given electronically). The licensing authority must do so, no later than the end of the first working day following the day on which it was received (or by the end of the second working day if it was received on a non-working day), unless an objection notice is received beforehand from the police or EHA on the basis of any of the four licensing objectives (see paragraphs below).

7.28 If the licensing authority receives an objection notice from the police or EHA that is not withdrawn, it must (in the case of a standard TEN only) hold a hearing to consider the objection (unless all parties agree that this is unnecessary). The licensing committee may decide to allow the licensable activities to go ahead as stated in the notice. If the notice is in connection with licensable activities at licensed premises, the licensing authority may also impose one or more of the existing licence conditions on the TEN (insofar as such conditions are not inconsistent with the event) if it considers that this is

appropriate for the promotion of the licensing objectives. If the authority decides to impose conditions, it must give notice to the premises user which includes a statement of conditions (a “notice (statement of conditions)”) and provide a copy to each relevant party. Alternatively, it can decide that the event would undermine the licensing objectives and should not take place. In this case, the licensing authority must give a counter notice.

- 7.29 Premises users are not required to be on the premises during the event authorised by the TEN, but they will remain liable to prosecution for certain offences that may be committed at the premises during the period covered by it. These include, for example, the offences of the sale of alcohol to a person who is drunk; persistently selling alcohol to children and allowing disorderly conduct on licensed premises.
- 7.30 In the case of an event authorised by a TEN, failure to adhere to the requirements of the 2003 Act, such as the limitation of no more than 499 being present at any one time, would mean that the event was unauthorised. In such circumstances, the premises user would be liable to prosecution.
- 7.31 Section 8 of the 2003 Act requires licensing authorities to keep a register containing certain matters, including a record of TENs received. There is no requirement to record all the personal information given on a TEN.

Police and environmental health intervention

- 7.32 The system of permitted temporary activities gives police and EHAs the opportunity to consider whether they should object to a TEN on the basis of any of the licensing objectives.
- 7.33 If the police or EHA believe that allowing the premises to be used in accordance with the TEN will undermine the licensing objectives, they must give the premises user and the licensing authority an objection notice. The objection notice must be given within the period of three working days following the day on which they received the TEN.
- 7.34 Where a standard TEN was given, the licensing authority must consider the objection at a hearing before a counter notice can be issued. At the hearing, the police, EHA and the premises user may make representations to the licensing authority. Following the hearing, the licensing authority may decide to impose conditions which already apply to an existing premises licence or club premises certificate at the venue, or issue a counter notice to prevent the event going ahead. As noted above, there is no scope for hearings in respect of late TENs and if objections are raised by the police or EHA in relation to a late TEN, the notice will be invalid and the event will not go ahead.
- 7.35 Such cases might arise because of concerns about the scale, location, timing of the event or concerns about public nuisance. However, in most cases, where for example, alcohol is supplied away from licensed premises at a temporary bar under the control of a personal licence holder, (such as at weddings with a cash bar or small social or sporting events) this should not usually give rise to the use of these powers.

Modification

7.36 As noted above, the police or EHA (as “relevant persons”) may contact the premises user to discuss their objections and try to come to an agreement which will allow the proposed licensable activities to proceed. The TEN can be modified (for example, by changing the details of the parts of the premises that are to be used for the event, the description of the nature of the intended activities or their duration). The other relevant person has to agree for the modification to be made. There is no scope under the 2003 Act for the modification of a late TEN.

Applying conditions to a TEN

7.37 The 2003 Act provides that only the licensing authority can impose conditions to a TEN from the existing conditions on the premises licence or club premises certificate at the venue. The licensing authority can only do so:

- if the police or the EHA have objected to the TEN;
- if that objection has not been withdrawn;
- if there is a licence or certificate in relation to at least a part of the premises in respect of which the TEN is given;
- and if the licensing authority considers it appropriate for the promotion of the licensing objectives to impose one or more conditions.

7.38 This decision is one for the licensing authority alone, regardless of the premises user’s views or willingness to accept conditions. The conditions must be notified to the premises user on the form prescribed by regulations.

Hearings to impose conditions

7.39 Section 105 of the 2003 Act is clear that a licensing authority must hold a hearing to consider any objections from the police or EHA unless all the parties agree that a hearing is not necessary. If the parties agree that a hearing is not necessary and the licensing authority decides not to give a counter notice on the basis of the objection, it may impose existing conditions on the TEN.

Duty of premises users to keep and produce TENs

7.40 Where a TEN is not prominently displayed at the premises, the police and licensing officers have the right under sections 109(5) and (6) of the 2003 Act to request the premises user (or relevant nominated person who has the TEN in their custody) to produce the TEN for examination. If the police do not intervene when a TEN is given, they will still be able to rely on their powers of closure under the Anti-social Behaviour, Crime and Policing Act 2014³.

8. Applications for premises licences

Relevant licensing authority

- 8.1 Premises licences are issued by the licensing authority in which the premises are situated or, in the case of premises straddling an area boundary, the licensing authority where the greater part of the premises is situated. Where the premises is located equally in two or more areas, the applicant may choose but, in these rare cases, it is important that each of the licensing authorities involved maintain close contact.
- 8.2 Section 13 of the 2003 Act defines the parties holding important roles in the context of applications, inspection, monitoring and reviews of premises licences.

Authorised persons

- 8.3 The first group –“authorised persons”– are bodies empowered by the 2003 Act to carry out inspection and enforcement roles. The police and immigration officers are not included because they are separately empowered by the 2003 Act to carry out their duties.
- 8.4 For all premises, the authorised persons include:
- officers of the licensing authority;
 - fire inspectors;
 - inspectors with responsibility in the licensing authority’s area for the enforcement of the Health and Safety at Work etc Act 1974;
 - officers of the local authority exercising environmental health functions
- 8.5 Local authority officers will most commonly have responsibility for the enforcement of health and safety legislation, but the Health and Safety Executive is responsible for certain premises. In relation to vessels, authorised persons also include an inspector or a surveyor of ships appointed under section 256 of the Merchant Shipping Act 1995. These would normally be officers acting on behalf of the Maritime and Coastguard Agency. The Secretary of State may prescribe other authorised persons by means of regulations, but has not currently prescribed any additional bodies. If any are prescribed, details will be made available on the GOV.UK website.
- 8.6 Where an immigration officer has reason to believe that any premises are being used for a licensable activity, the officer may enter the premises with a view to seeing whether an offence under any of the Immigration Acts is being committed in connection with the licensable activity.

Responsible authorities

- 8.7 The second group –“responsible authorities”– are public bodies that must be fully notified of applications and that are entitled to make representations to the licensing authority in relation to the application for the grant, variation or review of a premises licence. These representations must still be considered ‘relevant’ by the licensing authority and relate to one or more of the licensing objectives. For all premises, responsible authorities include:
- the relevant licensing authority and any other licensing authority in whose area part of

the premises is situated;

- the chief officer of police;
- the local fire and rescue authority;
- the relevant enforcing authority under the Health and Safety at Work etc Act 1974;
- the local authority with responsibility for environmental health;
- the local planning authority;
- a body that represents those who are responsible for, or interested in, matters relating to the protection of children from harm;
- each local authority's Director of Public Health (DPH) in England⁴ and Local Health Boards (in Wales);
- the local weights and measures authority (trading standards); and
- Home Office Immigration Enforcement (on behalf of the Secretary of State).

8.8 The licensing authority should indicate in its statement of licensing policy which body it recognises to be competent to advise it on the protection of children from harm. This may be the local authority social services department, the Local Safeguarding Children Board or another competent body. This is important as applications for premises licences have to be copied to the responsible authorities in order for them to make any representations they think are relevant.

8.9 In relation to a vessel, responsible authorities also include navigation authorities within the meaning of section 221(1) of the Water Resources Act 1991 that have statutory functions in relation to the waters where the vessel is usually moored or berthed, or any waters where it is proposed to be navigated when being used for licensable activities; the Environment Agency; the Canal and River Trust; and the Secretary of State (who in practice acts through the Maritime and Coastguard Agency (MCA)). In practice, the Environment Agency and the Canal and River Trust only have responsibility in relation to vessels on waters for which they are the navigation statutory authority.

8.10 The MCA is the lead responsible authority for public safety, including fire safety, affecting passenger ships (those carrying more than 12 passengers) wherever they operate and small commercial vessels (carrying no more than 12 passengers) which go to sea. The safety regime for passenger ships is enforced under the Merchant Shipping Acts by the MCA which operates certification schemes for these vessels. Fire and rescue authorities, the Health and Safety Executive and local authority health and safety inspectors should normally be able to make "nil" returns in relation to such vessels and rely on the MCA to make any appropriate representations in respect of this licensing objective.

8.11 Merchant Shipping legislation does not, however, apply to permanently moored vessels. So, for example, restaurant ships moored on the Thames Embankment, with permanent shore connections should be considered by the other responsible authorities concerned with public safety, including fire safety. Vessels carrying no more than 12 passengers which do not go to sea are not subject to MCA survey and certification, but may be licensed by the local port or navigation authority.

⁴ This change was made as a result of the commencement of measures in the Health and Social Care Act 2012 which amended the 2003 Act and further provision in the NHS Bodies and Local Authorities (Partnership Arrangements, Care Trusts, Public Health and Local Healthwatch) Regulations 2012.

- 8.12 The Secretary of State may prescribe other responsible authorities by means of regulations. Any such regulations are published on the Government's legislation website: www.legislation.gov.uk.

Other persons

- 8.13 As well as responsible authorities, any other person can play a role in a number of licensing processes under the 2003 Act. This includes any individual, body or business entitled to make representations to licensing authorities in relation to applications for the grant, variation, minor variation or review of premises licences and club premises certificates, regardless of their geographic proximity to the premises. In addition, these persons may themselves seek a review of a premises licence. Any representations made by these persons must be 'relevant', in that the representation relates to one or more of the licensing objectives. It must also not be considered by the licensing authority to be frivolous or vexatious. In the case of applications for reviews, there is an additional requirement that the grounds for the review should not be considered by the licensing authority to be repetitious. Chapter 9 of this guidance (paragraphs 9.4 to 9.10) provides more detail on the definition of relevant, frivolous and vexatious representations.
- 8.14 While any of these persons may act in their own right, they may also request that a representative makes the representation to the licensing authority on their behalf. A representative may include a legal representative, a friend, a Member of Parliament, a Member of the Welsh Government, or a local ward or parish councillor who can all act in such a capacity.

Who can apply for a premises licence?

- 8.15 Any person (if an individual aged 18 or over) who is carrying on or who proposes to carry on a business which involves the use of premises (any place including one in the open air) for licensable activities may apply for a premises licence either on a permanent basis or for a time-limited period.
- 8.16 "A person" in this context includes, for example, a business or a partnership. Licensing authorities should not require the nomination of an individual to hold the licence or determine the identity of the most appropriate person to hold the licence.
- 8.17 In considering joint applications (which is likely to be a rare occurrence), it must be stressed that under section 16(1)(a) of the 2003 Act each applicant must be carrying on a business which involves the use of the premises for licensable activities. In the case of public houses, this would be easier for a tenant to demonstrate than for a pub owning company that is not itself carrying on licensable activities. Where licences are to be held by businesses, it is desirable that this should be a single business to avoid any lack of clarity in accountability.
- 8.18 A public house may be owned, or a tenancy held, jointly by a husband and wife, civil partners or other partnerships of a similar nature, and both may be actively involved in carrying on the licensable activities. In these cases, it is entirely possible for the husband and wife or the partners to apply jointly as applicant for the premises licence, even if they are not formally partners in business terms. This is unlikely to lead to the same issues of clouded accountability that could arise where two separate businesses

apply jointly for the licence. If the application is granted, the premises licence would identify the holder as comprising both names and any subsequent applications, for example for a variation of the licence, would need to be made jointly.

- 8.19 A wide range of other individuals and bodies set out in section 16 of the 2003 Act may apply for premises licences. They include, for example, Government Departments, local authorities, hospitals, schools, charities or police forces. In addition to the bodies listed in section 16, the Secretary of State may prescribe by regulations other bodies that may apply and any such regulations are published on the Government's legislation website. There is nothing in the 2003 Act which prevents an application being made for a premises licence at premises where a premises licence is already held.

Application forms

- 8.20 The Provision of Services Regulations 2009 require local authorities to ensure that all procedures relating to access to, or the exercise of, a service activity may be easily completed, at a distance and by electronic means. Electronic application facilities for premises licences may be found either on GOV.UK or the licensing authority's own website. It remains acceptable to make an application in writing.

Electronic applications

- 8.21 Applicants may apply using the licence application forms available on GOV.UK, or will be re-directed from GOV.UK to the licensing authority's own electronic facility if one is available. Applicants may also apply directly to the licensing authority's facility without going through GOV.UK.

Electronic applications using forms on gov.uk

- 8.22 GOV.UK will send a notification to the licensing authority when a completed application form is available for it to download from GOV.UK. This is the day that the application is taken to be 'given' to the licensing authority, even if it is downloaded at a later stage, and the application must be advertised from the day after that day (as for a written application). The licensing authority must acknowledge the application as quickly as possible, specifying the statutory time period and giving details of the appeal procedure.
- 8.23 The period of 28 consecutive days during which the application must be advertised on a notice outside the premises is, effectively, the statutory timescale by which the application must be determined (unless representations are made). This will be published on GOV.UK and must also be published on the licensing authority's own electronic facility if one exists. If no representations are made during this period, the licensing authority must notify the applicant as quickly as possible that the licence has been granted. The licensing authority must send the licence to the applicant as soon as possible after this, but the applicant may start the licensed activity as soon as they have been notified that the application is granted (subject to compliance with the conditions of the licence). The licence may be supplied in electronic or written format as long as the applicant is aware which document constitutes 'the licence'. If representations are made, the guidance in Chapter 9 applies.

Requirement to copy application to responsible authorities

- 8.24 The licensing authority must copy electronic applications, made via GOV.UK or its own facility, to responsible authorities no later than the first working day after the application

is given. However, if an applicant submits any part of their application in writing, the applicant will remain responsible for copying it to responsible authorities.

Applications via the local authority electronic application facility

8.25 Where applications are made on the licensing authority's own electronic facility, the application will be taken to be 'given' when the applicant has submitted a complete application form and paid the fee. The application is given at the point at which it becomes accessible to the authority by means of the facility. The licensing authority must acknowledge the application as quickly as possible, specifying the statutory time period and giving details of the appeal procedure.

'Holding' and 'deferring' electronic applications

8.26 The Government recommends (as for written applications) that electronic applications should not be returned if they contain obvious and minor errors such as typing mistakes, or small errors that can be rectified with information already in the authority's possession. However, if this is not the case and required information is missing or incorrect, the licensing authority may 'hold' the application until the applicant has supplied all the required information. This effectively resets the 28 day period for determining an application and may be done any number of times until the application form is complete. Licensing authorities must ensure that they notify the applicant as quickly as possible of any missing (or incorrect) information, and explain how this will affect the statutory timescale and advertising requirements.

8.27 If an application has been given at the weekend, the notice advertising the application (where applicable) may already be displayed outside the premises by the time that the licensing authority downloads the application. It is therefore recommended that, if a licensing authority holds an application, it should inform the applicant that the original (or if necessary, amended) notice must be displayed until the end of the revised period. The licensing authority should also advise the applicant that they should not advertise the application in a local newspaper until they have received confirmation from the licensing authority that the application includes all the required information. To ensure clarity for applicants, the Government recommends that licensing authorities include similar advice on their electronic application facilities (where these exist) to ensure that applicants do not incur any unnecessary costs.

8.28 If an applicant persistently fails to supply the required information, the licensing authority may refuse the application and the applicant must submit a new application.

8.29 Licensing authorities may also 'defer' electronic applications once if the application is particularly complicated, for example if representations are received and a hearing is required. This allows the licensing authority to extend the statutory time period for the determination of the application by such time as is necessary, including, if required, arranging and holding a hearing. Licensing authorities must ensure that applicants are informed as quickly as possible of a decision to defer, and the reasons for the deferral, before the original 28 days has expired.

Written applications

8.30 A written application for a premises licence must be made in the prescribed form to the relevant licensing authority and be copied to each of the appropriate responsible authorities. For example, it would not be appropriate to send an application for premises

which was not a vessel to the Maritime and Coastguard Agency. The application must be accompanied by:

- the required fee (details of fees may be viewed on the GOV.UK website);
- an operating schedule (see below);
- a plan of the premises in a prescribed form; and
- if the application involves the supply of alcohol, a form of consent from the individual who is to be specified in the licence as the designated premises supervisor (DPS).

- 8.31 If the application is being made by an individual the application should be accompanied by acceptable evidence of entitlement to work in the UK, as set out in the application form (see paragraph 4.8).
- 8.32 If the application is being made in respect of a community premises, it may be accompanied by the form of application to apply the alternative licence condition.
- 8.33 Guidance on completing premises licence, club premises certificate and minor variation forms can be found on the GOV.UK website. The Licensing Act 2003 (Premises licences and club premises certificates) Regulations 2005 contain provision about the prescribed form of applications, operating schedules and plans and are published on the legislation.gov.uk website.

Plans

- 8.34 Plans, for written and electronic applications, will not be required to be submitted in any particular scale, but they must be in a format which is “clear and legible in all material respects”, i.e. they must be accessible and provides sufficient detail for the licensing authority to be able to determine the application, including the relative size of any features relevant to the application. There is no requirement for plans to be professionally drawn as long as they clearly show all the prescribed information.

Entitlement to work in the UK

- 8.35 Individuals applying for a premises licence for the sale of alcohol or late night refreshment must be entitled to work in the UK. From 6 April 2017 licensing authorities must be satisfied that an individual who applies for a premises licence is entitled to work in the UK. This includes applications made by more than one individual applicant. An application made by an individual without the entitlement to work in the UK must be rejected. This applies to applications which include the sale of alcohol and the provisions of late night refreshment, but does not include applications which apply to regulated entertainment only. For example, a person applying for a licence for a music venue who does not intend to sell alcohol or late night refreshment is not prohibited from applying for a licence on grounds of immigration status. However, they will commit a criminal offence if they work illegally.
- 8.36 The documents which may be relied on in support of an application demonstrating an entitlement to work in the UK are the same as for personal licence applicants see paragraph 4.8. Where there is sufficient evidence that the applicant is not resident in the UK there is no requirement that the applicant have an entitlement to work in the UK.
- 8.37 Where an applicant’s permission to work in the UK is time-limited the licensing authority may issue a premises licence for an indefinite period, but the licence will become invalid

when the immigration permission expires. The individual's entitlement to work in the UK may be extended or made permanent by the Home Office, and granting the licence for an indefinite period prevents the licensee from having to re-apply for a new licence. In the event that the Home Office cuts short or ends a person's immigration permission (referred to as a curtailment or revocation), any licence issued on or after 6 April 2017 which authorises the sale of alcohol or provision of late night refreshment will automatically lapse. As with personal licences, the licensing authority is under no duty to carry out on going immigration checks to see whether a licence holder's permission to be in the UK has been brought to an end. For further details on entitlement to work see paragraphs 4.8 to 4.18.

Steps to promote the licensing objectives

- 8.38 In completing an operating schedule, applicants are expected to have regard to the statement of licensing policy for their area. They must also be aware of the expectations of the licensing authority and the responsible authorities as to the steps that are appropriate for the promotion of the licensing objectives, and to demonstrate knowledge of their local area when describing the steps they propose to take to promote the licensing objectives. Licensing authorities and responsible authorities are expected to publish information about what is meant by the promotion of the licensing objectives and to ensure that applicants can readily access advice about these matters. However, applicants are also expected to undertake their own enquiries about the area in which the premises are situated to inform the content of the application.
- 8.39 Applicants are, in particular, expected to obtain sufficient information to enable them to demonstrate, when setting out the steps they propose to take to promote the licensing objectives, that they understand:
- the layout of the local area and physical environment including crime and disorder hotspots, proximity to residential premises and proximity to areas where children may congregate;
 - any risk posed to the local area by the applicants' proposed licensable activities; and
 - any local initiatives (for example, local crime reduction initiatives or voluntary schemes including local taxi-marshalling schemes, street pastors and other schemes) which may help to mitigate potential risks.
- 8.40 Applicants are expected to include positive proposals in their application on how they will manage any potential risks. Where specific policies apply in the area (for example, a cumulative impact policy), applicants are also expected to demonstrate an understanding of how the policy impacts on their application; any measures they will take to mitigate the impact; and why they consider the application should be an exception to the policy.
- 8.41 It is expected that enquiries about the locality will assist applicants when determining the steps that are appropriate for the promotion of the licensing objectives. For example, premises with close proximity to residential premises should consider what effect this will have on their smoking, noise management and dispersal policies to ensure the promotion of the public nuisance objective. Applicants must consider all factors which may be relevant to the promotion of the licensing objectives, and where there are no known concerns, acknowledge this in their application.

- 8.42 The majority of information which applicants will require should be available in the licensing policy statement in the area. Other publicly available sources which may be of use to applicants include:
- the Crime Mapping website;
 - Neighbourhood Statistics websites;
 - websites or publications by local responsible authorities;
 - websites or publications by local voluntary schemes and initiatives; and
 - on-line mapping tools.
- 8.43 While applicants are not required to seek the views of responsible authorities before formally submitting their application, they may find them to be a useful source of expert advice on local issues that should be taken into consideration when making an application. Licensing authorities may wish to encourage co-operation between applicants, responsible authorities and, where relevant, local residents and businesses before applications are submitted in order to minimise the scope for disputes to arise.
- 8.44 Applicants are expected to provide licensing authorities with sufficient information in this section to determine the extent to which their proposed steps are appropriate to promote the licensing objectives in the local area. Applications must not be based on providing a set of standard conditions to promote the licensing objectives and applicants are expected to make it clear why the steps they are proposing are appropriate for the premises.
- 8.45 All parties are expected to work together in partnership to ensure that the licensing objectives are promoted collectively. Where there are no disputes, the steps that applicants propose to take to promote the licensing objectives, as set out in the operating schedule, will very often translate directly into conditions that will be attached to premises licences with the minimum of fuss.
- 8.46 For some premises, it is possible that no measures will be appropriate to promote one or more of the licensing objectives, for example, because they are adequately covered by other existing legislation. It is however important that all operating schedules should be precise and clear about the measures that are proposed to promote each of the licensing objectives.

Variations

Introduction

- 8.47 Where a premises licence holder wishes to amend the licence, the 2003 Act in most cases permits an application to vary to be made rather than requiring an application for a new premises licence. The process to be followed will depend on the nature of the variation and its potential impact on the licensing objectives. Applications to vary can be made electronically via GOV.UK or by means of the licensing authority's own electronic facility following the procedures set out in Chapter 8 above.

Simplified processes

- 8.48 There are simplified processes for making applications, or notifying changes, in the following cases:
- a change of the name or address of someone named in the licence (section 33);

- an application to vary the licence to specify a new individual as the designated premises supervisor (DPS) (section 37);
- a request to be removed as the designated premises supervisor (section 41);
- an application by a licence holder in relation to community premises authorised to sell alcohol to remove the usual mandatory conditions set out in sections 19(2) and 19(3) of the 2003 Act concerning the supervision of alcohol sales by a personal licence holder and the need for a DPS who holds a personal licence (sections 25A and 41D); and
- an application for minor variation of a premises licence (sections 41A to 41C) or club premises certificate (sections 86A to 86C).

8.49 If an application to specify a new DPS or to remove the mandatory conditions concerning the supervision of alcohol sales is made electronically via GOV.UK or the licensing authority's own electronic facility, the authority must notify the police no later than the first working day after the application is given.

8.50 Where a simplified process requires the applicant (if they are not also the personal licence holder) to copy the application to the licence holder for information, this will apply regardless of whether the application is made in writing or electronically. Otherwise the general guidance set out above (paragraphs 8.21 to 8.28) on electronic applications applies.

Minor variations process

8.51 Variations to premises licences or club premises certificates that could not impact adversely on the licensing objectives are subject to a simplified 'minor variations' process. Under this process, the applicant is not required to advertise the variation in a newspaper or circular, or copy it to responsible authorities. However, they must display it on a white notice (to distinguish it from the blue notice used for full variations and new applications). The notice must comply with the requirements set out in regulation 26A of the Licensing Act 2003 (Premises licences and club premises certificates) Regulations 2005. In accordance with those regulations, the notice must be displayed for a period of ten working days starting on the working day after the minor variation application was given to the licensing authority.

8.52 On receipt of an application for a minor variation, the licensing authority must consider whether the variation could impact adversely on the licensing objectives. It is recommended that decisions on minor variations should be delegated to licensing officers.

8.53 In considering the application, the licensing authority must consult relevant responsible authorities (whether the application is made in writing or electronically) if there is any doubt about the impact of the variation on the licensing objectives and they need specialist advice, and take their views into account in reaching a decision. The application is unlikely to be relevant to all responsible authorities.

8.54 The licensing authority must also consider any relevant representations received from other persons within the time limit referred to below. As stated earlier in this Guidance, representations are only relevant if they clearly relate to the likely effect of the grant of the variation on the promotion of at least one of the licensing objectives; representations must be confined to the subject matter of the variation. In the case of minor variations, there is no right to a hearing (as for a full variation or new application), but licensing

authorities must take any representations into account in arriving at a decision.

- 8.55 Other persons have ten working days from the 'initial day', that is to say, the day after the application is received by the licensing authority, to submit representations. The licensing authority must therefore wait until this period has elapsed before determining the application, but must do so at the latest within 15 working days, beginning on the first working day after the authority received the application, with effect either that the minor variation is granted or the application is refused.
- 8.56 If the licensing authority fails to respond to the applicant within 15 working days (see section 193 of the 2003 Act for the definition of working day), the application will be treated as refused and the authority must return the fee to the applicant forthwith. However, the licensing authority and the applicant may agree instead that the undetermined application should be treated as a new application and that the fee originally submitted will be treated as a fee for the new application.
- 8.57 Where an application is refused and is then re-submitted through the full variation process, the full 28 day notification period will apply from the date the new application is received and applicants should advertise the application and copy it to all responsible authorities (in accordance with the regulations applicable to full variations).
- 8.58 Minor variations will generally fall into four categories: minor changes to the structure or layout of premises; small adjustments to licensing hours; the removal of out of date, irrelevant or unenforceable conditions or addition of volunteered conditions; and the addition of certain licensable activities. In all cases the overall test is whether the proposed variation could impact adversely on any of the four licensing objectives.

Changes to structure/layout

- 8.59 Many small variations to layout will have no adverse impact on the licensing objectives. However, changes to layout should be referred to the full variation process if they could potentially have an adverse impact on the promotion of the licensing objectives, for example by:
- increasing the capacity for drinking on the premises;
 - affecting access between the public part of the premises and the rest of the premises or the street or public way, for instance, block emergency exits or routes to emergency exits; or
 - impeding the effective operation of a noise reduction measure such as an acoustic lobby.
- 8.60 Licensing authorities will also need to consider the combined effect of a series of applications for successive small layout changes (for example, as part of a rolling refurbishment of premises) which in themselves may not be significant, but which cumulatively may impact adversely on the licensing objectives. This emphasises the importance of having an up-to-date copy of the premises plan available.
- 8.61 An application to remove a licensable activity should normally be approved as a minor variation. Variations to add the sale by retail or supply of alcohol to a licence are excluded from the minor variations process and must be treated as full variations in all cases.
- 8.62 For other licensable activities, licensing authorities will need to consider each

application on a case by case basis and in light of any licence conditions put forward by the applicant.

Licensing hours

- 8.63 Variations to the following are excluded from the minor variations process and must be treated as full variations in all cases:
- to extend licensing hours for the sale or supply of alcohol for consumption on or off the premises between the hours of 23.00 and 07.00; or
 - to increase the amount of time on any day during which alcohol may be sold or supplied for consumption on or off the premises.
- 8.64 Applications to reduce licensing hours for the sale or supply of alcohol or, in some cases, to move (without increasing) the licensed hours between 07.00 and 23.00 will normally be processed as minor variations.
- 8.65 Applications to vary the time during which other licensable activities take place should be considered on a case-by-case basis with reference to the likely impact on the licensing objectives.

Licensing conditions

a) Imposed conditions

- 8.66 Licensing authorities cannot impose their own conditions on the licence through the minor variations process. If the licensing officer considers that the proposed variation would impact adversely on the licensing objectives unless conditions are imposed, they should refuse it.

b) Volunteered conditions

- 8.67 Applicants may volunteer conditions as part of the minor variation process. These conditions may arise from their own risk assessment of the variation, or from informal discussions with responsible authorities or the licensing authority.
- 8.68 For instance, there may be circumstances when the licence holder and a responsible authority such as the police or environmental health authority, agree that a new condition should be added to the licence (for example, that a nightclub adds the provision of late night refreshment to its licence to ensure a longer period of dispersal). Such a change would not normally impact adversely on the licensing objectives and could be expected to promote them by preventing crime and disorder or public nuisance. In these circumstances, the minor variation process may provide a less costly and onerous means of amending the licence than a review, with no risk to the licensing objectives. However, this route should only be used where the agreed variations are minor and the licence holder and the responsible authority have come to a genuine agreement. The licensing authority should be alive to any attempts to pressure licence or certificate holders into agreeing to new conditions where there is no evidence of a problem at the premises and, if there is any doubt, should discuss this with the relevant parties.

c) Amending or removing existing conditions

- 8.69 However, there may be some circumstances when the minor variation process is appropriate. Premises may change over time and the circumstances that originally led to the condition being attached or volunteered may no longer apply. For example, there

may be no need for door supervision if a bar has been converted into a restaurant. Equally some embedded conditions may no longer apply.

