

The Licensing Act 2003 – Representations re: 260 Colne Road.

I am Jonathan Jackson, employed, since 1998, by Burnley Borough Council as the Solicitor in the Streetscene Department dealing with Anti Social behaviour.

I make this statement using facts and matters within my own knowledge.

Historically the shop at 260 Colne Road has been brought to the attention of the ASB team because of anecdotal evidence obtained from young ASB perpetrators as a shop that sells alcohol and cigarettes without concerning themselves with the appropriate checks on age.

As part of a joint initiative with Lancashire Trading Standards a project was started whereby the most notorious shops in Burnley were targeted using Community Protection legislation from the Anti-Social Behaviour, Policing and Crime Act 2014.

To that end, on the 12th November 2018, a Community Protection Warning Notice (exhibit 1) was served on the responsible party – PERSON B - outlining the ASB concerns and the steps that the council required him to take to mitigate those concerns.

Signed J Jackson
