REASONS FOR RECOMMENDATION

 To establish a capital budget that reflects the Council's overall priorities and provides a framework for capital spending to be undertaken during 2023/24.

SUMMARY OF KEY POINTS

4. **Background:**

In formulating the 2023/24 Capital Programme, Management Team declared that new bids would be limited, given the forecast position of available Capital Resources. The existing schemes and new bids were prioritised in accordance with the Council's Strategic Objectives as identified within the Council's Strategic Plan.

5. Capital Budget / Programme Review Process:

Officers have been asked to submit information for inclusion in the proposed 2023/24 capital budget and the 2023-28 CIP.

The review process has included:

- A review and revision of the existing schemes approved in the 2022-27 CIP, in February 2022.
- Provision of a breakdown of the type of capital expenditure to be incurred for each scheme to assist in estimating the level of capitalised staff recharges involved in delivering capital works.
- A review of the level of Resources within the Council.

Any use of Prudential Borrowing must be based upon the creation of an asset, repayment over the useful life of the asset, and the production of a business case outlining any income generation and future revenue costs.

6. **2023/24 Capital Budget:**

<u>Appendix 1</u> provides Members with a summary of the capital investment programme for 2023/24 to 2027/28 and a list of those schemes being proposed for the 2023/24 capital budget totalling £41.357m, showing the financing elements for each individual scheme. It also shows draft capital budgets for 2024/25 to 2027/28 along with the financing elements for those years.

Members are asked to note that the level of estimated capital receipts is sufficient to finance the £1,247,110 required for all the schemes put forward for 2023/24.

It should be noted, that of the £74,577,567 within the proposed CIP 2023-28, external funding totalling £41,059,364 (55%) is to be used as financing of the schemes.

7. Capital Resources:

<u>Appendix 2</u> provides Members with an analysis of the capital receipts and S106 / 3rd Party Contributions balances as follows;

- balances in hand as at 1st April 2022
- 2022/23 commitments approved to date
- level of resources assumed to be available as at 31st March 2023
- estimated "new" receipts to be received during 2022/23 to 2027/28
- resources required to finance part of the 2023/24 proposed capital budget
- resources required to finance the schemes proposed for future years
- anticipated balance as at 31st March 2028.

The resources are reducing each financial year, to an estimated balance of £535,817 by March 2028. This is due to reduced opportunities to realise capital receipts, as the estate reduces, which will leave a lesser capital programme going forward.

8. Revenue Budget Implications:

Capitalised Salaries

Members will be already aware that capitalised salaries are a major element in balancing the Council's revenue budget. The expected revenue income for staff time recharged against identified capital projects is £452k in 2023/24

Costs of Prudential Borrowing

Of the proposed £15,223,050 prudential borrowing requirement for 2023/24, there are no new schemes.

9. **2023-28 Capital Investment Programme:**

As previously stated, <u>Appendix 1</u> outlines a summary of the proposed 2023-28 capital investment programme, by Service Unit.

<u>Appendix 4</u> provides Members with a brief scheme narrative, for all Capital Schemes within the 2023/24 proposed budget.

2023-28 Capital Strategy:

Appendix 4 provide Members with the 2023-28 proposed Capital Strategy.

The Council is committed to ensuring that the investment of capital resources reflects the Council's corporate priorities and is affordable, financially prudent and sustainable. This Capital Strategy is designed to assist in the delivery of that commitment.

The Capital Strategy is a key document and forms part of the Council's corporate strategic and planning framework with links to the overarching Strategic Plan, the Asset Management Strategy, the Treasury Management Strategy and individual Service Plans which, in turn, link the Strategic Plan to service delivery on the ground.

Providing a high level overview of how capital expenditure and capital financing contribute to the provision of Council services, the strategy also addresses the management of related risks and the implications for future financial sustainability. It outlines the governance processes for prioritisation and approval of capital scheme bids and the monitoring of the approved capital programme.

The preparation and publication of a capital strategy is a requirement of the Chartered Institute of Public Finance and Accountancy's (CIPFA's) Prudential Code of Capital Finance in Local Authorities (the Prudential Code).