- 8.70 Changes in legislation may invalidate certain conditions. Although the conditions do not have to be removed from the licence, licence holders and licensing authorities may agree that this is desirable to clarify the licence holder's legal obligations. There may also be cases where it is appropriate to revise the wording of a condition that is unclear or unenforceable. This would be acceptable as a minor variation as long as the purpose of the condition and its intended effect remain unchanged. Such a change could be expected to promote the licensing objectives by making it easier for the licence holder to understand and comply with the condition and easier for the licensing authority to enforce it.

Full variations process

- 8.71 Any other changes to the licence or certificate require an application to vary under sections 34 or 84 of the 2003 Act.
- 8.72 Licensing authorities may wish to consider whether there is any likely impact on the promotion of the licensing objectives in deciding whether there is a need for an application to vary in relation to features which are not required to be shown on the plan under section 17 of the 2003 Act, but have nevertheless been included, for example, moveable furniture (altering the position of tables and chairs) or beer gardens (installation of a smoking shelter that will not affect the use of exits or escape routes).
- 8.73 However, it should be noted that a section 34 application cannot be used to vary a licence so as to:
- extend a time limited licence;
 - transfer the licence from one holder to another; or
 - transfer the licence from one premises to another.
- 8.74 If an applicant wishes to make these types of changes to the premises licence, the applicant should make a new premises licence application under section 17 of the 2003 Act; or, to transfer the licence to another holder, an application under section 42 of the 2003 Act.

Relaxation of opening hours for local, national and international occasions

- 8.75 It should normally be possible for applicants for premises licences and club premises certificates to anticipate special occasions which occur regularly each year – such as bank holidays and St. George's or St. Patrick's Day – and to include appropriate opening hours in their operating schedules. Similarly, temporary event notices should be sufficient to cover other events which take place at premises that do not have a premises licence or club certificate.
- 8.76 However, exceptional events of local, national or international significance may arise which could not have been anticipated when the application was first made. In these circumstances, the Secretary of State may make a licensing hours order to allow premises to open for specified, generally extended, hours on these special occasions. This avoids the need for large numbers of applications to vary premises licences and

club premises certificates. Typical events might include a one-off local festival or a Royal Jubilee.

Advertising applications

- 8.77 The requirements governing the advertisement of applications for the grant, variation or review of premises licences and club premises certificates are contained in the regulations made under the 2003 Act which are published on the Government's legislation website.
- 8.78 Applicants are required to:
- publish a notice in a local newspaper or, if there is none, in a local newsletter, circular or similar document circulating in the area in which the premises are situated; and
 - display a brief summary of the application on an A4 size notice immediately on or outside the premises.
- 8.79 As prescribed in regulations, licensing authorities must also place a notice on their website outlining key details of the application as set out in regulations, including:
- the name of the applicant or club;
 - the postal address of the premises or club premises;
 - the postal address and, where applicable, the internet address where the relevant licensing authority's register is kept and where and when the record of the application may be inspected;
 - the date by which representations from responsible authorities or other persons should be received and how these representations should be made; and
 - that it is an offence knowingly or recklessly to make a false statement in connection with an application and the maximum fine for which a person is liable on summary conviction for the offence.
- 8.80 The summary of the application should set out matters such as the proposed licensable activities and the proposed hours of opening and should be clearly displayed for the period during which representations may be made, together with information about where the details of the application may be viewed.
- 8.81 Licensing authorities in Wales should consider encouraging applicants to provide details in the alternative language (Welsh or English) to that of the main advertisement itself where the application may be viewed. Therefore, if an applicant publishes a notice in English they should be encouraged to provide a statement in Welsh as to where the application may be viewed, and vice versa. This would allow the reader of the notice to make enquiries to the licensing authority and find out the nature of the application.
- 8.82 Licensing authorities in Wales are also required to publish key information from licence applications in Welsh on their websites.
- 8.83 In the case of applications for premises licences involving internet or mail order sales, notices should be conspicuously displayed at the place where the alcohol is appropriated to the contract.
- 8.84 A vessel which is not permanently moored or berthed is treated as if it were a premises situated in a place where it is usually moored or berthed. The newspaper advertisement notice for such a vessel would need to be in relation to this place (where it is usually

moored or berthed) and there is no provision requiring such advertising in other areas, for instance, if the vessel journeys through other licensing authority areas.

- 8.85 Arrangements should be put in place by the licensing authority for other parties to view a record of the application in the licensing register as described in Schedule 3 to the 2003 Act. Charges made for copies of the register should not exceed the cost of preparing such copies. Licensing authorities may wish to conduct random and unannounced visits to premises to confirm that notices have been clearly displayed and include relevant and accurate information.

Applications to change the designated premises supervisors

- 8.86 Chapter 4 covers designated premises supervisors and applications to vary a premises licence covering sales of alcohol by specifying a new designated premises supervisor. Chapter 4 covers applications by community premises to disapply the usual mandatory conditions in sections 19(2) and 19(3) of the 2003 Act concerning the authorisation of alcohol sales by a personal licence holder and the need for a designated premises supervisor who holds a personal licence.

Provisional statements

- 8.87 Where premises are being or are about to be constructed, extended or otherwise altered for the purpose of being used for one or more licensable activities, investors may be unwilling to commit funds unless they have some assurance that a premises licence covering the desired licensable activities would be granted for the premises when the building work is completed.
- 8.88 The 2003 Act does not define the words “otherwise altered”, but the alteration must relate to the purpose of being used for one or more licensable activities.
- 8.89 Any person falling within section 16 of the 2003 Act can apply for a premises licence before new premises are constructed, extended or changed. This would be possible where clear plans of the proposed structure exist and the applicant is in a position to complete an operating schedule including details of:
- the activities to take place there;
 - the time at which such activities will take place;
 - the proposed hours of opening;
 - where the applicant wishes the licence to have effect for a limited period, that period;
 - the steps to be taken to promote the licensing objectives; and
 - where the sale of alcohol is involved, whether supplies are proposed to be for consumption on or off the premises (or both) and the name of the designated premises supervisor the applicant wishes to specify.
- 8.90 In such cases, the licensing authority would include in the licence the date upon which it would come into effect. A provisional statement will normally only be required when the information described above is not available.
- 8.91 The 2003 Act therefore provides for a person, if an individual aged 18 or over, who has an interest in the premises to apply for a “provisional statement”. This will not be time limited, but the longer the delay before an application for a premises licence is made, the more likely it is that there will be material changes and that the licensing authority

will accept representations. “Person” in this context includes a business.

8.92 When a hearing is held, the licensing authority must decide whether, if the premises were constructed or altered in the way proposed in the schedule of works and if a premises licence was sought for those premises, it would consider it appropriate for the promotion of the licensing objectives to:

- attach conditions to the licence;
- rule out any of the licensable activities applied for;
- refuse to specify the person nominated as premises supervisor; or
- reject the application.

It will then issue the applicant with a provisional statement setting out the details of that decision together with its reasons.

8.93 The licensing authority must copy the provisional statement to each person who made relevant representations, and the chief officer of police for the area in which the premises is situated. The licensing authority should give full and comprehensive reasons for its decision. This is important in anticipation of an appeal by any aggrieved party.

8.94 When a person applies for a premises licence in respect of premises (or part of the premises or premises which are substantially the same) for which a provisional statement has been made, representations by responsible authorities and other persons will be excluded in certain circumstances. These are where:

- the application for a licence is in the same form as the licence described in the provisional statement;
- the work in the schedule of works has been satisfactorily completed;
- given the information provided in the application for a provisional statement, the responsible authority or other person could have made the same, or substantially the same, representations about the application then but failed to do so without reasonable excuse; and
- there has been no material change in the circumstances relating either to the premises or to the area in the proximity of those premises since the provisional statement was made.

8.95 Any decision of the licensing authority on an application for a provisional statement will not relieve an applicant of the need to apply for planning permission, building control approval of the building work, or in some cases both planning permission and building control.

8.96 A provisional statement may not be sought or given for a vessel, a vehicle or a moveable structure (see section 189 of the 2003 Act).

Transfers of premises licences

8.97 The 2003 Act provides for any person who may apply for a premises licence, which includes a business, to apply for a premises licence to be transferred to them. Where the application is made in writing, the applicant must give notice of the application to the chief officer of police in all cases, and the Home Office (Immigration Enforcement) if the licence authorises the sale of alcohol or provision of late night refreshment. Where it is made electronically via GOV.UK or the licensing authority’s electronic facility, the

licensing authority must notify the police and the Home Office (Immigration Enforcement) no later than the first working day after the application is given. However, the responsibility to notify the DPS remains with the applicant. Otherwise the general guidance on electronic applications set out in paragraphs 8.21 to 8.28 applies.

- 8.98 In the vast majority of cases, it is expected that a transfer will be a very simple administrative process. Section 43 of the 2003 Act provides a mechanism which allows the transfer to come into immediate interim effect as soon as the licensing authority receives it, until it is formally determined or withdrawn. This is to ensure that there should be no interruption to normal business at the premises. If the police or the Home Office (Immigration Enforcement) raise no objection about the application, the licensing authority must transfer the licence in accordance with the application, amend the licence accordingly and return it to the new holder.
- 8.99 In exceptional circumstances where the chief officer of police believes the transfer may undermine the crime prevention objective, the police may object to the transfer. The Home Office (Immigration Enforcement) may object if it considers that granting the transfer would be prejudicial to the prevention of illegal working in licensed premises. Such objections are expected to be rare and arise because the police or the Home Office (Immigration Enforcement) have evidence that the business or individuals seeking to hold the licence, or businesses or individuals linked to such persons, are involved in crime (or disorder) or employing illegal workers.
- 8.100 Such objections (and therefore such hearings) should only arise in truly exceptional circumstances. If the licensing authority believes that the police or the Home Office (Immigration Enforcement) are using this mechanism to vet transfer applicants routinely and to seek hearings as a fishing expedition to inquire into applicants' backgrounds, it is expected that it would raise the matter immediately with the chief officer of police or the Home Office (Immigration Enforcement).

Interim authorities

- 8.101 The 2003 Act provides special arrangements for the continuation of permissions under a premises licence when the holder of a licence dies suddenly, becomes bankrupt, mentally incapable or ceases to be entitled to work in the UK. In the normal course of events, the licence would lapse in such circumstances. However, there may also be some time before, for example, the deceased person's estate can be dealt with or an administrative receiver appointed. This could have a damaging effect on those with interests in the premises, such as an owner, lessor or employees working at the premises in question; and could bring unnecessary disruption to customers' plans. The 2003 Act therefore provides for the licence to be capable of being reinstated in a discrete period of time in certain circumstances.
- 8.102 These circumstances arise only where a premises licence has lapsed owing to the death, incapacity or insolvency of the holder or where the holder ceases to be entitled to work in the UK. In such circumstances, an "interim authority" notice may be given to the licensing authority within 28 consecutive days beginning the day after the licence lapsed. Where applications are made in writing, the applicant must give notice of the application to the chief officer of police in all cases, and the Home Office (Immigration Enforcement) if the licence authorises the sale of alcohol or provision of late night

refreshment. If an application is made electronically via GOV.UK or the licensing authority's electronic facility, the licensing authority must notify the police and the Home Office (Immigration Enforcement) no later than the first working day after the notice is given.

- 8.103 An interim notice may only be given either by a person with a prescribed interest in the premises as set out in the regulations made under the 2003 Act (which may be viewed on www.legislation.gov.uk, the Government's legislation website); or by a person connected to the former holder of the licence (normally a personal representative of the former holder; or a person with power of attorney; or where someone has become insolvent, that person's insolvency practitioner). The person giving the interim authority notice must be entitled to work in the UK.
- 8.104 The effect of giving the notice is to reinstate the premises licence as if the person giving the notice is the holder of the licence and thereby allow licensable activities to continue to take place pending a formal application for transfer. The maximum period for which an interim authority notice may have effect is three months.
- 8.105 The interim authority notice ceases to have effect unless, by the end of the initial period of 28 consecutive days, a copy of the notice has been given to the chief officer of police and the Home Office (Immigration Enforcement). Within two working days of receiving the copy, and if satisfied that in the exceptional circumstances of the case failure to cancel the interim authority would undermine the crime prevention objective, the police may give a notice to that effect to the licensing authority. Similarly, the Home Office (Immigration Enforcement) may give a notice to the licensing authority if satisfied that the exceptional circumstances of the case are such that failure to cancel the interim authority would undermine the prevention of illegal working in licensed premises. In such circumstances, the licensing authority must hold a hearing to consider the objection notice and cancel the interim authority notice if it decides that it is appropriate to do so for the promotion of the crime prevention objective.
- 8.106 Licensing authorities should be alert to the need to consider the objection quickly. Under section 50 of the 2003 Act, where the premises licence lapses (because of death, incapacity or insolvency of the holder or because the holder is no longer entitled to work in the UK) or by its surrender, but no interim authority notice has effect, a person who may apply for the grant of a premises licence under section 16(1) may apply within 28 consecutive days of the lapse for the transfer of the licence to them with immediate effect pending the determination of the application. This will result in the licence being reinstated from the point at which the transfer application was received by the licensing authority. Where the application is made in writing, the person applying for the transfer must copy their application to the chief officer of police and the Home Office (Immigration Enforcement). If the application is made electronically the licensing authority must copy the application to the police and the Home Office (Immigration Enforcement).

Right of freeholders etc to be notified of licensing matters

- 8.107 A person (which will include a business or company) with a property interest in any premises situated in the licensing authority's area may give notice of their interest to the authority using a prescribed form and on payment of the relevant fee. The application may be made in writing or electronically via GOV.UK or the licensing authority's own

facility, in which case the guidance at paragraphs 8.21 to 8.28 applies. Details of fees and forms are available on the GOV.UK website. It is entirely at the discretion of such persons whether they choose to register or not. It is not a legal requirement. Those who may take advantage of this arrangement include the freeholder or leaseholder, a legal mortgagee in respect of the premises, a person in occupation of the premises or any other person prescribed by the Secretary of State.

- 8.108 The notice will have effect for 12 months but a new notice can be given every year. While the notice has effect, if any change relating to the premises concerned has been made to the licensing register (which the licensing authority has a duty to keep under section 8 of the 2003 Act), the licensing authority must notify the person who registered an interest of the matter to which the change relates. The person will also be notified of their right under section 8 to request a copy of the information contained in any entry in the register. In cases relating to interim authority notices (see above), it is important that such communications are dealt with promptly.

9. Determining applications

General

9.1 When a licensing authority receives an application for a new premises licence or an application to vary an existing premises licence, it must determine whether the application has been made in accordance with section 17 of the 2003 Act, and in accordance with regulations made under sections 17(3) to (6), 34, 42, 54 and 55 of the 2003 Act. It must similarly determine applications for the grant of club premises certificates made in accordance with section 71 of the 2003 Act, and in accordance with regulations made under sections 71(4) to (7), 84, 91 and 92 of the 2003 Act. This means that the licensing authority must consider among other things whether the application has been properly advertised in accordance with those regulations.

Where no representations are made

9.2 A hearing is not required where an application has been properly made and no responsible authority or other person has made a relevant representation or where representations are made and subsequently withdrawn. In these cases, the licensing authority must grant the application in the terms sought, subject only to conditions which are consistent with the operating schedule and relevant mandatory conditions under the 2003 Act. This should be undertaken as a simple administrative process by the licensing authority's officials who should replicate the proposals contained in the operating schedule to promote the licensing objectives in the form of clear and enforceable licence conditions. Licensing authorities should not hold hearings for uncontested applications, for example in situations where representations have been made and conditions have subsequently been agreed.

Where representations are made

9.3 Where a representation concerning the licensing objectives is made by a responsible authority about a proposed operating schedule and it is relevant (see paragraphs 9.4 to 9.10 below), the licensing authority's discretion will be engaged. It will also be engaged if another person makes relevant representations to the licensing authority, which are also not frivolous or vexatious (see paragraphs 9.4 to 9.10 below). Relevant representations can be made in opposition to, or in support of, an application and can be made by any individual, body or business that has grounds to do so.

Relevant, vexatious and frivolous representations

9.4 A representation is "relevant" if it relates to the likely effect of the grant of the licence on the promotion of at least one of the licensing objectives. For example, a representation from a local businessperson about the commercial damage caused by competition from new licensed premises would not be relevant. On the other hand, a representation by a businessperson that nuisance caused by new premises would deter customers from entering the local area, and the steps proposed by the applicant to prevent that nuisance were inadequate, would be relevant. In other words, representations should relate to the impact of licensable activities carried on from premises on the objectives. For representations in relation to variations to be relevant, they should be confined to

the subject matter of the variation. There is no requirement for a responsible authority or other person to produce a recorded history of problems at premises to support their representations, and in fact this would not be possible for new premises.

- 9.5 It is for the licensing authority to determine whether a representation (other than a representation from responsible authority) is frivolous or vexatious on the basis of what might ordinarily be considered to be vexatious or frivolous. A representation may be considered to be vexatious if it appears to be intended to cause aggravation or annoyance, whether to a competitor or other person, without reasonable cause or justification. Vexatious circumstances may arise because of disputes between rival businesses and local knowledge will therefore be invaluable in considering such matters. Licensing authorities can consider the main effect of the representation, and whether any inconvenience or expense caused by it could reasonably be considered to be proportionate.
- 9.6 Frivolous representations would be essentially categorised by a lack of seriousness. Frivolous representations would concern issues which, at most, are minor and in relation to which no remedial steps would be warranted or proportionate.
- 9.7 Any person who is aggrieved by a rejection of their representations on either of these grounds may lodge a complaint through the local authority's corporate complaints procedure. A person may also challenge the authority's decision by way of judicial review.
- 9.8 Licensing authorities should not take decisions about whether representations are frivolous, vexatious or relevant to the licensing objectives on the basis of any political judgement. This may be difficult for councillors who receive complaints from residents within their own wards. If consideration is not to be delegated, contrary to the recommendation in this Guidance, an assessment should be prepared by officials for consideration by the sub-committee before any decision is taken that necessitates a hearing. Any councillor who considers that their own interests are such that they are unable to consider the matter independently should disqualify themselves.
- 9.9 It is recommended that, in borderline cases, the benefit of the doubt about any aspect of a representation should be given to the person making that representation. The subsequent hearing would then provide an opportunity for the person or body making the representation to amplify and clarify it.
- 9.10 Licensing authorities should consider providing advice on their websites about how any person can make representations to them.

The role of responsible authorities

- 9.11 Responsible authorities under the 2003 Act are automatically notified of all new applications. While all responsible authorities may make representations regarding applications for licences and club premises certificates and full variation applications, it is the responsibility of each responsible authority to determine when they have appropriate grounds to do so.

Representations from the police

9.12 In their role as a responsible authority, the police are an essential source of advice and information on the impact and potential impact of licensable activities, particularly on the crime and disorder objective. The police have a key role in managing the night-time economy and should have good working relationships with those operating in their local area⁵. The police should be the licensing authority's main source of advice on matters relating to the promotion of the crime and disorder licensing objective, but may also be able to make relevant representations with regard to the other licensing objectives if they have evidence to support such representations. The licensing authority should accept all reasonable and proportionate representations made by the police unless the authority has evidence that to do so would not be appropriate for the promotion of the licensing objectives. However, it remains incumbent on the police to ensure that their representations can withstand the scrutiny to which they would be subject at a hearing.

Licensing authorities acting as responsible authorities

- 9.13 Licensing authorities are included in the list of responsible authorities. A similar framework exists in the Gambling Act 2005. The 2003 Act does not require responsible authorities to make representations about applications for the grant of premises licences or to take any other steps in respect of different licensing processes. It is, therefore, for the licensing authority to determine when it considers it appropriate to act in its capacity as a responsible authority; the licensing authority should make this decision in accordance with its duties under section 4 of the 2003 Act.
- 9.14 Licensing authorities are not expected to act as responsible authorities on behalf of other parties (for example, local residents, local councillors or community groups) although there are occasions where the authority may decide to do so. Such parties can make relevant representations to the licensing authority in their own right, and it is reasonable for the licensing authority to expect them to make representations themselves where they are reasonably able to do so. However, if these parties have failed to take action and the licensing authority is aware of relevant grounds to make a representation, it may choose to act in its capacity as responsible authority.
- 9.15 It is also reasonable for licensing authorities to expect that other responsible authorities should intervene where the basis for the intervention falls within the remit of that other responsible authority. For example, the police should make representations where the representations are based on concerns about crime and disorder. Likewise, it is reasonable to expect the local authority exercising environmental health functions to make representations where there are concerns about noise nuisance. Each responsible authority has equal standing under the 2003 Act and may act independently without waiting for representations from any other responsible authority.
- 9.16 The 2003 Act enables licensing authorities to act as responsible authorities as a means of early intervention; they may do so where they consider it appropriate without having to wait for representations from other responsible authorities. For example, the licensing

⁵ Elections for Police and Crime Commissioners (PCCs) in all police force areas in England and Wales (except in London, where the Mayor of London has taken on the powers of a PCC in relation to the Metropolitan Police) took place on 15th November 2012. PCCs are expected to have a central role working in partnership with local authorities, enforcement bodies and other local partners to decide on what action is needed to tackle alcohol-related crime and disorder in their areas. However, the Chief Officer of Police will remain the named responsible authority under the 2003 Act.

authority may (in a case where it has applied a cumulative impact policy) consider that granting a new licence application will add to the cumulative impact of licensed premises in its area and therefore decide to make representations to that effect, without waiting for any other person to do so.

- 9.17 In cases where a licensing authority is also acting as responsible authority in relation to the same process, it is important to achieve a separation of responsibilities within the authority to ensure procedural fairness and eliminate conflicts of interest. In such cases licensing determinations will be made by the licensing committee or sub committee comprising elected members of the authority (although they are advised by a licensing officer). Therefore, a separation is achieved by allocating distinct functions (i.e. those of licensing authority and responsible authority) to different officials within the authority.
- 9.18 In these cases, licensing authorities should allocate the different responsibilities to different licensing officers or other officers within the local authority to ensure a proper separation of responsibilities. The officer advising the licensing committee (i.e. the authority acting in its capacity as the licensing authority) must be a different person from the officer who is acting for the responsible authority. The officer acting for the responsible authority should not be involved in the licensing decision process and should not discuss the merits of the case with those involved in making the determination by the licensing authority. For example, discussion should not take place between the officer acting as responsible authority and the officer handling the licence application regarding the merits of the case. Communication between these officers in relation to the case should remain professional and consistent with communication with other responsible authorities. Representations, subject to limited exceptions, must be made in writing. It is for the licensing authority to determine how the separate roles are divided to ensure an appropriate separation of responsibilities. This approach may not be appropriate for all licensing authorities and many authorities may already have processes in place to effectively achieve the same outcome.
- 9.19 Smaller licensing authorities, where such a separation of responsibilities is more difficult, may wish to involve officials from outside the licensing department to ensure a separation of responsibilities. However, these officials should still be officials employed by the authority.

Health bodies acting as responsible authorities

- 9.20 Where a local authority's Director of Public Health in England (DPH)⁶ or Local Health Board (LHB) (in Wales) exercises its functions as a responsible authority, it should have sufficient knowledge of the licensing policy and health issues to ensure it is able to fulfil those functions. If the authority wishes to make representations, the DPH or LHB will need to decide how best to gather and coordinate evidence from other bodies which exercise health functions in the area, such as emergency departments and ambulance services.
- 9.21 Health bodies may hold information which other responsible authorities do not, but which would assist a licensing authority in exercising its functions. This information may

⁶ This change was made as a result of the commencement of measures in the Health and Social Care Act 2012 which amended the 2003 Act and further provision in the NHS Bodies and Local Authorities (Partnership Arrangements, Care Trusts, Public Health and Local Healthwatch) Regulations 2012.

be used by the health body to make representations in its own right or to support representations by other responsible authorities, such as the police. Such representations can potentially be made on the grounds of all four licensing objectives. Perhaps the most obvious example is where drunkenness leads to accidents and injuries from violence, resulting in attendances at emergency departments and the use of ambulance services. Some of these incidents will be reported to the police, but many will not. Such information will often be relevant to the public safety and crime and disorder objectives.

- 9.22 However, health bodies are encouraged to make representations in respect of any of the four licensing objectives without necessarily seeking views from other responsible authorities where they have appropriate evidence to do so. There is also potential for health bodies to participate in the licensing process in relation to the protection of children from harm. This objective not only concerns the physical safety of children, but also their moral and psychological well being.
- 9.23 Evidence relating to under 18s alcohol-related emergency department attendance, hospital admissions and underage sales of alcohol, could potentially have implications for both the protection of children from harm and the crime and disorder objectives. Health bodies can provide evidence to lead or support representations in relation to this objective. In relation to proxy purchases, data collected by health bodies could be used to inform other responsible authorities, including the police and licensing authorities, about a prevalence of proxy purchasing in a particular area. For example, the police could use this data to tackle instances of 'shoulder tapping' (where under 18s approach adults to buy alcohol on their behalf) and to suggest measures which retailers might be able to take to ensure, as far as possible, that they are not knowingly selling alcohol to an adult who is buying on behalf of a person aged under 18. Although less obvious, health bodies may also have a role to play in the prevention of public nuisance where its effect is prejudicial to health and where they hold relevant data.
- 9.24 DPHs and LHBs will need to consider how to collect anonymised information about incidents that relate to specific premises or premises in a particular area (for example, a cumulative impact zone). Many areas have already developed procedures for local information sharing to tackle violence, which could provide useful evidence to support representations. The College of Emergency Medicine has issued guidelines for information sharing to reduce community violence which recommends that data about assault victims should be collected upon admission to emergency departments, including the date, time and location of the assault – i.e. the name of the pub, club or street where the incident occurred. Sometimes, it may be possible to link ambulance callouts or attendances at emergency departments to irresponsible practices at specific premises, such as serving alcohol to people who are intoxicated or targeting promotions involving unlimited or unspecified quantities of alcohol at particular groups.

Home Office Immigration Enforcement acting as a responsible authority

- 9.25 The Immigration Act 2016 made the Secretary of State a responsible authority in respect of premises licensed to sell alcohol or late night refreshment with effect from 6 April 2017. In effect this conveys the role of responsible authority to Home Office Immigration Enforcement who exercises the powers on the Secretary of State's behalf. When Immigration Enforcement exercises its powers as a responsible authority it will do so in respect of the prevention of crime and disorder licensing objective because it is concerned with the prevention of illegal working or immigration offences more broadly.

Disclosure of personal details of persons making representations

- 9.26 Where a notice of a hearing is given to an applicant, the licensing authority is required under the Licensing Act 2003 (Hearings) Regulations 2005 to provide the applicant with copies of the relevant representations that have been made.
- 9.27 In exceptional circumstances, persons making representations to the licensing authority may be reluctant to do so because of fears of intimidation or violence if their personal details, such as name and address, are divulged to the applicant.
- 9.28 Where licensing authorities consider that the person has a genuine and well-founded fear of intimidation and may be deterred from making a representation on this basis, they may wish to consider alternative approaches.
- 9.29 For instance, they could advise the persons to provide the relevant responsible authority with details of how they consider that the licensing objectives are being undermined so that the responsible authority can make representations if appropriate and justified.
- 9.30 The licensing authority may also decide to withhold some or all of the person's personal details from the applicant, giving only minimal details (such as street name or general location within a street). However, withholding such details should only be considered where the circumstances justify such action.

Hearings

- 9.31 Regulations governing hearings may be found on the www.legislation.gov.uk website. If the licensing authority decides that representations are relevant, it must hold a hearing to consider them. The need for a hearing can only be avoided with the agreement of the licensing authority, the applicant and all of the persons who made relevant representations. In cases where only 'positive' representations are received, without qualifications, the licensing authority should consider whether a hearing is required. To this end, it may wish to notify the persons who made representations and give them the opportunity to withdraw those representations. This would need to be done in sufficient time before the hearing to ensure that parties were not put to unnecessary inconvenience.
- 9.32 Responsible authorities should try to conclude any discussions with the applicant in good time before the hearing. If the application is amended at the last moment, the licensing committee should consider giving other persons time to address the revised application before the hearing commences.
- 9.33 Regulations made under the 2003 Act require that representations must be withdrawn

24 hours before the first day of any hearing. If they are withdrawn after this time, the hearing must proceed and the representations may be withdrawn orally at that hearing. However, where discussions between an applicant and those making representations are taking place and it is likely that all parties are on the point of reaching agreement, the licensing authority may wish to use the power given within the hearings regulations to extend time limits, if it considers this to be in the public interest.

