## Medium-Term Financial Strategy – 2022/23 to 2025/26 Incorporating the Reserves Strategy

### PURPOSE

1. To consider the longer term financial outlook within the context of a Medium-Term Financial Strategy covering the financial years 2022/23 to 2025/26, highlighting uncertainties, underlying risks and make recommendations to Council. The Medium-Term Financial Strategy should be read in conjunction with the Revenue Budget 2021/22 and the associated statutory report of the Chief Finance Officer.

### RECOMMENDATION

2. The Executive is asked to recommend to full Council:
  - 2.1 Approval of the latest Medium-Term Financial Strategy;
  - 2.2 Approval of the Reserves Strategy, as appended to the Medium-Term Financial Strategy; and
  - 2.3 Note that a refreshed document will be provided when required as an aid to monitoring the continued delivery of an annually balanced budget.

### REASONS FOR RECOMMENDATION

3. Professional accounting practice recommends that a medium term financial strategy is in place to ensure that resources are aligned to strategic intent and business objectives. It also provides a firm and robust basis on which to prepare the annual budget. Given the current financial climate, the need for consideration of the medium term financial position is pertinent to ensuring sustainable service delivery and for the Council to remain viable as a going concern.

## **SUMMARY OF KEY POINTS**

4. A Medium-Term Financial Strategy (MTFS) is a key component of the Council's strategic planning process, aligning resources to service priorities and providing early identification of requirements for efficiency and cost improvement programmes. The MTFS provides an overarching framework for, and context to, the preparation of the annual budget. It provides an indicative headline position of the overall financial health of the Council, providing early sight of issues for full consideration by the Council and Executive.
5. Council will be aware that the 2021-25 MTFS was approved in February 2020. This report provides an update to the figures presented in that report based on the details issued by government as part of the provisional financial settlement for 2021/22 in December 2020, as well as incorporating a further year, namely 2025/26.
6. The Strategy has been developed using the latest information available. Assumptions and risks built into the Medium-Term Financial Strategy are documented within the Strategy. The headline reduction, over the four financial years 2022/23, 2023/24, 2024/25 and 2025/26, is a cumulative budget gap of £4.1m (27% of the 2021/22 net budget of £15.416m).
7. The financial environment in which the Council operates within is challenging, particularly within the context of continuing austerity. Given the reduced government funding during austerity and pressures on other income and uncertainty around future funding, the Council endeavours to meet those financial challenges taking a strategic view whilst protecting the quality of services and minimising impact on residents.
