

**Staffing Structure for the Implementation of Selective Licensing
for the period 2025-2030**

Introduction

1. The below proposed staffing structure is proposed for the implementation of six selective licensing areas from 2025-2030.
2. It takes into account the size of the proposed areas, the number of privately rented properties in each area, the anticipated number of applications, and the officer time required to process the applications and implement the scheme.