- 9.34 Applicants should be encouraged to contact responsible authorities before formulating their applications so that the mediation process may begin before the statutory time limits come into effect after submission of an application. The hearing process must meet the requirements of regulations made under the 2003 Act. Where matters arise which are not covered by the regulations, licensing authorities may make arrangements as they see fit as long as they are lawful.
- 9.35 There is no requirement in the 2003 Act for responsible authorities that have made representations to attend, but it is generally good practice and assists committees in reaching more informed decisions. Where several responsible authorities within a local authority have made representations on an application, a single local authority officer may represent them at the hearing if the responsible authorities and the licensing authority agree. This local authority officer representing other responsible authorities may be a licensing officer, but only if this licensing officer is acting as a responsible authority on behalf of the licensing authority and has had no role in the licensing determination process. This is to ensure that the responsible authorities are represented by an independent officer separate from the licensing determination process.
- 9.36 As noted in paragraphs 9.13 to 9.19 above, where the licensing officer is acting as a responsible authority the relevant steps should be followed to ensure that this individual has no role in the decision making process regarding the licensing determination.
- 9.37 As a matter of practice, licensing authorities should seek to focus the hearing on the steps considered appropriate to promote the particular licensing objective or objectives that have given rise to the specific representation and avoid straying into undisputed areas. A responsible authority or other person may choose to rely on their written representation. They may not add further representations to those disclosed to the applicant prior to the hearing, but they may expand on their existing representation.
- 9.38 In determining the application with a view to promoting the licensing objectives in the overall interests of the local community, the licensing authority must give appropriate weight to:
- the steps that are appropriate to promote the licensing objectives;
 - the representations (including supporting information) presented by all the parties;
 - this Guidance;
 - its own statement of licensing policy.
- 9.39 The licensing authority should give its decision within five working days of the conclusion of the hearing (or immediately in certain specified cases) and provide reasons to support it. This will be important if there is an appeal by any of the parties. Notification of a decision must be accompanied by information on the right of the party to appeal. After considering all the relevant issues, the licensing authority may grant the application subject to such conditions that are consistent with the operating schedule.

Any conditions imposed must be appropriate for the promotion of the licensing objectives; there is no power for the licensing authority to attach a condition that is merely aspirational. For example, conditions may not be attached which relate solely to the health of customers rather than their direct physical safety. Any conditions added to the licence must be those imposed at the hearing or those agreed when a hearing has not been necessary.

- 9.40 Alternatively, the licensing authority may refuse the application on the grounds that this is appropriate for the promotion of the licensing objectives. It may also refuse to specify a designated premises supervisor and/or only allow certain requested licensable activities. In the interests of transparency, the licensing authority should publish hearings procedures in full on its website to ensure that those involved have the most current information.
- 9.41 In the context of variations or minor variations, which may involve structural alteration to or change of use of a building, the decision of the licensing authority will not exempt an applicant from the need to apply for building control approval, planning permission or both of these where appropriate.

Determining actions that are appropriate for the promotion of the licensing objectives

- 9.42 Licensing authorities are best placed to determine what actions are appropriate for the promotion of the licensing objectives in their areas. All licensing determinations should be considered on a case-by-case basis. They should take into account any representations or objections that have been received from responsible authorities or other persons, and representations made by the applicant or premises user as the case may be.
- 9.43 The authority's determination should be evidence-based, justified as being appropriate for the promotion of the licensing objectives and proportionate to what it is intended to achieve.
- 9.44 Determination of whether an action or step is appropriate for the promotion of the licensing objectives requires an assessment of what action or step would be suitable to achieve that end. While this does not therefore require a licensing authority to decide that no lesser step will achieve the aim, the authority should aim to consider the potential burden that the condition would impose on the premises licence holder (such as the financial burden due to restrictions on licensable activities) as well as the potential benefit in terms of the promotion of the licensing objectives. However, it is imperative that the authority ensures that the factors which form the basis of its determination are limited to consideration of the promotion of the objectives and nothing outside those parameters. As with the consideration of licence variations, the licensing authority should consider wider issues such as other conditions already in place to mitigate potential negative impact on the promotion of the licensing objectives and the track record of the business. Further advice on determining what is appropriate when imposing conditions on a licence or certificate is provided in Chapter 10. The licensing authority is expected to come to its determination based on an assessment of the evidence on both the risks and benefits either for or against making the determination.

Considering cases where licensing and planning applications are made simultaneously

9.45 Where businesses have indicated, when applying for a licence under the 2003 Act, that they have also applied for planning permission or that they intend to do so, licensing committees and officers should consider discussion with their planning counterparts prior to determination with the aim of agreeing mutually acceptable operating hours and scheme designs.

10. Conditions attached to premises licences and club premises certificates

General

- 10.1 This chapter provides further guidance in relation to conditions attached to premises licences and club premises certificates. General principles on licence conditions are set out in Chapter 1 (see paragraph 1.16).
- 10.2 Conditions include any limitations or restrictions attached to a licence or certificate and essentially are the steps or actions that the holder of the premises licence or the club premises certificate will be required to take or refrain from taking in relation to the carrying on of licensable activities at the premises in question. Failure to comply with any condition attached to a licence or certificate is a criminal offence, which on conviction is punishable by an unlimited fine or up to six months' imprisonment. The courts have made clear that it is particularly important that conditions which are imprecise or difficult for a licence holder to observe should be avoided.
- 10.3 There are three types of condition that may be attached to a licence or certificate: proposed, imposed and mandatory. Each of these categories is described in more detail below.

Proposed conditions

- 10.4 The conditions that are appropriate for the promotion of the licensing objectives should emerge initially from the risk assessment carried out by a prospective licence or certificate holder, which they should carry out before making their application for a premises licence or club premises certificate. This would be translated into the steps recorded in the operating schedule or club operating schedule, which must also set out the proposed hours during which licensable activities will be conducted and any other hours during which the premises will be open to the public.
- 10.5 It is not acceptable for licensing authorities to simply replicate the wording from an applicant's operating schedule. A condition should be interpreted in accordance with the applicant's intention.

Consistency with steps described in operating schedule

- 10.6 The 2003 Act provides that where an operating schedule or club operating schedule has been submitted with an application and there have been no relevant representations made by responsible authorities or any other person, the licence or certificate must be granted subject only to such conditions as are consistent with the schedule accompanying the application and any mandatory conditions required under the 2003 Act.
- 10.7 Consistency means that the effect of the condition should be substantially the same as that intended by the terms of the operating schedule. If conditions are broken, this may lead to a criminal prosecution or an application for a review and it is extremely important therefore that they should be expressed on the licence or certificate in unequivocal and unambiguous terms. The duty imposed by conditions on the licence holder or club must be clear to the licence holder, club, enforcement officers and the courts.

Imposed conditions

- 10.8 The licensing authority may not impose any conditions unless its discretion has been exercised following receipt of relevant representations and it is satisfied as a result of a hearing (unless all parties agree a hearing is not necessary) that it is appropriate to impose conditions to promote one or more of the four licensing objectives. In order to promote the crime prevention licensing objective conditions may be included that are aimed at preventing illegal working in licensed premises. This provision also applies to minor variations.
- 10.9 It is possible that in some cases no additional conditions will be appropriate to promote the licensing objectives.

Proportionality

- 10.10 The 2003 Act requires that licensing conditions should be tailored to the size, type, location and characteristics and activities taking place at the premises concerned. Conditions should be determined on a case-by-case basis and standardised conditions which ignore these individual aspects should be avoided. For example, conditions should not be used to implement a general policy in a given area such as the use of CCTV, polycarbonate drinking vessels or identity scanners where they would not be appropriate to the specific premises. Conditions that are considered appropriate for the prevention of illegal working in premises licensed to sell alcohol or late night refreshment might include requiring a premises licence holder to undertake right to work checks on all staff employed at the licensed premises or requiring that a copy of any document checked as part of a right to work check is retained at the licensed premises. Licensing authorities and other responsible authorities should be alive to the indirect costs that can arise because of conditions. These could be a deterrent to holding events that are valuable to the community or for the funding of good and important causes. Licensing authorities should therefore ensure that any conditions they impose are only those which are appropriate for the promotion of the licensing objectives.

Naming, packing and promotion in retail premises

- 10.11 The Government acknowledges that the irresponsible naming, packing or promotion of alcoholic drinks may contribute to alcohol related harms. Where there is direct evidence of specific incidents of irresponsible naming, packing or promotion of alcoholic drinks linked to the undermining of one of the licensing objectives, licensing authorities should, in the exercise of their licensing functions (in particular, in relation to an application for the grant, variation or review of a premises licence), consider whether it is appropriate to impose conditions on licences that require the licence holder to comply with the Portman Group's Retailer Alert Bulletins. This condition should be considered on a case by case basis and in the context of the promotion of the licensing objectives.
- 10.12 The Portman Group operates, on behalf of the alcohol industry, a Code of Practice on the Naming, Packaging and Promotion of Alcoholic Drinks. The Code seeks to ensure that drinks are packaged and promoted in a socially responsible manner and only to those who are 18 years old or older. Complaints about products under the Code are considered by an Independent Complaints Panel and the Panel's decisions are published on the Portman Group's website, in the trade press and in an annual report. If a product's packaging or point-of-sale advertising is found to be in breach of the Code,

the Portman Group may issue a Retailer Alert Bulletin to notify retailers of the decision and ask them not to replenish stocks of any such product or to display such point-of-sale material, until there has been compliance with the decision.

Hours of trading

- 10.13 The Government acknowledges that different licensing strategies may be appropriate for the promotion of the licensing objectives in different areas. The 2003 Act gives the licensing authority power to make decisions about the hours during which premises can conduct licensable activities as part of the implementation of its licensing policy statement. Licensing authorities are best placed to make decisions about appropriate opening hours in their areas based on their local knowledge and in consultation with responsible authorities. However, licensing authorities must always consider each application and must not impose predetermined licensed opening hours, without giving individual consideration to the merits of each application.
- 10.14 Where there are objections to an application to extend the hours during which licensable activities are to be carried on and the licensing authority determines that this would undermine the licensing objectives, it may reject the application or grant it with appropriate conditions and/or different hours from those requested.
- 10.15 Shops, stores and supermarkets should normally be free to provide sales of alcohol for consumption off the premises at any times when the retail outlet is open for shopping unless there are good reasons, based on the licensing objectives, for restricting those hours.

The performance of plays

- 10.16 The 2003 Act provides that other than for the purposes of public safety, conditions must not be attached to premises licences or club premises certificates authorising the performance of a play⁷ which attempt to censor or modify the content of plays in any way. Any such condition would be ultra vires the 2003 Act.

Censorship

- 10.17 In general, other than in the context of film classification for film exhibitions, licensing authorities should not use their powers under the 2003 Act to seek to impose conditions which censor the content of any form of regulated entertainment. This is not a proper function of licensing law and cannot be properly related to the licensing objectives. The content of regulated entertainment is a matter which is addressed by existing laws governing indecency and obscenity. Where the concern is about protecting children, their access should be restricted where appropriate. But no other limitation should normally be imposed.

Major festivals and carnivals

- 10.18 Licensing authorities should publicise the need for the organisers of major festivals and carnivals to approach them at the earliest opportunity to discuss arrangements for licensing activities falling under the 2003 Act. For some events, the organisers may seek a single premises licence to cover a wide range of activities at varied locations

⁷ See chapter 15 for when a performance of a play is licensable.

within the premises. This would involve the preparation of a substantial operating schedule, and licensing authorities should offer advice and assistance about its preparation.

- 10.19 For other events, applications for many connected premises licences may be made which in combination will represent a single festival. It is important that licensing authorities should publicise the need for proper co-ordination of such arrangements and will need to ensure that responsible authorities are aware of the connected nature of the individual applications.
- 10.20 Local authorities should bear in mind their ability to seek premises licences from the licensing authority for land or buildings under public ownership within the community in their own name.⁸ This could include, for example, village greens, market squares, promenades, community halls, local authority owned art centres and similar public areas where festivals and carnivals might take place.⁹ Performers and entertainers would then have no need to obtain a licence or give a temporary event notice themselves to enable them to give performances in these places, although they would need the permission of the local authority to put on the event.

Fixed prices

- 10.21 Licensing authorities should not attach standardised blanket conditions promoting fixed prices for alcoholic drinks to premises licences or club licences or club premises certificates in an area. This may be unlawful under current law. However, it is important to note that the mandatory conditions made under sections 19A and 73B of the 2003 Act prohibit a number of types of drinks promotions including where they give rise to a significant risk to any one of the four licensing objectives; the mandatory conditions also prohibit the sale of alcohol below the permitted price, as defined in paragraph 10.56.
- 10.22 Where licensing authorities are asked by the police, other responsible authorities or other persons to impose restrictions on promotions in addition to those restricted by the mandatory conditions, they should consider each application on its individual merits, tailoring any conditions carefully to cover only irresponsible promotions in the particular and individual circumstances of any premises where these are appropriate for the promotion of the licensing objectives. In addition, when considering any relevant representations which demonstrate a clear causal link between sales promotions or price discounting and levels of crime and disorder on or near the premises, it would be appropriate for the licensing authority to consider the imposition of a new condition prohibiting irresponsible sales promotions or the discounting of prices of alcoholic beverages at those premises. However, before pursuing any form of restrictions at all, licensing authorities should take their own legal advice.

⁸ No licence is required for any entertainment provided by or on behalf of a local authority, see paragraphs 15.16-15.19

Large capacity venues used exclusively or primarily for the “vertical” consumption of alcohol (HVVDs)

- 10.23 Large capacity “vertical drinking” premises, sometimes called High Volume Vertical Drinking establishments (HVVDs), are premises with exceptionally high capacities, which are used primarily or exclusively for the sale and consumption of alcohol, and have little or no seating for patrons. Previous research has demonstrated that the environment within such establishments can have a significant bearing on the likelihood of crime and disorder.
- 10.24 Where appropriate, conditions can be attached to premises licences for the promotion of the prevention of crime and disorder at such premises that require the premises to observe:
- a prescribed capacity;
 - an appropriate ratio of tables and chairs to customers based on the capacity; and
 - a requirement that security staff holding the appropriate SIA licence or exemption are present to control entry for the purpose of compliance with the capacity limit and to deny entry to individuals who appear drunk or disorderly or both.

Mandatory conditions in relation to the supply of alcohol

- 10.25 The 2003 Act provides for the following mandatory conditions to be included in every licence and/or club premises certificate in the circumstances specified.

Designated premises supervisor

- 10.26 The 2003 Act provides that, where a premises licence authorises the supply of alcohol, it must include a condition that no supply of alcohol may be made at a time when no designated premises supervisor has been specified in the licence or at a time when the designated premises supervisor does not hold a personal licence or the personal licence has been suspended.
- 10.27 The main purpose of the ‘designated premises supervisor’ as defined in the 2003 Act is to ensure that there is always one specified individual among these personal licence holders who can be readily identified for the premises where a premises licence is in force. That person will normally have been given day to day responsibility for running the premises by the premises licence holder. The requirements set out in relation to the designated premises supervisor and authorisation of alcohol sales by a personal licence holder do not apply to community premises in respect of which a successful application has been made to disapply the usual mandatory conditions in sections 19(2) and 19(3) of the 2003 Act (see Chapter 4 of this Guidance).
- 10.28 The 2003 Act does not require a designated premises supervisor or any other personal licence holder to be present on the premises at all times when alcohol is sold. However, the designated premises supervisor and the premises licence holder remain responsible for the premises at all times including compliance with the terms of the 2003 Act and conditions attached to the premises licence to promote the licensing objectives.

Authorisation by personal licence holders

- 10.29 In addition, every premises licence that authorises the sale of alcohol must require that every supply of alcohol under the premises licence must be made or authorised by a person who holds a personal licence. This in most instances will be the designated premises supervisor who must hold a valid personal licence. Any premises at which alcohol is sold or supplied may employ one or more personal licence holders. This does not mean that the condition should require the presence of the designated premises supervisor or any other personal licence holder on the premises at all times.
- 10.30 Similarly, the fact that every supply of alcohol must be made under the authority of a personal licence holder does not mean that only personal licence holders can make sales or that they must be personally present at every transaction. A personal licence holder may authorise members of staff to make sales of alcohol but may be absent at times from the premises when a transaction takes place. However, the responsible personal licence holder may not be able to escape responsibility for the actions of anyone authorised to make sales.
- 10.31 “Authorisation” does not imply direct supervision by a personal licence holder of each sale of alcohol. The question arises as to how sales can be authorised. Ultimately, whether an authorisation has been given is a question of fact that would have to be decided by the courts on the evidence before it in the course of a criminal prosecution.
- 10.32 The following factors should be relevant in considering whether or not an authorisation has been given:
- the person(s) authorised to sell alcohol at any particular premises should be clearly identified;
 - the authorisation should have specified the acts which may be carried out by the person who is authorised to supply alcohol;
 - there should be an overt act of authorisation, for example, a specific written statement given to the individual who is authorised to supply alcohol; and
 - there should be in place sensible arrangements for the personal licence holder to monitor the activity that they have authorised on a reasonably regular basis.
- 10.33 It is strongly recommended that personal licence holders give specific written authorisations to individuals whom they are authorising to retail alcohol. A single written authorisation would be sufficient to cover multiple sales over an unlimited period. This would assist personal licence holders in demonstrating due diligence should issues arise with enforcement authorities; and would protect employees if they themselves are challenged in respect of their authority to sell alcohol.
- 10.34 Written authorisation is not a requirement of the 2003 Act and its absence alone could not give rise to enforcement action.
- 10.35 It must be remembered that while the designated premises supervisor or a personal licence holder may authorise other individuals to sell alcohol in their absence, they are responsible for any sales that may be made. Similarly, the premises licence holder remains responsible for ensuring that licensing law and licence conditions are observed at the premises.

Arrangements for the mandatory licence conditions

- 10.36 The mandatory conditions made under sections 19A and 73B of the 2003 Act (the conditions governing irresponsible promotions, dispensing alcohol directly into the mouth, provision of free tap water, age verification, small measures and the prohibition on sales of alcohol below the permitted price) do not have to be physically included in the licence or certificate but nonetheless will apply to every licence and certificate authorising the sale and supply of alcohol for consumption on the premises. The mandatory conditions set out in section 19 of the 2003 Act (the requirement for a DPS and for all sales to be made or authorised by a personal licence holder) do, however, have to be physically included in the licence. The mandatory aspirational licence conditions do not apply to activities (including the supply of alcohol) authorised by a temporary event notice.
- 10.37 Whereas the initial mandatory conditions in section 19 of the 2003 Act are set out in Annex A of the licence, the additional mandatory conditions made under section 19A of the 2003 Act are treated as if they were included in existing licences and certificates on the date that those conditions came into force.
- 10.38 Following their commencement, the mandatory conditions overrode any pre-existing conditions already included in a licence or certificate insofar as the mandatory conditions were identical to, or inconsistent with or more onerous than, any pre-existing conditions. It is not necessary to record on the face of existing licences and certificates the impact that the introduction of the mandatory conditions has had on pre-existing conditions.

Irresponsible promotions

- 10.39 Under this condition, the “responsible person” (defined in the 2003 Act as the holder of a premises licence, designated premises supervisor, a person aged 18 or over who is authorised to allow the sale or supply of alcohol by an under 18 or a member or officer of a club present on the club premises who can oversee the supply of alcohol) should be able to demonstrate that they have ensured that staff do not carry out, arrange or participate in any irresponsible promotions. An irresponsible promotion is one that fits one of the descriptions below (or is substantially similar), is carried on for the purpose of encouraging the sale or supply of alcohol for consumption on the premises. The aim of the condition is to prohibit or restrict promotions which encourage people to drink more than they might ordinarily do and in a manner which undermines the licensing objectives.

Drinking games

- 10.40 Drinking games which require or encourage individuals to drink a quantity of alcohol within a time limit, or drink as much alcohol as possible within a time limit or otherwise, are prohibited. For example, this may include organised ‘drink downing’ competitions. This would not prevent the responsible person from requiring all drinks to be consumed or abandoned at, or before, the closing time of the premises. Nor does it necessarily prohibit ‘happy hours’ as long as these are not designed to encourage individuals to drink excessively or rapidly.

Large quantities of alcohol for free or a fixed price

10.41 Irresponsible promotions can include the provision of unlimited or unspecified quantities of alcohol free or for a fixed or discounted price, where there is a significant risk that such a promotion would undermine one or more of the licensing objectives. This includes alcohol provided to the public or to a group defined by a particular characteristic, for example, a promotion which offers women free drinks before a certain time or “all you can drink for £10”. Promotions can be designed with a particular group in mind (for example, over 65s). A common sense approach is encouraged, which may include specifying the quantity of alcohol included in it or not targeting a group which could become more vulnerable or present a greater risk of crime and disorder as a result of excessive alcohol consumption.

Prizes and rewards

10.42 The sale, supply or provision of free or discounted alcohol or any other item as a prize to encourage or reward the purchase and consumption of alcohol can be within the definition of an irresponsible promotion, where there is a significant risk that such a promotion would undermine one or more of the licensing objectives. This may include promotions under which free or discounted alcohol is offered as a part of the sale of alcohol, for example, “Buy one and get two free” and “Buy one cocktail and get a second cocktail for 25p”. This includes promotions which involve the provision of free or discounted alcohol within the same 24 hour period.

Posters and flyers

10.43 Irresponsible promotions can also include the sale or supply of alcohol in association with promotional materials on display in or around the premises, which can either be reasonably considered to condone, encourage or glamorise anti social behaviour or refer to the effects of drunkenness in any favourable manner.

Dispensing alcohol directly into the mouth

10.44 The responsible person (see paragraph 10.39) must ensure that no alcohol is dispensed directly into the mouth of a customer. For example, this may include drinking games such as the ‘dentist’s chair’ where a drink is poured continuously into the mouth of another individual and may also prevent a premises from allowing another body to promote its products by employing someone to dispense alcohol directly into customers’ mouths. An exception to this condition would be when an individual is unable to drink without assistance due to a disability.

Free potable water

10.45 The responsible person (see paragraph 10.39) must ensure that free potable water is provided on request to customers where it is reasonably available on the premises. What is meant by reasonably available is a question of fact; for example, it would not be reasonable to expect free tap water to be available in premises for which the water supply had temporarily been lost because of a broken mains water supply. However, it may be reasonable to expect bottled water to be provided in such circumstances.

Age verification

- 10.46 The premises licence holder or club premises certificate holder must ensure that an age verification policy applies to the premises in relation to the sale or supply of alcohol. This must as a minimum require individuals who appear to the responsible person (see paragraph 10.39) to be under the age of 18 years of age to produce on request, before being served alcohol, identification bearing their photograph, date of birth, and either a holographic mark or ultraviolet feature. The Home Office encourages licensed premises to accept cards bearing the Proof of Age Standards Scheme (PASS) hologram as their preferred proof of age, while acknowledging that many other forms of identification meet the requirements of the mandatory condition.
- 10.47 The premises licence holder or club premises certificate holder must ensure that staff (in particular, staff who are involved in the supply of alcohol) are made aware of the existence and content of the age verification policy which applies by the premises.
- 10.48 The designated premises supervisor (where there is one) must ensure that the supply of alcohol at the premises is carried on in accordance with the age verification policy. This means that the DPS has personal responsibility for ensuring that staff are not only aware of, but are also applying, the age verification policy.
- 10.49 It is acceptable, and indeed encouraged, for premises to have an age verification policy which requires individuals who appear to the responsible person to be under an age greater than 18 to produce such identification on request. For example, if premises have a policy that requires any individual that appears to be under the age of 21 to produce identification that meets the criteria listed above, this is perfectly acceptable under the mandatory code.
- 10.50 Licence holders should consider carefully what steps they are required to take to comply with the age verification requirements under the 2003 Act in relation to sales of alcohol made remotely. These include sales made online, by telephone and mail order sales, and alcohol delivery services. Each of these sales must comply with the requirements of the 2003 Act. The mandatory condition requires that age verification takes place before a person is served alcohol. Where alcohol is sold remotely (for example, online) or through a telephone transaction, the sale is made at this point but the alcohol is not actually served until it is delivered to the customer. Age verification measures (for example, online age verification) should be used to ensure that alcohol is not sold to any person under the age of 18. However, licence holders should also consider carefully what steps are appropriate to ensure that age verification takes place before the alcohol is served (i.e. physically delivered) to the customer to be satisfied that the customer is aged 18 or over. It is, therefore, the responsibility of the person serving or delivering the alcohol to ensure that age verification has taken place and that photo ID has been checked if the person appears to be less than 18 years of age.

Smaller measures

- 10.51 The responsible person (see paragraph 10.39) shall ensure that the following drinks, if sold or supplied on the premises, are available in the following measures:
- Beer or cider: ½ pint
 - Gin, rum, vodka or whisky: 25ml or 35ml
 - Still wine in a glass: 125ml

- 10.52 As well as making the drinks available in the above measures, the responsible person must also make customers aware of the availability of these measures by displaying them on printed materials available to customers on the premises. This can include making their availability clear on menus and price lists, and ensuring that these are displayed in a prominent and conspicuous place in the relevant premises (for example, at the bar). Moreover, staff must make customers aware of the availability of small measures when customers do not request that they be sold alcohol in a particular measure.
- 10.53 This condition does not apply if the drinks in question are sold or supplied having been made up in advance ready for sale or supply in a securely closed container. For example, if beer is only available in pre-sealed bottles the requirement to make it available in 1/2 pints does not apply.
- 10.54 The premises licence holder or club premises certificate holder must ensure that staff are made aware of the application of this condition.

Ban on sales of alcohol below the permitted price

- 10.55 The relevant person (the holder of the premises licence, the designated premises supervisor (if any) in respect of such a licence, the personal licence holder who makes or authorises a supply of alcohol under such a licence, or any member or officer of a club present on the premises in a capacity which enables the member or officer to prevent the supply in question) shall ensure that no alcohol is sold or supplied for consumption on or off the premises for a price which is less than the permitted price.
- 10.56 The permitted price is defined as the aggregate of the duty chargeable in relation to the alcohol on the date of its sale or supply and the amount of that duty multiplied by a percentage which represents the rate of VAT chargeable in relation to the alcohol on the date of its sale or supply. Detailed guidance on how to make this calculation and a calculator to determine permitted prices for each product are available on the Home Office website.
- 10.57 Where there is a change to the rate of duty or VAT applying to alcohol (for instance, following a Budget), the relevant person should ensure that the permitted price reflects the new rates within fourteen days of the introduction of the new rate.
- 10.58 It is still permitted to sell alcohol using promotions (as long as they are compatible with any other licensing condition that may be in force), and the relevant person should ensure that the price of the alcohol is not less than the permitted price. Detailed guidance on the use of promotions is given in the guidance document available on the Gov.uk website.

Exhibition of films

- 10.59 The 2003 Act provides that where a premises licence or club premises certificate authorises the exhibition of a film, it must include a condition requiring the admission of children to films to be restricted in accordance with recommendations given either by a body designated under section 4 of the Video Recordings Act 1984 specified in the licence (currently only the British Board of Film Classification (BBFC)) or by the licensing authority itself.
- 10.60 The effect of paragraph 5 of Schedule 1 to the 2003 Act is to exempt adverts from the

definition of regulated entertainment, but not exempt them from the definition of exhibition of a film. Since the above mandatory condition applies to 'any film', it is therefore applicable to the exhibition of adverts.

Door supervision

- 10.61 Under section 21 of the 2003 Act, when a condition is included in a premises licence that at specified times an individual must be present at the premises to carry out a security activity (as defined in section 21(3)(a) by reference to the Private Security Industry Act 2001 ("the 2001 Act")), the licence must include a condition requiring that individual to be licensed by the Security Industry Authority ("the SIA") under the 2001 Act, or be entitled to carry out that activity by virtue of section 4 of the 2001 Act.
- 10.62 A premises licence need not require a person to hold a licence granted by the SIA if that person benefits from an exemption under section 4 of the 2001 Act. For example, certain employees benefit from an exemption when carrying out conduct in connection with a certified sports ground (section 4(6) to (12)). Furthermore, in certain circumstances persons benefit from an exemption where they operate under the SIA's Approved Contractor Scheme (section 15).
- 10.63 Conditions under section 21 of the 2003 Act should only relate to individuals carrying out security activities defined by section 21(3)(a) of the 2003 Act. Therefore, they should only relate to an activity to which paragraph 2(1)(a) of Schedule 2 to the 2001 Act applies (certain manned guarding activities) and which is licensable conduct within the meaning of section 3(2) of that Act. The requirement does not relate to individuals performing non-security related activities, and section 21 should not be used in relation to any such activities.
- 10.64 Section 21 of the 2003 Act continues to ensure that a premises licence need not impose such a requirement in relation to those licensed premises which the 2001 Act treats as unlicensed premises. Those are:
- premises in respect of which there is in force a premises licence authorising a performance of a play or an exhibition of a film;
 - casinos or bingo halls licensed under the Gambling Act 2005;
 - premises where a club certificate is in force when activities are being carried on under the authority of that certificate.

