## REASONS FOR RECOMMENDATION

9. The owners of these properties have been contacted and have either not responded at all or have given no reasonable proposals for renovating the property or bringing it back into housing use.
10. These properties are long term vacant properties, being empty, in one case for approximately 15 years. Without intervention by the Council through acquisition by agreement or CPO the properties may remain vacant, continue to deteriorate, attract anti-social behaviour, fly-tipping and arson, all of which cause fear in local residents, resulting in a declining neighbourhood.

*2 Haydock Street Burnley vacant since 9<sup>th</sup> January 2021*  
*23 Laithe Street Burnley vacant for approximately 15 years*  
*41 Grange Street vacant since 1<sup>st</sup> September 2007*  
*55 Brennand Street vacant since 11<sup>th</sup> January 2013*  
*44 Bar Street vacant since 31<sup>st</sup> March 2017*  
*53 Elmwood Street vacant since 15<sup>th</sup> November 2017*  
*29 Albert Street vacant since 7<sup>th</sup> May 2019*  
*54 Hart Street vacant since 28<sup>th</sup> October 2019*  
*6 Clarence Street Burnley vacant since 1<sup>st</sup> April 2021*  
*48 Piccadilly Road Burnley vacant since 6<sup>th</sup> June 2021*

Through the Vacant Property Initiative and Empty Homes Programme over 150 properties have been acquired, refurbished and re-sold or re let, bringing those properties back into use and providing high quality accommodation.

## SUMMARY OF KEY POINTS

11. The Empty Homes Programme (EHP) is an established project and is an amalgamation of programmes used over the last several years. The initiative identifies properties that have been vacant for a long period of time, and which are causing problems for

neighbouring properties and local residents, mainly supporting the five current Selective Licensing designations but also borough wide.

12. Since the inception of the programme in 2004, the number of empty properties reached its height in 2009 when there were 3232 empties. Since then, the number has steadily fallen and last year reached the new low figure of 1832.
13. Negotiations for the acquisition of the properties have not yet commenced on the majority of the properties as no contact has been received from the owners. If the owners do contact the Council efforts will be made to purchase the properties by agreement.
14. Where owners contact us, we will work with them to reach an agreement for bringing the property back in to use preventing the need for a CPO. If agreement cannot be reached satisfactorily, the council will use the CPO power as a last resort to ensure the property is brought back in to use.
15. If the owners do not come forward to receive their market value compensation within a six year period then we can no longer be held to account for the compensation monies as the Limitation Act 1980 comes into force.

#### **FINANCIAL IMPLICATIONS AND BUDGET PROVISION**

16. The cost of delivering the properties detailed in this report will be funded from the approved Empty Homes Capital Programme 2022/23. It is not envisaged that all the CPOs listed in this report will be made in this financial year as properties may be brought back in to use by owners prior to making the CPO or properties may be bought by agreement.
17. The majority of the cost associated with the programme are made up of two elements, buying the property and the renovation cost. We can reasonably assume, given past experience, that the selling prices for the properties above would vary from between £65,000 to around £105,000 once renovated. We can also assume that we would need to spend around £42,000 renovating each of the properties
18. Throughout this financial year properties will be chosen from the list above, as well as any other approved lists later in the year, that will ensure that the entire budget for 2022/23 is committed by year end. Any properties not selected this year will be placed in next year's programme.
19. Any receipts generated from the sale of properties will be recycled back into the programme to enable the purchase and renovation of more problem properties.

#### **POLICY IMPLICATIONS**

20. Overall, the proposed action will help to achieve the Council's strategic plan of "People Places Prosperity and Performance". The acquisition and renovation of the vacant properties will enable the Council to bring them back into use, which will improve the environment for residents in the vicinity of the vacant properties by reducing the potential for crime and anti-social behaviour.

21. In terms of Human rights Act implications, Government advice is that local authorities must strike a fair balance between the demands of the community and the need to protect individual's fundamental rights. In considering this balance, one of the issues that a court would look for is whether compensation will be payable. The level of compensation is of course negotiable between the Council and the property owner's Valuer. In addition, individual rights are protected by the statutory objection and inquiry procedure.

22. It is anticipated that the recommendations in this report will have no further policy implications.

#### **DETAILS OF CONSULTATION**

23. The statutory consultation period for the CPOs will be followed.
