

# EXECUTIVE

## BURNLEY TOWN HALL

Tuesday, 18th June, 2019 at 6.30 pm

### 5. Recycling Collections

#### Purpose

To seek approval to implement changes to the recycling service that is undertaken as part of the current Waste and Cleansing Contract following a review of current arrangements.

#### Reason For Decision

To equip the Council going forward to deliver the priorities that have been identified in the Government's recently published Waste and Resources Strategy, by increasing the Council's recycling capacity.

To implement the proposed service change to reflect the housing stock and storage provision of the Borough.

To enhance performance and improve the customer experience of the recycling services in Burnley.

The extension of the current Waste and Cleansing Contract is recommended considering the positive performance of the Contractor and as the most viable means to part fund the capital provision of the introduction of wheeled recycling bins.

For Officers to review and source improved provision of the existing paper and card recycling equipment to improve collection, resident satisfaction and increase recycling participation.

#### Decision

- (1) That the move to the introduction of wheeled recycling bin service for 22,000 properties across the Borough as edged in green in Appendix One – Proposed recycling service changes be approved;
- (2) That a two-year extension of the current Waste and Cleansing Contract, in line with the existing Contract provision be approved;
- (3) That authority be delegated to the Head of Streetscene in consultation with the Executive Member of Community and Environmental Services to accept the most economically advantageous tender for procurement of the recycling bins following the results of a mini- competition undertaken through Yorkshire Purchasing Organisation "Supply of Wheeled Bins" Framework;

- (4) That the Head of Streetscene be authorized to undertake the procurement of replacement recycling equipment for the collection of paper and card for the areas edged in red in Appendix One – Proposed recycling service changes;
- (5) That the Head of Legal and Democratic Services be authorized to execute all documentation necessary to implement the above decision;
- (6) That it be recommended to Full Council to add a capital budget of £720k for the procurement of wheeled bins and paper and card collection equipment in the 2019/20 capital budget; and**
- (7) That a further review be carried by the Executive of those properties in red at Appendix 1 to the report, to commence after 6 months of full operation and to be completed by the end of September 2020.