See paragraph 8(3) of Schedule 2 to the 2001 Act for full details.

- 10.65 It should be noted, however, that the 2001 Act will require contractors and a small number of employees (those managing/supervising and those supplied under contract) to be licensed as manned guards (rather than door supervisors) when undertaking licensable conduct on premises to which paragraph 8(3) of Schedule 2 to the 2001 Act applies.
- 10.66 It is therefore important that if a licensing authority intends that individuals must be present to carry out security activities (as defined by section 21(3)(a) of the 2003 Act) this should be explicit, as should the mandatory condition for those individuals to hold an SIA licence or be entitled to carry out that activity by virtue of section 4 of the 2001 Act. On the other hand, where a licensing authority intends that individuals must be present to carry out other activities (for example, activities related to safety or steward activities to organise, advise and direct members of the public), no mandatory condition

should be imposed under section 21 of the 2003 Act. In all cases it is important when determining whether or not a condition is to be imposed under section 21 of the 2003 Act to consider whether the activities of any individual working in licensed premises fall within the definition of security activities in section 21(3)(a) of the 2003 Act. (Regardless of whether a condition is imposed under section 21 of the 2003 Act, under the 2001 Act the appropriate SIA licence must be held by any individual performing an activity for which they are licensable under that Act.)

11. Reviews

The review process

- 11.1 The proceedings set out in the 2003 Act for reviewing premises licences and club premises certificates represent a key protection for the community where problems associated with the licensing objectives occur after the grant or variation of a premises licence or club premises certificate.
- 11.2 At any stage, following the grant of a premises licence or club premises certificate, a responsible authority, or any other person, may ask the licensing authority to review the licence or certificate because of a matter arising at the premises in connection with any of the four licensing objectives.
- 11.3 An application for review may be made electronically, provided that the licensing authority agrees and the applicant submits a subsequent hard copy of the application, if the licensing authority requires one. The licensing authority may also agree in advance that the application need not be given in hard copy. However, these applications are outside the formal electronic application process and may not be submitted via GOV.UK or the licensing authority's electronic facility.
- 11.4 In addition, the licensing authority must review a licence if the premises to which it relates was made the subject of a closure order by the police based on nuisance or disorder and the magistrates' court has sent the authority the relevant notice of its determination, or if the police have made an application for summary review on the basis that premises are associated with serious crime and/or disorder.
- 11.5 Any responsible authority under the 2003 Act may apply for a review of a premises licence or club premises certificate. Therefore, the relevant licensing authority may apply for a review if it is concerned about licensed activities at premises and wants to intervene early without waiting for representations from other persons. However, it is not expected that licensing authorities should normally act as responsible authorities in applying for reviews on behalf of other persons, such as local residents or community groups. These individuals or groups are entitled to apply for a review for a licence or certificate in their own right if they have grounds to do so. It is also reasonable for licensing authorities to expect other responsible authorities to intervene where the basis for the intervention falls within the remit of that other authority. For example, the police should take appropriate steps where the basis for the review is concern about crime and disorder or the sexual exploitation of children. Likewise, where there are concerns about noise nuisance, it is reasonable to expect the local authority exercising environmental health functions for the area in which the premises are situated to make the application for review.
- 11.6 Where the relevant licensing authority does act as a responsible authority and applies for a review, it is important that a separation of responsibilities is still achieved in this process to ensure procedural fairness and eliminate conflicts of interest. As outlined previously in Chapter 9 of this Guidance, the distinct functions of acting as licensing authority and responsible authority should be exercised by different officials to ensure a separation of responsibilities. Further information on how licensing authorities should achieve this separation of responsibilities can be found in Chapter 9, paragraphs 9.13 to 9.19 of this Guidance.

- 11.7 In every case, any application for a review must relate to particular premises in respect of which there is a premises licence or club premises certificate and must be relevant to the promotion of one or more of the licensing objectives. Following the grant or variation of a licence or certificate, a complaint regarding a general issue in the local area relating to the licensing objectives, such as a general (crime and disorder) situation in a town centre, should generally not be regarded as a relevant representation unless it can be positively tied or linked by a causal connection to particular premises, which would allow for a proper review of the licence or certificate. For instance, a geographic cluster of complaints, including along transport routes related to an individual public house and its closing time, could give grounds for a review of an existing licence as well as direct incidents of crime and disorder around a particular public house.
- 11.8 Where a licensing authority receives a geographic cluster of complaints, the authority may consider whether these issues are the result of the cumulative impact of licensed premises within the area concerned. In such circumstances, the authority may also consider whether it would be appropriate to include a special policy relating to cumulative impact within its licensing policy statement. Further guidance on cumulative impact policies can be found in Chapter 14 of this Guidance.
- 11.9 Representations must be made in writing and may be amplified at the subsequent hearing or may stand in their own right. Additional representations which do not amount to an amplification of the original representation may not be made at the hearing. Representations may be made electronically, provided the licensing authority agrees and the applicant submits a subsequent hard copy, unless the licensing authority waives this requirement.
- 11.10 Where authorised persons and responsible authorities have concerns about problems identified at premises, it is good practice for them to give licence holders early warning of their concerns and the need for improvement, and where possible they should advise the licence or certificate holder of the steps they need to take to address those concerns. A failure by the holder to respond to such warnings is expected to lead to a decision to apply for a review. Co-operation at a local level in promoting the licensing objectives should be encouraged and reviews should not be used to undermine this co-operation.
- 11.11 If the application for a review has been made by a person other than a responsible authority (for example, a local resident, residents' association, local business or trade association), before taking action the licensing authority must first consider whether the complaint being made is relevant, frivolous, vexatious or repetitious. Further guidance on determining whether a representation is frivolous or vexatious can be found in Chapter 9 of this Guidance (paragraphs 9.4 to 9.10).

Repetitious grounds of review

- 11.12 A repetitious ground is one that is identical or substantially similar to:
- a ground for review specified in an earlier application for review made in relation to the same premises licence or certificate which has already been determined; or
 - representations considered by the licensing authority when the premises licence or certificate was granted; or
 - representations which would have been made when the application for the premises

licence was first made and which were excluded then by reason of the prior issue of a provisional statement; and, in addition to the above grounds, a reasonable interval has not elapsed since that earlier review or grant.

- 11.13 Licensing authorities are expected to be aware of the need to prevent attempts to review licences merely as a further means of challenging the grant of the licence following the failure of representations to persuade the licensing authority on an earlier occasion. It is for licensing authorities themselves to judge what should be regarded as a reasonable interval in these circumstances. However, it is recommended that more than one review originating from a person other than a responsible authority in relation to a particular premises should not be permitted within a 12 month period on similar grounds save in compelling circumstances or where it arises following a closure order.
- 11.14 The exclusion of a complaint on the grounds that it is repetitious does not apply to responsible authorities which may make more than one application for a review of a licence or certificate within a 12 month period.
- 11.15 When a licensing authority receives an application for a review from a responsible authority or any other person, or in accordance with the closure procedures described in Part 8 of the 2003 Act (for example, closure orders), it must arrange a hearing. The arrangements for the hearing must follow the provisions set out in regulations. These regulations are published on the Government's legislation website (www.legislation.gov.uk). It is particularly important that the premises licence holder is made fully aware of any representations made in respect of the premises, any evidence supporting the representations and that the holder or the holder's legal representative has therefore been able to prepare a response.

Powers of a licensing authority on the determination of a review

- 11.16 The 2003 Act provides a range of powers for the licensing authority which it may exercise on determining a review where it considers them appropriate for the promotion of the licensing objectives.
- 11.17 The licensing authority may decide that the review does not require it to take any further steps appropriate to promoting the licensing objectives. In addition, there is nothing to prevent a licensing authority issuing an informal warning to the licence holder and/or to recommend improvement within a particular period of time. It is expected that licensing authorities will regard such informal warnings as an important mechanism for ensuring that the licensing objectives are effectively promoted and that warnings should be issued in writing to the licence holder.
- 11.18 However, where responsible authorities such as the police or environmental health officers have already issued warnings requiring improvement – either orally or in writing – that have failed as part of their own stepped approach to address concerns, licensing authorities should not merely repeat that approach and should take this into account when considering what further action is appropriate. Similarly, licensing authorities may take into account any civil immigration penalties which a licence holder has been required to pay for employing an illegal worker.
- 11.19 Where the licensing authority considers that action under its statutory powers is appropriate, it may take any of the following steps:

- modify the conditions of the premises licence (which includes adding new conditions or any alteration or omission of an existing condition), for example, by reducing the hours of opening or by requiring door supervisors at particular times;
- exclude a licensable activity from the scope of the licence, for example, to exclude the performance of live music or playing of recorded music (where it is not within the incidental live and recorded music exemption)¹⁰;
- remove the designated premises supervisor, for example, because they consider that the problems are the result of poor management;
- suspend the licence for a period not exceeding three months;
- revoke the licence.

11.20 In deciding which of these powers to invoke, it is expected that licensing authorities should so far as possible seek to establish the cause or causes of the concerns that the representations identify. The remedial action taken should generally be directed at these causes and should always be no more than an appropriate and proportionate response to address the causes of concern that instigated the review.

11.21 For example, licensing authorities should be alive to the possibility that the removal and replacement of the designated premises supervisor may be sufficient to remedy a problem where the cause of the identified problem directly relates to poor management decisions made by that individual.

11.22 Equally, it may emerge that poor management is a direct reflection of poor company practice or policy and the mere removal of the designated premises supervisor may be an inadequate response to the problems presented. Indeed, where subsequent review hearings are generated by representations, it should be rare merely to remove a succession of designated premises supervisors as this would be a clear indication of deeper problems that impact upon the licensing objectives.

11.23 Licensing authorities should also note that modifications of conditions and exclusions of licensable activities may be imposed either permanently or for a temporary period of up to three months. Temporary changes or suspension of the licence for up to three months could impact on the business holding the licence financially and would only be expected to be pursued as an appropriate means of promoting the licensing objectives or preventing illegal working. So, for instance, a licence could be suspended for a weekend as a means of deterring the holder from allowing the problems that gave rise to the review to happen again. However, it will always be important that any detrimental financial impact that may result from a licensing authority's decision is appropriate and proportionate to the promotion of the licensing objectives and for the prevention of illegal working in licensed premises. But where premises are found to be trading irresponsibly, the licensing authority should not hesitate, where appropriate to do so, to take tough action to tackle the problems at the premises and, where other measures are deemed insufficient, to revoke the licence.

¹⁰ See chapter 15 in relation to the licensing of live and recorded music.

Reviews arising in connection with crime

- 11.24 A number of reviews may arise in connection with crime that is not directly connected with licensable activities. For example, reviews may arise because of drugs problems at the premises, money laundering by criminal gangs, the sale of contraband or stolen goods, the sale of firearms, or the sexual exploitation of children. Licensing authorities do not have the power to judge the criminality or otherwise of any issue. This is a matter for the courts. The licensing authority's role when determining such a review is not therefore to establish the guilt or innocence of any individual but to ensure the promotion of the crime prevention objective.
- 11.25 Reviews are part of the regulatory process introduced by the 2003 Act and they are not part of criminal law and procedure. There is, therefore, no reason why representations giving rise to a review of a premises licence need be delayed pending the outcome of any criminal proceedings. Some reviews will arise after the conviction in the criminal courts of certain individuals, but not all. In any case, it is for the licensing authority to determine whether the problems associated with the alleged crimes are taking place on the premises and affecting the promotion of the licensing objectives. Where a review follows a conviction, it would also not be for the licensing authority to attempt to go beyond any finding by the courts, which should be treated as a matter of undisputed evidence before them.
- 11.26 Where the licensing authority is conducting a review on the grounds that the premises have been used for criminal purposes, its role is solely to determine what steps should be taken in connection with the premises licence, for the promotion of the crime prevention objective. It is important to recognise that certain criminal activity or associated problems may be taking place or have taken place despite the best efforts of the licence holder and the staff working at the premises and despite full compliance with the conditions attached to the licence. In such circumstances, the licensing authority is still empowered to take any appropriate steps to remedy the problems. The licensing authority's duty is to take steps with a view to the promotion of the licensing objectives and the prevention of illegal working in the interests of the wider community and not those of the individual licence holder.
- 11.27 There is certain criminal activity that may arise in connection with licensed premises which should be treated particularly seriously. These are the use of the licensed premises:
- for the sale and distribution of drugs controlled under the Misuse of Drugs Act 1971 and the laundering of the proceeds of drugs crime;
 - for the sale and distribution of illegal firearms;
 - for the evasion of copyright in respect of pirated or unlicensed films and music, which does considerable damage to the industries affected;
 - for the illegal purchase and consumption of alcohol by minors which impacts on the health, educational attainment, employment prospects and propensity for crime of young people;
 - for prostitution or the sale of unlawful pornography;
 - by organised groups of paedophiles to groom children;
 - as the base for the organisation of criminal activity, particularly by gangs;

- for the organisation of racist activity or the promotion of racist attacks;
- for employing a person who is disqualified from that work by reason of their immigration status in the UK;
- for unlawful gambling; and
- for the sale or storage of smuggled tobacco and alcohol.

11.28 It is envisaged that licensing authorities, the police, the Home Office (Immigration Enforcement) and other law enforcement agencies, which are responsible authorities, will use the review procedures effectively to deter such activities and crime. Where reviews arise and the licensing authority determines that the crime prevention objective is being undermined through the premises being used to further crimes, it is expected that revocation of the licence – even in the first instance – should be seriously considered.

Review of a premises licence following closure order

11.29 Licensing authorities are subject to certain timescales, set out in the legislation, for the review of a premises licence following a closure order under section 80 of the Anti-social Behaviour, Crime and Policing Act 2014 or section 38 of and Schedule 6 to the Immigration Act 2016. The relevant time periods run concurrently and are as follows:

- when the licensing authority receives notice that a magistrates' court has made a closure order it has 28 days to determine the licence review – the determination must be made before the expiry of the 28th day after the day on which the notice is received;
- the hearing must be held within ten working days, the first of which is the day after the day the notice from the magistrates' court is received;
- notice of the hearing must be given no later than five working days before the first hearing day (there must be five clear working days between the giving of the notice and the start of the hearing).

Review of a premises licence following persistent sales of alcohol to children

11.30 The Government recognises that the majority of licensed premises operate responsibly and undertake due diligence checks on those who appear to be under the age of 18 at the point of sale (or 21 and 25 where they operate a Challenge 21 or 25 scheme). Where these systems are in place, licensing authorities may wish to take a proportionate approach in cases where there have been two sales of alcohol within very quick succession of one another (e.g., where a new cashier has not followed policy and conformed with a store's age verification procedures). However, where persistent sales of alcohol to children have occurred at premises, and it is apparent that those managing the premises do not operate a responsible policy or have not exercised appropriate due diligence, responsible authorities should consider taking steps to ensure that a review of the licence is the norm in these circumstances. This is particularly the case where there has been a prosecution for the offence under section 147A or a closure notice has been given under section 169A of the 2003 Act. In determining the review, the licensing authority should consider revoking the licence if it considers this appropriate.

12. Summary reviews

- 12.1 Summary reviews can be undertaken when the police consider that the premises concerned is associated with serious crime or serious disorder (or both). The summary review process, set out under sections 53A-53D of the 2003 Act, allows interim conditions to be quickly attached to a licence and a fast track licence review. The provisions were inserted by section 21 of the Violent Crime Reduction Act 2006 and amended by sections 136-137 of the Policing and Crime Act 2017, including the addition of section 53D.
- 12.2 The powers apply only where a premises licence authorises the sale of alcohol. They do not apply in respect of other premises licences, or to premises operating under a club premises certificate. The powers are aimed at tackling serious crime and serious disorder, in particular (but not exclusively) the use of guns and knives. The powers complement the general procedures in the 2003 Act for tackling crime and disorder associated with licensed premises and should be reserved for the most serious matters which cannot be adequately or otherwise redressed unless urgent action is taken. Separate powers in the Anti-social Behaviour, Crime and Policing Act 2014 provide for the instant closure of premises by the police in some circumstances (in essence, disorder or nuisance). The consequent review of premises licences by the licensing authority is provided for by section 167 of the Licensing Act 2003.

Application for summary review

- 12.3 Section 53A of the 2003 Act sets out who may apply for an expedited review and the circumstances in which it can be used. The application is made by, or on behalf of, the chief officer of police and must be made in the form which is set out in Schedule 8A to the Licensing Act 2003 (Premises Licences and Club Premises Certificates) Regulations 2005 (SI 2005/42).
- 12.4 The completed application must be accompanied by a certificate issued by a senior officer of the rank of superintendent or above. The certificate is a formal note which identifies the licensed premises and includes a signed statement by the senior officer that in his/her opinion the premises is associated with serious crime, serious disorder or both. This form is not prescribed in legislation. However, a sample form which forces may wish to adopt is published on gov.uk.
- 12.5 The tests to determine the kinds of conduct that amount to serious crime are set out in section 81(2) and (3) of the Regulation of Investigatory Powers Act 2000. Those tests are that the conduct:
- (a) constitutes an offence for which a person who is 21 years of age or over with no previous convictions could reasonably be expected to be sentenced to imprisonment for 3 years or more; or
 - (b) Involves the use of violence, results in substantial financial gain or is conduct by a large number of persons in pursuit of a common purpose.
- 12.6 There is no definitive list of behaviours that constitute serious disorder, and the matter is one for judgment by the local police. The phrase should be given its plain, ordinary meaning, as is the case under section 12 of the Public Order Act 1986 in which it is also

used.

12.7 In deciding whether to sign a certificate, the senior officer should consider the following (as applicable):

- The track record of the licensed premises concerned and whether the police have previously had cause to give advice about serious criminal or disorderly conduct (or the likelihood of such conduct) attributable to activities taking place on the premises. It is not expected that this power will be used as a first response to a problem and summary reviews triggered by a single incident are likely to be the exception.
- The nature of the likely crime and/or disorder – is the potential incident sufficiently serious to warrant using this power?
- Should an alternative power be deployed? Is the incident sufficiently serious to warrant use of the powers in Part 4, Chapter 3 of the Anti-social Behaviour, Crime and Policing Act 2014, or section 38 of and Schedule 6 to the Immigration Act 2016, to close the premises? Or could the police trigger a standard licence review to address the problem? Alternatively, could expedited reviews be used in conjunction with other powers (for example, modifying licence conditions following the use of a closure power)?
- What added value will use of the expedited process bring? How would any interim steps that the licensing authority might take effectively address the problem?

12.8 It is recommended that these points are addressed in the chief officer's application to the licensing authority. In particular, it is important to explain why other powers or actions are not considered to be appropriate. It is up to the police to decide whether to include this information in the certificate or in section 4 of the application for summary review. The police will also have an opportunity later to make representations in relation to the full review. In appropriate circumstances the police might want to make representations to the licensing authority suggesting that they modify the conditions of the premises licence to require searches of customers for offensive weapons upon entry. Under the powers in sections 53A to 53D, this could be done on an interim basis pending a full hearing of the issues within the prescribed 28-day timeframe or for an appropriate period determined by the licensing authority.

12.9 Similarly, the power could, where appropriate, be used to reduce the risk of injury caused by glass by requiring the adoption of a safer alternative (but see paragraphs 12.15 and 12.16 below). However, it should always be borne in mind that the aim of the powers is to provide a selective tool, to be used proportionately.

The licensing authority and interim steps pending the review

12.10 Within 48 hours of receipt of the chief officer's application, the licensing authority must give the premises licence holder and responsible authorities a notice of the review and should include a copy of the application for review and a copy of the certificate, and must also consider whether it is necessary to take interim steps (place temporary conditions on the licence). When calculating the 48 hour period any non-working day can be disregarded¹¹.

¹¹ This means that, for example, if the application was received at 3pm on a Friday, the 48 hour period would cover the remaining 9 hours on that Friday and the remaining 39 hours starting on the Monday morning (provided it was not a bank holiday). In this case the licensing authority would have to decide on interim steps by 3pm on the Tuesday.

- 12.11 The licensing authority may want to consult the police about the steps that it thinks are necessary, pending the determination of the review, to address the immediate problems with the premises, in particular the likelihood of serious crime and/or serious disorder. The licensing authority may consider the interim steps without the holder of the premises licence having been given an opportunity to make representations. This does not, of course, mean that the licensing authority *cannot* afford such an opportunity if it thinks it appropriate and feasible to do so in all the circumstances.
- 12.12 The determination of interim steps is not a matter that may be delegated to an officer of the licensing authority. The relevant decisions are likely to be taken by a licensing sub-committee rather than the full committee. It should also be noted that there is no requirement for a formal hearing in order to take interim steps. This means that the relevant sub committee members can communicate by telephone or other remote means in order to reach a decision. A written record should always be produced as soon as possible after a decision is reached.
- 12.13 The interim steps that the licensing authority must consider taking are:
- the modification of the conditions of the premises licence;
 - the exclusion of the sale of alcohol by retail from the scope of the licence;
 - the removal of the designated premises supervisor from the licence; and
 - the suspension of the licence.

Modification of the conditions of the premises licence can include the alteration or modification of existing conditions or addition of any new conditions, including those that restrict the times at which licensable activities authorised by the licence can take place.

- 12.14 If the licensing authority decides to take steps at the initial interim stage:
- the decision takes effect immediately, or as soon after it as the licensing authority directs; but
 - the licensing authority must give immediate notice of its decision and its reasons for doing so to the holder of the premises licence and the chief officer of police who made the application. The 2003 Act does not specify that the immediate notice has to be in writing. However, in an individual case the licensing authority may consider that the need for immediate communication at least initially requires a non-written approach, such as a telephone call. This may happen when, for example, the authority decides that the decision should have immediate effect. In such a case, the decision and the reasons for it should be explained clearly and in full to the licence-holder (or someone who may properly act for the licence-holder), and the call followed up as soon as possible with a written version of the decision and the reasons (for example, by email or fax) which is identical to, or not significantly different from, the version given by telephone.
- 12.15 The licensing authority, in deciding when its decision on interim steps should take effect, should consider the practical implications of compliance in relation to the premises. For example to comply with a modification of the conditions of a licence that requires employment of door supervisors, those running the premises may need some time to recruit appropriately qualified and accredited staff.
- 12.16 In addition, very careful consideration needs to be given to interim steps which would require significant cost or permanent or semi-permanent adjustments to premises which

would be difficult to remove if the outcome of the subsequent full review was to withdraw or modify those steps. For example, making structural changes, installing additional CCTV or replacing all glassware with safer alternatives may be valid steps, but might be disproportionate if they are not likely to be deemed necessary following the full review (or any subsequent appeal). The focus for interim steps should be on the immediate measures that are necessary to prevent serious crime or serious disorder occurring.

Making representations against the interim steps

- 12.17 The premises licence holder may make representations against the interim steps taken by the licensing authority. There is no time limit for the premises licence holder to make representations on the interim steps, although in practice this would at some point be superseded by the full review which would have to be completed within 28 days of the application being received by the licensing authority. On receipt of such representations, the licensing authority must (if the representations are not withdrawn) hold a hearing within 48 hours of their receipt. When calculating the 48 hour period, any non-working day can be disregarded. Where the licensing authority has already held a hearing to consider representations against the interim steps, the holder of the licence may only make further representations if there has been a material change in circumstances.
- 12.18 The licensing authority must give advance notice of the hearing to the premises licence holder and the chief officer of police. Given that these measures are designed to deal with serious crime and/or serious disorder on an interim basis only, the process is designed to avoid delay and, as such, significant portions of the Licensing Act 2003 (Hearings) Regulations 2005 (SI 2005/44) (which set out the usual processes governing the conduct of licensing authority hearings) do not apply in order to streamline the hearing process. One result of this is that the licensing authority cannot adjourn the hearing to a later date if the licence holder fails to attend at the scheduled time, as is the case under the normal review procedure. And as is the case with that procedure, the licence holder does not have to be present for the hearing to take place. In addition, there is no timescale for notifying the licence holder of the hearing under the modified process, providing the notification takes place before the hearing is held. However, it is imperative that the licence holder be given as much notice as is possible in the circumstances to afford the holder a maximum practicable opportunity to prepare for and attend the hearing. Licensing authorities should bear in mind that the usual principles of public law decision-making will apply to interim determinations, in a form that has regard to the statutory context of an expedited process.
- 12.19 At the hearing to consider representations against interim steps the licensing authority must:
- consider whether the interim steps are appropriate for the promotion of the licensing objectives; and
 - determine whether to withdraw or modify the steps taken.
- 12.20 When considering the case the licensing authority must take into account:
- the senior officer's certificate that accompanied the application;
 - the chief officer's representations (if any); and
 - any representations made by the premises licence holder.

12.21 There is no right of appeal to a magistrates' court against the licensing authority's decision at this stage.

The review of the premises licence under section 53C

12.22 The licensing authority must hold a full review of the premises licence and determine the review within 28 days after the day of receipt of the chief officer's application. There can be no adjournment of the hearing or delay in reaching a determination beyond the end of the 28 day period. This must take place even if the chief officer asks to withdraw his application or representations. At the review hearing, the licensing authority must consider what steps are appropriate for the promotion of the licensing objectives, consider any relevant representations, and review the interim steps already taken (if any).

12.23 In making its final determination the steps the licensing authority can take are:

- the modification of the conditions of the premises licence;
- the exclusion of a licensable activity from the scope of the licence;
- the removal of the designated premises supervisor from the licence;
- the suspension of the licence for a period not exceeding 3 months; and
- the revocation of the licence.

12.24 Modification of the conditions of the premises licence can include the alteration or modification of existing conditions or addition of any new conditions, including those that restrict the times at which licensable activities authorised by the licence can take place.

12.25 The licensing authority must:

- advertise the review inviting representations from any persons for no less than seven consecutive days, by notice as described in regulation 38 of the Licensing Act 2003 (Premises Licences and Club Premises Certificates) Regulations 2005 (SI 2005/42) and, if applicable, on the licensing authority's website (see regulation 38(1)(b) of the above). The relevant notices should be published on the day after the day of receipt of the chief officer's application.
- advertise that any representations which the premises licence holder, responsible authority or any other person want the licensing authority to consider at the review hearing, should be submitted to the licensing authority within 10 working days of the advertisement of the review appearing.
- give formal notice of the hearing no later than five working days before the day or first day on which the hearing is to be held to the premises licence holder and to every responsible authority.

12.26 A party shall give to the licensing authority a notice no later than two working days before the day or the first day on which the hearing is to be held stating –

- whether he intends to attend or be represented at the hearing;
- whether he considers a hearing to be unnecessary.
- whether he would like permission for any other person (other than the person he intends to represent him at the hearing) to appear at the hearing and, if so, explain on which points that person will be able to contribute.

- 12.27 The regulations relating to hearings are set out in the Licensing Act 2003 (Hearings) Regulations 2005 (S.I. 2005/44). They apply to final hearings under the section 53A(2)(b) in a similar way to hearings following closure orders under section 167 of the 2003 Act (it should be emphasised that the truncated version of the hearings regulations described in paragraph 12.18 above applies to interim hearings only). The issues they address include who can make representations and what those representations can be about. It is therefore possible for responsible authorities or any other persons to make representations in relation to any of the licensing objectives, not just crime and disorder. Similarly, where it is in the public interest, the regulations relating to the exclusion of individuals from hearings, or conducting the hearing in private, will apply.
- 12.28 The licensing authority must notify its decision and the reasons for making it to:
- the holder of the premises licence;
 - any person who made relevant representations; and
 - the chief officer of police who made the original application.

Review of the interim steps under section 53D

- 12.29 The licensing authority's determination does not have effect until the end of the 21 day period given for appealing the decision, or until the disposal of any appeal that is lodged (see below information on right of appeal). To ensure that there are appropriate and proportionate safeguards in place at all times, the licensing authority is required to review any interim steps that it has taken that are in place on the date of the hearing and consider whether it is appropriate for the promotion of the licensing objectives for the steps to remain in place, or if they should be modified or withdrawn. The review of the interim steps should take place immediately after the determination under section 53C has been reached. In making its decision, the licensing authority must consider any relevant representations made.
- 12.30 In conducting the review of the interim steps the licensing authority has the power to take any of the steps that were available to it at the initial stage (see paragraph 12.13). Any interim steps taken at the review hearing apply until—
- (a) the end of the period given for appealing against a decision made under section 53C (21 days),
 - (b) if the decision under section 53C is appealed against, the time the appeal is disposed of, or
 - (c) the end of a period determined by the relevant licensing authority (which may not be longer than the period of time for which such interim steps could apply under (a) or (b) above).

Right of appeal against review of interim steps decision

- 12.31 The licence holder or the chief officer of police may appeal against the decision made by the licensing authority concerning its review of the interim steps to a magistrates' court. The appeal must be made within 21 days of the appellant being notified of the licensing authority's decision and must be heard by the magistrates' court within 28 days beginning with the day on which the appellant lodged the appeal.

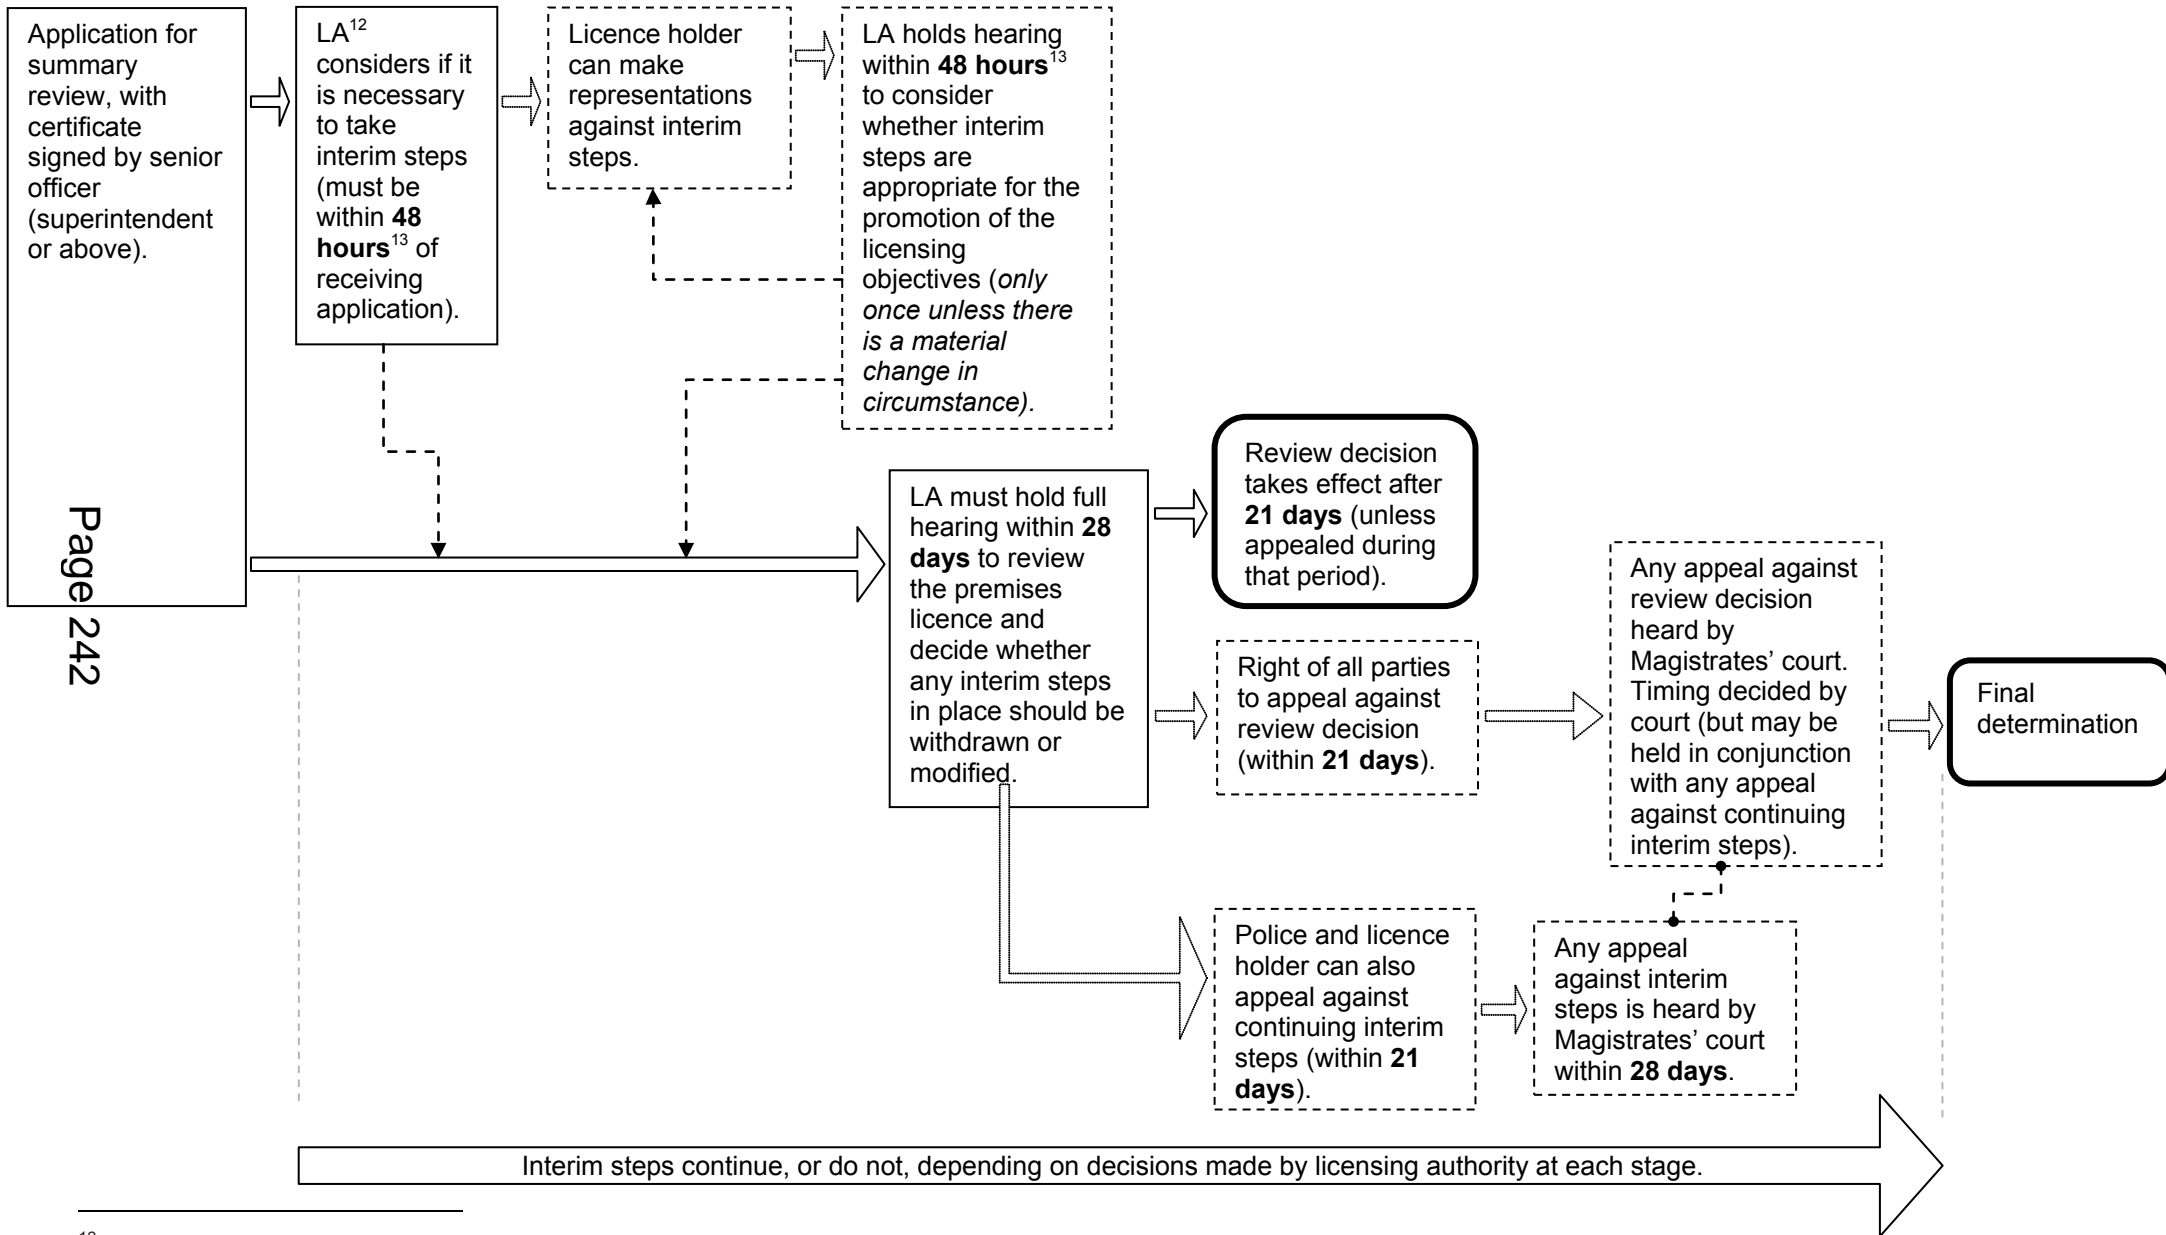

Right of appeal against final review decision

- 12.32 An appeal against the final review decision may be made to a magistrates' court within 21 days of the appellant being notified of the licensing authority's determination on the review. An appeal may be made by the premises licence holder, the chief officer of police and/or any other person who made relevant representations.
- 12.33 The decision of the licensing authority, following the review hearing, will not have effect until the end of the period allowed for appeal, or until the disposal of the appeal.
- 12.34 Where appeals are lodged both against the decision following the review of the interim steps and against the final determination, the courts may decide to consider the appeal against the final determination within the 28 day period, allowing the interim steps appeal to be disposed of at the same time.

13. Appeals

- 13.1 This chapter provides advice about entitlements to appeal in connection with various decisions made by a licensing authority under the provisions of the 2003 Act. Entitlements to appeal for parties aggrieved by decisions of the licensing authority are set out in Schedule 5 to the 2003 Act.

General

- 13.2 With the exception of appeals in relation to closure orders, an appeal may be made to any magistrates' court in England or Wales but it is expected that applicants would bring an appeal in a magistrates' court in the area in which they or the premises are situated.
- 13.3 An appeal has to be commenced by the appellant giving a notice of appeal to the designated officer for the magistrates' court within a period of 21 days beginning with the day on which the appellant was notified by the licensing authority of the decision which is being appealed.
- 13.4 The licensing authority will always be a respondent to the appeal, but in cases where a favourable decision has been made for an applicant, licence holder, club or premises user against the representations of a responsible authority or any other person, or the objections of the chief officer of police, the Home Office (Immigration Enforcement), or local authority exercising environmental health functions, the holder of the premises or personal licence or club premises certificate or the person who gave an interim authority notice or the premises user will also be a respondent to the appeal, and the person who made the relevant representation or gave the objection will be the appellants.
- 13.5 Where an appeal has been made against a decision of the licensing authority, the licensing authority will in all cases be the respondent to the appeal and may call as a witness a responsible authority or any other person who made representations against the application, if it chooses to do so. For this reason, the licensing authority should consider keeping responsible authorities and others informed of developments in relation to appeals to allow them to consider their position. Provided the court considers it appropriate, the licensing authority may also call as witnesses any individual or body that they feel might assist their response to an appeal.
- 13.6 The court, on hearing any appeal, may review the merits of the decision on the facts and consider points of law or address both.
- 13.7 On determining an appeal, the court may:
- dismiss the appeal;
 - substitute for the decision appealed against any other decision which could have been made by the licensing authority; or
 - remit the case to the licensing authority to dispose of it in accordance with the direction of the court and make such order as to costs as it thinks fit.

All parties should be aware that the court may make an order for one party to pay another party's costs.

On any appeal, the court is not entitled to consider whether the licence holder should have been convicted of an immigration offence or been required to pay an immigration penalty, or whether they should have been granted by the Home Office permission to be in the UK. This is because separate rights exist to appeal these matters or to have an immigration decision administratively reviewed.

Licensing policy statements and Section 182 guidance

- 13.8 In hearing an appeal against any decision made by a licensing authority, the magistrates' court will have regard to that licensing authority's statement of licensing policy and this Guidance. However, the court would be entitled to depart from either the statement of licensing policy or this Guidance if it considered it was justified to do so because of the individual circumstances of any case. In other words, while the court will normally consider the matter as if it were "standing in the shoes" of the licensing authority, it would be entitled to find that the licensing authority should have departed from its own policy or the Guidance because the particular circumstances would have justified such a decision.
- 13.9 In addition, the court is entitled to disregard any part of a licensing policy statement or this Guidance that it holds to be ultra vires the 2003 Act and therefore unlawful. The normal course for challenging a statement of licensing policy or this Guidance should be by way of judicial review, but where it is submitted to an appellate court that a statement of policy is itself ultra vires the 2003 Act and this has a direct bearing on the case before it, it would be inappropriate for the court, on accepting such a submission, to compound the original error by relying on that part of the statement of licensing policy affected.

Giving reasons for decisions

- 13.10 It is important that a licensing authority should give comprehensive reasons for its decisions in anticipation of any appeals. Failure to give adequate reasons could itself give rise to grounds for an appeal. It is particularly important that reasons should also address the extent to which the decision has been made with regard to the licensing authority's statement of policy and this Guidance. Reasons should be promulgated to all the parties of any process which might give rise to an appeal under the terms of the 2003 Act.

Implementing the determination of the magistrates' courts

- 13.11 As soon as the decision of the magistrates' court has been promulgated, licensing authorities should implement it without delay. Any attempt to delay implementation will only bring the appeal system into disrepute. Standing orders should therefore be in place that on receipt of the decision, appropriate action should be taken immediately unless ordered by the magistrates' court or a higher court to suspend such action (for example, as a result of an on-going judicial review). Except in the case of closure orders, the 2003 Act does not provide for a further appeal against the decision of the magistrates' courts and normal rules of challenging decisions of magistrates' courts will apply.

Provisional statements

13.12 To avoid confusion, it should be noted that a right of appeal only exists in respect of the terms of a provisional statement that is issued rather than one that is refused. This is because the 2003 Act does not empower a licensing authority to refuse to issue a provisional statement. After receiving and considering relevant representations, the licensing authority may only indicate, as part of the statement, that it would consider certain steps to be appropriate for the promotion of the licensing objectives when, and if, an application were made for a premises licence following the issuing of the provisional statement. Accordingly, the applicant or any person who has made relevant representations may appeal against the terms of the statement issued.

14. Statements of licensing policy

Introduction

The Licensing Act 2003

14.1 This chapter provides guidance on the development and preparation of local statements of licensing policy for publication by licensing authorities, the general principles that it is recommended should underpin them, and core content to which licensing authorities are free to add.

General

14.2 Section 5 of the 2003 Act requires a licensing authority to prepare and publish a statement of its licensing policy at least every five years. Such a policy must be published before the authority carries out any function in respect of individual applications and notices made under the terms of the 2003 Act. During the five-year period, the policy must be kept under review and the licensing authority may make any revisions to it as it considers appropriate, for instance in the light of feedback from the local community on whether the licensing objectives are being met. If the licensing authority determines and publishes its policy in this way, a new five-year period commences on the date it is published. Previously, licensing authorities were required to determine their licensing policies for each three-year period. Licensing policies published in respect of the three-year period that began on 7 January 2011 are to be treated as though they apply to a period of five years beginning at that date.

14.3 Where revisions to the section 182 Guidance are made by the Secretary of State, it will be for the licensing authority to determine whether revisions to its own licensing policy statement are appropriate.

Consultation on policies

14.4 Before determining its policy, the licensing authority must consult the persons listed in section 5(3) of the 2003 Act. These are:

- the chief officer of police for the area;
- the fire and rescue authority for the area;
- each local authority's Director of Public Health in England (DPH)¹⁴ or Local Health Board in Wales for an area any part of which is in the licensing authority's area,
- persons/bodies representative of local premises licence holders;
- persons/bodies representative of local club premises certificate holders;
- persons/bodies representative of local personal licence holders; and
- persons/bodies representative of businesses and residents in its area.

14.5 The views of all these persons or bodies should be given appropriate weight when the policy is determined. It is recognised that in some areas, it may be difficult to identify persons or bodies that represent all parts of industry affected by the provisions of the

¹⁴ This change was made as a result of the commencement of measures in the Health and Social Care Act 2012 which amended the 2003 Act and further provision in the NHS Bodies and Local Authorities (Partnership Arrangements, Care Trusts, Public Health and Local Healthwatch) Regulations 2012.

2003 Act, but licensing authorities must make reasonable efforts to do so. Licensing authorities should note that the terms of the 2003 Act do not prevent them consulting other bodies or persons.

- 14.6 Subject to the statutory requirements, it is for each licensing authority to determine the extent of the consultation it should undertake, and whether any particular person or body is representative of the groups described in the 2003 Act. While it is clearly good practice to consult widely, this may not always be necessary or appropriate (for example, where a licensing authority has recently carried out a comprehensive consultation in relation to a revision to its policy made within five years of a full revision to it). As such, it may decide on a simple consultation with those persons listed.
- 14.7 However, licensing authorities should consider very carefully whether a full consultation is appropriate as a limited consultation may not allow all persons sufficient opportunity to comment on and influence local policy (for example, where an earlier consultation was limited to a particular part of the policy, such as a proposal to introduce a cumulative impact policy).
- 14.8 Fee levels are intended to provide full cost recovery of all licensing functions including the preparation and publication of a statement of licensing policy, but this will be based on the statutory requirements. Where licensing authorities exceed these requirements, they will have to absorb those costs themselves.

Fundamental principles

- 14.9 All statements of policy should begin by stating the four licensing objectives, which the licensing policy should promote. In determining its policy, a licensing authority must have regard to this Guidance and give appropriate weight to the views of consultees.
- 14.10 While statements of policy may set out a general approach to making licensing decisions, they must not ignore or be inconsistent with provisions in the 2003 Act. For example, a statement of policy must not undermine the right of any person to apply under the terms of the 2003 Act for a variety of permissions and to have any such application considered on its individual merits.
- 14.11 Similarly, no statement of policy should override the right of any person to make representations on an application or to seek a review of a licence or certificate where provision has been made for them to do so in the 2003 Act.
- 14.12 Statements of policies should make clear that:
- licensing is about regulating licensable activities on licensed premises, by qualifying clubs and at temporary events within the terms of the 2003 Act; and
 - conditions attached to various authorisations will be focused on matters which are within the control of individual licence holders and others with relevant authorisations, i.e. the premises and its vicinity.
- 14.13 A statement of policy should also make clear that licensing law is not the primary mechanism for the general control of nuisance and anti-social behaviour by individuals once they are away from the licensed premises and, therefore, beyond the direct control of the individual, club or business holding the licence, certificate or authorisation concerned. Nonetheless, it is a key aspect of such control and licensing law will always be part of a holistic approach to the management of the evening and night-time

economy in town and city centres.

Licence conditions

- 14.14 Statements of licensing policy should reflect the general principles regarding licence conditions set out in Chapter 1 of this guidance.
- 14.15 Statements of licensing policy should include a firm commitment to avoid attaching conditions that duplicate other regulatory regimes as far as possible. Chapter 10 provides further detail on this issue.

Enforcement

- 14.16 The Government recommends that licensing authorities should establish and set out joint- enforcement protocols with the local police and the other authorities and describe them in their statement of policy. This will clarify the division of responsibilities for licence holders and applicants, and assists enforcement and other authorities to deploy resources more efficiently.
- 14.17 In particular, these protocols should also provide for the targeting of agreed problem and high-risk premises which require greater attention, while providing a lighter touch for low risk premises or those that are well run. In some local authority areas, the limited validity of public entertainment, theatre, cinema, night café and late night refreshment house licences has in the past led to a culture of annual inspections regardless of whether the assessed risks make such inspections necessary. The 2003 Act does not require inspections to take place save at the discretion of those charged with this role. Principles of risk assessment and targeted inspection (in line with the recommendations of the Hampton review) should prevail and, for example, inspections should not be undertaken routinely but when and if they are judged necessary. This should ensure that resources are used efficiently and for example, are more effectively concentrated on problem premises.

Entertainment provision

- 14.18 Statements of licensing policy should set out the extent to which the licensing authority intends to facilitate a broad range of entertainment provision for enjoyment by a wide cross-section of the public. Statements of licensing policy should address what balance is to be struck between promoting the provision of entertainment and addressing concerns relevant to the licensing objectives. Licensing authorities should be conscious that licensing policy may inadvertently deter live music by imposing indirect costs of a disproportionate nature, for example a blanket policy that any pub providing live music entertainment must have door supervisors.

The need for licensed premises

- 14.19 There can be confusion about the difference between the “need” for premises and the “cumulative impact” of premises on the licensing objectives, for example, on crime and disorder. “Need” concerns the commercial demand for another pub or restaurant or hotel and is a matter for the planning authority and for the market. This is not a matter for a licensing authority in discharging its licensing functions or for its statement of licensing policy.

The cumulative impact of a concentration of licensed premises

What is cumulative impact?

- 14.20 “Cumulative impact” is not mentioned specifically in the 2003 Act. In this Guidance, it means the potential impact on the promotion of the licensing objectives of a significant number of licensed premises concentrated in one area. The cumulative impact of licensed premises on the promotion of the licensing objectives is a proper matter for a licensing authority to consider in developing its licensing policy statement. Cumulative impact policies (CIP) may relate to premises licensed to carry on any licensable activity, including the sale of alcohol for consumption on or off the premises, and the provision of late night refreshment. This includes late night fast food outlets which are not licensed to sell alcohol.
- 14.21 In some areas, where the number, type or density of premises selling alcohol or providing late night refreshment is high or exceptional, serious problems of nuisance and disorder may be arising or have begun to arise outside or some distance from those premises. Such problems generally occur as a result of large numbers of drinkers being concentrated in an area, for example when leaving premises at peak times or when queuing at fast food outlets or for public transport. Licensing authorities should consider whether the number of fast food outlets or off licences in an area contribute to these problems, and may choose to include them in their cumulative impact policy.
- 14.22 Queuing in itself may lead to conflict, disorder and anti-social behaviour. Moreover, large concentrations of people may also increase the incidence of other criminal activities such as drug dealing, pick pocketing and street robbery. Local services such as public transport services, public lavatory provision and street cleaning may not be able to meet the demand posed by such concentrations of drinkers leading to issues such as street fouling, littering, traffic and public nuisance caused by concentrations of people who cannot be effectively dispersed quickly.
- 14.23 Variable licensing hours may facilitate a more gradual dispersal of customers from premises. However, in some cases, the impact on surrounding areas of the behaviour of the customers of all premises taken together will still be greater than the impact of customers of individual premises. These conditions are more likely to arise in town and city centres, but may also arise in other urban centres and the suburbs, for example on smaller high streets with high concentrations of licensed premises.

Evidence of cumulative impact

- 14.24 There should be an evidential basis for the decision to include a special policy within the statement of licensing policy. Local Community Safety Partnerships and responsible authorities, such as the police and the local authority exercising environmental health functions, may hold relevant information which would inform licensing authorities when establishing the evidence base for introducing a special policy relating to cumulative impact into their licensing policy statement. Information which licensing authorities may be able to draw on to evidence the cumulative impact of licensed premises on the promotion of the licensing objectives includes:
- local crime and disorder statistics, including statistics on specific types of crime and crime hotspots;
 - statistics on local anti-social behaviour offences;

- health-related statistics such as alcohol-related emergency attendances and hospital admissions;
 - environmental health complaints, particularly in relation to litter and noise;
 - complaints recorded by the local authority, which may include complaints raised by local residents or residents' associations;
 - residents' questionnaires;
 - evidence from local councillors; and
 - evidence obtained through local consultation.
- 14.25 The licensing authority may consider this evidence, alongside its own evidence as to the impact of licensable activities within its area, and consider in particular the times at which licensable activities are carried on. Information which may inform consideration of these issues includes:
- trends in licence applications, particularly trends in applications by types of premises and terminal hours;
 - changes in terminal hours of premises;
 - premises' capacities at different times of night and the expected concentrations of drinkers who will be expected to be leaving premises at different times.
- 14.26 Where existing information is insufficient or not readily available, but the licensing authority believes there are problems in its area resulting from the cumulative impact of licensed premises, it can consider conducting or commissioning a specific study to assess the position. This may involve conducting observations of the night-time economy to assess the extent of incidents relating to the promotion of the licensing objectives, such as incidences of criminal activity and anti-social behaviour, examples of public nuisance, specific issues such as underage drinking and the key times and locations at which these problems are occurring.
- 14.27 In order to identify the areas in which problems are occurring, information about specific incidents can be mapped and, where possible, a time analysis undertaken to identify the key areas and times at which there are specific issues.
- 14.28 After considering the available evidence and consulting those individuals and organisations listed in section 5(3) of the 2003 Act and any others, a licensing authority may be satisfied that it is appropriate to include an approach to cumulative impact in its licensing policy statement. The special policy should also be considered alongside local planning policy and other factors which may assist in mitigating the cumulative impact of licensed premises, as set out in paragraph 13.39. When the licensing authority decides to introduce an approach to cumulative impact, it may decide it is appropriate to indicate in its statement that it is adopting a special policy whereby, when it receives relevant representations, there is a rebuttable presumption that, for example, applications or variation applications which seek to extend the sale or apply of alcohol or provision of late night refreshment are refused or subject to certain limitations.

Steps to a special policy

- 14.29 The steps to be followed in considering whether to adopt a special policy within the statement of licensing policy are summarised below.
- Identify concern about crime and disorder; public safety; public nuisance; or protection of children from harm.
 - Consider whether there is good evidence that crime and disorder or nuisance are occurring, or whether there are activities which pose a threat to public safety or the protection of children from harm.
 - If such problems are occurring, identify whether these problems are being caused by the customers of licensed premises, or that the risk of cumulative impact is imminent.
 - Identify the boundaries of the area where problems are occurring (this can involve mapping where the problems occur and identifying specific streets or localities where such problems arise).
 - Consult those specified in section 5(3) of the 2003 Act, and subject to the outcome of the consultation, include and publish details of the special policy in the licensing policy statement.

Effect of special policies

- 14.30 The effect of adopting a special policy of this kind is to create a rebuttable presumption that applications for the grant or variation of premises licences or club premises certificates which are likely to add to the existing cumulative impact will normally be refused or subject to certain limitations, following relevant representations, unless the applicant can demonstrate in the operating schedule that there will be no negative cumulative impact on one or more of the licensing objectives. Applicants should give consideration to potential cumulative impact issues when setting out the steps they will take to promote the licensing objectives in their application.
- 14.31 However, a special policy must stress that this presumption does not relieve responsible authorities (or any other persons) of the need to make a relevant representation, referring to information which had been before the licensing authority when it developed its statement of licensing policy, before a licensing authority may lawfully consider giving effect to its special policy. If there are no representations, the licensing authority must grant the application in terms that are consistent with the operating schedule submitted.
- 14.32 Once adopted, special policies should be reviewed regularly to assess whether they are needed any longer or if those which are contained in the statement of licensing policy should be amended.
- 14.33 The absence of a special policy does not prevent any responsible authority or other person making representations on an application for the grant or variation of a licence on the grounds that the premises will give rise to a negative cumulative impact on one or more of the licensing objectives.
- 14.34 Special policies may apply to the impact of a concentration of any licensed premises, including those licensed for the sale of alcohol on or off the premises, and premises licensed to provide late night refreshment. When establishing its evidence base for introducing a special policy, licensing authorities should be considering the contribution to cumulative impact made by different types of premises within its area, in order to determine the appropriateness of including different types of licensed premises within

the special policy.

- 14.35 It is recommended that licensing authorities should publish contact points in their statements of licensing policy where members of public can obtain advice about whether or not activities should be licensed.

Limitations on special policies relating to cumulative impact

- 14.36 A special policy should never be absolute. Statements of licensing policy should always allow for the circumstances of each application to be considered properly and for applications that are unlikely to add to the cumulative impact on the licensing objectives to be granted. After receiving relevant representations in relation to a new application for or a variation of a licence or certificate, the licensing authority must consider whether it would be justified in departing from its special policy in the light of the individual circumstances of the case. The impact can be expected to be different for premises with different styles and characteristics. For example, while a large nightclub or high capacity public house might add to problems of cumulative impact, a small restaurant or a theatre may not. If the licensing authority decides that an application should be refused, it will still need to show that the grant of the application would undermine the promotion of one of the licensing objectives and that appropriate conditions would be ineffective in preventing the problems involved.
- 14.37 Special policies should never be used as a ground for revoking an existing licence or certificate when representations are received about problems with those premises. Where the licensing authority has concerns about the effect of activities at existing premises between midnight and 6am on the promotion of the licensing objectives in a specific area, it may introduce an Early Morning Alcohol Restriction Order (EMRO) if there is sufficient evidence to do so (see chapter 16). The “cumulative impact” on the promotion of the licensing objectives of a concentration of multiple licensed premises should only give rise to a relevant representation when an application for the grant or variation of a licence or certificate is being considered. A review must relate specifically to individual premises, and by its nature, “cumulative impact” relates to the effect of a concentration of many premises. Identifying individual premises in the context of a review would inevitably be arbitrary.
- 14.38 Special policies can also not be used to justify rejecting applications to vary an existing licence or certificate except where those modifications are directly relevant to the policy (as would be the case with an application to vary a licence with a view to increasing the capacity limits of the premises) and are strictly appropriate for the promotion of the licensing objectives.
- 14.39 Every application should still be considered individually. Therefore, special policies must not restrict such consideration by imposing quotas – based on either the number of premises or the capacity of those premises. Quotas that indirectly have the effect of predetermining the outcome of any application should not be used because they have no regard to the individual characteristics of the premises concerned.

Other mechanisms for controlling cumulative impact

14.40 Once away from the licensed premises, a minority of consumers will behave badly and unlawfully. To enable the general public to appreciate the breadth of the strategy for addressing these problems, statements of policy should also indicate the other mechanisms both within and outside the licensing regime that are available for addressing such issues. For example:

- planning control;
- positive measures to create a safe and clean town centre environment in partnership with local businesses, transport operators and other departments of the local authority;
- the provision of CCTV surveillance in town centres, taxi ranks, provision of public conveniences open late at night, street cleaning and litter patrols;
- powers of local authorities to designate parts of the local authority area as places where alcohol may not be consumed publicly;
- the confiscation of alcohol from adults and children in designated areas;
- police enforcement of the general law concerning disorder and anti-social behaviour, including the issuing of fixed penalty notices;
- prosecution for the offence of selling alcohol to a person who is drunk (or allowing such a sale);
- police powers to close down instantly for up to 24 hours (extendable to 48 hours) any licensed premises in respect of which a TEN has effect on grounds of disorder, the likelihood of disorder, or noise emanating from the premises causing a nuisance; and
- the power of the police, other responsible authorities or other persons to seek a review of a licence or certificate.
- Raising a contribution to policing the late night economy through the Late Night Levy.
- Early Morning Alcohol Restriction Orders (see Chapter 17).

14.41 As part of its licensing policy, the licensing authority may also wish to consider the use of alternative measures such as fixed closing times, staggered closing times and zoning within its area, providing such mechanisms are justified on the basis of the licensing objectives and are only presumptive, with final decisions continuing to be made in relation to individual premises on a case by case basis in accordance with what is appropriate to promote the licensing objectives. The licensing authority would be expected to include its intention to use such measures in its statement of licensing policy and justify doing so in order to orchestrate closing times so as to manage problems in the night-time economy based on the promotion of the licensing objectives. As with the creation of a CIP, the use of such mechanisms would create a rebuttable presumption and would apply in the event of representations being received.

Public Spaces Protection Order

- 14.42 The Designated Public Place Order (DPPO) has been replaced by the Public Spaces Protection Order (PSPO) in the Anti-social Behaviour Crime and Policing Act 2014¹⁵. PSPOs can be used to restrict the drinking of alcohol in a public space where this has or is likely to have a detrimental effect on the quality of life on those in the locality, be persistent or continuing in nature, and unreasonable. Before making a PSPO, a council must consult the local police. DPPOs will continue to be valid for a period of three years following commencement of the PSPO in October 2014. Once that three year period expires, they will be treated as a PSPO and enforceable as such. Where a local authority occupies or manages premises, or where premises are managed on its behalf, and it licenses that place for alcohol sales, the PSPO will not apply when the licence is being used for alcohol sales (or 30 minutes after), but the place will be subject to the PSPO at all other times¹⁶. This allows local authorities to promote community events while still using a PSPO to tackle the problems of anti-social drinking.
- 14.43 It should be noted that when one part of a local authority seeks a premises licence of this kind from the licensing authority, the licensing committee and its officers must consider the matter from an entirely neutral standpoint. If relevant representations are made, for example, by local residents or the police, they must be considered fairly by the committee. Anyone making a representation that is genuinely aggrieved by a positive decision in favour of a local authority application by the licensing authority would be entitled to appeal to the magistrates' court and thereby receive an independent review of any decision.

Licensing hours

- 14.44 With regard to licensing hours, the Government acknowledges that different licensing approaches may be appropriate for the promotion of the licensing objectives in different areas. The 2003 Act gives the licensing authority power to make decisions regarding licensed opening hours as part of the implementation of its licensing policy statement and licensing authorities are best placed to make such decisions based on their local knowledge and in consultation with other responsible authorities. However, licensing authorities must always consider each application and must not impose predetermined licensed opening hours, without giving individual consideration to the merits of each application.
- 14.45 Statements of licensing policy should set out the licensing authority's approach regarding licensed opening hours and the strategy it considers appropriate for the promotion of the licensing objectives in its area. The statement of licensing policy should emphasise the consideration which will be given to the individual merits of an application. The Government recognises that licensed premises make an important contribution to our local communities, and has given councils a range of tools to effectively manage the different pressures that licensed premises can bring. In determining appropriate strategies around licensed opening hours, licensing authorities cannot seek to restrict the activities of licensed premises where it is not appropriate for

the promotion of the licensing objectives to do so.

Children

14.46 It is an offence under the 2003 Act to:

- permit children under the age of 16 who are not accompanied by an adult to be present on premises being used exclusively or primarily for supply of alcohol for consumption on those premises under the authorisation of a premises licence, club premises certificate or where that activity is carried on under the authority of a TEN; and
- to permit the presence of children under 16 who are not accompanied by an adult between midnight and 5am at other premises supplying alcohol for consumption on the premises under the authority of any premises licence, club premises certificate or TEN.

14.47 Outside of these hours, the offence does not prevent the admission of unaccompanied children under 16 to the wide variety of premises where the consumption of alcohol is not the exclusive or primary activity. This does not mean that children should automatically be admitted to such premises and the following paragraphs are therefore of great importance notwithstanding the offences under the 2003 Act. The expression 'exclusively or primarily' should be given its ordinary and natural meaning in the context of the particular circumstances.

14.48 Where it is not clear that the business is predominately for the sale and consumption of alcohol, operators and enforcement agencies should seek to clarify the position before enforcement action is taken. Mixed businesses may be more difficult to classify and in such cases operators and enforcement agencies should consult where appropriate about their respective interpretations of the activities taking place on the premises before any moves are taken which might lead to prosecution.

14.49 The 2003 Act does not automatically permit unaccompanied children under the age of 18 to have free access to premises where the consumption of alcohol is not the exclusive or primary activity or to the same premises even if they are accompanied, or to premises where the consumption of alcohol is not involved. Subject only to the provisions of the 2003 Act and any licence or certificate conditions, admission will always be at the discretion of those managing the premises. The 2003 Act includes no presumption of giving children access but equally, no presumption of preventing their access to licensed premises. Each application and the circumstances of individual premises must be considered on their own merits.

14.50 A statement of licensing policy should not seek to limit the access of children to any premises unless it is appropriate for the prevention of physical, moral or psychological harm to them (please see Chapter 2). It may not be possible for licensing policy statements to anticipate every issue of concern that could arise in respect of children in relation to individual premises and therefore the individual merits of each application should be considered in each case.

14.51 A statement of licensing policy should make clear the range of alternatives which may be considered for limiting the access of children where that is appropriate for the prevention of harm to children. Conditions which may be relevant in this respect are outlined in paragraph 2.27.

- 14.52 Statements of policy should also make clear that conditions requiring the admission of children to any premises cannot be attached to licences or certificates. Where no licensing restriction is appropriate, this should remain a matter for the discretion of the individual licence holder, club or premises user.
- 14.53 Venue operators seeking premises licences and club premises certificates should consider including such prohibitions and restrictions in their operating schedules particularly where their own risk assessments have determined that the presence of children is undesirable or inappropriate.

Responsible authority and children

- 14.54 A statement of licensing policy should indicate which body the licensing authority judges to be competent to act as the responsible authority in relation to the protection of children from harm. This may be the local authority social services department, the Local Safeguarding Children Board or other competent body as agreed locally. It would be practical and useful for statements of licensing policy to include descriptions of the responsible authorities in any area and appropriate contact details.

Children and cinemas

- 14.55 The statement of policy should make clear that in the case of premises giving film exhibitions¹⁷, the licensing authority will expect licence holders or clubs to include in their operating schedules arrangements for restricting children from viewing age-restricted films classified according to the recommendations of the British Board of Film Classification or the licensing authority itself (see paragraphs 10.59 to 10.60).

Integrating strategies

- 14.56 It is recommended that statements of licensing policy should provide clear indications of how the licensing authority will secure the proper integration of its licensing policy with local crime prevention, planning, transport, tourism, equality schemes, cultural strategies and any other plans introduced for the management of town centres and the night-time economy. Many of these strategies are not directly related to the promotion of the licensing objectives, but, indirectly, impact upon them. Co-ordination and integration of such policies, strategies and initiatives are therefore important.

Planning and building control

- 14.57 The statement of licensing policy should indicate that planning permission, building control approval and licensing regimes will be properly separated to avoid duplication and inefficiency. The planning and licensing regimes involve consideration of different (albeit related) matters. Licensing committees are not bound by decisions made by a planning committee, and vice versa.
- 14.58 There are circumstances when as a condition of planning permission, a terminal hour has been set for the use of premises for commercial purposes. Where these hours are different to the licensing hours, the applicant must observe the earlier closing time. Premises operating in breach of their planning permission would be liable to prosecution under planning law. Proper integration should be assured by licensing committees,

¹⁷ See paragraphs 15.22-15.24 in relation to the licensing exemption for an exhibition of a film on community premises.

where appropriate, providing regular reports to the planning committee.

Promotion of equality

- 14.59 A statement of licensing policy should recognise that the Equality Act 2010 places a legal obligation on public authorities to have due regard to the need to eliminate unlawful discrimination, harassment and victimisation; to advance equality of opportunity; and to foster good relations, between persons with different protected characteristics. The protected characteristics are age, disability, gender reassignment, pregnancy and maternity, race, religion or belief, sex, and sexual orientation.
- 14.60 Public authorities are required to publish information at least annually to demonstrate their compliance with the Equality Duty. The statement of licensing policy should refer to this legislation, and explain how the Equality Duty has been complied with. Further guidance is available from Government Equalities Office and the Equality and Human Rights Commission.

Administration, exercise and delegation of functions

- 14.61 The 2003 Act provides that the functions of the licensing authority (including its determinations) are to be taken or carried out by its licensing committee (except those relating to the making of a statement of licensing policy or where another of its committees has the matter referred to it). The licensing committee may delegate these functions to sub-committees or in appropriate cases, to officials supporting the licensing authority. Where licensing functions are not automatically transferred to licensing committees, the functions must be carried out by the licensing authority as a whole and not by its executive. Statements of licensing policy should indicate how the licensing authority intends to approach its various functions. Many of the decisions and functions will be purely administrative in nature and statements of licensing policy should underline the principle of delegation in the interests of speed, efficiency and cost-effectiveness.
- 14.62 The 2003 Act does not prevent the development by a licensing authority of collective working practices with other parts of the local authority or other licensing authorities for work of a purely administrative nature, e.g. mail-outs. In addition, such administrative tasks may be contracted out to private businesses. But any matters regarding licensing decisions must be carried out by the licensing committee, its sub-committees or officers.
- 14.63 Where, under the provisions of the 2003 Act, there are no relevant representations on an application for the grant of a premises licence or club premises certificate or police objection to an application for a personal licence or to an activity taking place under the authority of a temporary event notice, these matters should be dealt with by officers in order to speed matters through the system. Licensing committees should receive regular reports on decisions made by officers so that they maintain an overview of the general situation. Although essentially a matter for licensing authorities to determine themselves, it is recommended that delegation should be approached in the following way:

Table: Recommended Delegation of Functions

Matters to be dealt with	Sub Committee	Officers
Application for personal licence	If a police objection	If no objection made
Application for personal licence with unspent convictions	All cases	
Application for premises licence/club premises certificate	If a relevant representation made	If no relevant representation made
Application for provisional statement	If a relevant representation made	If no relevant representation made
Application to vary premises licence/club premises certificate	If a relevant representation made	If no relevant representation made
Application to vary designated premises supervisor	If a police objection	All other cases
Request to be removed as designated premises supervisor		All cases
Application for transfer of premises licence	If a police objection	All other cases
Applications for interim authorities	If a police objection	All other cases
Application to review premises licence/club premises certificate	All cases	
Decision on whether a representation is irrelevant frivolous vexatious etc		All cases
Decision to object when local authority is a consultee and not the relevant authority considering the application	All cases	
Determination of an objection to a temporary event notice	All cases	
Determination of application to vary premises licence at community premises to include alternative licence condition	If a police objection	All other cases
Decision whether to consult other responsible authorities on minor variation application		All cases
Determination of minor variation application		All cases

15. Licence fees

- 15.1 The 2003 Act requires a licensing authority to suspend a premises licence or club premises certificate if the annual fee is not paid when it is due. However, this does not apply immediately if the payment was not made before or at the time of the due date because of an administrative error, or because the holder disputed liability for the fee before or at the time of the due date. In either of these cases, there is a grace period of 21 days. This period is intended to allow the licensing authority and the licence or certificate holder an opportunity to resolve the dispute or error. If the dispute or error is not resolved during this 21-day period, the licence will be suspended.

Dispute

- 15.2 The 2003 Act describes a dispute as one relating to liability to pay the fee at all or relating to its amount. In either case, the licence or certificate holder must notify the licensing authority of the dispute on or before the date on which the fee to which it relates becomes due.

Administrative error

- 15.3 There is no definition of “administrative error” in the 2003 Act, but it can include an error on the part of the licensing authority, the licence or certificate holder, or any other person. Therefore, “administrative error” will be given its plain, ordinary meaning. An example might be where post has been misdirected.

Suspension

- 15.4 If a licensing authority suspends a licence or certificate, it must notify the holder in writing and specify the date on which the suspension takes effect; this date must be at least two working days after the day the authority gives the notice. It should be noted that this is the minimum period only, and licensing authorities should consider applying longer periods. The authority may wish to inform the police and other responsible authorities that the licence or certificate has been suspended.
- 15.5 A suspension ceases to have effect on the day on which the licensing authority receives payment of the outstanding fee from the licence or certificate holder. To enable the licence holder to demonstrate that the licence has been reinstated, the licensing authority is required to give the holder written acknowledgment of receipt as soon as practicable following receipt, and:
- a) if payment was received on a working day, no later than the end of the next working day, or
 - b) if payment was received on a day when the authority is not working, no later than the end of the second working day after the day on which the fee was received.
- 15.6 Licensing authorities may wish to consider requesting, in the notice of suspension mentioned above, that subsequent payment of the outstanding fee may be made in such manner as would most expeditiously bring it to the attention of the authority. The licensing authority may also wish to inform the police and other responsible authorities that the licence or certificate has been reinstated.

Effects of suspension

15.7 A premises licence or certificate that has been suspended does not have effect to authorise licensable activities. However, it can for example be subject to a hearing or, in the case of a premises licence, an application for transfer. The licence will nevertheless only be reinstated when the outstanding fee has been paid. Formally, the debt is owed by the holder who held the licence at the time it was suspended. However, it may be more likely in practice that the new holder will actually make the payment. The suspension of licences and certificates is only applicable to unpaid annual fees that become due after sections 55A and 92A of the 2003 Act came into force on 25 April 2012. In the case of a licence or certificate where more than one payment year has been missed (since the coming into force of sections 55A and 92A) payment of the outstanding fee in relation to each year will be required to reinstate the licence.

Additional fees for large scale events

- 15.8 It should be noted that premises licences for large scale events do not automatically attract the higher fee levels set out in the fee regulations made under the 2003 Act, which must be paid in addition to the standard application or variation fees when the premises licence relates to activities attracting the attendance of 5,000 or more. Venues that are permanent or purpose built or structurally altered for the activity are exempt from the additional fee.
- 15.9 Regulations prescribe that the additional fee for large scale events would not be payable where the premises is a structure which is not a vehicle, vessel or moveable structure, and has been constructed or structurally altered to allow:
- the proposed licensable activities to take place;
 - the premises to be modified temporarily, from time to time, if relevant for the proposed licensable activities;
 - the proposed number of people on the premises at any one time; and
 - the premises to be used in a manner which complies with the operating schedule.
- 15.10 The full details of where the additional fee is applicable can be found in regulations on the Government's legislation website – www.legislation.gov.uk/.

16. Regulated entertainment

Types of regulated entertainment

- 16.1 Schedule 1 to the 2003 Act sets out what activities are regarded as the provision of regulated entertainment and when they are licensable and those activities which are not and therefore exempt from the regulated entertainment regime. Changes to regulated entertainment are due to take effect on 6 April 2015. Therefore, up until that date you should refer to chapter 16 of the guidance published in October 2014.
- 16.2 The descriptions of entertainment activities licensable under the 2003 Act are:
- a performance of a play;
 - an exhibition of a film;
 - an indoor sporting event;
 - a boxing or wrestling entertainment;
 - a performance of live music;
 - any playing of recorded music;
 - a performance of dance; and
 - entertainment of a similar description to a performance of live music, any playing of recorded music or a performance of dance.
- 16.3 To be licensable, one or more of these activities needs to be provided for the purpose (at least partly) of entertaining an audience; has to be held on premises made available for the purpose of enabling that activity; and must also either:
- take place in the presence of a public audience, or
 - where that activity takes place in private, be the subject of a charge made with a view to profit.
- 16.4 Guidance around what constitutes audiences and private events is at paragraphs 16.11-16.14.

Overview of circumstances in which entertainment activities are not licensable

- 16.5 There are a number of exemptions that mean that a licence (or other authorisation¹⁸) under the 2003 Act is not required. This Guidance cannot give examples of every eventuality or possible entertainment activity that is not licensable. However, the following activities are examples of entertainment which are not licensable:
- activities which involve participation as acts of worship in a religious context;
 - activities in places of public religious worship;
 - education – teaching students to perform music or to dance;
 - the demonstration of a product – for example, a guitar – in a music shop;
 - the rehearsal of a play or performance of music for a private audience where no charge is made with a view to making a profit;

¹⁸ The word 'licence' is typically used as a reference to all forms of authorisation

- Morris dancing (or similar)¹⁹;
- Incidental music – the performance of live music or the playing of recorded music if it is incidental to some other activity²⁰;
- Incidental film – an exhibition of moving pictures if it is incidental to some other activity²¹;
- A spontaneous performance of music, singing or dancing;
- Garden fetes – or similar if not being promoted or held for purposes of private gain;
- Films for advertisement, information, education or in museums or art galleries;
- Television or radio broadcasts – as long as the programme is live and simultaneous;
- Vehicles in motion – at a time when the vehicle is not permanently or temporarily parked;
- Games played in pubs, youth clubs etc. (e.g. pool, darts and table tennis);
- Stand-up comedy; and
- Provision of entertainment facilities (e.g. dance floors)²².

16.6 As a result of deregulatory changes that have amended the 2003 Act²³, no licence is required for the following activities:

- Plays: no licence is required for performances between 08.00 and 23.00 on any day, provided that the audience does not exceed 500.
- Dance: no licence is required for performances between 08.00 and 23.00 on any day, provided that the audience does not exceed 500²⁴.
- Films: no licence is required for ‘not-for-profit’ film exhibition held in community premises between 08.00 and 23.00 on any day provided that the audience does not exceed 500 and the organiser (a) gets consent to the screening from a person who is responsible for the premises; and (b) ensures that each such screening abides by age classification ratings.
- Indoor sporting events: no licence is required for an event between 08.00 and 23.00 on any day, provided that those present do not exceed 1000.
- Boxing or wrestling entertainment: no licence is required for a contest, exhibition or display of Greco-Roman wrestling, or freestyle wrestling between 08.00 and 23.00 on any day, provided that the audience does not exceed 1000.
- Live music: no licence permission is required for:
 - a performance of unamplified live music between 08.00 and 23.00 on any day, on any premises.
 - a performance of amplified live music between 08.00 and 23.00 on any day on premises authorised to sell alcohol for consumption on those premises,

¹⁹ Including any live music or playing of recorded music as an integral part of a performance of Morris dancing, or similar activity.

²⁰ See paragraphs 16.57-16.61

²¹ See paragraphs 16.65-16.68

²² This was previously licensable under the 2003 Act until the commencement of the Live Music Act 2012.

provided that the audience does not exceed 500²⁵.

- a performance of amplified live music between 08.00 and 23.00 on any day, in a workplace²⁶ that does not have a licence, provided that the audience does not exceed 500.
- a performance of amplified live music between 08.00 and 23.00 on any day, in a church hall, village hall, community hall, or other similar community premises, that is not licensed by a premises licence to sell alcohol, provided that (a) the audience does not exceed 500, and (b) the organiser gets consent for the performance from a person who is responsible for the premises.
- a performance of amplified live music between 08.00 and 23.00 on any day, at the non-residential premises of (i) a local authority, or (ii) a school, or (iii) a hospital, provided that (a) the audience does not exceed 500, and (b) the organiser gets consent for the performance on the relevant premises from: (i) the local authority concerned, or (ii) the school or (iii) the health care provider for the hospital.
- Recorded Music: no licence permission is required for:
 - any playing of recorded music between 08.00 and 23.00 on any day on premises authorised to sell alcohol for consumption on those premises, provided that the audience does not exceed 500²⁷.
 - any playing of recorded music between 08.00 and 23.00 on any day, in a church hall, village hall, community hall, or other similar community premises, that is not licensed by a premises licence to sell alcohol, provided that (a) the audience does not exceed 500, and (b) the organiser gets consent for the performance from a person who is responsible for the premises.
 - any playing of recorded music between 08.00 and 23.00 on any day, at the non-residential premises of (i) a local authority, or (ii) a school, or (iii) a hospital, provided that (a) the audience does not exceed 500, and (b) the organiser gets consent for the performance on the relevant premises from: (i) the local authority concerned, or (ii) the school proprietor or (iii) the health care provider for the hospital.
- Cross activity exemptions: no licence is required between 08.00 and 23.00 on any day, with no limit on audience size for:
 - any entertainment taking place on the premises of the local authority where the entertainment is provided by or on behalf of the local authority;
 - any entertainment taking place on the hospital premises of the health care provider where the entertainment is provided by or on behalf of the health care provider;
 - any entertainment taking place on the premises of the school where the entertainment is provided by or on behalf of the school proprietor; and
 - any entertainment (excluding films and a boxing or wrestling entertainment)

²⁵ Provided that a number of other important conditions are satisfied (see paragraphs 16.38-16.43).

²⁶ The Live Music Act 2012 provides that if premises are licensed under the 2003 Act, they cannot also be treated as a workplace for the purpose of the 2012 Act.

²⁷ Provided that a number of other important conditions are satisfied, see paragraphs 16.38-16.43.

taking place at a travelling circus, provided that (a) it takes place within a moveable structure that accommodates the audience, and (b) that the travelling circus has not been located on the same site for more than 28 consecutive days.

- 16.7 The deregulatory changes mean that, for example, an indoor sporting event that takes place between 07.00 and 23.30 on a particular day is licensable in respect of activities taking place between 07.00-08.00 and 23.00-23.30. Similarly, where the audience for a performance of dance fluctuates, those activities are licensable if, and for so long as, the number of people in the audience exceeds 500. If organisers are uncertain as to audience sizes or if audience migration is likely²⁸, it might be easier and more flexible to secure an appropriate authorisation. Examples of where a Temporary Event Notice (TEN)²⁹ could still be required include if the activity is the playing of recorded music or the exhibition of a film that requires an authorisation; or if the entertainment is not authorised by an existing licence or certificate and its conditions.
- 16.8 Of course, anyone involved in the organisation or provision of entertainment activities – whether or not any such activity is licensable under the 2003 Act – must comply with any applicable duties that may be imposed by other legislation relevant to the event (e.g. in areas such as crime and disorder, fire, health and safety, noise, nuisance and planning).³⁰ Any such person should take steps to be aware of relevant best practice, and may find responsible authorities a useful source of expert support and advice.
- 16.9 The various effects of the changes made to entertainment licensing by the set of deregulatory changes between 2012 and 2015³¹ are described in greater detail in subsequent paragraphs:
- Music entertainment, see in particular paragraphs: 16.20-16.21; 16.26-16.33; and 16.36-16.44;
 - Plays, dance, and indoor sporting events, see in particular paragraphs: 16.34-16.35 and 16.45-16.48;
 - Local authority, hospital and school premises, see in particular paragraphs: 16.16-16.20
 - Community premises, see in particular paragraphs: 16.21-16.24 and 16.34-16.35
 - Circuses, see in particular paragraph 16.25
 - Boxing or wrestling entertainment, see in particular paragraphs: 16.49-16.51.

²⁹ See chapter 7

³⁰ See paragraphs 16.70-16.72 in relation to other licensing regimes

³¹ An entertainment activity may meet the conditions of more than one exemption

General circumstances in which entertainment activities are licensable

16.10 An authorisation for regulated entertainment is always required for entertainment activities that take place before 08.00 or after 23.00, unless exempted under any other provision of the 2003 Act, as amended³².

Audience

16.11 For the purposes of regulated entertainment, the term “audience” refers to any person for whose entertainment (at least in part) any licensable activities are provided. An audience member need not be, or want to be, entertained: what matters is that an audience is present³³ and that the purpose of the licensable activity is (at least in part) intended to entertain any person present³⁴. The audience will not include performers, together with any person who contributes technical skills in substantial support of a performer (for example, a sound engineer or stage technician), during any associated activities. This includes setting up before the entertainment, reasonable breaks (including intervals) between activities and packing up thereafter. Similarly, security staff and bar workers will not form part of the audience while undertaking their duties.

16.12 More than one entertainment activity (or for a single activity, more than one performance or event) can be held concurrently, provided that the audience for each such performance or event does not exceed the threshold at which such a performance or event becomes licensable. In some circumstances, there will be a clear distinction between performances or events; for example, their taking place in separate rooms or on separate floors. However, organisers will have to ensure that audiences do not grow or migrate, so that the audience exceeds the relevant limit for any one performance or event at any time. If there is the possibility of audience migration, it might be easier and more flexible to secure an appropriate authorisation.

Private events

16.13 Events held in private are not licensable unless those attending are charged for the entertainment with a view to making a profit (including raising money for charity). For example, where a party is held for friends in a private dwelling featuring amplified live music, if a charge or contribution is made solely to cover the costs of the entertainment, the activity is not regulated entertainment. Similarly, any charge made to the organiser of a private event by musicians, other performers, or their agents does not of itself make that entertainment licensable – it would only do so if the guests attending were themselves charged by the organiser for that entertainment with a view to achieving a profit. The fact that this might inadvertently result in the organiser making a profit would be irrelevant, as long as there had not been an intention to make a profit.

16.14 Schedule 1 to the 2003 Act also makes it clear that before entertainment is regarded as

³² See examples at paragraph 16.5

³³ In some circumstances, such as un-ticketed live music events, a degree of judgement may be required as to whether persons are part of an audience. Factors to consider could include whether a person is within the perimeter of the premises, the audible range of the performance, and their visibility of the entertainment. In order to meet the definition of an entertainment activity in the 2003 Act, the activity must take place in the presence of an audience and be provided for the purpose, or for purposes which include the purpose of, entertaining that audience.

³⁴ For example, a darts championship competition hosted in part to entertain an audience could be a licensable activity, but a pub game of darts played for the enjoyment of the participants is not licensable.

being provided for consideration, a charge has to be:

- made by or on behalf of a person concerned with the organisation or management of the entertainment; and
- paid by or on behalf of some or all of the persons for whom the entertainment is provided.

Circumstances in which entertainment activities are no longer licensable

16.15 No licence is required for certain entertainment activities on specified premises, as follows:

Local authorities, hospital healthcare providers and school proprietors: cross-entertainment activity exemption

16.16 No licence is required for any entertainment provided by or on behalf of a local authority, health care provider, or school proprietor to the extent that it takes place on defined premises, between 08.00-23.00 on any day provided that:

- for entertainment provided by, or on behalf of, a local authority it takes place on premises in which that authority has a relevant property interest, or is in lawful occupation;
- for entertainment provided by, or on behalf of, a health care provider it takes place on any premises forming part of a hospital in which the provider has a relevant property interest, or is in lawful occupation; and
- for entertainment provided by, or on behalf of, a school proprietor it takes place on the premises of the school.

16.17 This Guidance cannot give examples of every eventuality where entertainment is not licensable under this exemption through being provided “by or on behalf of”. It will depend on the facts in each case. However, the following are examples of activities that are not usually considered to be licensable under this exemption:

- Any entertainment activity hosted by a local authority on their own premises, where there is a significant relationship between the local authority and the provider of the entertainment (e.g. principal and agent);
- Any entertainment activity organised on a local authority’s behalf on that local authority’s premises by a cultural trust in discharge of a local authority’s discretionary power to arrange entertainment provision and support for the arts, including festivals and celebrations.
- Any entertainment activity organised by a healthcare provider on their own hospital premises in partnership with a hospital charity;
- Any entertainment event on school premises organised by the Parent Teacher Association (PTA) to benefit the school.

16.18 It is for the local authority, health care provider or school proprietor to determine whether, and on what basis, they can (or wish) to provide entertainment activity under this exemption, including consideration of issues around fundraising, profit making, governance or use of public funds. However a pure hire of premises by a third party³⁵

³⁵ But see paragraph 16.20

does not constitute the provision of an entertainment event “on behalf of” a local authority, healthcare provider, or school proprietor and nor does commercial entertainment which the local authority³⁶ merely facilitates through providing a public space³⁷.

16.19 All the terms used in this exemption, such as “local authority”, “health care”, “health care provider”, “hospital”, “school”, “school premises”, “school proprietor”, “domestic premises” and “relevant property interest” are defined in the 2014 Order³⁸.

Local authority, hospital and school premises: third party music entertainment

16.20 No licence is required for a performance of live music or the playing of recorded music on local authority, hospital or school premises, that are not domestic premises, between 08.00-23.00 on any day provided that:

- it is performed in front of an audience of no more than 500 people; and
- a person concerned in the organisation or management of the music entertainment has obtained the prior written consent³⁹ of the local authority, health care provider or school proprietor (as appropriate) for that entertainment to take place. It is for these “trusted providers” to determine whether, or not, they wish to make their premises available for music entertainment by a 3rd party and on what terms they deem it appropriate.

Community premises: music entertainment

16.21 No licence is required for a performance of live music or the playing of recorded music on community premises⁴⁰, between 08.00-23.00 on any day provided that:

- the community premises are **not** authorised, by a premises licence or club premises certificate, to be used for the supply of alcohol for consumption on the premises⁴¹;
- the music entertainment is in the presence of an audience of no more than 500 people; and
- a person concerned in the organisation or management of the music entertainment has obtained the prior written consent⁴² of the management committee of the premises, or if there is no management committee, a person who has control of the premises in connection with the carrying on by that person of a trade, business or other undertaking, or failing that a person with a relevant property interest in the premises.

³⁶ Or healthcare provider or school proprietor.

³⁷ The exemption would similarly not apply, for example, to a commercial company operating on premises belonging to a local authority under a long term lease.

³⁸ See footnote 20

³⁹ This requirement is designed to ensure that those responsible for the premises hosting the entertainment have considered and approved the effect of the event on other users of their premises and the wider community.

⁴⁰ The definition of community premises is covered in paragraphs 4.56-4.60 of this Guidance. A community premises is likely to be multi-functional and ‘other similar building’ within the definition cannot be stretched to ordinarily include a public house, a bingo hall, or other business premises or private property.

⁴¹ Where a community premises is licensed for the supply of alcohol by a premises licence (or exceptionally a club premises certificate), then any performance of live music or the playing of recorded music on relevant alcohol licensed premises may be subject to the conditional deregulation described in paragraphs 16.26-16.33.

⁴² See footnote 36

Community premises: exhibition of film

- 16.22 No licence⁴³ is required for an exhibition of a film on community premises⁴⁴ between 08.00-23.00 on any day provided that:
- the film entertainment is not provided with a view to profit⁴⁵;
 - the film entertainment is in the presence of an audience of no more than 500 people;
 - the admission of children is subject to such restrictions as are necessary to comply with the recommendation issued by the BBFC or relevant licensing authority regarding the admission of children; and
 - a person concerned in the organisation or management of the exhibition of the film has obtained the prior written consent⁴⁶ of the management committee of the premises, or if there is no management committee, a person who has control of the premises in connection with the carrying on by that person of a trade, business or other undertaking, or failing that a person with a relevant property interest in the premises.
- 16.23 Under this exemption, one condition is that the film entertainment is not being provided with a view to profit⁴⁷. An entry charge does not of itself make the film entertainment licensable; it is whether the organiser intended to make a profit (that includes raising money for charity). A charge or contribution that is made solely to cover the costs of the film screening⁴⁸ is consistent with 'not being provided with a view to profit'. The 'not with a view to profit' condition applies solely to the activity of exhibiting the film under this exemption. A charge with a view to making a profit may legitimately be levied for any other activity or event that is distinct from film admission, such as the provision of refreshments, film talks, or a social event.
- 16.24 This community film exemption is also conditional on those responsible having in place operating arrangements that ensure that the age rating for the film is implemented by means of a suitable child admission policy⁴⁹. How this is achieved is a matter for the organisation or social group exhibiting the film. For example, they may operate a membership subscription scheme which pays for entry to all titles in a season and is limited to adults. It could be a children's film club with a policy of only showing films that are suitable for all by being rated 'U' by the BBFC. Alternatively, the organisers could sell tickets to the public and ensure that children are only permitted to attend in accordance with any age rating for the film – i.e. a door admissions policy linked to proof of age.

⁴³ However, see paragraph 16.70 in relation to copyright

⁴⁴ See footnote 37

⁴⁵ See paragraph 16.23

⁴⁶ See footnote 36

⁴⁷ 'not provided with a view to profit' is the inverse of 'with a view to profit' mentioned in paragraph 16.13

⁴⁸ Legitimate costs of a film screening would include overheads directly relevant to providing the film entertainment (e.g. premises hire, film hire, equipment etc.)

⁴⁹ See 3rd bullet point in paragraph 16.22

Travelling circuses

16.25 Where types of entertainment are present in a performance by a travelling circus⁵⁰ they will not be licensable provided that certain qualifying conditions are met⁵¹. The qualifying conditions are that:

- the entertainment is not an exhibition of a film or a boxing or wrestling entertainment;
- the entertainment takes place between 08.00 and 23.00 on the same day;
- the entertainment takes place wholly within a moveable structure and the audience present is accommodated wholly inside that moveable structure; and
- the travelling circus has not been located on the same site for more than 28 consecutive days.

Live music

16.26 Live music is licensable:

- where a performance of live music – whether amplified or unamplified – takes place before 08.00 or after 23.00 on any day;
- where a performance of amplified live music does not take place either on relevant licensed premises, or at a workplace that is not licensed other than for the provision of late night refreshment;
- where a performance of amplified live music takes place at a time when the relevant licensed premises are not open for the purposes of being used for the sale or supply of alcohol for consumption on the premises⁵²;
- where a performance of amplified live music takes place at relevant licensed premises, or workplaces⁵³, in the presence of an audience of more than 500 people⁵⁴; or
- where a licensing authority intentionally removes the effect of the deregulation provided for by the 2003 Act when imposing a condition on a premises licence or club premises certificate as a result of a licence review⁵⁵.

16.27 In any of the above circumstances, unless the performance of live music is appropriately authorised by a premises licence, club premises certificate or TEN, allowing it to take place could lead to enforcement action and, where relevant, a review of the alcohol licence or certificate.

16.28 A public performance of live unamplified music that takes place between 08.00 and 23.00 on the same day no longer requires a licence under the 2003 Act in any location. An exception to this is where a specific condition related to live music is included following a review of the premises licence or club premises certificate in respect of relevant licensed premises.

⁵⁰ 'Travelling circus' is defined in the 2014 Order as meaning a circus which travels from site to site for the purpose of giving performances. Musical entertainment at a travelling fairground is likely to be incidental to the main attractions and rides that are not themselves regulated entertainment.

⁵¹ There is no audience limit for this exemption, but the conditions are designed to ensure that deregulation does not have unintended consequences for the licensing objectives – e.g. only bona fide travelling circuses qualify.

⁵⁴ The 2014 Order substituted "500" for "200" that was in the 2012 Act

⁵⁵ See paragraphs 16.55-16.56

16.29 As a result of the amendments to the 2003 Act, section 177 of the 2003 Act now only applies to performances of dance⁵⁶.

Key terms used in relation to live music

- 16.30 Under the live music provisions, “music” includes vocal or instrumental music or any combination of the two. “Live music” is a performance of live music in the presence of an audience which it is intended to entertain. While a performance of live music can include the playing of some recorded music, ‘live’ music requires that the performance does not consist entirely of the playing of recorded music without any additional (substantial and continual) creative contribution being made. So, for example, a drum machine or backing track being used to accompany a vocalist⁵⁷ or a band would be part of the performance of amplified live music. The performance of a DJ who is merely playing tracks would not be classified as live music, but it might if he or she was performing a set which largely consisted of mixing recorded music in a live performance to create new sounds⁵⁸. There will inevitably be a degree of judgement as to whether a performance is live music (or recorded music) and organisers of events should check with their licensing authority if this consideration is relevant to whether the activity is authorised by a licence or certificate. In the event of a dispute about whether a performance is live music or not, it will be for the licensing authority initially and ultimately, for the courts to decide in the individual circumstances of any case.
- 16.31 A “workplace” is as defined in regulation 2(1) of the Workplace (Health, Safety and Welfare) Regulations 1992 and is anywhere that is made available to any person as a place of work. It is a very wide term which can include outdoor spaces, as well as the means of entry and exit.
- 16.32 A “relevant licensed premises” for the purposes of this chapter is one which is authorised to sell or supply alcohol for consumption on the premises by a premises licence or club premises certificate. Premises cannot benefit from the deregulation introduced by the 2012 Act by virtue of holding an authorisation for the sale or supply of alcohol under a TEN.⁵⁹

Recorded music

- 16.33 No licence is required for recorded music where it takes place on premises which are authorised by a premises licence or club premises certificate to be used for the supply of alcohol for consumption on the premises. However, recorded music remains licensable:
- where the playing of recorded music takes place before 08.00 or after 23.00 on any day;
 - where the playing of recorded music takes place at a time when the relevant licensed premises are not open for the purposes of being used for the sale or supply of alcohol for consumption on the premises;⁶⁰
 - where the playing of recorded music takes place at relevant licensed premises in the

⁵⁶ See paragraph 2.13. Post the 2013 Order, Section 177 can be relevant to a performance of dance after 23.00 on any day

⁵⁷ Karaoke is generally classed as a performance of live music

presence of an audience of more than 500 people; and

- where a licensing authority intentionally removes the effect of the deregulation provided for by the 2003 Act (as amended).⁶¹

Plays and dance

16.34 No licence is required for a performance of a play or dance to the extent that certain qualifying conditions⁶² are satisfied. However a performance of a play or dance remains licensable:

- where the performance takes places before 08.00 or after 23.00 on any day; or
- where the performance takes place in the presence of an audience of more than 500 people.

Indoor Sport

16.35 No licence is required for an indoor sporting event to the extent that certain qualifying conditions⁶³ are satisfied. However an indoor sporting event remains licensable:

- where the event takes places before 08.00 or after 23.00 on any day;
- where the event takes place in the presence of more than 1000 spectators.

Licence conditions

Live Music or recorded music

16.36 Any existing licence conditions⁶⁴ (or conditions added on a determination of an application for a premises licence or club premises certificate⁶⁵) which relate to live music or recorded music remain in place, but are **suspended** between the hours of 08.00 and 23.00 on the same day where the following conditions are met:

- at the time of the music entertainment, the premises are open for the purposes of being used for the sale or supply of alcohol for consumption on the premises;
- if the music is amplified, it takes place before an audience of no more than 500 people; and
- the music takes place between 08.00 and 23.00 on the same day.

16.37 Whether a licence condition relates to live or recorded music will be a matter of fact in each case. In some instances, it will be obvious that a condition relates to music and will be suspended, for example “during performances of live music all doors and windows must remain closed”. In other instances, it might not be so obvious: for example, a condition stating “during performances of regulated entertainment all doors and windows must remain closed” would be suspended insofar as it relates to music between 08.00 and 23.00 on the same day to an audience of up to 500, but the condition would continue to apply if there was regulated entertainment after 23.00.

16.38 More general licence conditions (e.g. those relating to overall management of potential noise nuisance) that are not specifically related to the provision of entertainment (e.g.

⁶¹ This would be by way of imposing a condition on a premises licence or club premises certificate as a result of a licence review, see paragraphs 16.55-16.56

⁶³ See paragraph 16.6.

⁶⁴ In relation to relevant licensed premises, see paragraph 16.32

⁶⁵ See paragraphs 16.39-16.40

signage asking patrons to leave quietly) will continue to have effect.

- 16.39 Chapter 9 of this Guidance sets out how a licensing authority must determine applications for a new licence or to vary an existing premises licence. Licence conditions imposed, in accordance with paragraphs 9.41 to 9.43, for live or recorded music activities will only apply if the activity meets the criteria of having more than 500 people present, and/or the activities are taking place between 23.00 and 08.00.
- 16.40 These conditions will, in effect, be suspended between 08.00 and 23.00 if a performance of live music or the playing of recorded music takes place before an audience of 500 people or fewer, but will remain on the face of the licence for when these activities may take place under other circumstances.
- 16.41 Where a performance of live music or the playing of recorded music on relevant licensed premises is not licensable, it remains possible for anyone to apply for a review of a licence or certificate, if there are appropriate grounds to do so.⁶⁶

Beer gardens

- 16.42 Beer gardens are often included as part of a premises licence or club premises certificate. Live amplified music that takes place in a beer garden is exempt from licensing requirements, provided the beer garden is included in the licence or certificate applying to the relevant licensed premises, and the performance takes place between 08.00 and 23.00 on the same day before an audience of 500 people or fewer.
- 16.43 Where a beer garden does not form part of the relevant licensed premises and so is not included in plans attached to a premises licence or club premises certificate, it is nevertheless very likely that it will be a workplace⁶⁷. Paragraph 12B of Schedule 1 to the 2003 Act says that a performance of live music in a workplace that does not have a licence (except to provide late night refreshment) is not regulated entertainment if it takes place between 08.00 and 23.00 on the same day in front of an audience of no more than 500 people. Note that the exemption in paragraph 12B does not apply to the playing of recorded music.
- 16.44 However, a licensing authority may, where justified⁶⁸, impose a licence condition that relates to the performance of live music in an unlicensed beer garden being served by any associated premises licence or club premises certificate. Provided such a condition is lawfully imposed, it takes effect in accordance with its terms.

Plays, dance and indoor sport

- 16.45 Where qualifying conditions are satisfied⁶⁹, any current licence condition that relates to a performance of a play or dance, or an indoor sporting event for which a licence is no longer required will (except in the circumstances described in the next paragraph) have no effect.
- 16.46 Where, however, these non-licensable activities take place at the same time as other

⁶⁶ See paragraphs 16.55-16.56 and chapter 11.

⁶⁷ A beer garden is one example of a potential workplace, see paragraph 16.31. Whether other outdoor spaces (such as seating adjacent to a premises, a smoking shelter, or a car park) constitute a workplace, part of the licensed premises, or neither, will be a matter of fact in each case.

⁶⁸ Including on a licence review

⁶⁹ See paragraph 16.6

activities for which a licence is required (e.g. the sale or supply of alcohol for consumption on the premises), conditions included in a licence may nevertheless apply to the non-licensable activities in the circumstances set out in paragraphs 16.52 and 16.53 (conditions relating to other non-licensable activities).

- 16.47 Dance that is sufficiently sexual in nature continues to be regulated. Performances of dance which are “relevant entertainment” within the meaning of the Local Government (Miscellaneous Provisions) Act 1982 (“the 1982 Act”) are not deregulated, regardless of the size of the audience or the time of day. “Relevant entertainment” is defined in the 1982 Act as a live performance or live display of nudity that, ignoring financial gain, can be assumed to be provided solely or principally for the purpose of sexually stimulating any member of the audience.⁷⁰
- 16.48 In almost all cases where a performance of dance is potentially licensable as both the provision of **relevant** entertainment (under the 1982 Act) and **regulated** entertainment (under the 2003 Act), the 1982 Act disapplies the entertainment licensing regime in the 2003 Act in favour of its stricter regime for the control of sex establishments. However, an authorisation under the 2003 Act rather than the 1982 Act will continue to be required where:
- the premises are not licensed as a sex entertainment venue under the 1982 Act, and
 - relevant entertainment has been provided at those premises on no more than 11 occasions in any 12 month period, with none of those occasions lasting longer than 24 hours or taking place within a month of any other such occasion.

Boxing or wrestling entertainment and conditions relating to combined fighting sports

- 16.49 An indoor boxing or wrestling entertainment cannot also be an indoor sporting event, and any contest, exhibition or display that combines boxing or wrestling with one or more martial arts (‘combined fighting sports’) is – whether indoors or not – a boxing or wrestling entertainment.
- 16.50 Where a premises licence or club premises certificate purports to authorise a boxing or wrestling entertainment or combined fighting sports as an ‘indoor sporting event’, the 2013 Order provides that the authorisation will be treated as having authorised those activities as a boxing or wrestling entertainment. Those activities will continue to be subject to any relevant conditions attached to that authorisation.
- 16.51 A contest, exhibition or display of Greco-Roman wrestling, or of freestyle wrestling, between two participants (regardless of their sex) does not require a licence provided that certain qualifying conditions are met. They are that:
- it takes place in the presence of no more than 1,000 spectators;
 - it takes place between 08.00 and 23.00 on the same day; and
 - it take place wholly inside a building and the spectators present at that entertainment are accommodated wholly inside that building.

Conditions relating to other non-licensable activities

- 16.52 If appropriate for the promotion of the licensing objectives, and if there is a link to remaining licensable activities, conditions that relate to non-licensable activities can be added to or altered on that premises licence or club premises certificate at review following problems occurring at the premises. This has been a feature of licence conditions since the 2003 Act came into force. A relevant example could be the use of conditions relating to large screen broadcasts of certain sporting events which, combined with alcohol consumption, could create a genuine risk to the promotion of the licensing objectives. It is also not uncommon for licence conditions relating to the sale of alcohol to restrict access to outside areas, such as unlicensed beer gardens, after a certain time.
- 16.53 Similarly, while karaoke no longer needs licensing as the provision of entertainment facilities⁷¹ (and will generally be classed as a performance of live music⁷²) it might, for example, be possible on review to limit the use or volume of a microphone made available for customers on an 'open-mic' night (which encompasses more than just live music), if a problem had occurred because of customers purchasing alcohol for consumption on the premises becoming louder and less aware of causing noise nuisance later in the evening. Another example might be a condition restricting access to a dance floor at certain times, where the presence of customers in close proximity who had been consuming alcohol on the premises had led to serious disorder. In the first instance it is for the licensing authority to satisfy itself that a particular condition is appropriate and lawful in each case.

Removing licence conditions

- 16.54 A licence holder who wishes to remove conditions relating to activities that are no longer licensable⁷³ may apply to the licensing authority for a licence variation. In the course of considering such applications, licensing authorities should remove such conditions unless there are sufficiently serious and specific concerns about the effects of hosting deregulated entertainment activities along with the remaining licensable activities taking place in the premises.

Licence reviews: Live and recorded music

- 16.55 On a review of a premises licence or club premises certificate, section 177A(3) of the 2003 Act permits a licensing authority to lift the suspension⁷⁴ and give renewed effect to an existing condition relating to music. Similarly, under section 177A(4), a licensing authority may add a condition relating to music as if music were regulated entertainment, and as if that premises licence or club premises certificate licensed the music. In both instances the condition should include a statement that Section 177A does not apply to the condition.
- 16.56 An application for a review in relation to relevant premises can be made by a licensing

⁷¹ As a result of the 2012 Act

⁷² Karaoke is generally classed as a 'performance of live music', and provided that it is genuinely taking place, it is not likely to be classed as the 'playing of recorded music'

⁷³ A licence holder may favour removal if the previously licensable activity has "grandfather" conditions that are out of date, or unclear. Where such a condition in relation to live or recorded music is suspended, then the licence holder may wish to avoid any prospect of the condition being given renewed effect (were a suspension to be lifted following a licence review).

⁷⁴ See paragraph 16.38.

authority, any responsible authority or any other person. Applications for review must still be relevant to one or more of the licensing objectives and meet a number of further requirements⁷⁵.

Incidental music

- 16.57 The performance of live music or playing of recorded music is not regulated entertainment under the 2003 Act if it is ‘incidental’ to another activity “which is not itself a description of entertainment falling within paragraph 2” of Schedule 1 to the 2003 Act.
- 16.58 The incidental music exemption can apply to an indoor sporting event or a performance of a play or dance for which no licence is required, as it takes place between 08.00 and 23.00 on the same day and before an audience which does not exceed the relevant limit. This is because such an activity is no longer a description of entertainment within the meaning of paragraph 2 of Schedule 1 to the 2003 Act. This means that, while a performance of live music or the playing of recorded music cannot be incidental to a boxing or wrestling entertainment⁷⁶ such music may be within the scope of the incidental music exemption for an indoor sporting event or performance of a play or dance for which no licence is required.
- 16.59 Whether or not music is “incidental” to another activity will depend on the facts of each case. In considering whether or not live or recorded music is incidental, one relevant factor could be whether, against a background of the other activities already taking place, the addition of music will create the potential to undermine the promotion of one or more of the four licensing objectives of the 2003 Act. Other factors might include some or all of the following:
- Is the music the main, or one of the main, reasons for people attending the premises and being charged?
 - Is the music advertised as the main attraction?
 - Does the volume of the music disrupt or predominate over other activities, or could it be described as ‘background’ music?
- 16.60 Conversely, factors which would not normally be relevant in themselves include:
- the number of musicians, e.g. an orchestra providing incidental music at a large exhibition;
 - whether musicians are paid;
 - whether the performance is pre-arranged; and
 - whether a charge is made for admission to the premises.
- 16.61 In any disputed case, it will be for the licensing authority initially and, ultimately, for the courts to consider whether music is “incidental” in the individual circumstances of any case.

⁷⁵ See Chapter 11 for more information about reviews under the 2003 Act.

⁷⁶ And as such, the music entertainment needs to be authorised under the 2003 Act. This would include music during a Greco-Roman or freestyle wrestling entertainment. While, depending on the circumstances, the Greco-Roman or freestyle wrestling may, or may not be licensable, it is still within the ‘description’ of a ‘wrestling entertainment’.

Busking

- 16.62 Busking or street performance is the practice of performing in public spaces for money. Performances are not limited to music or singing and can take the form of a wide range of activities that people find entertaining.
- 16.63 Busking is generally **not** licensable under the 2003 Act as:
- it often occurs in a place that is not a premises made available (at least in part) for the purposes of providing entertainment⁷⁷;
 - the entertainment is usually incidental to another activity, such as shopping or sightseeing, as there are few circumstances in which anyone would go out specifically to watch buskers; and
 - any unamplified live music is not licensable between 08.00 and 23.00⁷⁸.
- 16.64 Local authorities may have policies on busking, including codes of conduct or permit regimes and occasionally byelaws and legislation specific to a local authority – although many localities have no policy or restrictions.

Incidental film

- 16.65 An exhibition of a film within the meaning of paragraph 15 of Schedule 1 to the 2003 Act is not regulated entertainment if it is ‘incidental’ to another activity “which is not itself a description of entertainment falling within paragraph 2” of Schedule 1 to the 2003 Act.
- 16.66 The incidental film exemption can apply to an indoor sporting event or a performance of a play or dance for which no licence is required as it takes place between 08.00 and 23.00 on the same day before an audience which does not exceed the relevant limit. Such activities would no longer be a description of entertainment within the meaning of paragraph 2 of Schedule 1 to the 2003 Act. This means that, while any exhibition of moving pictures cannot be incidental to a boxing or wrestling entertainment⁷⁹, such film displays may be within the scope of the incidental film exemption for an indoor sporting event or performance of a play or dance for which no licence is required.⁸⁰
- 16.67 Whether or not an exhibition of moving pictures is “incidental” to another activity will depend on the facts of each case. In considering whether or not film is incidental, one relevant factor could be whether, against a background of the other activities already taking place, the addition of an exhibition of moving images will create the potential to undermine the promotion of one or more of the four licensing objectives of the 2003 Act. This would mean that if the BBFC or the relevant licensing authority has given an age rating to a film, video, or music video, then to qualify for the “incidental film” licensing exemption, the admission of children to the premises will need to be restricted in accordance with the appropriate age rating. But that is one aspect of one relevant factor. Other factors to consider in assessing whether film is incidental might include some or all of the following:

⁷⁷ See paragraph 16.3

⁷⁸ See paragraph 16.28

⁷⁹ And as such, the film display needs to be authorised under the 2003 Act. This would include moving pictures during a Greco-Roman or freestyle wrestling entertainment. While, depending on the circumstances, the Greco-Roman or freestyle wrestling may, or may not be licensable, it is still within the ‘description’ of a ‘wrestling entertainment’.

⁸⁰ For indoor sporting events, it takes place between 08.00 and 23.00 in front of an audience which does not exceed 1,000.

- Is the film the main, or one of the main, reasons for people attending the premises and being charged?
- Is the film advertised as the main attraction?
- Does the screening of the film predominate over other activities, or could it be described as ‘background’ images?
- Does the appearance of moving pictures within another entertainment activity, for which no licence is required (e.g. a performance of a play or dance⁸¹), undermine the promotion of the licensing objectives?

16.68 In any disputed case, it will be for the licensing authority initially and, ultimately, for the courts to consider whether film is “incidental” in the individual circumstances of any case.

Entertainment activity provided as part of childcare

16.69 Entertainment activity that is provided as part of childcare will generally not be licensable. This includes entertainment activity in a nursery or private home. In addition, paragraph 5 of Schedule 1 to the 2003 Act includes a licensing exemption for an exhibition of a film where the main purpose is to provide education. Education will generally include all forms of pre-school child and day care. Furthermore, an exhibition of a film, or the playing of live or recorded music, will generally be incidental to the activity of childcare and so the incidental music and film exemption in paragraph 7 of Schedule 1 will also apply⁸². This will generally be the case for any entertainment activity organised as part of wraparound childcare⁸³, including breakfast clubs, after school clubs or holiday clubs linked to the child’s school or based in the local community.

Other Licensing regimes

Copyright

16.70 The deregulation of licensing for the provision of entertainment under the 2003 Act does not remove the requirement for licences for the use of copyright works. Entertainment activities as described in paragraph 16.2 may require music and screening licences for example. The acquisition of such licences will make the entertainment compliant with the Copyright, Designs and Patents Act 1988.⁸⁴

Leafleting

16.71 The deregulation of entertainment licensing does not remove the prohibition on the unauthorised distribution of free printed matter in an area that has been designated under Schedule 3A of the Environmental Protection Act 1990⁸⁵. The organisers of the event or entertainment may need to obtain consent from the relevant principal litter authority before giving out free printed promotional material (leaflets, flyers, cards etc.) in a public place in certain areas.

Child performers

16.72 Child performance legislation⁸⁶ requires that a licence must be obtained from a child's home local authority before a child can take part in certain types of performance and activities. A licence may be required whether or not any payment is made for the child to perform. The deregulation of entertainment licensing does not alter the regulations on when children can take part in performances⁸⁷.

17. Early morning alcohol restriction orders

General

- 17.1 This chapter provides guidance to licensing authorities about Early Morning Alcohol Restriction Orders (“EMROs”). The power conferred on licensing authorities to make, vary or revoke an EMRO (or propose to take any of these steps) is set out in sections 172A to 172E of the 2003 Act. The exercise of the licensing authority’s functions may be delegated by its committee to a sub-committee, other than the decision to make, vary or revoke an EMRO (which is exercised by its full council). This power enables a licensing authority to prohibit the sale of alcohol for a specified time period between the hours of 12am and 6am in the whole or part of its area, if it is satisfied that this would be appropriate for the promotion of the licensing objectives.
- 17.2 EMROs are designed to address recurring problems such as high levels of alcohol-related crime and disorder in specific areas at specific times; serious public nuisance; and other instances of alcohol-related anti-social behaviour which is not directly attributable to specific premises.
- 17.3 An EMRO:
- applies to the supply of alcohol authorised by premises licences, club premises certificates and temporary event notices;
 - applies for any period beginning at or after 12am and ending at or before 6am. It does not have to apply on every day of the week, and can apply for different time periods on different days of the week;
 - applies for a limited or unlimited period (for example, an EMRO could be introduced for a few weeks to apply to a specific event);
 - applies to the whole or any part of the licensing authority’s area;
 - will not apply to any premises on New Year’s Eve (defined as 12am to 6am on 1 January each year);
 - will not apply to the supply of alcohol by those who provide hotel or similar accommodation to their residents between 12 am and 6am, provided the alcohol is sold at those times only through mini-bars and/or room service; and
 - will not apply to a relaxation of licensing hours by virtue of an order made under section 172 of the 2003 Act.

The EMRO process

- 17.4 An EMRO can apply to the whole or part of the licensing authority’s area. The area may, for example, comprise a single floor of a shopping complex or exclude premises which have clearly demonstrated to the licensing authority that the licensable activities carried on there do not contribute to the problems which form the basis for the proposed EMRO.
- 17.5 If the licensing authority already has a Cumulative Impact Policy (“CIP”) in its Licensing Policy Statement (see Chapter 14 of this Guidance), it should consider the relationship between the CIP and proposed EMRO area, and the potential overall impact on its local licensing policy.

17.6 Introducing an EMRO is a licensing function. Therefore, this is not the responsibility of a council's executive. The final decision to make an EMRO (or to vary or revoke one) must be made by the full council of the licensing authority. Any preceding steps, including advertising the proposed EMRO, holding hearings and making a determination to put before the full council for its final decision, are for the licensing committee of the licensing authority. The licensing committee may delegate these steps to the licensing sub-committee or officers as it sees fit.

Evidence

17.7 When establishing its evidence base for making an EMRO, a licensing authority⁸⁸ may wish to consider the approach set out in paragraphs 14.24 to 14.28 of this Guidance which includes indicative types of evidence, although this should not be considered an exhaustive list of the types of evidence which may be relevant. These matters are not necessarily determinative. They include but are not necessarily limited to:

- local crime and disorder statistics, including statistics on specific types of crime and crime hotspots, statistics on local anti-social behaviour offences,
- environmental health complaints, particularly in relation to litter and noise;
- complaints recorded by the local authority, which may include complaints raised by local residents or residents' associations;
- residents' questionnaires;
- trends in licence applications, particularly trends in applications by types of premises and terminal hours;
- changes in terminal hours of premises;
- capacities of different premises at different times of night and the expected concentrations of drinkers who will be expected to be leaving premises at different times.

17.8 Before a licensing authority makes a determination to recommend to the full council that it makes a proposed EMRO, it should be satisfied that it has sufficient evidence to demonstrate that making the EMRO would be appropriate for the promotion of the licensing objectives. The requirement to take an evidence-based decision to promote the licensing objectives should enable licensing authorities to draw on their experience from other licensing decisions they make under the 2003 Act, such as the determination of applications for the grant of premises licences. The licensing authority should consider evidence from partners, including from responsible authorities and local Community Safety Partnerships, alongside its own evidence, to determine whether an EMRO would be appropriate for the promotion of the licensing objectives.

⁸⁸ The final decision to make an EMRO (or to vary or revoke one) must be made by the full council of the licensing authority. However, all preceding steps, including advertising the proposed EMRO, holding hearings and making a determination to put before the full council for its final decision, are for the licensing committee of the licensing authority. The licensing committee may delegate these steps to the licensing sub-committee or officers as it sees fit.

Introducing an EMRO

17.9 An EMRO is a powerful tool which will prevent licensed premises in the area to which the EMRO relates from supplying alcohol during the times at which the EMRO applies. The licensing authority should consider whether other measures may address the problems that they have identified as the basis for introducing an EMRO. As set out in paragraphs 9.42-9.44 of this Guidance, when determining whether a step is appropriate to promote the licensing objectives, a licensing authority is not required to decide that no lesser step will achieve the aim. They should, however, consider whether taking that step is reasonable, justified and proportionate. The introduction of an EMRO may have far-reaching, wider impacts on the socio-economic circumstances in an area. In considering whether the introduction of an EMRO is an appropriate step to promote the licensing objectives, based on whether this is reasonable, justified and proportionate, a licensing authority may hold informal discussions early in the process with a range of interested partners; these include, but are not limited to, premises that may be affected by the introduction of the EMRO. Other measures that could be taken instead of making an EMRO might include:

- working in partnership with licensed premises on voluntary measures and encouraging the creation of business-led best practice schemes in the area;
- reviewing licences of specific problem premises;
- introducing a CIP;
- use of the new closure power in the Anti-social Behaviour, Crime and Policing Act 2014 which replaces section 161 of the 2003 Licensing Act. This new closure power can be used to protect victims and communities by quickly closing premises that are causing nuisance or disorder. Further guidance on this power can be found on the gov.uk website, under the Anti-social Behaviour, Crime and Policing Act: anti-social behaviour guidance;
- use of other mechanisms such as those set out in paragraph 14.40 of this Guidance

17.10 If the licensing authority has identified a problem in a specific area attributable to the supply of alcohol at two or more premises in that area, and has sufficient evidence to demonstrate that it is appropriate for the promotion of the licensing objectives, it can propose making an EMRO. The licensing authority should first decide on the matters which must be the subject of the proposal. These are:

- the days (and periods on those days) on which the EMRO would apply;
- the area to which the EMRO would apply;
- the period for which the EMRO would apply (if it is a finite period); and
- the date from which the proposed EMRO would apply.

In relation to the date when it plans to introduce the EMRO, the licensing authority should note that this may change when it is specified in the final order without the need to formally consult on the new date (as if it was a new proposal), provided it does not adversely affect any person as described in paragraph 17.21.

Advertising an EMRO

- 17.11 The proposed EMRO must be advertised. The licensing authority should include a short summary of the evidence and the manner in which representations can be made in the document, as well as the details of the proposed EMRO. The proposal must be advertised for at least 42 days (a reference in this Chapter to a period of “days” means a period comprising calendar days and not only working days). The licensing authority must publish the proposal on its website and in a local newspaper. If no newspaper exists, it must be published in a local newsletter, circular or similar document. The licensing authority must also send a notice of the proposal to all affected people in its area. They are:
- holders of (and applicants for) premises licences or club premises certificates to which the proposed EMRO would apply;
 - premises users in relation to TENs to which the proposed EMRO would apply;
 - those who have received a provisional statement in respect of a premises to which the proposed EMRO would apply.
- 17.12 Licensing authorities must, moreover, display a notice of the proposal in the area to which the EMRO would apply, in a manner which is likely to bring the proposal to the attention of those who may have an interest in it.
- 17.13 The licensing authority should also inform responsible authorities in its area and neighbouring licensing authorities of its proposal to make an EMRO. It may also like to consider what further steps could be taken, in any particular case, to publicise the proposal in order to draw it to the wider attention of any other persons who are likely to have an interest in it.

Representations

- 17.14 Those who are affected by a proposed EMRO, responsible authorities or any other person have 42 days (starting on the day after the day on which the proposed EMRO is advertised) to make relevant representations. To be considered a relevant representation, a representation must:
- be about the likely effect of the making of the EMRO on the promotion of the licensing objectives;
 - be made in writing in the prescribed form and manner, setting out the EMRO to which it relates and the nature of the representation;
 - be received within the deadline; and
 - if made by a person other than a responsible authority, not be frivolous or vexatious.
- Chapter 9 of this Guidance gives further advice on determining whether a representation is frivolous or vexatious. Representations can be made in relation to any aspect of the proposed EMRO. If a licensing authority decides that a representation is not relevant, it should consider informing the person who has made that representation.
- 17.15 Responsible authorities may wish to make representations, as may affected persons (as set out in the above paragraph).
- 17.16 Others may also wish to make representations about the proposed EMRO. These persons could include, but are not limited to:

- residents;
- employees of affected businesses;
- owners and employees of businesses outside the proposed EMRO area; and
- users of the late night economy.

Hearings

- 17.17 If a relevant representation or representations are received, the licensing authority must hold a hearing to consider them (unless the authority and anyone who has made representations agree that this is unnecessary). The licensing authority should consider, based on the number of relevant representations received by it and any other circumstances it considers appropriate, whether to hold the hearing over several days, which could be arranged to take place other than on consecutive working days.
- 17.18 As described in paragraph 17.6, a hearing to consider representations in relation to an EMRO may be held by the licensing committee, the licensing sub-committee or an officer of the licensing authority. It is recommended, however, that such hearings be conducted by the licensing committee or sub-committee.
- 17.19 Licensing committees or sub-committees⁸⁹ should be familiar with the hearing process as it has similarities with other processes under the 2003 Act. Further guidance on hearings can be found in Chapter 9 of this Guidance (paragraphs 9.31 to 9.41). However, licensing authorities should note the following key points in relation to a hearing about a proposed EMRO:
- the hearing must be commenced within 30 working days, beginning with the day after the end of the period during which representations may be made;
 - the hearing does not have to take place on consecutive working days, if an authority considers this to be necessary to enable it to consider any of the representations made by a party or if it considers this approach to be in the public interest;
 - a licensing committee or sub-committee must make its determination within 10 working days of the conclusion of the hearing;
 - the licensing committee or sub-committee is not required to notify those making representations of its determination; and
 - the licensing authority may give notices in relation to a hearing by electronic means provided it is satisfied that the text of the notice is capable of being accessed by the recipient, it is legible in all material respects and is capable of being reproduced in written form (e.g. printed by the recipient).
- 17.20 The licensing committee or sub-committee will determine the manner in which the hearing will be conducted in accordance with the Licensing Act 2003 (Hearings) Regulations 2005. If a licensing committee or sub-committee determines that a representation is frivolous or vexatious, it must notify in writing the person who made the representation.
- 17.21 As a result of the hearing, the licensing committee or sub-committee has three options:
- to determine that the proposed EMRO is appropriate for promotion of the licensing

⁸⁹ This could also be done by a licensing officer, however, it is recommended that representations in relation to an EMRO are conducted by the licensing committee or sub-committee.

objectives;

- to determine that the proposed EMRO is not appropriate for the promotion of the objectives and therefore that the process should be ended;
- to determine that the proposed EMRO should be modified.

In the final case, if the authority proposes that the modified EMRO should differ from the initial proposal in relation to the area specified, any day not in the initial proposal or the period of any day specified, the authority should advertise what is in effect a new proposal to make an EMRO in the manner described above, so that further representations may be made. However, there will be cases in which it may be possible to modify the terms of a proposed EMRO without being required to formally consult. This may arise where the modified terms would not have a more adverse effect on any person (primarily, if not solely, licensed premises which will be subject of the EMRO) than the EMRO in the terms in which it was originally proposed. Such cases may include the following:

- the modification may shorten the period during which the EMRO would apply or reduce the number of days on which it applies, provided these periods were a part of the original proposal. For example, a change to an EMRO applying on Fridays and Saturdays to just applying on Saturdays may not require re advertisement and consultation of the EMRO design, whereas changing the days the EMRO applies on from Fridays and Saturdays to just Thursdays might reasonably be expected to require further consultation;
- the date on which the EMRO commences is later than that described in the original proposal;

Licensing authorities should consider very carefully in each case (including in relation to legality) whether further consultation on a proposed modification to the EMRO is necessary.

Final EMRO

- 17.22 If the licensing authority determines that the proposed EMRO is appropriate for the promotion of the licensing objectives, its determination must be put to the full council for its final decision. There is no time specified in legislation by which the full council must make this decision. This is intended to reflect the fact that the licensing authority may only meet in full council infrequently.
- 17.23 The matters set out in the final order must be no different from the matters set out in the proposal to make the order, subject to the caveat described above in paragraph 17.21. The order must be set out in the prescribed form and contain the prescribed content.
- 17.24 No later than 7 days after the day on which the EMRO is made, the licensing authority must send a notice to all affected persons of the EMRO, and make the order available for at least 28 days on its website and by displaying a notice in the EMRO area. A licensing authority should retain details of the EMRO on its website for as long as the EMRO is in force. It is recommended that the licensing authority advises neighbouring licensing authorities and the Secretary of State that the order has been made, the nature of the order and when (and for how long) it will take effect.
- 17.25 The licensing authority should monitor the effectiveness of the EMRO to ensure it continues to be appropriate for the promotion of the licensing objectives and periodically

review whether it is appropriate to continue to apply it. The licensing authority should consider setting out its policy in relation to reviewing EMROs (if any) in its statement of licensing policy.

- 17.26 The variation or revocation of an order requires the licensing authority to undertake the same process as that which applied on its introduction; that is after gathering the appropriate evidence, it advertises its new EMRO proposal, following the process set out above so that those affected and anyone else can make representations.
- 17.27 If an order applies for a finite period, the order will cease to apply on its last day. If the licensing authority wishes to introduce a further (new) EMRO, it must follow the full process for proposing a new EMRO.
- 17.28 Licensing authorities should update their statement of licensing policy (in accordance with section 5 of the 2003 Act) to include reference to the EMRO as soon as reasonably possible.

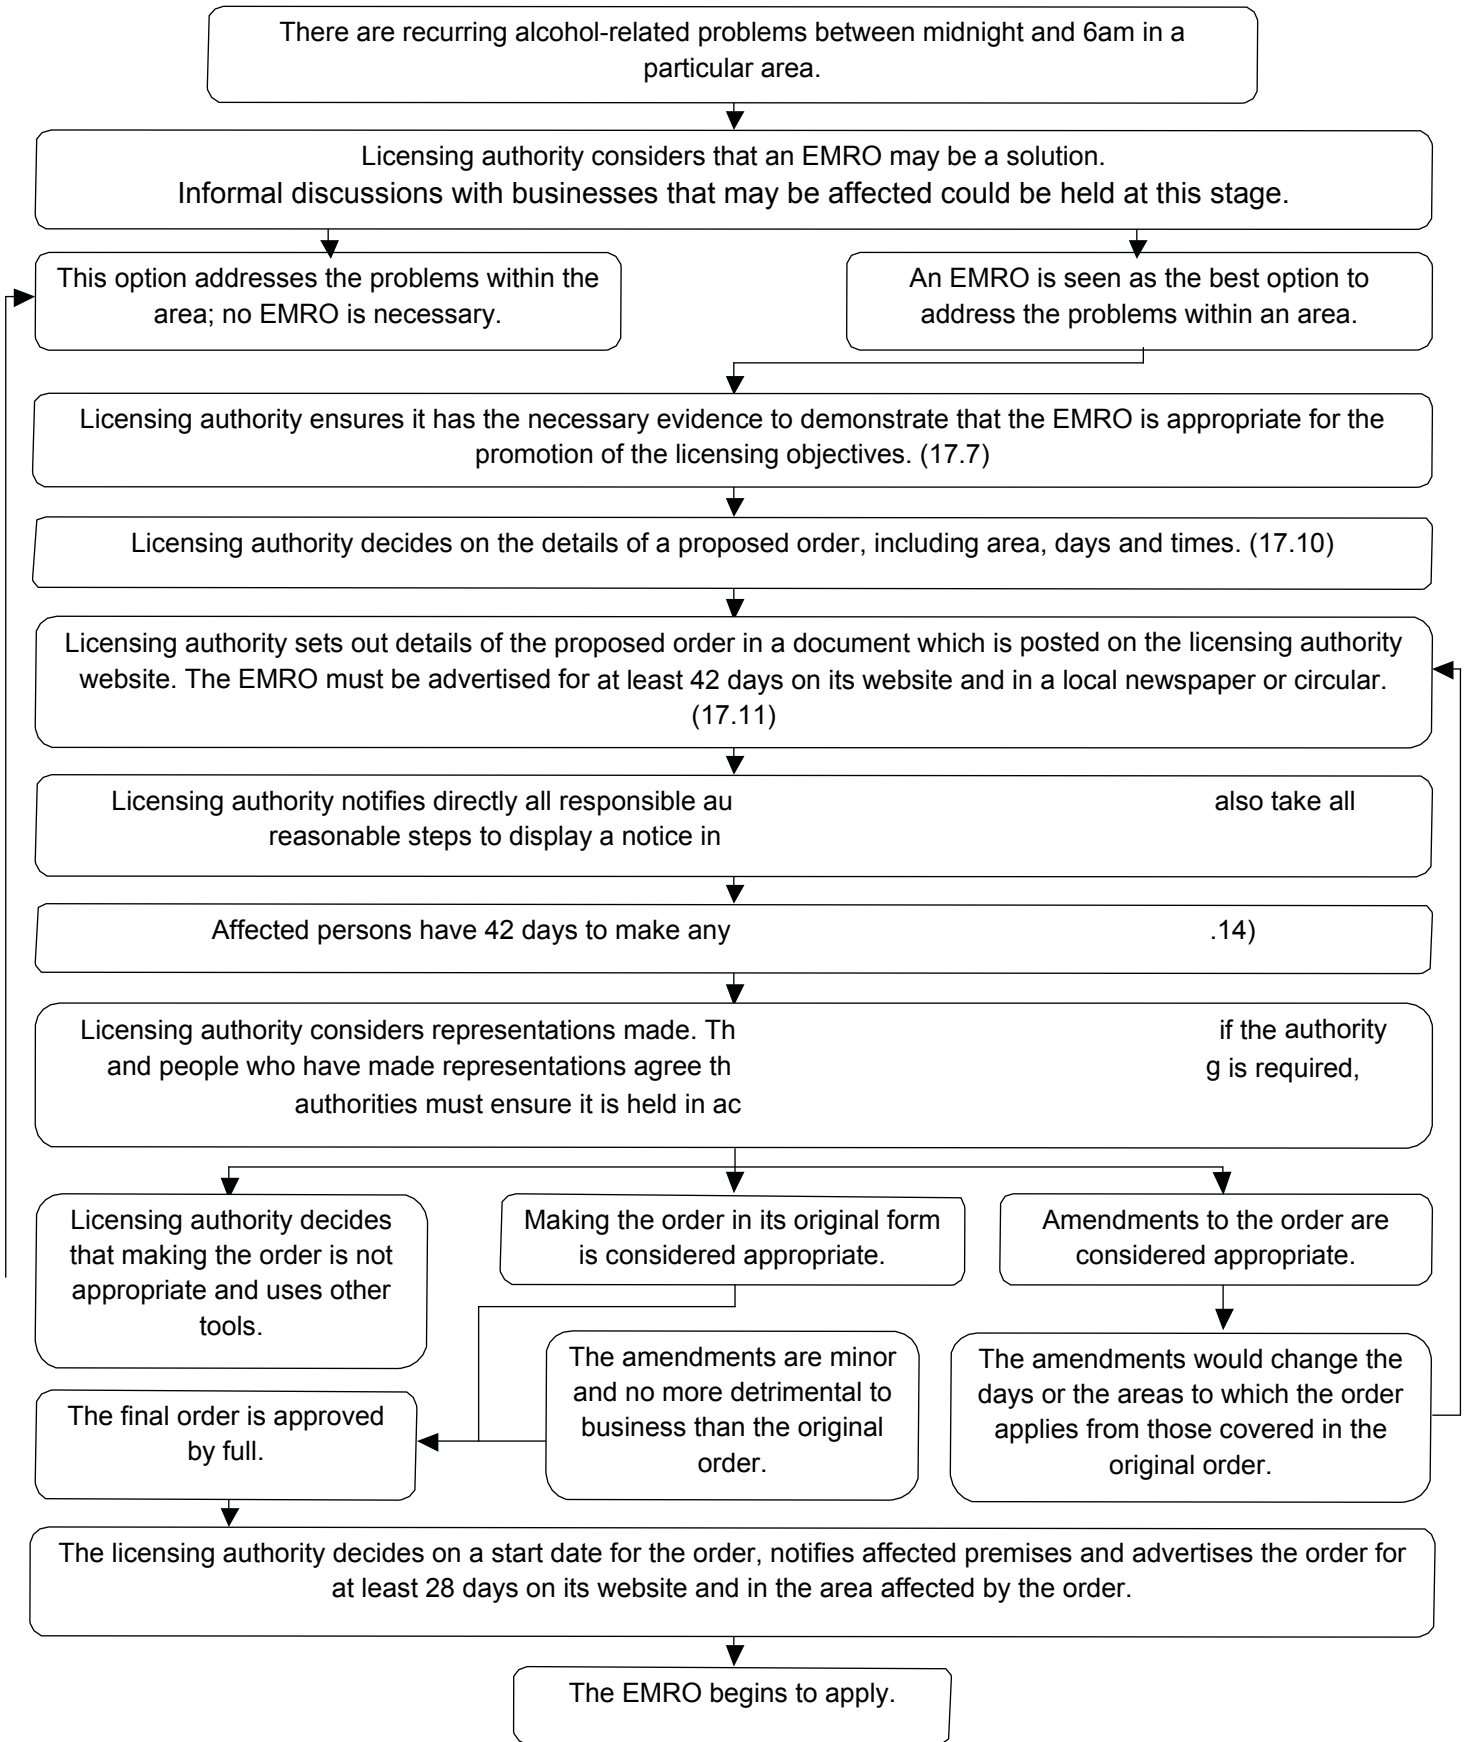

Exceptions to an EMRO

- 17.29 EMROs will not apply on New Year's Eve in recognition of its status as a national celebration. The supply of alcohol to residents through mini-bars and room service in premises with overnight accommodation will also not be subject to an EMRO.

Enforcement of EMROs

- 17.30 The sale or supply of alcohol in contravention of an EMRO is an 'unauthorised licensable activity' which is an offence under section 136 of the 2003 Act. Moreover, it may result in a closure notice being served on the premises under section 76 of the Anti-social Behaviour, Crime and Policing Act 2014 as a precursor to an application for a closure order under section 80 of that Act (which requires the constable or authority that issued the notice to apply to a magistrates' court not later than 48 hours after the service of the closure notice). This may alternatively, result in the licence being reviewed on crime prevention grounds. Further information on reviews can be found in Chapter 11 of this Guidance.
- 17.31 An EMRO overrides all authorisations to supply alcohol under the 2003 Act (including temporary event notices). It is immaterial whether an authorisation was granted before or after an EMRO was made as there are no authorisations that have the effect of authorising the sale of alcohol during the EMRO period, with the only exception being a licensing hours order made under section 172 of the 2003 Act.

EMRO Process Flowchart

Annex – documents which demonstrate entitlement to work in the UK

Applicants may be asked to demonstrate that they have the right to work in the UK and are not subject to a condition preventing them from doing work relating to the carrying on of a licensable activity. They can do this by providing with their application, copies or scanned copies of the documents listed below (which do not need to be certified). The documents that demonstrate an entitlement to work in the licensing regime are based on existing prescribed document lists for checks undertaken by employers. They are set out in the following regulations: The Immigration (Restrictions on Employment) Order 2007 and the Immigration (Restrictions on Employment) (Codes of Practice and Amendment) Order 2014.

BURNLEY BOROUGH COUNCIL

LICENSING ACT 2003

THE CONDUCT OF HEARINGS

1. Application

- 1.1 All hearings subject to the Licensing Act 2003 (Hearings Regulations) 2005 will be held in accordance with this procedure. Schedule 1 details the hearing which are subject to this procedure.

2. Time of Hearing

- 2.1 Hearings will commence within the times illustrated in Column 2 of Schedule 1, and where the hearing is scheduled to take place on more than one day, it will take place on consecutive working days.
- 2.2 Hearings will normally take place from 2-5pm or 6-9pm on the day of the hearing, but hearings may take place at the discretion of the Committee or Sub-Committee appointed to hear the matter in exceptional circumstances.

3. Members of the Committee or Sub-Committee

- 3.1 Where the full Licensing Committee sit to hear an application, the full Committee will sit, excluding a member who:
- a) has sat on a Development Control hearing in respect of the premises subject to, or concerned in the Licensing Act 2003 application and/or
 - b) is affected by the application e.g. to be assessed on a case by case basis when a Member is a Member for the Ward or a nearby Ward in which the premises are situated

c) has become an interested party by representing the applicant or any interested party prior to the hearing.

3.2 Where a Sub-Committee sit to hear an application, it will consist of 3 members of the full Committee and will exclude a member who:

- a) has sat on a Development Control hearing in respect of the premises subject to, or concerned in the Licensing Act 2003 application and/or
- b) is affected by the application e.g. to be assessed on a case by case basis when a Member is a Member for the Ward or a nearby Ward in which the premises are situated
- c) has become an interested party by representing the applicant or any interested party prior to the hearing.

3.3 Members will act in accordance with the Licensing Act 2003, be aware of the Local Authority Co-ordinators of Regulatory Services Guidance on the Role of Elected Members in Relation to Licensing Committee Hearings under the Licensing Act 2003 and the requirements of the Standards Board for England and Wales.

4. Opening of a Hearing and Identifying Parties to the Hearing

4.1 The Chair of the Committee or Sub-Committee will introduce the members of the Committee or Sub-Committee.

4.2 The Licensing Manager or Legal Advisor will advise the Committee or Sub-Committee but will not make recommendations or be part of the determination process. They will not retire with the Committee or Sub-Committee members for the purposes of a determination but the Legal Advisor may be asked by the Committee or Sub-Committee to give advice.

4.3 At the commencement of proceedings the Legal Advisor will identify in turn, each party to the hearing who is present, and in relation to that party, whether they are represented, and if so, by whom.

4.4 The Legal Advisor will identify in turn each party to the hearing who is not present at the hearing and in relation to that party will clarify;

a) whether there is evidence that they were given Notice of the Hearing

- b) whether that party has given notice that they intend to attend or be represented
 - c) whether that party has given notice that they consider a hearing to be unnecessary
 - d) whether that party has given notice that they wish to withdraw their representation
- 4.5 Where a party has given notice that they do not intend to attend or be represented, the Committee or Sub-Committee will state whether they intend to proceed in the absence of that party.
- 4.6 Where a party has not given such notice and has failed to attend or be represented, the Committee or Sub-Committee will then decide whether it is necessary in the public interest to adjourn the hearing to a specified date or hold the hearing in the party's absence. The Committee or Sub-Committee may invite representations from the other parties present on this issue before making their decision.
- 4.7 The Committee or Sub-Committee, should it decide to proceed must subsequently consider the application, representation or notice made by a party who does not attend, attaching the appropriate weight of evidence to it.

5. Hearings to be held in public

- 5.1 Unless the Committee determine otherwise following consideration of representations, if any, from the parties present, the hearing shall take place in public. A member of the public, unless a party to the hearing or a person granted permission to address the hearing by the Committee or Sub-Committee at the request of one of the parties, shall not be entitled to address the hearing.
- 5.2 Where representations are made under 5.1 above, such parts or the hearing as the Committee or Sub-Committee in their absolute discretion determine shall be held in private.
- 5.3 The decision at paragraph 5.2 and the reasons for it will be given in public, and the Committee or Sub-Committee will also state whether any party or any persons assisting or representing a party are to be treated as a member of the public for this purpose.

6. Commencement of the Hearing

- 6.1 The Legal Advisor will explain the procedures that the Committee or Sub-Committee will follow at the hearing. In particular the Legal Advisor will clarify that;:
- a) the hearing will take the form of a discussion led by the Committee or Sub-Committee and cross-examination will not be permitted unless the Committee or Sub-Committee considers that cross examination is required for it to consider the representations, application or notice as the case may require.
 - b) Members of the Committee or Sub-Committee may ask a question of any party or other person appearing at the hearing.
 - c) Members of the Committee or Sub-Committee may take into account documentary or other information produced to the authority before the hearing in support of their application, representation or notice. These will have been provided to the Committee or Sub-Committee members by the Licensing Manager prior to the meeting and the substantive content of the documents need not be repeated verbally at the hearing.
 - d) Members of the Committee or Sub-Committee may take into account any new documentary or other information produced to the authority on the day of the hearing with the content of all other parties (if any) and the substantive content of any such documents need not be repeated verbally at the hearing.
 - e) Parties will be allowed a maximum equal period to exercise their rights, such period to be determined by the Committee or Sub-Committee.
 - f) Parties will be allowed to clarify points upon which they wish to support their application.
 - g) Parties may seek permission to question any other party subject to Paragraph a) above.
 - h) Parties may seek permission to address the Committee or Sub-Committee.

7. Procedure

- 7.1 The Licensing Manager or other appointed officer of the Licensing Authority are not a party to the hearing. The Manager will outline the facts of the application and relevant representations received from parties.

- 7.2 The Licensing Manager will then outline the legislation under which a determination is required.
- 7.3 The Licensing Manager will outline;
- a) Relevant parts of the Act
 - b) Relevant subordinate legislation
 - c) Relevant sections from the statutory guidance made under Section 182 of the Act
 - d) Relevant paragraphs of the Statement of Licensing Policy made under Section 5 of the Act.
 - e) The time limit which the Committee or Sub-Committee must make a determination under the law.
- 7.4 Each party to the hearing present will then in turn provide information supporting or clarifying of their representations – commencing with the Responsible Authorities, followed by any interested party and then the applicant.
- 7.5 The Committee or Sub-Committee may advise all the parties of details of representations they have received from parties not present.
- 7.6 Thereafter each party, commencing with the Responsible Authorities, followed by any interested party and finally the Applicant, will be given an opportunity to summarise their representations. No new evidence will be allowed to be introduced by any party during the course of any such summation.
- 7.7 The Committee or Sub-Committee will disregard any information given by a party or any other person to whom permission to appear at the hearing has been given which is no relevant to;
- a) Their application, representation or notice or in the case of another person, the application, representation or notice of the party requesting their appearance, and
 - b) the promotion of the Licensing Objectives or in the case of a hearing to consider a notice given by a chief officer of the police, the crime prevention objective only.
- 7.8 The Committee or Sub-Committee will satisfy themselves that they have heard all the relevant information and retire to make their decision in private.

8. Persons behaving in a disruptive manner

- 8.1 The Committee or Sub-Committee may require any person attending the, hearing who in their opinion are behaving in a disruptive manner to leave the hearing and may;

- a) refuse to permit that person to return, or
- b) permit them to return only on such conditions as the Committee or Sub-Committee may specify

but such a person may, before the end of the hearing, submit to the authority in writing any information which they would have been entitled to give orally had they not been required to leave.

9. Adjournment of Hearing

- 9.1 The Committee or Sub-Committee may adjourn a hearing to a specified date or arrange for the hearing to be held on specified additional dates where it considers this necessary to consider any representations or notice made by a party.
- 9.2 It will not adjourn a hearing in such a way to create an effect on the requirements of granting or rejecting an application under Schedule 8 of the Act or a review under Section 167 of the Act.

10. Determinations

- 10.1 The Committee or Sub-Committee will make its determination at the conclusion of the hearing but in certain circumstances may make a determination within a period of 5 working days of the last day of the hearing.

11. Notice of Determination

- 11.1 The Licensing Manager will issue a notice of determination forthwith to all parties. Such notice will include the reasons for the determination and details of the right of any party to appeal against the decision.

12. Record of Proceedings

- 12.1 The Democracy Team Officer will provide for a record of the hearing to be taken in a permanent and intelligible form and kept for 6 years from the date of determination.
